Directors may approve from time to time. The transferor shall be deemed to remain the holder of a Share until the name of the transferee is entered in the Register of Members.

8 Redemption, Repurchase and Surrender of Shares

8.1 Subject to the provisions of the Statute, and, where applicable, the rules and regulations of the Designated Stock Exchange, the Securities and Exchange Commission and/or any other competent regulatory authority or otherwise under Applicable Law, the Company may issue Shares that are to be redeemed or are liable to be redeemed at the option of the Member or the Company. The redemption of such Shares, except Public Shares, shall be effected in such manner and upon such other terms as the Company may, by Special Resolution, determine before the issue of such Shares. With respect to redeeming or repurchasing the Shares:

(a) Members who hold Public Shares are entitled to request the redemption of such Shares in the circumstances described in the Business Combination Article hereof;

(b) Class B Shares held by the Sponsor shall be surrendered by the Sponsor for no consideration to the extent that the Over-Allotment Option is not exercised in full so that the Founders will own 20 per cent of the Company's issued Shares after the IPO (exclusive of any securities purchased in a private placement simultaneously with the IPO); and

(c) Public Shares shall be repurchased by way of tender offer in the circumstances set out in the Business Combination Article hereof.

8.2 Subject to the provisions of the Statute, and, where applicable, the rules and regulations of the Designated Stock Exchange, the Securities and Exchange Commission and/or any other competent regulatory authority or otherwise under Applicable Law, the Company may purchase its own Shares (including any redeemable Shares) in such manner and on such other terms as the Directors may agree with the relevant Member. For the avoidance of doubt, redemptions, repurchases and surrenders of Shares in the circumstances described in the Article above shall not require further approval of the Members.

8.3 The Company may make a payment in respect of the redemption or purchase of its own Shares in any manner permitted by the Statute, including out of capital.

8.4 The Directors may accept the surrender for no consideration of any fully paid Share.

9 Treasury Shares

9.1 The Directors may, prior to the purchase, redemption or surrender of any Share, determine that such Share shall be held as a Treasury Share.

9.2 The Directors may determine to cancel a Treasury Share or transfer a Treasury Share on such terms as they think proper (including, without limitation, for nil consideration).

10 Variation of Rights of Shares

10.1 Subject to Article 3.1, if at any time the share capital of the Company is divided into different classes of Shares, all or any of the rights attached to any class (unless otherwise provided by the terms of issue of

the Shares of that class) may, whether or not the Company is being wound up, be varied without the consent of the holders of the issued Shares of that class where such variation is considered by the Directors not to have a material adverse effect upon such rights; otherwise, any such variation shall be made only with the consent in writing of the holders of not less than two thirds of the issued Shares of that class (other than with respect to a waiver of the provisions of the Class B Share Conversion Article hereof, which as stated therein shall only require the consent in writing of the holders of a majority of the issued Shares of that class), or with the approval of a resolution passed by a majority of not less than two thirds of the votes cast at a separate meeting of the holders of the Shares of that class. For the avoidance of doubt, the Directors reserve the right, notwithstanding that any such variation may not have a material adverse effect, to obtain consent from the holders of Shares of the relevant class. To any such meeting all the provisions of the Articles relating to general meetings shall apply *mutatis mutandis*, except that the necessary quorum shall be one person holding or representing by proxy at least one third of the issued Shares of the class and that any holder of Shares of the class present in person or by proxy may demand a poll.

10.2 For the purposes of a separate class meeting, the Directors may treat two or more or all the classes of Shares as forming one class of Shares if the Directors consider that such class of Shares would be affected in the same way by the proposals under consideration, but in any other case shall treat them as separate classes of Shares.

10.3 The rights conferred upon the holders of the Shares of any class issued with preferred or other rights shall not, unless otherwise expressly provided by the terms of issue of the Shares of that class, be deemed to be varied by the creation or issue of further Shares ranking pari passu therewith or Shares issued with preferred or other rights.

11 Commission on Sale of Shares

The Company may, in so far as the Statute permits, pay a commission to any person in consideration of his subscribing or agreeing to subscribe (whether absolutely or conditionally) or procuring or agreeing to procure subscriptions (whether absolutely or conditionally) for any Shares. Such commissions may be satisfied by the payment of cash and/or the issue of fully or partly paid-up Shares. The Company may also on any issue of Shares pay such brokerage as may be lawful.

12 Non Recognition of Trusts

The Company shall not be bound by or compelled to recognise in any way (even when notified) any equitable, contingent, future or partial interest in any Share, or (except only as is otherwise provided by the Articles or the Statute) any other rights in respect of any Share other than an absolute right to the entirety thereof in the holder.

13 Lien on Shares

13.1 The Company shall have a first and paramount lien on all Shares (whether fully paid-up or not) registered in the name of a Member (whether solely or jointly with others) for all debts, liabilities or engagements to or with the Company (whether presently payable or not) by such Member or his estate, either alone or jointly with any other person, whether a Member or not, but the Directors may at any time declare any Share to be wholly or in part exempt from the provisions of this Article. The registration of a transfer of

any such Share shall operate as a waiver of the Company's lien thereon. The Company's lien on a Share shall also extend to any amount payable in respect of that Share.

13.2 The Company may sell, in such manner as the Directors think fit, any Shares on which the Company has a lien, if a sum in respect of which the lien exists is presently payable, and is not paid within fourteen clear days after notice has been received or deemed to have been received by the holder of the Shares, or to the person entitled to it in consequence of the death or bankruptcy of the holder, demanding payment and stating that if the notice is not complied with the Shares may be sold.

13.3 To give effect to any such sale the Directors may authorise any person to execute an instrument of transfer of the Shares sold to, or in accordance with the directions of, the purchaser. The purchaser or his nominee shall be registered as the holder of the Shares comprised in any such transfer, and he shall not be bound to see to the application of the purchase money, nor shall his title to the Shares be affected by any irregularity or invalidity in the sale or the exercise of the Company's power of sale under the Articles.

13.4 The net proceeds of such sale after payment of costs, shall be applied in payment of such part of the amount in respect of which the lien exists as is presently payable and any balance shall (subject to a like lien for sums not presently payable as existed upon the Shares before the sale) be paid to the person entitled to the Shares at the date of the sale.

14 Call on Shares

14.1 Subject to the terms of the allotment and issue of any Shares, the Directors may make calls upon the Members in respect of any monies unpaid on their Shares (whether in respect of par value or premium), and each Member shall (subject to receiving at least fourteen clear days' notice specifying the time or times of payment) pay to the Company at the time or times so specified the amount called on the Shares. A call may be revoked or postponed, in whole or in part, as the Directors may determine. A call may be required to be paid by instalments. A person upon whom a call is made shall remain liable for calls made upon him notwithstanding the subsequent transfer of the Shares in respect of which the call was made.

14.2 A call shall be deemed to have been made at the time when the resolution of the Directors authorising such call was passed.

14.3 The joint holders of a Share shall be jointly and severally liable to pay all calls in respect thereof.

14.4 If a call remains unpaid after it has become due and payable, the person from whom it is due shall pay interest on the amount unpaid from the day it became due and payable until it is paid at such rate as the Directors may determine (and in addition all expenses that have been incurred by the Company by reason of such non-payment), but the Directors may waive payment of the interest or expenses wholly or in part.

14.5 An amount payable in respect of a Share on issue or allotment or at any fixed date, whether on account of the par value of the Share or premium or otherwise, shall be deemed to be a call and if it is not paid all the provisions of the Articles shall apply as if that amount had become due and payable by virtue of a call.

14.6 The Directors may issue Shares with different terms as to the amount and times of payment of calls, or the interest to be paid.

www.verify.gov.ky File#: 365269

14.7 The Directors may, if they think fit, receive an amount from any Member willing to advance all or any part of the monies uncalled and unpaid upon any Shares held by him, and may (until the amount would otherwise become payable) pay interest at such rate as may be agreed upon between the Directors and the Member paying such amount in advance.

14.8 No such amount paid in advance of calls shall entitle the Member paying such amount to any portion of a Dividend or other distribution payable in respect of any period prior to the date upon which such amount would, but for such payment, become payable.

15 Forfeiture of Shares

15.1 If a call or instalment of a call remains unpaid after it has become due and payable the Directors may give to the person from whom it is due not less than fourteen clear days' notice requiring payment of the amount unpaid together with any interest which may have accrued and any expenses incurred by the Company by reason of such non-payment. The notice shall specify where payment is to be made and shall state that if the notice is not complied with the Shares in respect of which the call was made will be liable to be forfeited.

15.2 If the notice is not complied with, any Share in respect of which it was given may, before the payment required by the notice has been made, be forfeited by a resolution of the Directors. Such forfeiture shall include all Dividends, other distributions or other monies payable in respect of the forfeited Share and not paid before the forfeiture.

15.3 A forfeited Share may be sold, re-allotted or otherwise disposed of on such terms and in such manner as the Directors think fit and at any time before a sale, re-allotment or disposition the forfeiture may be cancelled on such terms as the Directors think fit. Where for the purposes of its disposal a forfeited Share is to be transferred to any person the Directors may authorise some person to execute an instrument of transfer of the Share in favour of that person.

15.4 A person any of whose Shares have been forfeited shall cease to be a Member in respect of them and shall surrender to the Company for cancellation the certificate for the Shares forfeited and shall remain liable to pay to the Company all monies which at the date of forfeiture were payable by him to the Company in respect of those Shares together with interest at such rate as the Directors may determine, but his liability shall cease if and when the Company shall have received payment in full of all monies due and payable by him in respect of those Shares.

15.5 A certificate in writing under the hand of one Director or Officer that a Share has been forfeited on a specified date shall be conclusive evidence of the facts stated in it as against all persons claiming to be entitled to the Share. The certificate shall (subject to the execution of an instrument of transfer) constitute a good title to the Share and the person to whom the Share is sold or otherwise disposed of shall not be bound to see to the application of the purchase money, if any, nor shall his title to the Share be affected by any irregularity or invalidity in the proceedings in reference to the forfeiture, sale or disposal of the Share.

15.6 The provisions of the Articles as to forfeiture shall apply in the case of non payment of any sum which, by the terms of issue of a Share, becomes payable at a fixed time, whether on account of the par value of the Share or by way of premium as if it had been payable by virtue of a call duly made and notified.

16 Transmission of Shares

16.1 If a Member dies, the survivor or survivors (where he was a joint holder), or his legal personal representatives (where he was a sole holder), shall be the only persons recognised by the Company as having any title to his Shares. The estate of a deceased Member is not thereby released from any liability in respect of any Share, for which he was a joint or sole holder.

16.2 Any person becoming entitled to a Share in consequence of the death or bankruptcy or liquidation or dissolution of a Member (or in any other way than by transfer) may, upon such evidence being produced as may be required by the Directors, elect, by a notice in writing sent by him to the Company, either to become the holder of such Share or to have some person nominated by him registered as the holder of such Share. If he elects to have another person registered as the holder of such Share he shall sign an instrument of transfer of that Share to that person. The Directors shall, in either case, have the same right to decline or suspend registration as they would have had in the case of a transfer of the Share by the relevant Member before his death or bankruptcy or liquidation or dissolution, as the case may be.

16.3 A person becoming entitled to a Share by reason of the death or bankruptcy or liquidation or dissolution of a Member (or in any other case than by transfer) shall be entitled to the same Dividends, other distributions and other advantages to which he would be entitled if he were the holder of such Share. However, he shall not, before becoming a Member in respect of a Share, be entitled in respect of it to exercise any right conferred by membership in relation to general meetings of the Company and the Directors may at any time give notice requiring any such person to elect either to be registered himself or to have some person nominated by him be registered as the holder of the Share (but the Directors shall, in either case, have the same right to decline or suspend registration as they would have had in the case of a transfer of the Share by the relevant Member before his death or bankruptcy or liquidation or dissolution or any other case than by transfer, as the case may be). If the notice is not complied with within ninety days of being received or deemed to be received (as determined pursuant to the Articles), the Directors may thereafter withhold payment of all Dividends, other distributions, bonuses or other monies payable in respect of the Share until the requirements of the notice have been complied with.

17 Class B Ordinary Share Conversion

17.1 The rights attaching to the Class A Shares and Class B Shares shall rank *pari passu* in all respects, and the Class A Shares and Class B Shares shall vote together as a single class on all matters (subject to the Variation of Rights of Shares Article and the Appointment and Removal of Directors Article hereof) with the exception that the holder of a Class B Share shall have the conversion rights referred to in this Article.

17.2 Class B Shares shall automatically convert into Class A Shares on a one-for-one basis (the "**Initial Conversion Ratio**") automatically on the day of the closing of a Business Combination.

17.3 Notwithstanding the Initial Conversion Ratio, in the case that additional Class A Shares or any other Equity-linked Securities, are issued, or deemed issued, by the Company in excess of the amounts offered in the IPO and related to the closing of a Business Combination, all Class B Shares in issue shall automatically convert into Class A Shares at the time of the closing of a Business Combination at a ratio for which the Class B Shares shall convert into Class A Shares will be adjusted (unless the holders of a majority of the Class B Shares in issue agree to waive such anti-dilution adjustment with respect to any such issuance or deemed issuance) so that the number of Class A Shares issuable upon conversion of all Class B Shares will equal, on

an as-converted basis, in the aggregate, 20 per cent of the sum of all Class A Shares and Class B Shares in issue upon completion of the IPO plus all Class A Shares and Equity-linked Securities issued or deemed issued in connection with a Business Combination, excluding any Shares or Equity-linked Securities issued, or to be issued, to any seller in a Business Combination and any private placement warrants issued to the Sponsor or its Affiliates upon conversion of loans made to the Company.

17.4 Notwithstanding anything to the contrary contained herein, the foregoing adjustment to the Initial Conversion Ratio may be waived as to any particular issuance or deemed issuance of additional Class A Shares or Equity-linked Securities by the written consent or agreement of holders of a majority of the Class B Shares then in issue consenting or agreeing separately as a separate class in the manner provided in the Variation of Rights of Shares Article hereof.

17.5 The foregoing conversion ratio shall also be adjusted to account for any subdivision (by share split, subdivision, exchange, capitalisation, rights issue, reclassification, recapitalisation or otherwise) or combination (by reverse share split, share consolidation, exchange, reclassification, recapitalisation or otherwise) or similar reclassification or recapitalisation of the Class A Shares in issue into a greater or lesser number of shares occurring after the original filing of the Articles without a proportionate and corresponding subdivision, combination or similar reclassification or recapitalisation of the Class B Shares in issue.

17.6 Each Class B Share shall convert into its pro rata number of Class A Shares pursuant to this Article. The pro rata share for each holder of Class B Shares will be determined as follows: each Class B Share shall convert into such number of Class A Shares as is equal to the product of 1 multiplied by a fraction, the numerator of which shall be the total number of Class A Shares into which all of the Class B Shares in issue shall be converted pursuant to this Article and the denominator of which shall be the total number of Class B Shares in issue at the time of conversion.

17.7 References in this Article to "**converted**", "**conversion**" or "**exchange**" shall mean the compulsory redemption without notice of Class B Shares of any Member and, on behalf of such Members, automatic application of such redemption proceeds in paying for such new Class A Shares into which the Class B Shares have been converted or exchanged at a price per Class B Share necessary to give effect to a conversion or exchange calculated on the basis that the Class A Shares to be issued as part of the conversion or exchange will be issued at par. The Class A Shares to be issued on an exchange or conversion shall be registered in the name of such Member or in such name as the Member may direct.

17.8 Notwithstanding anything to the contrary in this Article, in no event may any Class B Share convert into Class A Shares at a ratio that is less than one-for-one.

18 Amendments of Memorandum and Articles of Association and Alteration of Capital

18.1 The Company may by Ordinary Resolution:

(a) increase its share capital by such sum as the Ordinary Resolution shall prescribe and with such rights, priorities and privileges annexed thereto, as the Company in general meeting may determine;

(b) consolidate and divide all or any of its share capital into Shares of larger amount than its existing Shares;

(c) convert all or any of its paid-up Shares into stock, and reconvert that stock into paid-up Shares of any denomination;

(d) by subdivision of its existing Shares or any of them divide the whole or any part of its share capital into Shares of smaller amount than is fixed by the Memorandum or into Shares without par value; and

(e) cancel any Shares that at the date of the passing of the Ordinary Resolution have not been taken or agreed to be taken by any person and diminish the amount of its share capital by the amount of the Shares so cancelled.

18.2 All new Shares created in accordance with the provisions of the preceding Article shall be subject to the same provisions of the Articles with reference to the payment of calls, liens, transfer, transmission, forfeiture and otherwise as the Shares in the original share capital.

18.3 Subject to the provisions of the Statute, and the provisions of the Articles as regards the matters to be dealt with by Ordinary Resolution, Article 29.4, Article 47.1 and Article 47.2, the Company may by Special Resolution:

(a) change its name;

(b) alter or add to the Articles;

(c) alter or add to the Memorandum with respect to any objects, powers or other matters specified therein; and

(d) reduce its share capital or any capital redemption reserve fund.

19 Offices and Places of Business

Subject to the provisions of the Statute, the Company may by resolution of the Directors change the location of its Registered Office. The Company may, in addition to its Registered Office, maintain such other offices or places of business as the Directors determine.

20 General Meetings

20.1 All general meetings other than annual general meetings shall be called extraordinary general meetings.

20.2 The Company may, but shall not (unless required by the Statute) be obliged to, in each year hold a general meeting as its annual general meeting, and shall specify the meeting as such in the notices calling it. Any annual general meeting shall be held at such time and place as the Directors shall appoint. At these meetings the report of the Directors (if any) shall be presented.

20.3 The Directors, the chief executive officer or the chairman of the board of Directors may call general meetings, and, for the avoidance of doubt, Members shall not have the ability to call general meetings.

20.4 Members seeking to bring business before the annual general meeting or to nominate candidates for appointment as Directors at the annual general meeting must deliver notice to the principal executive offices of the Company not less than 120 calendar days before the date of the Company's proxy statement released to Members in connection with the previous year's annual general meeting or, if the Company did not hold an annual general meeting the previous year, or if the date of the current year's annual general meeting has been changed by more than 30 days from the date of the previous year's annual general meeting, then the deadline shall be set by the board of Directors with such deadline being a reasonable time before the Company begins to print and send its related proxy materials.

21 Notice of General Meetings

21.1 At least five clear days' notice shall be given of any general meeting. Every notice shall specify the place, the day and the hour of the meeting and the general nature of the business to be conducted at the general meeting and shall be given in the manner hereinafter mentioned or in such other manner if any as may be prescribed by the Company, provided that a general meeting of the Company shall, whether or not the notice specified in this Article has been given and whether or not the provisions of the Articles regarding general meetings have been complied with, be deemed to have been duly convened if it is so agreed:

(a) in the case of an annual general meeting, by all of the Members entitled to attend and vote thereat; and

(b) in the case of an extraordinary general meeting, by a majority in number of the Members having a right to attend and vote at the meeting, together holding not less than ninety-five per cent in par value of the Shares giving that right.

21.2 The accidental omission to give notice of a general meeting to, or the non receipt of notice of a general meeting by, any person entitled to receive such notice shall not invalidate the proceedings of that general meeting.

22 Proceedings at General Meetings

22.1 No business shall be transacted at any general meeting unless a quorum is present. The holders of a majority of the Shares being individuals present in person or by proxy or if a corporation or other non-natural person by its duly authorised representative or proxy shall be a quorum.

22.2 A person may participate at a general meeting by conference telephone or other communications equipment by means of which all the persons participating in the meeting can communicate with each other. Participation by a person in a general meeting in this manner is treated as presence in person at that meeting.

22.3 A resolution (including a Special Resolution) in writing (in one or more counterparts) signed by or on behalf of all of the Members for the time being entitled to receive notice of and to attend and vote at general meetings (or, being corporations or other non-natural persons, signed by their duly authorised representatives) shall be as valid and effective as if the resolution had been passed at a general meeting of the Company duly convened and held.

22.4 If a quorum is not present within half an hour from the time appointed for the meeting to commence, the meeting shall stand adjourned to the same day in the next week at the same time and/or place or to such other day, time and/or place as the Directors may determine, and if at the adjourned meeting a quorum is not present within half an hour from the time appointed for the meeting to commence, the Members present shall be a quorum.

22.5 The Directors may, at any time prior to the time appointed for the meeting to commence, appoint any person to act as chairman of a general meeting of the Company or, if the Directors do not make any such appointment, the chairman, if any, of the board of Directors shall preside as chairman at such general meeting. If there is no such chairman, or if he shall not be present within fifteen minutes after the time appointed for the meeting to commence, or is unwilling to act, the Directors present shall elect one of their number to be chairman of the meeting.

22.6 If no Director is willing to act as chairman or if no Director is present within fifteen minutes after the time appointed for the meeting to commence, the Members present shall choose one of their number to be chairman of the meeting.

22.7 The chairman may, with the consent of a meeting at which a quorum is present (and shall if so directed by the meeting) adjourn the meeting from time to time and from place to place, but no business shall be transacted at any adjourned meeting other than the business left unfinished at the meeting from which the adjournment took place.

22.8 When a general meeting is adjourned for thirty days or more, notice of the adjourned meeting shall be given as in the case of an original meeting. Otherwise it shall not be necessary to give any such notice of an adjourned meeting.

22.9 If, prior to a Business Combination, a notice is issued in respect of a general meeting and the Directors, in their absolute discretion, consider that it is impractical or undesirable for any reason to hold that general meeting at the place, the day and the hour specified in the notice calling such general meeting, the Directors may postpone the general meeting to another place, day and/or hour provided that notice of the place, the day and the hour of the rearranged general meeting is promptly given to all Members. No business shall be transacted at any postponed meeting other than the business specified in the notice of the original meeting.

22.10 When a general meeting is postponed for thirty days or more, notice of the postponed meeting shall be given as in the case of an original meeting. Otherwise it shall not be necessary to give any such notice of a postponed meeting. All proxy forms submitted for the original general meeting shall remain valid for the postponed meeting. The Directors may postpone a general meeting which has already been postponed.

22.11 A resolution put to the vote of the meeting shall be decided on a poll.

22.12 A poll shall be taken as the chairman directs, and the result of the poll shall be deemed to be the resolution of the general meeting at which the poll was demanded.

22.13 A poll demanded on the election of a chairman or on a question of adjournment shall be taken forthwith. A poll demanded on any other question shall be taken at such date, time and place as the chairman of the general meeting directs, and any business other than that upon which a poll has been demanded or is contingent thereon may proceed pending the taking of the poll.

22.14 In the case of an equality of votes the chairman shall be entitled to a second or casting vote.

23 Votes of Members

23.1 Subject to any rights or restrictions attached to any Shares, including as set out at Article 29.4, Article 47.1 and Article 47.2, every Member present in any such manner shall have one vote for every Share of which he is the holder.

23.2 In the case of joint holders the vote of the senior holder who tenders a vote, whether in person or by proxy (or, in the case of a corporation or other non-natural person, by its duly authorised representative or proxy), shall be accepted to the exclusion of the votes of the other joint holders, and seniority shall be determined by the order in which the names of the holders stand in the Register of Members.

23.3 A Member of unsound mind, or in respect of whom an order has been made by any court, having jurisdiction in lunacy, may vote by his committee, receiver, curator bonis, or other person on such Member's behalf appointed by that court, and any such committee, receiver, curator bonis or other person may vote by proxy.

23.4 No person shall be entitled to vote at any general meeting unless he is registered as a Member on the record date for such meeting nor unless all calls or other monies then payable by him in respect of Shares have been paid.

23.5 No objection shall be raised as to the qualification of any voter except at the general meeting or adjourned general meeting at which the vote objected to is given or tendered and every vote not disallowed at the meeting shall be valid. Any objection made in due time in accordance with this Article shall be referred to the chairman whose decision shall be final and conclusive.

23.6 Votes may be cast either personally or by proxy (or in the case of a corporation or other non-natural person by its duly authorised representative or proxy). A Member may appoint more than one proxy or the same proxy under one or more instruments to attend and vote at a meeting. Where a Member appoints more than one proxy the instrument of proxy shall specify the number of Shares in respect of which each proxy is entitled to exercise the related votes.

23.7 A Member holding more than one Share need not cast the votes in respect of his Shares in the same way on any resolution and therefore may vote a Share or some or all such Shares either for or against a resolution and/or abstain from voting a Share or some or all of the Shares and, subject to the terms of the instrument appointing him, a proxy appointed under one or more instruments may vote a Share or some or all of the Shares in respect of which he is appointed either for or against a resolution and/or abstain from voting a Share or some or all of the Shares in respect of which he is appointed.

24 Proxies

24.1 The instrument appointing a proxy shall be in writing and shall be executed under the hand of the appointor or of his attorney duly authorised in writing, or, if the appointor is a corporation or other non natural person, under the hand of its duly authorised representative. A proxy need not be a Member.

24.2 The Directors may, in the notice convening any meeting or adjourned meeting, or in an instrument of proxy sent out by the Company, specify the manner by which the instrument appointing a proxy shall be deposited and the place and the time (being not later than the time appointed for the commencement of the meeting or adjourned meeting to which the proxy relates) at which the instrument appointing a proxy shall be deposited. In the absence of any such direction from the Directors in the notice convening any meeting or adjourned meeting or in an instrument of proxy sent out by the Company, the instrument appointing a proxy shall be deposited physically at the Registered Office not less than 48 hours before the time appointed for the meeting or adjourned meeting to commence at which the person named in the instrument proposes to vote.

24.3 The chairman may in any event at his discretion declare that an instrument of proxy shall be deemed to have been duly deposited. An instrument of proxy that is not deposited in the manner permitted, or which has not been declared to have been duly deposited by the chairman, shall be invalid.

www.verify.gov.ky File#: 365269

24.4 The instrument appointing a proxy may be in any usual or common form (or such other form as the Directors may approve) and may be expressed to be for a particular meeting or any adjournment thereof or generally until revoked. An instrument appointing a proxy shall be deemed to include the power to demand or join or concur in demanding a poll.

24.5 Votes given in accordance with the terms of an instrument of proxy shall be valid notwithstanding the previous death or insanity of the principal or revocation of the proxy or of the authority under which the proxy was executed, or the transfer of the Share in respect of which the proxy is given unless notice in writing of such death, insanity, revocation or transfer was received by the Company at the Registered Office before the commencement of the general meeting, or adjourned meeting at which it is sought to use the proxy.

25 Corporate Members

25.1 Any corporation or other non-natural person which is a Member may in accordance with its constitutional documents, or in the absence of such provision by resolution of its directors or other governing body, authorise such person as it thinks fit to act as its representative at any meeting of the Company or of any class of Members, and the person so authorised shall be entitled to exercise the same powers on behalf of the corporation which he represents as the corporation could exercise if it were an individual Member.

25.2 If a Clearing House (or its nominee(s)), being a corporation, is a Member, it may authorise such persons as it sees fit to act as its representative at any meeting of the Company or at any meeting of any class of Members provided that the authorisation shall specify the number and class of Shares in respect of which each such representative is so authorised. Each person so authorised under the provisions of this Article shall be deemed to have been duly authorised without further evidence of the facts and be entitled to exercise the same rights and powers on behalf of the Clearing House (or its nominee(s)) as if such person was the registered holder of such Shares held by the Clearing House (or its nominee(s)).

26 Shares that May Not be Voted

Shares in the Company that are beneficially owned by the Company shall not be voted, directly or indirectly, at any meeting and shall not be counted in determining the total number of outstanding Shares at any given time.

27 Directors

27.1 There shall be a board of Directors consisting of not less than one person provided however that the Company may by Ordinary Resolution increase or reduce the limits in the number of Directors.

27.2 The Directors shall be divided into three classes: Class I, Class II and Class III. The number of Directors in each class shall be as nearly equal as possible. Upon the adoption of the Articles, the existing Directors shall by resolution classify themselves as Class I, Class II or Class III Directors. The Class I Directors shall stand elected for a term expiring at the Company's first annual general meeting, the Class II Directors shall stand elected for a term expiring at the Company's second annual general meeting and the Class III Directors shall stand elected for a term expiring at the Company's third annual general meeting.

Commencing at the Company's first annual general meeting, and at each annual general meeting thereafter, Directors elected to succeed those Directors whose terms expire shall be elected for a term of office to expire at the third succeeding annual general meeting after their election. Except as the Statute or other Applicable Law may otherwise require, in the interim between annual general meetings or extraordinary general meetings called for the election of Directors and/or the removal of one or more Directors and the filling of any vacancy in that connection, additional Directors and any vacancies in the board of Directors, including unfilled vacancies resulting from the removal of Directors for cause, may be filled by the vote of a majority of the remaining Directors then in office, although less than a quorum (as defined in the Articles), or by the sole remaining Director. All Directors shall hold office until the expiration of their respective terms of office and until their successors shall have been elected and qualified. A Director elected to fill a vacancy resulting from the death, resignation or removal of a Director shall serve for the remainder of the full term of the Director whose death, resignation or removal shall have created such vacancy and until his successor shall have been elected and qualified.

28 Powers of Directors

28.1 Subject to the provisions of the Statute, the Memorandum and the Articles and to any directions given by Special Resolution, the business of the Company shall be managed by the Directors who may exercise all the powers of the Company. No alteration of the Memorandum or Articles and no such direction shall invalidate any prior act of the Directors which would have been valid if that alteration had not been made or that direction had not been given. A duly convened meeting of Directors at which a quorum is present may exercise all powers exercisable by the Directors.

28.2 All cheques, promissory notes, drafts, bills of exchange and other negotiable or transferable instruments and all receipts for monies paid to the Company shall be signed, drawn, accepted, endorsed or otherwise executed as the case may be in such manner as the Directors shall determine by resolution.

28.3 The Directors on behalf of the Company may pay a gratuity or pension or allowance on retirement to any Director who has held any other salaried office or place of profit with the Company or to his widow or dependants and may make contributions to any fund and pay premiums for the purchase or provision of any such gratuity, pension or allowance.

28.4 The Directors may exercise all the powers of the Company to borrow money and to mortgage or charge its undertaking, property and assets (present and future) and uncalled capital or any part thereof and to issue debentures, debenture stock, mortgages, bonds and other such securities whether outright or as security for any debt, liability or obligation of the Company or of any third party.

29 Appointment and Removal of Directors

29.1 Prior to the closing of a Business Combination, the Company may by Ordinary Resolution of the holders of the Class B Shares appoint any person to be a Director or may by Ordinary Resolution of the holders of the Class B Shares remove any Director. For the avoidance of doubt, prior to the closing of a Business Combination, holders of Class A Shares shall have no right to vote on the appointment or removal of any Director.

29.2 The Directors may appoint any person to be a Director, either to fill a vacancy or as an additional Director provided that the appointment does not cause the number of Directors to exceed any number fixed by or in accordance with the Articles as the maximum number of Directors.

29.3 After the closing of a Business Combination, the Company may by Ordinary Resolution appoint any person to be a Director or may by Ordinary Resolution remove any Director.

29.4 Prior to the closing of a Business Combination, Article 29.1 may only be amended by a Special Resolution passed by at least 90 per cent of such Members as, being entitled to do so, vote in person or, where proxies are allowed, by proxy at a general meeting of which notice specifying the intention to propose the resolution as a special resolution has been given, or by way of unanimous written resolution.

30 Vacation of Office of Director

The office of a Director shall be vacated if:

(a) the Director gives notice in writing to the Company that he resigns the office of Director; or

(b) the Director absents himself (for the avoidance of doubt, without being represented by proxy) from three consecutive meetings of the board of Directors without special leave of absence from the Directors, and the Directors pass a resolution that he has by reason of such absence vacated office; or

(c) the Director dies, becomes bankrupt or makes any arrangement or composition with his creditors generally; or

(d) the Director is found to be or becomes of unsound mind; or

(e) all of the other Directors (being not less than two in number) determine that he should be removed as a Director, either by a resolution passed by all of the other Directors at a meeting of the Directors duly convened and held in accordance with the Articles or by a resolution in writing signed by all of the other Directors.

31 Proceedings of Directors

31.1 The quorum for the transaction of the business of the Directors may be fixed by the Directors, and unless so fixed shall be a majority of the Directors then in office.

31.2 Subject to the provisions of the Articles, the Directors may regulate their proceedings as they think fit. Questions arising at any meeting shall be decided by a majority of votes. In the case of an equality of votes, the chairman shall have a second or casting vote.

31.3 A person may participate in a meeting of the Directors or any committee of Directors by conference telephone or other communications equipment by means of which all the persons participating in the meeting can communicate with each other at the same time. Participation by a person in a meeting in this manner is treated as presence in person at that meeting. Unless otherwise determined by the Directors, the meeting shall be deemed to be held at the place where the chairman is located at the start of the meeting.

31.4 A resolution in writing (in one or more counterparts) signed by all the Directors or all the members of a committee of the Directors or, in the case of a resolution in writing relating to the removal of any Director or the vacation of office by any Director, all of the Directors other than the Director who is the subject of such resolution shall be as valid and effectual as if it had been passed at a meeting of the Directors, or committee of Directors as the case may be, duly convened and held.

31.5 A Director may, or other Officer on the direction of a Director shall, call a meeting of the Directors by at least two days' notice in writing to every Director which notice shall set forth the general nature of the business to be considered unless notice is waived by all the Directors either at, before or after the meeting is held. To any such notice of a meeting of the Directors all the provisions of the Articles relating to the giving of notices by the Company to the Members shall apply *mutatis mutandis*.

31.6 The continuing Directors (or a sole continuing Director, as the case may be) may act notwithstanding any vacancy in their body, but if and so long as their number is reduced below the number fixed by or pursuant to the Articles as the necessary quorum of Directors the continuing Directors or Director may act for the purpose of increasing the number of Directors to be equal to such fixed number, or of summoning a general meeting of the Company, but for no other purpose.

31.7 The Directors may elect a chairman of their board and determine the period for which he is to hold office; but if no such chairman is elected, or if at any meeting the chairman is not present within five minutes after the time appointed for the meeting to commence, the Directors present may choose one of their number to be chairman of the meeting.

31.8 All acts done by any meeting of the Directors or of a committee of the Directors shall, notwithstanding that it is afterwards discovered that there was some defect in the appointment of any Director, and/or that they or any of them were disqualified, and/or had vacated their office and/or were not entitled to vote, be as valid as if every such person had been duly appointed and/or not disqualified to be a Director and/or had not vacated their office and/or had been entitled to vote, as the case may be.

31.9 A Director may be represented at any meetings of the board of Directors by a proxy appointed in writing by him. The proxy shall count towards the quorum and the vote of the proxy shall for all purposes be deemed to be that of the appointing Director.

32 Presumption of Assent

A Director who is present at a meeting of the board of Directors at which action on any Company matter is taken shall be presumed to have assented to the action taken unless his dissent shall be entered in the minutes of the meeting or unless he shall file his written dissent from such action with the person acting as the chairman or secretary of the meeting before the adjournment thereof or shall forward such dissent by registered post to such person immediately after the adjournment of the meeting. Such right to dissent shall not apply to a Director who voted in favour of such action.

33.2 A Director may act by himself or by, through or on behalf of his firm in a professional capacity for the Company and he or his firm shall be entitled to remuneration for professional services as if he were not a Director.

33.3 A Director may be or become a director or other officer of or otherwise interested in any company promoted by the Company or in which the Company may be interested as a shareholder, a contracting party or otherwise, and no such Director shall be accountable to the Company for any remuneration or other benefits received by him as a director or officer of, or from his interest in, such other company.

33.4 No person shall be disqualified from the office of Director or prevented by such office from contracting with the Company, either as vendor, purchaser or otherwise, nor shall any such contract or any contract or transaction entered into by or on behalf of the Company in which any Director shall be in any way interested be or be liable to be avoided, nor shall any Director so contracting or being so interested be liable to account to the Company for any profit realised by or arising in connection with any such contract or transaction by reason of such Director holding office or of the fiduciary relationship thereby established. A Director shall be at liberty to vote in respect of any contract or transaction in which he is interested provided that the nature of the interest of any Director in any such contract or transaction shall be disclosed by him at or prior to its consideration and any vote thereon.

33.5 A general notice that a Director is a shareholder, director, officer or employee of any specified firm or company and is to be regarded as interested in any transaction with such firm or company shall be sufficient disclosure for the purposes of voting on a resolution in respect of a contract or transaction in which he has an interest, and after such general notice it shall not be necessary to give special notice relating to any particular transaction.

34 Minutes

The Directors shall cause minutes to be made in books kept for the purpose of recording all appointments of Officers made by the Directors, all proceedings at meetings of the Company or the holders of any class of Shares and of the Directors, and of committees of the Directors, including the names of the Directors present at each meeting.

35 Delegation of Directors' Powers

35.1 The Directors may delegate any of their powers, authorities and discretions, including the power to sub-delegate, to any committee consisting of one or more Directors (including, without limitation, the Audit Committee, the Compensation Committee and the Nominating Committee). Any such delegation may be made subject to any conditions the Directors may impose and either collaterally with or to the exclusion of their own powers and any such delegation may be revoked or altered by the Directors. Subject to any such conditions, the proceedings of a committee of Directors shall be governed by the Articles regulating the proceedings of Directors, so far as they are capable of applying.

35.2 The Directors may establish any committees, local boards or agencies or appoint any person to be a manager or agent for managing the affairs of the Company and may appoint any person to be a member of such committees, local boards or agencies. Any such appointment may be made subject to any

Subject to any such conditions, the proceedings of any such committee, local board or agency shall be governed by the Articles regulating the proceedings of Directors, so far as they are capable of applying.

35.3 The Directors may adopt formal written charters for committees and, if so adopted, shall review and assess the adequacy of such formal written charters on an annual basis. Each of these committees shall be empowered to do all things necessary to exercise the rights of such committee set forth in the Articles and shall have such powers as the Directors may delegate pursuant to the Articles and as required by the rules and regulations of the Designated Stock Exchange, the Securities and Exchange Commission and/or any other competent regulatory authority or otherwise under Applicable Law. Each of the Audit Committee, the Compensation Committee and the Nominating Committee, if established, shall consist of such number of Directors as the Directors shall from time to time determine (or such minimum number as may be required from time to time by the rules and regulations of the Designated Stock Exchange, the Securities and Exchange Commission and/or any other competent regulatory authority or otherwise under Applicable Law). For so long as any class of Shares is listed on the Designated Stock Exchange, the Audit Committee, the Compensation Committee and the Nominating Committee shall be made up of such number of Independent Directors as is required from time to time by the rules and regulations of the rules and regulations of the Designated Stock Exchange, the Securities and Exchange Commission and/or any other competent regulatory authority or otherwise under Applicable Law.

35.4 The Directors may by power of attorney or otherwise appoint any person to be the agent of the Company on such conditions as the Directors may determine, provided that the delegation is not to the exclusion of their own powers and may be revoked by the Directors at any time.

35.5 The Directors may by power of attorney or otherwise appoint any company, firm, person or body of persons, whether nominated directly or indirectly by the Directors, to be the attorney or authorised signatory of the Company for such purpose and with such powers, authorities and discretions (not exceeding those vested in or exercisable by the Directors under the Articles) and for such period and subject to such conditions as they may think fit, and any such powers of attorney or other appointment may contain such provisions for the protection and convenience of persons dealing with any such attorneys or authorised signatories as the Directors may think fit and may also authorise any such attorney or authorised signatory to delegate all or any of the powers, authorities and discretions vested in him.

35.6 The Directors may appoint such Officers as they consider necessary on such terms, at such remuneration and to perform such duties, and subject to such provisions as to disqualification and removal as the Directors may think fit. An Officer may vacate his office at any time if he gives notice in writing to the Company that he resigns his office.

37 Remuneration of Directors

37.1 The remuneration to be paid to the Directors, if any, shall be such remuneration as the Directors shall determine, provided that no cash remuneration shall be paid to any Director by the Company prior to the consummation of a Business Combination. The Directors shall also, whether prior to or after the consummation of a Business Combination, be entitled to be paid all travelling, hotel and other expenses properly incurred by them in connection with their attendance at meetings of Directors or committees of Directors, or general meetings of the Company, or separate meetings of the holders of any class of Shares or debentures of the Company, or otherwise in connection with the business of the Company or the discharge of their duties as a Director, or to receive a fixed allowance in respect thereof as may be determined by the Directors, or a combination partly of one such method and partly the other.

37.2 The Directors may by resolution approve additional remuneration to any Director for any services which in the opinion of the Directors go beyond his ordinary routine work as a Director. Any fees paid to a Director who is also counsel, attorney or solicitor to the Company, or otherwise serves it in a professional capacity shall be in addition to his remuneration as a Director.

38 Seal

38.1 The Company may, if the Directors so determine, have a Seal. The Seal shall only be used by the authority of the Directors or of a committee of the Directors authorised by the Directors. Every instrument to which the Seal has been affixed shall be signed by at least one person who shall be either a Director or some Officer or other person appointed by the Directors for the purpose.

38.2 The Company may have for use in any place or places outside the Cayman Islands a duplicate Seal or Seals each of which shall be a facsimile of the common Seal of the Company and, if the Directors so determine, with the addition on its face of the name of every place where it is to be used.

38.3 A Director or Officer, representative or attorney of the Company may without further authority of the Directors affix the Seal over his signature alone to any document of the Company required to be authenticated by him under seal or to be filed with the Registrar of Companies in the Cayman Islands or elsewhere wheresoever.

39 Dividends, Distributions and Reserve

39.1 Subject to the Statute and this Article and except as otherwise provided by the rights attached to any Shares, the Directors may resolve to pay Dividends and other distributions on Shares in issue and authorise payment of the Dividends or other distributions out of the funds of the Company lawfully available therefor. A Dividend shall be deemed to be an interim Dividend unless the terms of the resolution pursuant to which the Directors resolve to pay such Dividend specifically state that such Dividend shall be a final Dividend. No Dividend or other distribution shall be paid except out of the realised or unrealised profits of the Company, out of the share premium account or as otherwise permitted by law.

39.2 Except as otherwise provided by the rights attached to any Shares, all Dividends and other distributions shall be paid according to the par value of the Shares that a Member holds. If any Share is issued on terms providing that it shall rank for Dividend as from a particular date, that Share shall rank for Dividend accordingly.

39.3 The Directors may deduct from any Dividend or other distribution payable to any Member all sums of money (if any) then payable by him to the Company on account of calls or otherwise.

39.4 The Directors may resolve that any Dividend or other distribution be paid wholly or partly by the distribution of specific assets and in particular (but without limitation) by the distribution of shares, debentures, or securities of any other company or in any one or more of such ways and where any difficulty arises in regard to such distribution, the Directors may settle the same as they think expedient and in particular may issue fractional Shares and may fix the value for distribution of such specific assets or any part thereof and may determine that cash payments shall be made to any Members upon the basis of the value so fixed in order to adjust the rights of all Members and may vest any such specific assets in trustees in such manner as may seem expedient to the Directors.

39.5 Except as otherwise provided by the rights attached to any Shares, Dividends and other distributions may be paid in any currency. The Directors may determine the basis of conversion for any currency conversions that may be required and how any costs involved are to be met.

39.6 The Directors may, before resolving to pay any Dividend or other distribution, set aside such sums as they think proper as a reserve or reserves which shall, at the discretion of the Directors, be applicable for any purpose of the Company and pending such application may, at the discretion of the Directors, be employed in the business of the Company.

39.7 Any Dividend, other distribution, interest or other monies payable in cash in respect of Shares may be paid by wire transfer to the holder or by cheque or warrant sent through the post directed to the registered address of the holder or, in the case of joint holders, to the registered address of the holder who is first named on the Register of Members or to such person and to such address as such holder or joint holders may in writing direct. Every such cheque or warrant shall be made payable to the order of the person to whom it is sent. Any one of two or more joint holders may give effectual receipts for any Dividends, other distributions, bonuses, or other monies payable in respect of the Share held by them as joint holders.

39.8 No Dividend or other distribution shall bear interest against the Company.

39.9 Any Dividend or other distribution which cannot be paid to a Member and/or which remains unclaimed after six months from the date on which such Dividend or other distribution becomes payable may, in the discretion of the Directors, be paid into a separate account in the Company's name, provided that the Company shall not be constituted as a trustee in respect of that account and the Dividend or other distribution shall remain as a debt due to the Member. Any Dividend or other distribution which remains unclaimed after a period of six years from the date on which such Dividend or other distribution becomes payable shall be forfeited and shall revert to the Company.

The Directors may at any time capitalise any sum standing to the credit of any of the Company's reserve accounts or funds (including the share premium account and capital redemption reserve fund) or any sum standing to the credit of the profit and loss account or otherwise available for distribution; appropriate such sum to Members in the proportions in which such sum would have been divisible amongst such Members had the same been a distribution of profits by way of Dividend or other distribution; and apply such sum on their behalf in paying up in full unissued Shares for allotment and distribution credited as fully paid-up to and amongst them in the proportion aforesaid. In such event the Directors shall do all acts and things required to give effect to such capitalisation, with full power given to the Directors to make such provisions as they think fit in the case of Shares becoming distributable in fractions (including provisions whereby the benefit of fractional entitlements accrue to the Company rather than to the Members concerned). The Directors may authorise any person to enter on behalf of all of the Members interested into an agreement with the Company providing for such capitalisation and matters incidental or relating thereto and any agreement made under such authority shall be effective and binding on all such Members and the Company.

41 Books of Account

41.1 The Directors shall cause proper books of account (including, where applicable, material underlying documentation including contracts and invoices) to be kept with respect to all sums of money received and expended by the Company and the matters in respect of which the receipt or expenditure takes place, all sales and purchases of goods by the Company and the assets and liabilities of the Company. Such books of account must be retained for a minimum period of five years from the date on which they are prepared. Proper books shall not be deemed to be kept if there are not kept such books of account as are necessary to give a true and fair view of the state of the Company's affairs and to explain its transactions.

41.2 The Directors shall determine whether and to what extent and at what times and places and under what conditions or regulations the accounts and books of the Company or any of them shall be open to the inspection of Members not being Directors and no Member (not being a Director) shall have any right of inspecting any account or book or document of the Company except as conferred by Statute or authorised by the Directors or by the Company in general meeting.

41.3 The Directors may cause to be prepared and to be laid before the Company in general meeting profit and loss accounts, balance sheets, group accounts (if any) and such other reports and accounts as may be required by law.

The composition and responsibilities of the Audit Committee shall comply with the rules and regulations of the Designated Stock Exchange, the Securities and Exchange Commission and/or any other competent regulatory authority or otherwise under Applicable Law. The Audit Committee shall meet at least once every financial quarter, or more frequently as circumstances dictate.

42.3 If the Shares (or depositary receipts therefor) are listed or quoted on the Designated Stock Exchange, the Company shall conduct an appropriate review of all related party transactions on an ongoing basis and shall utilise the Audit Committee for the review and approval of potential conflicts of interest.

42.4 The remuneration of the Auditor shall be fixed by the Audit Committee (if one exists).

42.5 If the office of Auditor becomes vacant by resignation or death of the Auditor, or by his becoming incapable of acting by reason of illness or other disability at a time when his services are required, the Directors shall fill the vacancy and determine the remuneration of such Auditor.

42.6 Every Auditor of the Company shall have a right of access at all times to the books and accounts and vouchers of the Company and shall be entitled to require from the Directors and Officers such information and explanation as may be necessary for the performance of the duties of the Auditor.

42.7 Auditors shall, if so required by the Directors, make a report on the accounts of the Company during their tenure of office at the next annual general meeting following their appointment in the case of a company which is registered with the Registrar of Companies as an ordinary company, and at the next extraordinary general meeting following their appointment in the case of a company which is registered with the Registrar of Companies as an exempted company, and at any other time during their term of office, upon request of the Directors or any general meeting of the Members.

42.8 Any payment made to members of the Audit Committee (if one exists) shall require the review and approval of the Directors, with any Director interested in such payment abstaining from such review and approval.

42.9 The Audit Committee shall monitor compliance with the terms of the IPO and, if any non-compliance is identified, the Audit Committee shall be charged with the responsibility to take all action necessary to rectify such non-compliance or otherwise cause compliance with the terms of the IPO.

42.10 At least one member of the Audit Committee shall be an "audit committee financial expert" as determined by the rules and regulations of the Designated Stock Exchange, the Securities and Exchange Commission and/or any other competent regulatory authority or otherwise under Applicable Law. The "audit committee financial expert" shall have such past employment experience in finance or accounting, requisite professional certification in accounting, or any other comparable experience or background which results in the individual's financial sophistication.

43.4 Notice of every general meeting shall be given in any manner authorised by the Articles to every holder of Shares carrying an entitlement to receive such notice on the record date for such meeting except that in the case of joint holders the notice shall be sufficient if given to the joint holder first named in the Register of Members and every person upon whom the ownership of a Share devolves by reason of his being a legal personal representative or a trustee in bankruptcy of a Member where the Member but for his death or bankruptcy would be entitled to receive notice of the meeting, and no other person shall be entitled to receive notices of general meetings.

44 Winding Up

44.1 If the Company shall be wound up, the liquidator shall apply the assets of the Company in satisfaction of creditors' claims in such manner and order as such liquidator thinks fit. Subject to the rights attaching to any Shares, in a winding up:

(a) if the assets available for distribution amongst the Members shall be insufficient to repay the whole of the Company's issued share capital, such assets shall be distributed so that, as nearly as may be, the losses shall be borne by the Members in proportion to the par value of the Shares held by them; or

(b) if the assets available for distribution amongst the Members shall be more than sufficient to repay the whole of the Company's issued share capital at the commencement of the winding up, the surplus shall be distributed amongst the Members in proportion to the par value of the Shares held by them at the commencement of the winding up subject to a deduction from those Shares in respect of which there are monies due, of all monies payable to the Company for unpaid calls or otherwise.

44.2 If the Company shall be wound up the liquidator may, subject to the rights attaching to any Shares and with the approval of a Special Resolution of the Company and any other approval required by the Statute, divide amongst the Members in kind the whole or any part of the assets of the Company (whether such assets shall consist of property of the same kind or not) and may for that purpose value any assets and determine how the division shall be carried out as between the Members or different classes of Members. The liquidator may, with the like approval, vest the whole or any part of such assets in trustees upon such trusts for the benefit of the Members as the liquidator, with the like approval, shall think fit, but so that no Member shall be compelled to accept any asset upon which there is a liability.

45 Indemnity and Insurance

45.1 Every Director and Officer (which for the avoidance of doubt, shall not include auditors of the Company), together with every former Director and former Officer (each an "**Indemnified Person**") shall be indemnified out of the assets of the Company against any liability, action, proceeding, claim, demand, costs, damages or expenses, including legal expenses, whatsoever which they or any of them may incur as a result of any act or failure to act in carrying out their functions other than such liability (if any) that they may incur by reason of their own actual fraud, wilful neglect or wilful default. No Indemnified Person

shall be liable to the Company for any loss or damage incurred by the Company as a result (whether direct or indirect) of the carrying out of their functions unless that liability arises through the actual fraud, wilful neglect or wilful default of such Indemnified Person. No person shall be found to have committed actual fraud, wilful neglect or wilful default under this Article unless or until a court of competent jurisdiction shall have made a finding to that effect.

45.2 The Company shall advance to each Indemnified Person reasonable attorneys' fees and other costs and expenses incurred in connection with the defence of any action, suit, proceeding or investigation involving such Indemnified Person for which indemnity will or could be sought. In connection with any advance of any expenses hereunder, the Indemnified Person shall execute an undertaking to repay the advanced amount to the Company if it shall be determined by final judgment or other final adjudication that such Indemnified Person was not entitled to indemnification pursuant to this Article. If it shall be determined by a final judgment or other final adjudication that such Indemnified Person was not entitled to indemnification with respect to such judgment, costs or expenses, then such party shall not be indemnified with respect to such judgment, costs or expenses and any advancement shall be returned to the Company (without interest) by the Indemnified Person.

45.3 The Directors, on behalf of the Company, may purchase and maintain insurance for the benefit of any Director or Officer against any liability which, by virtue of any rule of law, would otherwise attach to such person in respect of any negligence, default, breach of duty or breach of trust of which such person may be guilty in relation to the Company.

46 Financial Year

Unless the Directors otherwise prescribe, the financial year of the Company shall end on 31st December in each year and, following the year of incorporation, shall begin on 1st January in each year.

47 Transfer by Way of Continuation

47.1 If the Company is exempted as defined in the Statute, it shall, subject to the provisions of the Statute and with the approval of a Special Resolution, have the power to register by way of continuation as a body corporate under the laws of any jurisdiction outside the Cayman Islands and to be deregistered in the Cayman Islands. For the purposes of a Special Resolution to be passed pursuant to this Article, a holder of Class B Shares shall have ten votes for every Class B Share of which he is the holder and a holder of Class A Shares shall have one vote for every Class A Share of which he is the holder.

47.2 Article 47.1 may only be amended by a Special Resolution passed by at least 90% of such Members as, being entitled to do so, vote in person or, where proxies are allowed, by proxy at a general meeting of which notice specifying the intention to propose the resolution as a special resolution has been given, or by way of unanimous written resolution of all Members.

48 Mergers and Consolidations

The Company shall have the power to merge or consolidate with one or more other constituent companies (as defined in the Statute) upon such terms as the Directors may determine and (to the extent required by the Statute) with the approval of a Special Resolution.

49 Business Combination

49.1 Notwithstanding any other provision of the Articles, this Article shall apply during the period commencing upon the adoption of the Articles and terminating upon the first to occur of the consummation of a Business Combination and the full distribution of the Trust Account pursuant to this Article. In the event of a conflict between this Article and any other Articles, the provisions of this Article shall prevail.

49.2 Prior to the consummation of a Business Combination, the Company shall either:

(a) submit such Business Combination to its Members for approval; or

(b) provide Members with the opportunity to have their Shares repurchased by means of a tender offer for a per-Share repurchase price payable in cash, equal to the aggregate amount then on deposit in the Trust Account, calculated as of two business days prior to the consummation of such Business Combination, including interest earned on the Trust Account (which interest shall be net of taxes paid or payable, if any), divided by the number of then issued Public Shares, provided that the Company shall not repurchase Public Shares in an amount that would cause the Company's net tangible assets to be less than US$5,000,001 upon consummation of such Business Combination

49.3 If the Company initiates any tender offer in accordance with Rule 13e-4 and Regulation 14E of the Exchange Act in connection with a proposed Business Combination, it shall file tender offer documents with the Securities and Exchange Commission prior to completing such Business Combination which contain substantially the same financial and other information about such Business Combination and the redemption rights as is required under Regulation 14A of the Exchange Act. If, alternatively, the Company holds a general meeting to approve a proposed Business Combination, the Company will conduct any redemptions in conjunction with a proxy solicitation pursuant to Regulation 14A of the Exchange Act, and not pursuant to the tender offer rules, and file proxy materials with the Securities and Exchange Commission.

49.4 At a general meeting called for the purposes of approving a Business Combination pursuant to this Article, in the event that such Business Combination is approved by Ordinary Resolution, the Company shall be authorised to consummate such Business Combination, provided that the Company shall not consummate such Business Combination unless the Company has net tangible assets of at least US$5,000,001 immediately prior to, or upon such consummation of, or any greater net tangible asset or cash requirement that may be contained in the agreement relating to, such Business Combination.

49.5 Any Member holding Public Shares who is not the Sponsor, a Founder, Officer or Director may, at least two business days' prior to any vote on a Business Combination, elect to have their Public Shares redeemed for cash, in accordance with any applicable requirements provided for in the related proxy materials (the "**IPO Redemption**"), provided that no such Member acting together with any Affiliate of his or any other person with whom he is acting in concert or as a partnership, limited partnership, syndicate, or other group for the purposes of acquiring, holding, or disposing of Shares may exercise this redemption right with respect to more than 15 per cent of the Public Shares in the aggregate without the prior consent of the Company and provided further that any beneficial holder of Public Shares on whose behalf a redemption right is being exercised must identify itself to the Company in connection with any redemption election in order to validly redeem such Public Shares. If so demanded, the Company shall pay any such redeeming Member, regardless of whether he is voting for or against such proposed Business Combination, a per-Share redemption price payable in cash, equal to the aggregate amount then on deposit in the Trust Account calculated as of two business days prior to the consummation of the Business Combination, including interest earned on the Trust Account (such interest shall be net of taxes payable) and not previously released to the Company to pay its taxes, divided by the number of then issued Public Shares (such redemption price being referred to herein as the "**Redemption Price**"), but only in the event that the applicable proposed Business Combination is approved and consummated. The Company shall not redeem Public Shares that would cause the Company's net tangible assets to be less than US$5,000,001 following such redemptions (the "**Redemption Limitation**").

49.6 A Member may not withdraw a Redemption Notice once submitted to the Company unless the Directors determine (in their sole discretion) to permit the withdrawal of such redemption request (which they may do in whole or in part).

49.7 In the event that the Company does not consummate a Business Combination by 24 months from the consummation of the IPO, or such later time as the Members may approve in accordance with the Articles, the Company shall:

(a) cease all operations except for the purpose of winding up;

(b) as promptly as reasonably possible but not more than ten business days thereafter, redeem the Public Shares, at a per-Share price, payable in cash, equal to the aggregate amount then on deposit in the Trust Account, including interest earned on the funds held in the Trust Account and not previously released to the Company (less taxes payable and up to US$100,000 of interest to pay dissolution expenses), divided by the number of then Public Shares in issue, which redemption will completely extinguish public Members' rights as Members (including the right to receive further liquidation distributions, if any); and

(c) as promptly as reasonably possible following such redemption, subject to the approval of the Company's remaining Members and the Directors, liquidate and dissolve, subject in each case to its obligations under Cayman Islands law to provide for claims of creditors and other requirements of Applicable Law.

49.8 In the event that any amendment is made to this Article:

(a) to modify the substance or timing of the Company's obligation to allow redemption in connection with a Business Combination or redeem 100 per cent of the Public Shares if the Company does not consummate a Business Combination within 24 months from the consummation of the IPO; or

(b) with respect to any other provision relating to Members' rights or pre-Business Combination activity,

each holder of Public Shares who is not the Sponsor, a Founder, Officer or Director shall be provided with the opportunity to redeem their Public Shares upon the approval or effectiveness of any such amendment at a per-Share price, payable in cash, equal to the aggregate amount then on deposit in the Trust Account, including interest earned on the funds held in the Trust Account and not previously released to the Company to pay its taxes, divided by the number of then outstanding Public Shares. The Company's ability to provide such redemption in this Article is subject to the Redemption Limitation.

49.9 A holder of Public Shares shall be entitled to receive distributions from the Trust Account only in the event of an IPO Redemption, a repurchase of Shares by means of a tender offer pursuant to this Article, or a distribution of the Trust Account pursuant to this Article. In no other circumstance shall a holder of Public Shares have any right or interest of any kind in the Trust Account.

49.10 After the issue of Public Shares, and prior to the consummation of a Business Combination, the Company shall not issue additional Shares or any other securities that would entitle the holders thereof to:

(a) receive funds from the Trust Account; or

(b) vote as a class with Public Shares on a Business Combination.

49.11 A Director may vote in respect of a Business Combination in which such Director has a conflict of interest with respect to the evaluation of such Business Combination. Such Director must disclose such interest or conflict to the other Directors.

49.12 As long as the securities of the Company are listed on the Nasdaq Capital Market, the Company must complete one or more Business Combinations having an aggregate fair market value of at least 80 per cent of the assets held in the Trust Account (net of amounts previously disbursed to the Company's management for taxes and excluding the amount of deferred underwriting discounts held in the Trust Account) at the time of the Company's signing a definitive agreement in connection with a Business Combination. A Business Combination must not be effectuated with another blank cheque company or a similar company with nominal operations.

49.13 The Company may enter into a Business Combination with a target business that is Affiliated with the Sponsor, a Founder, a Director or an Officer. In the event the Company seeks to complete a Business Combination with a target that is Affiliated with the Sponsor, a Founder, a Director or an Officer, the Company, or a committee of Independent Directors, will obtain an opinion from an independent investment banking firm or another valuation or appraisal firm that regularly renders fairness opinions on the type of target business the Company is seeking to acquire that is a member of the United States Financial Industry Regulatory Authority or an independent accounting firm that such a Business Combination is fair to the Company from a financial point of view.

3 Issue of Shares

3.1 Subject to the provisions, if any, in the Memorandum (and to any direction that may be given by the Company in general meeting) and without prejudice to any rights attached to any existing Shares, the

Directors may allot, issue, grant options over or otherwise dispose of Shares (including fractions of a Share) with or without preferred, deferred or other rights or restrictions, whether in regard to Dividend or other distribution, voting, return of capital or otherwise and to such persons, at such times and on such other terms as they think proper, and may also (subject to the Statute and the Articles) vary such rights. Notwithstanding the foregoing, the Subscriber shall have the power to:

(a) issue one Share to itself;

(b) transfer that Share by an instrument of transfer to any person; and

(c) update the Register of Members in respect of the issue and transfer of that Share.

3.2 The Company shall not issue Shares to bearer.

4 Register of Members

4.1 The Company shall maintain or cause to be maintained the Register of Members in accordance with the Statute.

4.2 The Directors may determine that the Company shall maintain one or more branch registers of Members in accordance with the Statute. The Directors may also determine which register of Members shall constitute the principal register and which shall constitute the branch register or registers, and to vary such determination from time to time.

5 Closing Register of Members or Fixing Record Date

5.1 For the purpose of determining Members entitled to notice of, or to vote at any meeting of Members or any adjournment thereof, or Members entitled to receive payment of any Dividend or other distribution, or in order to make a determination of Members for any other purpose, the Directors may provide that the Register of Members shall be closed for transfers for a stated period which shall not in any case exceed forty days.

5.2 In lieu of, or apart from, closing the Register of Members, the Directors may fix in advance or arrears a date as the record date for any such determination of Members entitled to notice of, or to vote at any meeting of the Members or any adjournment thereof, or for the purpose of determining the Members entitled to receive payment of any Dividend or other distribution, or in order to make a determination of Members for any other purpose.

5.3 If the Register of Members is not so closed and no record date is fixed for the determination of Members entitled to notice of, or to vote at, a meeting of Members or Members entitled to receive payment of a Dividend or other distribution, the date on which notice of the meeting is sent or the date on which the resolution of the Directors resolving to pay such Dividend or other distribution is passed, as the case may be, shall be the record date for such determination of Members. When a determination of Members entitled to vote at any meeting of Members has been made as provided in this Article, such determination shall apply to any adjournment thereof.

6 Certificates for Shares

6.1 A Member shall only be entitled to a share certificate if the Directors resolve that share certificates shall be issued. Share certificates representing Shares, if any, shall be in such form as the Directors may determine. Share certificates shall be signed by one or more Directors or other person authorised by the Directors. The Directors may authorise certificates to be issued with the authorised signature(s) affixed by mechanical process. All certificates for Shares shall be consecutively numbered or otherwise identified and shall specify the Shares to which they relate. All certificates surrendered to the Company for transfer shall be cancelled and subject to the Articles no new certificate shall be issued until the former certificate representing a like number of relevant Shares shall have been surrendered and cancelled.

6.2 The Company shall not be bound to issue more than one certificate for Shares held jointly by more than one person and delivery of a certificate to one joint holder shall be a sufficient delivery to all of them.

6.3 If a share certificate is defaced, worn out, lost or destroyed, it may be renewed on such terms (if any) as to evidence and indemnity and on the payment of such expenses reasonably incurred by the Company in investigating evidence, as the Directors may prescribe, and (in the case of defacement or wearing out) upon delivery of the old certificate.

6.4 Every share certificate sent in accordance with the Articles will be sent at the risk of the Member or other person entitled to the certificate. The Company will not be responsible for any share certificate lost or delayed in the course of delivery.

7 Transfer of Shares

7.1 Subject to Article 3.1, Shares are transferable subject to the approval of the Directors by resolution who may, in their absolute discretion, decline to register any transfer of Shares without giving any reason. If the Directors refuse to register a transfer they shall notify the transferee within two months of such refusal.

7.2 The instrument of transfer of any Share shall be in writing and shall be executed by or on behalf of the transferor (and if the Directors so require, signed by or on behalf of the transferee). The transferor shall be deemed to remain the holder of a Share until the name of the transferee is entered in the Register of Members.

8 Redemption, Repurchase and Surrender of Shares

8.1 Subject to the provisions of the Statute the Company may issue Shares that are to be redeemed or are liable to be redeemed at the option of the Member or the Company. The redemption of such Shares shall be effected in such manner and upon such other terms as the Company may, by Special Resolution, determine before the issue of the Shares.

8.2 Subject to the provisions of the Statute, the Company may purchase its own Shares (including any redeemable Shares) in such manner and on such other terms as the Directors may agree with the relevant Member.

8.3 The Company may make a payment in respect of the redemption or purchase of its own Shares in any manner permitted by the Statute, including out of capital.

8.4 The Directors may accept the surrender for no consideration of any fully paid Share.

9 Treasury Shares

9.1 The Directors may, prior to the purchase, redemption or surrender of any Share, determine that such Share shall be held as a Treasury Share.

9.2 The Directors may determine to cancel a Treasury Share or transfer a Treasury Share on such terms as they think proper (including, without limitation, for nil consideration).

10 Variation of Rights of Shares

10.1 If at any time the share capital of the Company is divided into different classes of Shares, all or any of the rights attached to any class (unless otherwise provided by the terms of issue of the Shares of that class) may, whether or not the Company is being wound up, be varied without the consent of the holders of the issued Shares of that class where such variation is considered by the Directors not to have a material adverse effect upon such rights; otherwise, any such variation shall be made only with the consent in writing of the holders of not less than two thirds of the issued Shares of that class, or with the approval of a resolution passed by a majority of not less than two thirds of the votes cast at a separate meeting of the holders of the Shares of that class. For the avoidance of doubt, the Directors reserve the right, notwithstanding that any such variation may not have a material adverse effect, to obtain consent from the holders of Shares of the relevant class. To any such meeting all the provisions of the Articles relating to general meetings shall apply *mutatis mutandis*, except that the necessary quorum shall be one person holding or representing by proxy at least one third of the issued Shares of the class and that any holder of Shares of the class present in person or by proxy may demand a poll.

10.2 For the purposes of a separate class meeting, the Directors may treat two or more or all the classes of Shares as forming one class of Shares if the Directors consider that such class of Shares would be affected in the same way by the proposals under consideration, but in any other case shall treat them as separate classes of Shares.

10.3 The rights conferred upon the holders of the Shares of any class issued with preferred or other rights shall not, unless otherwise expressly provided by the terms of issue of the Shares of that class, be deemed to be varied by the creation or issue of further Shares ranking pari passu therewith.

11 Commission on Sale of Shares

The Company may, in so far as the Statute permits, pay a commission to any person in consideration of that person subscribing or agreeing to subscribe (whether absolutely or conditionally) or procuring or agreeing to procure subscriptions (whether absolutely or conditionally) for any Shares. Such commissions may be satisfied by the payment of cash and/or the issue of fully or partly paid-up Shares. The Company may also on any issue of Shares pay such brokerage as may be lawful.

12 Non Recognition of Trusts

The Company shall not be bound by or compelled to recognise in any way (even when notified) any equitable, contingent, future or partial interest in any Share, or (except only as is otherwise provided by the Articles or the Statute) any other rights in respect of any Share other than an absolute right to the entirety thereof in the holder.

13 Lien on Shares

13.1 The Company shall have a first and paramount lien on all Shares (whether fully paid-up or not) registered in the name of a Member (whether solely or jointly with others) for all debts, liabilities or engagements to or with the Company (whether presently payable or not) by such Member or their estate, either alone or jointly with any other person, whether a Member or not, but the Directors may at any time declare any Share to be wholly or in part exempt from the provisions of this Article. The registration of a transfer of any such Share shall operate as a waiver of the Company's lien thereon. The Company's lien on a Share shall also extend to any amount payable in respect of that Share.

13.2 The Company may sell, in such manner as the Directors think fit, any Shares on which the Company has a lien, if a sum in respect of which the lien exists is presently payable, and is not paid within 14 clear days after notice has been received or deemed to have been received by the holder of the Shares, or to the person entitled to it in consequence of the death or bankruptcy of the holder, demanding payment and stating that if the notice is not complied with the Shares may be sold.

13.3 To give effect to any such sale the Directors may authorise any person to execute an instrument of transfer of the Shares sold to, or in accordance with the directions of, the purchaser. The purchaser or their nominee shall be registered as the holder of the Shares comprised in any such transfer, and they shall not be bound to see to the application of the purchase money, nor shall their title to the Shares be affected by any irregularity or invalidity in the sale or the exercise of the Company's power of sale under the Articles.

13.4 The net proceeds of such sale after payment of costs, shall be applied in payment of such part of the amount in respect of which the lien exists as is presently payable and any balance shall (subject to a like lien for sums not presently payable as existed upon the Shares before the sale) be paid to the person entitled to the Shares at the date of the sale.

14 Call on Shares

14.1 Subject to the terms of the allotment and issue of any Shares, the Directors may make calls upon the Members in respect of any monies unpaid on their Shares (whether in respect of par value or premium), and each Member shall (subject to receiving at least 14 clear days' notice specifying the time or times of payment) pay to the Company at the time or times so specified the amount called on the Shares. A call may be revoked or postponed, in whole or in part, as the Directors may determine. A call may be required to be

paid by instalments. A person upon whom a call is made shall remain liable for calls made upon them notwithstanding the subsequent transfer of the Shares in respect of which the call was made.

14.2 A call shall be deemed to have been made at the time when the resolution of the Directors authorising such call was passed.

14.3 The joint holders of a Share shall be jointly and severally liable to pay all calls in respect thereof.

14.4 If a call remains unpaid after it has become due and payable, the person from whom it is due shall pay interest on the amount unpaid from the day it became due and payable until it is paid at such rate as the Directors may determine (and in addition all expenses that have been incurred by the Company by reason of such non-payment), but the Directors may waive payment of the interest or expenses wholly or in part.

14.5 An amount payable in respect of a Share on issue or allotment or at any fixed date, whether on account of the par value of the Share or premium or otherwise, shall be deemed to be a call and if it is not paid all the provisions of the Articles shall apply as if that amount had become due and payable by virtue of a call.

14.6 The Directors may issue Shares with different terms as to the amount and times of payment of calls, or the interest to be paid.

14.7 The Directors may, if they think fit, receive an amount from any Member willing to advance all or any part of the monies uncalled and unpaid upon any Shares held by that Member, and may (until the amount would otherwise become payable) pay interest at such rate as may be agreed upon between the Directors and the Member paying such amount in advance.

14.8 No such amount paid in advance of calls shall entitle the Member paying such amount to any portion of a Dividend or other distribution payable in respect of any period prior to the date upon which such amount would, but for such payment, become payable.

15 Forfeiture of Shares

15.1 If a call or instalment of a call remains unpaid after it has become due and payable the Directors may give to the person from whom it is due not less than 14 clear days' notice requiring payment of the amount unpaid together with any interest which may have accrued and any expenses incurred by the Company by reason of such non-payment. The notice shall specify where payment is to be made and shall state that if the notice is not complied with the Shares in respect of which the call was made will be liable to be forfeited.

15.2 If the notice is not complied with, any Share in respect of which it was given may, before the payment required by the notice has been made, be forfeited by a resolution of the Directors. Such forfeiture shall include all Dividends, other distributions or other monies payable in respect of the forfeited Share and not paid before the forfeiture.

15.3 A forfeited Share may be sold, re-allotted or otherwise disposed of on such terms and in such manner as the Directors think fit and at any time before a sale, re-allotment or disposition the forfeiture may be cancelled on such terms as the Directors think fit. Where for the purposes of its disposal a forfeited Share is to be transferred to any person the Directors may authorise some person to execute an instrument of transfer of the Share in favour of that person.

15.4 A person any of whose Shares have been forfeited shall cease to be a Member in respect of them and shall surrender to the Company for cancellation the certificate for the Shares forfeited and shall remain liable to pay to the Company all monies which at the date of forfeiture were payable by that person to the Company in respect of those Shares together with interest at such rate as the Directors may determine, but that person's liability shall cease if and when the Company shall have received payment in full of all monies due and payable by them in respect of those Shares.

15.5 A certificate in writing under the hand of one Director or officer of the Company that a Share has been forfeited on a specified date shall be conclusive evidence of the facts stated in it as against all persons claiming to be entitled to the Share. The certificate shall (subject to the execution of an instrument of

transfer) constitute a good title to the Share and the person to whom the Share is sold or otherwise disposed of shall not be bound to see to the application of the purchase money, if any, nor shall their title to the Share be affected by any irregularity or invalidity in the proceedings in reference to the forfeiture, sale or disposal of the Share.

15.6 The provisions of the Articles as to forfeiture shall apply in the case of non payment of any sum which, by the terms of issue of a Share, becomes payable at a fixed time, whether on account of the par value of the Share or by way of premium as if it had been payable by virtue of a call duly made and notified.

16 Transmission of Shares

16.1 If a Member dies the survivor or survivors (where they were a joint holder) or their legal personal representatives (where they were a sole holder), shall be the only persons recognised by the Company as having any title to the deceased Member's Shares. The estate of a deceased Member is not thereby released from any liability in respect of any Share, for which the Member was a joint or sole holder.

16.2 Any person becoming entitled to a Share in consequence of the death or bankruptcy or liquidation or dissolution of a Member (or in any other way than by transfer) may, upon such evidence being produced as may be required by the Directors, elect, by a notice in writing sent by that person to the Company, either to become the holder of such Share or to have some person nominated by them registered as the holder of such Share. If they elect to have another person registered as the holder of such Share they shall sign an instrument of transfer of that Share to that person. The Directors shall, in either case, have the same right to decline or suspend registration as they would have had in the case of a transfer of the Share by the relevant Member before their death or bankruptcy or liquidation or dissolution, as the case may be.

16.3 A person becoming entitled to a Share by reason of the death or bankruptcy or liquidation or dissolution of a Member (or in any other case than by transfer) shall be entitled to the same Dividends, other distributions and other advantages to which they would be entitled if they were the holder of such Share. However, they shall not, before becoming a Member in respect of a Share, be entitled in respect of it to exercise any right conferred by membership in relation to general meetings of the Company and the Directors may at any time give notice requiring any such person to elect either to be registered or to have some person nominated by them registered as the holder of the Share (but the Directors shall, in either case, have the same right to decline or suspend registration as they would have had in the case of a transfer of the Share by the relevant Member before their death or bankruptcy or liquidation or dissolution or any other case than by transfer, as the case may be). If the notice is not complied with within 90 days of being received or deemed to be received (as determined pursuant to the Articles) the Directors may thereafter withhold payment of all Dividends, other distributions, bonuses or other monies payable in respect of the Share until the requirements of the notice have been complied with.

17 Amendments of Memorandum and Articles of Association and Alteration of Capital

17.1 The Company may by Ordinary Resolution:

(a) increase its share capital by such sum as the Ordinary Resolution shall prescribe and with such rights, priorities and privileges annexed thereto, as the Company in general meeting may determine;

(b) consolidate and divide all or any of its share capital into Shares of larger amount than its existing Shares;

(c) convert all or any of its paid-up Shares into stock, and reconvert that stock into paid-up Shares of any denomination;

(d) by subdivision of its existing Shares or any of them divide the whole or any part of its share capital into Shares of smaller amount than is fixed by the Memorandum or into Shares without par value; and

(e) cancel any Shares that at the date of the passing of the Ordinary Resolution have not been taken or agreed to be taken by any person and diminish the amount of its share capital by the amount of the Shares so cancelled.

17.2 All new Shares created in accordance with the provisions of the preceding Article shall be subject to the same provisions of the Articles with reference to the payment of calls, liens, transfer, transmission, forfeiture and otherwise as the Shares in the original share capital.

17.3 Subject to the provisions of the Statute and the provisions of the Articles as regards the matters to be dealt with by Ordinary Resolution, the Company may by Special Resolution:

(a) change its name;

(b) alter or add to the Articles;

(c) alter or add to the Memorandum with respect to any objects, powers or other matters specified therein; and

(d) reduce its share capital or any capital redemption reserve fund.

18 Offices and Places of Business

Subject to the provisions of the Statute, the Company may by resolution of the Directors change the location of its Registered Office. The Company may, in addition to its Registered Office, maintain such other offices or places of business as the Directors determine.

19 General Meetings

19.1 All general meetings other than annual general meetings shall be called extraordinary general meetings.

19.2 The Company may, but shall not (unless required by the Statute) be obliged to, in each year hold a general meeting as its annual general meeting, and shall specify the meeting as such in the notices calling it. Any annual general meeting shall be held at such time and place as the Directors shall appoint and if no other time and place is prescribed by them, it shall be held at the Registered Office on the second Wednesday in December of each year at ten o'clock in the morning. At these meetings the report of the Directors (if any) shall be presented.

19.3 The Directors may call general meetings, and they shall on a Members' requisition forthwith proceed to convene an extraordinary general meeting of the Company.

19.4 A Members' requisition is a requisition of Members holding at the date of deposit of the requisition not less than 10% in par value of the issued Shares which as at that date carry the right to vote at general meetings of the Company.

19.5 The Members' requisition must state the objects of the meeting and must be signed by the requisitionists and deposited at the Registered Office, and may consist of several documents in like form each signed by one or more requisitionists.

19.6 If there are no Directors as at the date of the deposit of the Members' requisition or if the Directors do not within 21 days from the date of the deposit of the Members' requisition duly proceed to convene a general meeting to be held within a further 21 days, the requisitionists, or any of them representing more than one-half of the total voting rights of all of the requisitionists, may themselves convene a general meeting, but any meeting so convened shall be held no later than the day which falls three months after the expiration of the said 21 day period.

19.7 A general meeting convened as aforesaid by requisitionists shall be convened in the same manner as nearly as possible as that in which general meetings are to be convened by Directors.

20 Notice of General Meetings

20.1 At least five clear days' notice shall be given of any general meeting. Every notice shall specify the place, the day and the hour of the meeting and the general nature of the business to be conducted at the general meeting and shall be given in the manner hereinafter mentioned or in such other manner if any as may be prescribed by the Company, provided that a general meeting of the Company shall, whether or not the notice

specified in this Article has been given and whether or not the provisions of the Articles regarding general meetings have been complied with, be deemed to have been duly convened if it is so agreed:

(a) in the case of an annual general meeting, by all of the Members entitled to attend and vote at the meeting; and

(b) in the case of an extraordinary general meeting, by a majority in number of the Members having a right to attend and vote at the meeting, together holding not less than 95% in par value of the Shares giving that right.

20.2 The accidental omission to give notice of a general meeting to, or the non receipt of notice of a general meeting by, any person entitled to receive such notice shall not invalidate the proceedings of that general meeting.

21 Proceedings at General Meetings

21.1 No business shall be transacted at any general meeting unless a quorum is present. Two Members being individuals present in person or by proxy or if a corporation or other non-natural person by its duly authorised representative or proxy shall be a quorum unless the Company has only one Member entitled to vote at such general meeting in which case the quorum shall be that one Member present in person or by proxy or (in the case of a corporation or other non-natural person) by its duly authorised representative or proxy.

21.2 A person may participate at a general meeting by conference telephone or other communications equipment by means of which all the persons participating in the meeting can communicate with each other. Participation by a person in a general meeting in this manner is treated as presence in person at that meeting.

21.3 A resolution (including a Special Resolution) in writing (in one or more counterparts) signed by or on behalf of all of the Members for the time being entitled to receive notice of and to attend and vote at general meetings (or, being corporations or other non-natural persons, signed by their duly authorised representatives) shall be as valid and effective as if the resolution had been passed at a general meeting of the Company duly convened and held.

21.4 If a quorum is not present within half an hour from the time appointed for the meeting to commence or if during such a meeting a quorum ceases to be present, the meeting, if convened upon a Members' requisition, shall be dissolved and in any other case it shall stand adjourned to the same day in the next week at the same time and/or place or to such other day, time and/or place as the Directors may determine, and if at the adjourned meeting a quorum is not present within half an hour from the time appointed for the meeting to commence, the Members present shall be a quorum.

21.5 The Directors may, at any time prior to the time appointed for the meeting to commence, appoint any person to act as chairperson of a general meeting of the Company or, if the Directors do not make any such appointment, the chairperson, if any, of the board of Directors shall preside as chairperson at such general meeting. If there is no such chairperson, or if the chairperson shall not be present within 15 minutes after the time appointed for the meeting to commence, or is unwilling to act, the Directors present shall elect one of their number to be chairperson of the meeting.

21.6 If no Director is willing to act as chairperson or if no Director is present within 15 minutes after the time appointed for the meeting to commence, the Members present shall choose one of their number to be chairperson of the meeting.

21.7 The chairperson may, with the consent of a meeting at which a quorum is present (and shall if so directed by the meeting) adjourn the meeting from time to time and from place to place, but no business shall be transacted at any adjourned meeting other than the business left unfinished at the meeting from which the adjournment took place.

21.8 When a general meeting is adjourned for 30 days or more, notice of the adjourned meeting shall be given as in the case of an original meeting. Otherwise it shall not be necessary to give any such notice of an adjourned meeting.

21.9 A resolution put to the vote of the meeting shall be decided on a show of hands unless before, or on the declaration of the result of, the show of hands, the chairperson demands a poll, or any other Member or Members collectively present in person or by proxy (or in the case of a corporation or other non-natural person, by its duly authorised representative or proxy) and holding at least 10% in par value of the Shares giving a right to attend and vote at the meeting demand a poll.

21.10 Unless a poll is duly demanded and the demand is not withdrawn a declaration by the chairperson that a resolution has been carried or carried unanimously, or by a particular majority, or lost or not carried by a particular majority, an entry to that effect in the minutes of the proceedings of the meeting shall be conclusive evidence of that fact without proof of the number or proportion of the votes recorded in favour of or against such resolution.

21.11 The demand for a poll may be withdrawn.

21.12 Except on a poll demanded on the election of a chairperson or on a question of adjournment, a poll shall be taken as the chairperson directs, and the result of the poll shall be deemed to be the resolution of the general meeting at which the poll was demanded.

21.13 A poll demanded on the election of a chairperson or on a question of adjournment shall be taken forthwith. A poll demanded on any other question shall be taken at such date, time and place as the chairperson of the general meeting directs, and any business other than that upon which a poll has been demanded or is contingent thereon may proceed pending the taking of the poll.

21.14 In the case of an equality of votes, whether on a show of hands or on a poll, the chairperson shall be entitled to a second or casting vote.

22 Votes of Members

22.1 Subject to any rights or restrictions attached to any Shares, on a show of hands every Member who (being an individual) is present in person or by proxy or, if a corporation or other non-natural person is present by its duly authorised representative or by proxy, shall have one vote and on a poll every Member present in any such manner shall have one vote for every Share of which they are the holder.

22.2 In the case of joint holders the vote of the senior holder who tenders a vote, whether in person or by proxy (or, in the case of a corporation or other non-natural person, by its duly authorised representative or proxy), shall be accepted to the exclusion of the votes of the other joint holders, and seniority shall be determined by the order in which the names of the holders stand in the Register of Members.

22.3 A Member of unsound mind, or in respect of whom an order has been made by any court, having jurisdiction in lunacy, may vote, whether on a show of hands or on a poll, by their committee, receiver, *curator bonis*, or other person on such Member's behalf appointed by that court, and any such committee, receiver, *curator bonis* or other person may vote by proxy.

22.4 No person shall be entitled to vote at any general meeting unless they are registered as a Member on the record date for such meeting nor unless all calls or other monies then payable by them in respect of Shares have been paid.

22.5 No objection shall be raised as to the qualification of any voter except at the general meeting or adjourned general meeting at which the vote objected to is given or tendered and every vote not disallowed at the meeting shall be valid. Any objection made in due time in accordance with this Article shall be referred to the chairperson whose decision shall be final and conclusive.

22.6 On a poll or on a show of hands votes may be cast either personally or by proxy (or in the case of a corporation or other non-natural person by its duly authorised representative or proxy). A Member may

appoint more than one proxy or the same proxy under one or more instruments to attend and vote at a meeting. Where a Member appoints more than one proxy the instrument of proxy shall state which proxy is entitled to vote on a show of hands and shall specify the number of Shares in respect of which each proxy is entitled to exercise the related votes.

22.7 On a poll, a Member holding more than one Share need not cast the votes in respect of their Shares in the same way on any resolution and therefore may vote a Share or some or all such Shares either for or against a resolution and/or abstain from voting a Share or some or all of the Shares and, subject to the terms of the instrument appointing the proxy, a proxy appointed under one or more instruments may vote a Share or some or all of the Shares in respect of which they are appointed either for or against a resolution and/or abstain from voting a Share or some or all of the Shares in respect of which they are appointed.

23 Proxies

23.1 The instrument appointing a proxy shall be in writing and shall be executed under the hand of the appointor or of their attorney duly authorised in writing, or, if the appointor is a corporation or other non natural person, under the hand of its duly authorised representative. A proxy need not be a Member.

23.2 The Directors may, in the notice convening any meeting or adjourned meeting, or in an instrument of proxy sent out by the Company, specify the manner by which the instrument appointing a proxy shall be deposited and the place and the time (being not later than the time appointed for the commencement of the meeting or adjourned meeting to which the proxy relates) at which the instrument appointing a proxy shall be deposited. In the absence of any such direction from the Directors in the notice convening any meeting or adjourned meeting or in an instrument of proxy sent out by the Company, the instrument appointing a proxy shall be deposited physically at the Registered Office not less than 48 hours before the time appointed for the meeting or adjourned meeting to commence at which the person named in the instrument proposes to vote.

23.3 The chairperson may in any event at their discretion declare that an instrument of proxy shall be deemed to have been duly deposited. An instrument of proxy that is not deposited in the manner permitted, or which has not been declared to have been duly deposited by the chairperson, shall be invalid.

23.4 The instrument appointing a proxy may be in any usual or common form (or such other form as the Directors may approve) and may be expressed to be for a particular meeting or any adjournment thereof or generally until revoked. An instrument appointing a proxy shall be deemed to include the power to demand or join or concur in demanding a poll.

23.5 Votes given in accordance with the terms of an instrument of proxy shall be valid notwithstanding the previous death or insanity of the principal or revocation of the proxy or of the authority under which the proxy was executed, or the transfer of the Share in respect of which the proxy is given unless notice in writing of such death, insanity, revocation or transfer was received by the Company at the Registered Office before the commencement of the general meeting, or adjourned meeting at which it is sought to use the proxy.

24 Corporate Members

Any corporation or other non-natural person which is a Member may in accordance with its constitutional documents, or in the absence of such provision by resolution of its directors or other governing body, authorise such person as it thinks fit to act as its representative at any meeting of the Company or of any class of Members, and the person so authorised shall be entitled to exercise the same powers on behalf of the corporation which they represent as the corporation could exercise if it were an individual Member.

25 Shares that May Not be Voted

Shares in the Company that are beneficially owned by the Company shall not be voted, directly or indirectly, at any meeting and shall not be counted in determining the total number of outstanding Shares at any given time.

26 Directors

There shall be a board of Directors consisting of not less than one person (exclusive of alternate Directors) provided however that the Company may by Ordinary Resolution increase or reduce the limits in the number of Directors. The first Directors of the Company may be determined in writing by, or appointed by a resolution of, the Subscriber.

27 Powers of Directors

27.1 Subject to the provisions of the Statute, the Memorandum and the Articles and to any directions given by Special Resolution, the business of the Company shall be managed by the Directors who may exercise all the powers of the Company. No alteration of the Memorandum or Articles and no such direction shall invalidate any prior act of the Directors which would have been valid if that alteration had not been made or that direction had not been given. A duly convened meeting of Directors at which a quorum is present may exercise all powers exercisable by the Directors.

27.2 All cheques, promissory notes, drafts, bills of exchange and other negotiable or transferable instruments and all receipts for monies paid to the Company shall be signed, drawn, accepted, endorsed or otherwise executed as the case may be in such manner as the Directors shall determine by resolution.

27.3 The Directors on behalf of the Company may pay a gratuity or pension or allowance on retirement to any Director who has held any other salaried office or place of profit with the Company or to their surviving spouse, civil partner or dependants and may make contributions to any fund and pay premiums for the purchase or provision of any such gratuity, pension or allowance.

27.4 The Directors may exercise all the powers of the Company to borrow money and to mortgage or charge its undertaking, property and assets (present and future) and uncalled capital or any part thereof and to issue debentures, debenture stock, mortgages, bonds and other such securities whether outright or as security for any debt, liability or obligation of the Company or of any third party.

28 Appointment and Removal of Directors

28.1 The Company may by Ordinary Resolution appoint any person to be a Director or may by Ordinary Resolution remove any Director.

28.2 The Directors may appoint any person to be a Director, either to fill a vacancy or as an additional Director provided that the appointment does not cause the number of Directors to exceed any number fixed by or in accordance with the Articles as the maximum number of Directors.

29 Vacation of Office of Director

The office of a Director shall be vacated if:

(a) the Director gives notice in writing to the Company that they resign the office of Director; or

(b) the Director is absent (for the avoidance of doubt, without being represented by proxy or an alternate Director appointed by them) from three consecutive meetings of the board of Directors without special leave of absence from the Directors, and the Directors pass a resolution that they have by reason of such absence vacated office; or

(c) the Director dies, becomes bankrupt or makes any arrangement or composition with their creditors generally; or

(d) the Director is found to be or becomes of unsound mind; or

(e) all of the other Directors (being not less than two in number) determine that the Director should be removed as a Director, either by a resolution passed by all of the other Directors at a meeting of the Directors duly convened and held in accordance with the Articles or by a resolution in writing signed by all of the other Directors.

30 Proceedings of Directors

30.1 The quorum for the transaction of the business of the Directors may be fixed by the Directors, and unless so fixed shall be two if there are two or more Directors, and shall be one if there is only one Director. A person who holds office as an alternate Director shall, if their appointor is not present, be counted in the quorum. A Director who also acts as an alternate Director shall, if their appointor is not present, count twice towards the quorum.

30.2 Subject to the provisions of the Articles, the Directors may regulate their proceedings as they think fit. Questions arising at any meeting shall be decided by a majority of votes. In the case of an equality of votes, the chairperson shall have a second or casting vote. A Director who is also an alternate Director shall be entitled in the absence of their appointor to a separate vote on behalf of their appointor in addition to their own vote.

30.3 A person may participate in a meeting of the Directors or any committee of Directors by conference telephone or other communications equipment by means of which all the persons participating in the meeting can communicate with each other at the same time. Participation by a person in a meeting in this manner is treated as presence in person at that meeting. Unless otherwise determined by the Directors the meeting shall be deemed to be held at the place where the chairperson is located at the start of the meeting.

30.4 A resolution in writing (in one or more counterparts) signed by all the Directors or all the members of a committee of the Directors or, in the case of a resolution in writing relating to the removal of any Director or the vacation of office by any Director, all of the Directors other than the Director who is the subject of such resolution (an alternate Director being entitled to sign such a resolution on behalf of their appointor and if such alternate Director is also a Director, being entitled to sign such resolution both on behalf of their appointor and in their capacity as a Director) shall be as valid and effectual as if it had been passed at a meeting of the Directors, or committee of Directors as the case may be, duly convened and held.

30.5 A Director or alternate Director may, or other officer of the Company on the direction of a Director or alternate Director shall, call a meeting of the Directors by at least two days' notice in writing to every Director and alternate Director which notice shall set forth the general nature of the business to be considered unless notice is waived by all the Directors (or their alternates) either at, before or after the meeting is held. To any such notice of a meeting of the Directors all the provisions of the Articles relating to the giving of notices by the Company to the Members shall apply *mutatis mutandis*.

30.6 The continuing Directors (or a sole continuing Director, as the case may be) may act notwithstanding any vacancy in their body, but if and so long as their number is reduced below the number fixed by or pursuant to the Articles as the necessary quorum of Directors the continuing Directors or Director may act for the purpose of increasing the number of Directors to be equal to such fixed number, or of summoning a general meeting of the Company, but for no other purpose.

30.7 The Directors may elect a chairperson of their board and determine the period for which they are to hold office; but if no such chairperson is elected, or if at any meeting the chairperson is not present within five minutes after the time appointed for the meeting to commence, the Directors present may choose one of their number to be chairperson of the meeting.

30.8 All acts done by any meeting of the Directors or of a committee of the Directors (including any person acting as an alternate Director) shall, notwithstanding that it is afterwards discovered that there was some defect in the appointment of any Director or alternate Director, and/or that they or any of them were disqualified, and/or had vacated their office and/or were not entitled to vote, be as valid as if every such person had been duly appointed and/or not disqualified to be a Director or alternate Director and/or had not vacated their office and/or had been entitled to vote, as the case may be.

30.9 A Director but not an alternate Director may be represented at any meetings of the board of Directors by a proxy appointed in writing by that Director. The proxy shall count towards the quorum and the vote of the proxy shall for all purposes be deemed to be that of the appointing Director.

31 Presumption of Assent

A Director or alternate Director who is present at a meeting of the board of Directors at which action on any Company matter is taken shall be presumed to have assented to the action taken unless their dissent shall be entered in the minutes of the meeting or unless they shall file their written dissent from such action with the person acting as the chairperson or secretary of the meeting before the adjournment thereof or shall forward such dissent by registered post to such person immediately after the adjournment of the meeting. Such right to dissent shall not apply to a Director or alternate Director who voted in favour of such action.

32 Directors' Interests

32.1 A Director or alternate Director may hold any other office or place of profit under the Company (other than the office of Auditor) in conjunction with their office of Director for such period and on such terms as to remuneration and otherwise as the Directors may determine.

32.2 A Director or alternate Director may act on their own or by, through or on behalf of their firm in a professional capacity for the Company and they or their firm shall be entitled to remuneration for professional services as if they were not a Director or alternate Director.

32.3 A Director or alternate Director may be or become a director or other officer of or otherwise interested in any company promoted by the Company or in which the Company may be interested as a shareholder, a contracting party or otherwise, and no such Director or alternate Director shall be accountable to the Company for any remuneration or other benefits received by them as a director or officer of, or from their interest in, such other company.

32.4 No person shall be disqualified from the office of Director or alternate Director or prevented by such office from contracting with the Company, either as vendor, purchaser or otherwise, nor shall any such contract or any contract or transaction entered into by or on behalf of the Company in which any Director or alternate Director shall be in any way interested be or be liable to be avoided, nor shall any Director or alternate Director so contracting or being so interested be liable to account to the Company for any profit realised by or arising in connection with any such contract or transaction by reason of such Director or alternate Director holding office or of the fiduciary relationship thereby established. A Director (or their alternate Director in their absence) shall be at liberty to vote in respect of any contract or transaction in which they are interested provided that the nature of the interest of any Director or alternate Director in any such contract or transaction shall be disclosed by them at or prior to its consideration and any vote thereon.

32.5 A general notice that a Director or alternate Director is a shareholder, director, officer or employee of any specified firm or company and is to be regarded as interested in any transaction with such firm or company shall be sufficient disclosure for the purposes of voting on a resolution in respect of a contract or transaction in which they have an interest, and after such general notice it shall not be necessary to give special notice relating to any particular transaction.

33 Minutes

The Directors shall cause minutes to be made in books kept for the purpose of recording all appointments of officers made by the Directors, all proceedings at meetings of the Company or the holders of any class of Shares and of the Directors, and of committees of the Directors, including the names of the Directors or alternate Directors present at each meeting.

34 Delegation of Directors' Powers

34.1 The Directors may delegate any of their powers, authorities and discretions, including the power to sub-delegate, to any committee consisting of one or more Directors. They may also delegate to any managing director or any Director holding any other executive office such of their powers, authorities and discretions as they consider desirable to be exercised by that Director, provided that an alternate Director

may not act as managing director and the appointment of a managing director shall be revoked forthwith if they cease to be a Director. Any such delegation may be made subject to any conditions the Directors may impose and either collaterally with or to the exclusion of their own powers and any such delegation may be revoked or altered by the Directors. Subject to any such conditions, the proceedings of a committee of Directors shall be governed by the Articles regulating the proceedings of Directors, so far as they are capable of applying.

34.2 The Directors may establish any committees, local boards or agencies or appoint any person to be a manager or agent for managing the affairs of the Company and may appoint any person to be a member of such committees, local boards or agencies. Any such appointment may be made subject to any conditions the Directors may impose, and either collaterally with or to the exclusion of their own powers and any such appointment may be revoked or altered by the Directors. Subject to any such conditions, the proceedings of any such committee, local board or agency shall be governed by the Articles regulating the proceedings of Directors, so far as they are capable of applying.

34.3 The Directors may by power of attorney or otherwise appoint any person to be the agent of the Company on such conditions as the Directors may determine, provided that the delegation is not to the exclusion of their own powers and may be revoked by the Directors at any time.

34.4 The Directors may by power of attorney or otherwise appoint any company, firm, person or body of persons, whether nominated directly or indirectly by the Directors, to be the attorney or authorised signatory of the Company for such purpose and with such powers, authorities and discretions (not exceeding those vested in or exercisable by the Directors under the Articles) and for such period and subject to such conditions as they may think fit, and any such powers of attorney or other appointment may contain such provisions for the protection and convenience of persons dealing with any such attorneys or authorised signatories as the Directors may think fit and may also authorise any such attorney or authorised signatory to delegate all or any of the powers, authorities and discretions vested in them.

34.5 The Directors may appoint such officers of the Company (including, for the avoidance of doubt and without limitation, any secretary) as they consider necessary on such terms, at such remuneration and to perform such duties, and subject to such provisions as to disqualification and removal as the Directors may think fit. Unless otherwise specified in the terms of their appointment an officer of the Company may be removed by resolution of the Directors or Members. An officer of the Company may vacate their office at any time if they give notice in writing to the Company that they resign their office.

35 Alternate Directors

35.1 Any Director (but not an alternate Director) may by writing appoint any other Director, or any other person willing to act, to be an alternate Director and by writing may remove from office an alternate Director so appointed by them.

35.2 An alternate Director shall be entitled to receive notice of all meetings of Directors and of all meetings of committees of Directors of which their appointor is a member, to attend and vote at every such meeting at which the Director appointing them is not personally present, to sign any written resolution of the Directors, and generally to perform all the functions of their appointor as a Director in their absence.

35.3 An alternate Director shall cease to be an alternate Director if their appointor ceases to be a Director.

35.4 Any appointment or removal of an alternate Director shall be by notice to the Company signed by the Director making or revoking the appointment or in any other manner approved by the Directors.

35.5 Subject to the provisions of the Articles, an alternate Director shall be deemed for all purposes to be a Director and shall alone be responsible for their own acts and defaults and shall not be deemed to be the agent of the Director appointing them.

36 No Minimum Shareholding

The Company in general meeting may fix a minimum shareholding required to be held by a Director, but unless and until such a shareholding qualification is fixed a Director is not required to hold Shares.

37 Remuneration of Directors

37.1 The remuneration to be paid to the Directors, if any, shall be such remuneration as the Directors shall determine. The Directors shall also be entitled to be paid all travelling, hotel and other expenses properly incurred by them in connection with their attendance at meetings of Directors or committees of Directors, or general meetings of the Company, or separate meetings of the holders of any class of Shares or debentures of the Company, or otherwise in connection with the business of the Company or the discharge of their duties as a Director, or to receive a fixed allowance in respect thereof as may be determined by the Directors, or a combination partly of one such method and partly the other.

37.2 The Directors may by resolution approve additional remuneration to any Director for any services which in the opinion of the Directors go beyond that Director's ordinary routine work as a Director. Any fees paid to a Director who is also counsel, attorney or solicitor to the Company, or otherwise serves it in a professional capacity shall be in addition to their remuneration as a Director.

38 Seal

38.1 The Company may, if the Directors so determine, have a Seal. The Seal shall only be used by the authority of the Directors or of a committee of the Directors authorised by the Directors. Every instrument to which the Seal has been affixed shall be signed by at least one person who shall be either a Director or some officer of the Company or other person appointed by the Directors for the purpose.

38.2 The Company may have for use in any place or places outside the Cayman Islands a duplicate Seal or Seals each of which shall be a fax of the common Seal of the Company and, if the Directors so determine, with the addition on its face of the name of every place where it is to be used.

38.3 A Director or officer, representative or attorney of the Company may without further authority of the Directors affix the Seal over their signature alone to any document of the Company required to be authenticated by them under seal or to be filed with the Registrar of Companies in the Cayman Islands or elsewhere wheresoever.

39 Dividends, Distributions and Reserve

39.1 Subject to the Statute and this Article and except as otherwise provided by the rights attached to any Shares, the Directors may resolve to pay Dividends and other distributions on Shares in issue and authorise payment of the Dividends or other distributions out of the funds of the Company lawfully available therefor. A Dividend shall be deemed to be an interim Dividend unless the terms of the resolution pursuant to which the Directors resolve to pay such Dividend specifically state that such Dividend shall be a final Dividend. No Dividend or other distribution shall be paid except out of the realised or unrealised profits of the Company, out of the share premium account or as otherwise permitted by law.

39.2 Except as otherwise provided by the rights attached to any Shares, all Dividends and other distributions shall be paid according to the par value of the Shares that a Member holds. If any Share is issued on terms providing that it shall rank for Dividend as from a particular date, that Share shall rank for Dividend accordingly.

39.3 The Directors may deduct from any Dividend or other distribution payable to any Member all sums of money (if any) then payable by the Member to the Company on account of calls or otherwise.

39.4 The Directors may resolve that any Dividend or other distribution be paid wholly or partly by the distribution of specific assets and in particular (but without limitation) by the distribution of shares,

debentures, or securities of any other company or in any one or more of such ways and where any difficulty arises in regard to such distribution, the Directors may settle the same as they think expedient and in particular may issue fractional Shares and may fix the value for distribution of such specific assets or any part thereof and may determine that cash payments shall be made to any Members upon the basis of the value so fixed in order to adjust the rights of all Members and may vest any such specific assets in trustees in such manner as may seem expedient to the Directors.

39.5 Except as otherwise provided by the rights attached to any Shares, Dividends and other distributions may be paid in any currency. The Directors may determine the basis of conversion for any currency conversions that may be required and how any costs involved are to be met.

39.6 The Directors may, before resolving to pay any Dividend or other distribution, set aside such sums as they think proper as a reserve or reserves which shall, at the discretion of the Directors, be applicable for any purpose of the Company and pending such application may, at the discretion of the Directors, be employed in the business of the Company.

39.7 Any Dividend, other distribution, interest or other monies payable in cash in respect of Shares may be paid by wire transfer to the holder or by cheque or warrant sent through the post directed to the registered address of the holder or, in the case of joint holders, to the registered address of the holder who is first named on the Register of Members or to such person and to such address as such holder or joint holders may in writing direct. Every such cheque or warrant shall be made payable to the order of the person to whom it is sent. Any one of two or more joint holders may give effectual receipts for any Dividends, other distributions, bonuses, or other monies payable in respect of the Share held by them as joint holders.

39.8 No Dividend or other distribution shall bear interest against the Company.

39.9 Any Dividend or other distribution which cannot be paid to a Member and/or which remains unclaimed after six months from the date on which such Dividend or other distribution becomes payable may, in the discretion of the Directors, be paid into a separate account in the Company's name, provided that the Company shall not be constituted as a trustee in respect of that account and the Dividend or other distribution shall remain as a debt due to the Member. Any Dividend or other distribution which remains unclaimed after a period of six years from the date on which such Dividend or other distribution becomes payable shall be forfeited and shall revert to the Company.

40 Capitalisation

The Directors may at any time capitalise any sum standing to the credit of any of the Company's reserve accounts or funds (including the share premium account and capital redemption reserve fund) or any sum standing to the credit of the profit and loss account or otherwise available for distribution; appropriate such sum to Members in the proportions in which such sum would have been divisible amongst such Members had the same been a distribution of profits by way of Dividend or other distribution; and apply such sum on their behalf in paying up in full unissued Shares for allotment and distribution credited as fully paid-up to and amongst them in the proportion aforesaid. In such event the Directors shall do all acts and things required to give effect to such capitalisation, with full power given to the Directors to make such provisions as they think fit in the case of Shares becoming distributable in fractions (including provisions whereby the benefit of fractional entitlements accrue to the Company rather than to the Members concerned). The Directors may authorise any person to enter on behalf of all of the Members interested into an agreement with the Company providing for such capitalisation and matters incidental or relating thereto and any agreement made under such authority shall be effective and binding on all such Members and the Company.

41 Books of Account

41.1 The Directors shall cause proper books of account (including, where applicable, material underlying documentation including contracts and invoices) to be kept with respect to all sums of money received and

expended by the Company and the matters in respect of which the receipt or expenditure takes place, all sales and purchases of goods by the Company and the assets and liabilities of the Company. Such books of account must be retained for a minimum period of five years from the date on which they are prepared. Proper books shall not be deemed to be kept if there are not kept such books of account as are necessary to give a true and fair view of the state of the Company's affairs and to explain its transactions.

41.2 The Directors shall determine whether and to what extent and at what times and places and under what conditions or regulations the accounts and books of the Company or any of them shall be open to the inspection of Members not being Directors and no Member (not being a Director) shall have any right of inspecting any account or book or document of the Company except as conferred by Statute or authorised by the Directors or by the Company in general meeting.

41.3 The Directors may cause to be prepared and to be laid before the Company in general meeting profit and loss accounts, balance sheets, group accounts (if any) and such other reports and accounts as may be required by law.

42 Audit

42.1 The Directors may appoint an Auditor of the Company who shall hold office on such terms as the Directors determine.

42.2 Every Auditor of the Company shall have a right of access at all times to the books and accounts and vouchers of the Company and shall be entitled to require from the Directors and officers of the Company such information and explanation as may be necessary for the performance of the duties of the Auditor.

42.3 Auditors shall, if so required by the Directors, make a report on the accounts of the Company during their tenure of office at the next annual general meeting following their appointment in the case of a company which is registered with the Registrar of Companies as an ordinary company, and at the next extraordinary general meeting following their appointment in the case of a company which is registered with the Registrar of Companies as an exempted company, and at any other time during their term of office, upon request of the Directors or any general meeting of the Members.

43 Notices

43.1 Notices shall be in writing and may be given by the Company to any Member either personally or by sending it by courier, post, telex, fax or email to such Member or to such Member's address as shown in the Register of Members (or where the notice is given by email by sending it to the email address provided by such Member). Any notice, if posted from one country to another, is to be sent by airmail.

43.2 Where a notice is sent by courier, service of the notice shall be deemed to be effected by delivery of the notice to a courier company, and shall be deemed to have been received on the third day (not including Saturdays or Sundays or public holidays) following the day on which the notice was delivered to the courier. Where a notice is sent by post, service of the notice shall be deemed to be effected by properly addressing, pre paying and posting a letter containing the notice, and shall be deemed to have been received on the fifth day (not including Saturdays or Sundays or public holidays in the Cayman Islands) following the day on which the notice was posted. Where a notice is sent by telex or fax, service of the notice shall be deemed to be effected by properly addressing and sending such notice and shall be deemed to have been received on the same day that it was transmitted. Where a notice is given by email service shall be deemed to be effected by transmitting the email to the email address provided by the intended recipient and shall be deemed to have been received on the same day that it was sent, and it shall not be necessary for the receipt of the email to be acknowledged by the recipient.

43.3 A notice may be given by the Company to the person or persons which the Company has been advised are entitled to a Share or Shares in consequence of the death or bankruptcy of a Member in the same manner as other notices which are required to be given under the Articles and shall be addressed to them by name, or

by the title of representatives of the deceased, or trustee of the bankrupt, or by any like description at the address supplied for that purpose by the persons claiming to be so entitled, or at the option of the Company by giving the notice in any manner in which the same might have been given if the death or bankruptcy had not occurred.

43.4 Notice of every general meeting shall be given in any manner authorised by the Articles to every holder of Shares carrying an entitlement to receive such notice on the record date for such meeting except that in the case of joint holders the notice shall be sufficient if given to the joint holder first named in the Register of Members and every person upon whom the ownership of a Share devolves because they are a legal personal representative or a trustee in bankruptcy of a Member where the Member but for their death or bankruptcy would be entitled to receive notice of the meeting, and no other person shall be entitled to receive notices of general meetings.

44 Winding Up

44.1 If the Company shall be wound up the liquidator shall apply the assets of the Company in satisfaction of creditors' claims in such manner and order as such liquidator thinks fit. Subject to the rights attaching to any Shares, in a winding up:

(a) if the assets available for distribution amongst the Members shall be insufficient to repay the whole of the Company's issued share capital, such assets shall be distributed so that, as nearly as may be, the losses shall be borne by the Members in proportion to the par value of the Shares held by them; or

(b) if the assets available for distribution amongst the Members shall be more than sufficient to repay the whole of the Company's issued share capital at the commencement of the winding up, the surplus shall be distributed amongst the Members in proportion to the par value of the Shares held by them at the commencement of the winding up subject to a deduction from those Shares in respect of which there are monies due, of all monies payable to the Company for unpaid calls or otherwise.

44.2 If the Company shall be wound up the liquidator may, subject to the rights attaching to any Shares and with the approval of a Special Resolution of the Company and any other approval required by the Statute, divide amongst the Members in kind the whole or any part of the assets of the Company (whether such assets shall consist of property of the same kind or not) and may for that purpose value any assets and determine how the division shall be carried out as between the Members or different classes of Members. The liquidator may, with the like approval, vest the whole or any part of such assets in trustees upon such trusts for the benefit of the Members as the liquidator, with the like approval, shall think fit, but so that no Member shall be compelled to accept any asset upon which there is a liability.

45 Indemnity and Insurance

45.1 Every Director and officer of the Company (which for the avoidance of doubt, shall not include auditors of the Company), together with every former Director and former officer of the Company (each an "**Indemnified Person**") shall be indemnified out of the assets of the Company against any liability, action, proceeding, claim, demand, costs, damages or expenses, including legal expenses, whatsoever which they or any of them may incur as a result of any act or failure to act in carrying out their functions other than such liability (if any) that they may incur by reason of their own actual fraud or wilful default. No Indemnified Person shall be liable to the Company for any loss or damage incurred by the Company as a result (whether direct or indirect) of the carrying out of their functions unless that liability arises through the actual fraud or wilful default of such Indemnified Person. No person shall be found to have committed actual fraud or wilful default under this Article unless or until a court of competent jurisdiction shall have made a finding to that effect.

45.2 The Company shall advance to each Indemnified Person reasonable attorneys' fees and other costs and expenses incurred in connection with the defence of any action, suit, proceeding or investigation involving

such Indemnified Person for which indemnity will or could be sought. In connection with any advance of any expenses hereunder, the Indemnified Person shall execute an undertaking to repay the advanced amount to the Company if it shall be determined by final judgment or other final adjudication that such Indemnified Person was not entitled to indemnification pursuant to this Article. If it shall be determined by a final judgment or other final adjudication that such Indemnified Person was not entitled to indemnification with respect to such judgment, costs or expenses, then such party shall not be indemnified with respect to such judgment, costs or expenses and any advancement shall be returned to the Company (without interest) by the Indemnified Person.

45.3 The Directors, on behalf of the Company, may purchase and maintain insurance for the benefit of any Director or other officer of the Company against any liability which, by virtue of any rule of law, would otherwise attach to such person in respect of any negligence, default, breach of duty or breach of trust of which such person may be guilty in relation to the Company.

46 Financial Year

Unless the Directors otherwise prescribe, the financial year of the Company shall end on 31st December in each year and, following the year of incorporation, shall begin on 1st January in each year.

47 Transfer by Way of Continuation

If the Company is exempted as defined in the Statute, it shall, subject to the provisions of the Statute and with the approval of a Special Resolution, have the power to register by way of continuation as a body corporate under the laws of any jurisdiction outside the Cayman Islands and to be deregistered in the Cayman Islands.

48 Mergers and Consolidations

The Company shall have the power to merge or consolidate with one or more other constituent companies (as defined in the Statute) upon such terms as the Directors may determine and (to the extent required by the Statute) with the approval of a Special Resolution.

Each Series A Preferred Stockholder subject to a Series A Preferred Redemption Notice shall surrender to the Corporation the certificate or certificates (if any) representing such shares of Series A Preferred Stock to be redeemed, duly endorsed, in the manner and at the place designated in the Series A Preferred Redemption Notice and, on such Series A Preferred Redemption Date, the Series A Preferred Redemption Price shall be payable by the Corporation by wire transfer of immediately available funds to the Series A Preferred Stockholder to an account designated by such Series A Preferred Stockholder prior to the Series A Preferred Redemption Date, and each surrendered certificate (if any) shall be canceled and retired. Notwithstanding the foregoing, the redemption referenced in this clause 4.5(b)(iv)(1) shall not be required in any transaction if the shares of Series A Preferred Stock are purchased at the applicable Series A Preferred Redemption Price (determined by reference to the date upon which such transaction is consummated) in connection with (and no later than the time of consummation of) such transaction.

(2) If applicable law does not permit the Corporation to consummate any required redemption described in clause 4.5(b)(iv)(1) above, the Corporation shall not consummate the applicable transaction unless (x) at the closing thereof all of the shares of Series A Preferred Stock are purchased from the Series A Preferred Stockholders (whether by the Corporation, an Affiliate thereof or a third party) for an amount in cash equal to the applicable Series A Preferred Redemption Price (determined by reference to the date upon which such Fundamental Change occurs) or (y) the Corporation has given a ROFR Notice with respect to such transaction and otherwise complied with Section 4.5(e) hereof.

(3) In the event that a Series A Preferred Stockholder elects to have the Corporation redeem all of such Series A Preferred Stockholder's shares of Series A Preferred Stock pursuant to clause 4.5(b)(iv)(1) above, such Series A Preferred Stockholder shall deliver a written notice of such election (a "***Put Notice***") to the Corporation specifying that such Series A Preferred Stockholder elects to have its shares of Series A Preferred Stock redeemed pursuant to such clause 4.5(b)(iv)(1). The Corporation shall complete any redemption pursuant to clause 4.5(b)(iv)(1) within 20 Business Days of receipt of such Put Notice (or if later, the date of consummation of the applicable Fundamental Change) at the place specified in such Put Notice. At the closing of such redemption, (x) each electing Series A Preferred Stockholder shall surrender to the Corporation the certificate or certificates (if any) representing its shares of Series A Preferred Stock to be redeemed, duly endorsed, in the manner and at the place designated by the Corporation in writing to such Series A Preferred Stockholder and (y) the Series A Preferred Redemption Price (determined by reference to the date upon which the applicable Fundamental Change occurs) shall be payable by the Corporation by wire transfer of immediately available funds to the electing Series A Preferred Stockholder to an account designated by such electing Series A Preferred Stockholder.

(4) Except as set forth in clause 4.5(b)(iv)(1), the Series A Preferred Stockholders will have no right to require the Corporation to redeem any shares of Series A Preferred Stock prior to April 25, 2027.

(v) Series A Preferred Mandatory Redemption at Maturity. On the Series A Preferred Maturity Date, the Corporation shall redeem and purchase all (but not less than all) outstanding shares of Series A Preferred Stock for an amount, in cash, equal to the applicable Series A Preferred Liquidation Preference.

(vi) Limitations. Notwithstanding anything to the contrary set forth herein, in no event shall failure to redeem shares of Series A Preferred Stock on any date specified in Section 4.5(b)(iv) impose a limitation on the Corporation from completing a Fundamental Change or Sale of the Corporation; provided that the failure of the Corporation to redeem in full in cash the applicable shares of Series A Preferred Stock on a Series A Preferred Redemption Date or other applicable date of determination (including the Series A Preferred Maturity Date) by reason of the operation of this clause 4.5(b)(vi) shall not be construed as preventing the occurrence of an Event of Default of the type described in clause (a) of the definition thereof or the effectiveness of the rights and privileges of the Series A Preferred Stockholders that result from such Event of Default.

(vii) Termination of Rights. Upon the delivery by or on behalf of the Corporation of all consideration payable in respect of the shares of Series A Preferred Stock redeemed pursuant to this Section 4.5(b), all rights with respect to the redeemed shares of Series A Preferred Stock shall terminate.

(viii) Interest Accruing on the Series A Preferred Stock. On and after a redemption date, unless the Corporation defaults in the payment in full of the Series A Preferred Redemption Price, Series A Preferred Interest Amount on the redeemed shares of Series A Preferred Stock shall cease to accrue and accumulate on such date, and all rights of the Series A Preferred Stockholders of the shares of Series A Preferred Stock that are redeemed shall terminate with respect thereto on such date, other than the right to receive the Series A Preferred Redemption Price.

(c) Conversion of Series A Preferred Stock.

(i) Conversion Rights. The Series A Preferred Stockholders shall have conversion rights as follows (the "***Conversion Rights***"):

(1) Conversion Right. At any time, each share of Series A Preferred Stock shall be convertible, at the option of, and without payment of additional consideration by, the Series A Preferred Stockholder thereof into such number of fully paid and non-assessable Conversion Securities as is determined by dividing (x) the sum of (A) the Series A Preferred Stated Value of such share of Series A Preferred Stock plus (B) an amount equal to any accrued Series A Preferred Interest Amount on such share of Series A Preferred Stock, if any, from (and including) the most recent Dividend Payment Date prior to the Conversion Time to, but excluding, the Conversion Time by (y) the applicable Conversion Price for such share of Series A Preferred Stock. The Conversion Price, and the rate at which Series A Preferred Stock may be converted into Conversion Securities, shall be subject to adjustment as provided in this Section 4.5(c).

(2) Termination of Conversion Rights. In the event of delivery of a Series A Preferred Redemption Notice in respect of any share of Series A Preferred Stock pursuant to Section 4.5(b)(iii)(1), the Conversion Rights of the Series A Preferred Stock designated for redemption shall terminate at the close of business on the last full day preceding the date fixed for redemption, unless the applicable Series A Preferred Redemption Price is not fully paid on such Series A Preferred Redemption Date, in which case the Conversion Rights for such share of Series A Preferred Stock shall continue until such Series A Preferred Redemption Price is paid in full.

(3) Fractional Shares. No fractional Conversion Securities shall be issued upon conversion of a share of Series A Preferred Stock and in lieu of any fractional Conversion Securities to which a Series A Preferred Stockholder would otherwise be entitled, the Corporation shall pay cash equal to such fraction multiplied by the applicable Conversion Price. Whether or not fractional shares would be issuable upon such conversion shall be determined on the basis of the total number of shares of Series A Preferred Stock converting into Conversion Securities and the aggregate number of Conversion Securities issuable upon such conversion. Any share of Series A Preferred Stock so converted shall be retired and cancelled and may not be reissued as shares of such class, and the Corporation may thereafter take such appropriate action (without the need for any action by stockholders of the Corporation) as may be necessary to reduce the authorized number of shares of Series A Preferred Stock accordingly.

(ii) Mechanisms of Conversion.

(1) Notice of Conversion. In order for a Series A Preferred Stockholder to voluntarily convert a share of Series A Preferred Stock into Conversion Securities, such Series A Preferred Stockholder shall provide written notice to the Corporation's transfer agent (or at the principal office of the Corporation if the Corporation serves as its own transfer agent) that such Series A Preferred Stockholder elects to convert all or any number of such Series A Preferred Stockholder's shares of Series A Preferred Stock and, if applicable, any event on which such conversion is contingent. Such notice shall state such Series A Preferred Stockholder's name or the names of the nominees in which such Series A Preferred Stockholder wishes the Conversion Securities to be issued. The close of business on the date of receipt by the transfer agent (or by the Corporation if the Corporation serves as its own transfer agent) of such notice shall be the time of conversion (the "***Conversion Time***"), and the Conversion Securities issuable upon conversion of the shares of Series A Preferred Stock shall be deemed to be outstanding of record as of such date. The Corporation shall, as soon as practicable after the Conversion Time, (i) issue and deliver to such Series A Preferred Stockholder, or to his, her or its nominees, evidence of the issuance of Conversion Securities upon such conversion in accordance with the provisions hereof and (ii) pay in cash such amount as provided in Section 4.5(c)(i)(3).

(2) Reservation of Conversion Securities. The Corporation shall, at all times that any shares of Series A Preferred Stock are outstanding, reserve and keep available out of its authorized but unissued membership interests, for the purpose of effecting the conversion of the Series A Preferred Stock, such number of its duly authorized Conversion Securities as shall from time to time be sufficient to effect the conversion of all outstanding shares of Series A Preferred Stock; and if at any time the number of authorized but unissued Conversion Securities shall not be sufficient to effect the conversion of all then outstanding shares of Series A Preferred Stock, the Corporation shall take such corporate action as may be necessary to increase its authorized but unissued Conversion Securities to such number of Conversion Securities as shall be sufficient for such purposes.

(3) Effect of Conversion. All shares of Series A Preferred Stock which shall have been surrendered for conversion as herein provided shall no longer be deemed to be outstanding and all rights with respect to such shares of Series A Preferred Stock shall immediately cease and terminate at the Conversion Time, except only the right of the Series A Preferred Stockholders thereof to receive Conversion Securities in exchange therefor.

(4) No Further Adjustment. Upon any such conversion, no adjustment to the Conversion Price shall be made for any declared but unpaid Series A Preferred Interest Amount on the shares of Series A Preferred Stock surrendered for conversion or on the Conversion Securities delivered upon conversion.

(5) Taxes. The Corporation shall pay any and all issue, transfer and other similar taxes that may be payable in respect of any issuance or delivery of Conversion Securities or the transfer of shares of Series A Preferred Stock, upon conversion of shares of Series A Preferred Stock pursuant to this Section 4.5(c); provided that such taxes shall not include any income tax under federal or state tax laws if the conversion is treated as a taxable exchange by or for the Series A Preferred Stockholders.

(iii) Adjustments.

(1) Adjustment for Stock Splits and Combinations. If the Corporation shall at any time or from time to time effect a subdivision of the outstanding shares of Common Stock, the Conversion Price in effect immediately before that subdivision shall be proportionately decreased so that the number of Conversion Securities issuable on conversion of each share of Series A Preferred Stock shall be increased in proportion to such increase in the aggregate number of shares of Common Stock outstanding. If the Corporation shall at any time or from time to time combine the outstanding shares of Common Stock, the Conversion Price in effect immediately before the combination shall be proportionately increased so that the number of Conversion Securities issuable on conversion of each share of Series A Preferred Stock shall be decreased in proportion to such decrease in the aggregate

number of shares of Common Stock outstanding. Any adjustment under this clause 4.5(c)(iii)(1) shall become effective at the close of business on the date the subdivision or combination becomes effective.

(2) Adjustment for Certain Dividends. In the event the Corporation at any time or from time to time shall make or issue, or fix a record date for the determination of holders of Common Stock entitled to receive, a dividend payable on the shares of Common Stock in additional shares of Common Stock, then and in each such event the Conversion Price in effect immediately before such event shall be decreased as of the time of such issuance or, in the event such a record date shall have been fixed, as of the close of business on such record date, by multiplying the applicable Conversion Price then in effect by a fraction:

(a) the numerator of which shall be the total number of shares of Common Stock issued and outstanding immediately prior to the time of such issuance or the close of business on such record date, and

(b) the denominator of which shall be the total number of shares of Common Stock issued and outstanding immediately prior to the time of such issuance or the close of business on such record date plus the number of shares of Common Stock issuable in payment of such dividend. Notwithstanding the foregoing (x) if such record date shall have been fixed and such dividend is not fully made on the date fixed therefor, the Conversion Price shall be recomputed accordingly as of the close of business on such record date and thereafter the Conversion Price shall be adjusted pursuant to this clause (b) as of the time of actual payment of such dividends; and (y) no such adjustment shall be made if the Series A Preferred Stockholders simultaneously receive a dividend of shares of Common Stock in a number equal to the number of Conversion Securities as they would have received if all outstanding shares of Series A Preferred Stock had been converted into Conversion Securities on the date of such event.

(3) Adjustments for Other Dividends. In the event the Corporation at any time shall make or issue, or fix a record date for the determination of holders of Common Stock entitled to receive a dividend payable in Equity Securities of the Corporation (other than a dividend of Conversion Securities in respect of outstanding Conversion Securities) or in other property (including cash), then and in each such event the Series A Preferred Stockholders shall receive, simultaneously with the dividend to the holders of Common Stock, a dividend of such Equity Securities or other property in an amount equal to the amount of such Equity Securities or other property as they would have received if all outstanding shares of Series A Preferred Stock had been converted into Conversion Securities on the date of such event.

(4) Adjustment for Merger or Reorganization, etc. If there shall occur any reorganization, recapitalization, reclassification, consolidation or merger involving the Corporation in which the shares of Common Stock (but not the shares of Series A Preferred Stock) are converted into or exchanged for securities of a series of shares or units of common equity interests of the Corporation, a Parent Entity, or a Subsidiary (as applicable), cash or other property of the Corporation, a Parent Entity, or a Subsidiary (as applicable) (other than a transaction covered by Section 4.5(c)(iii)(1), Section 4.5(c)(iii)(2) or Section 4.5(c)(iii)(3)), then, following any such reorganization, recapitalization, reclassification, consolidation or merger, each share of Series A Preferred Stock shall thereafter be convertible in lieu of the shares of Common Stock into which it was convertible prior to such event into the kind and amount of securities of the Corporation, a Parent Entity, or a Subsidiary (as applicable), cash or other property which a holder of the number of shares of Common Stock issuable upon conversion of one share of Series A Preferred Stock immediately prior to such reorganization, recapitalization, reclassification, consolidation or merger would have been entitled to receive pursuant to such transaction; and, in such case, appropriate adjustment (as determined in good faith by the Board) shall be made in the application of the provisions in this Section 4.5(c) with respect to the rights and interests thereafter of the Series A Preferred Stockholders, to the end that the

provisions set forth in this Section 4.5(c) (including provisions with respect to changes in and other adjustments of the Conversion Price) shall thereafter be applicable, as nearly as reasonably may be, in relation to any securities or other property thereafter deliverable upon the conversion of the shares of Series A Preferred Stock.

(5) Certificate as to Adjustments. Upon the occurrence of each adjustment or readjustment of the Conversion Price pursuant to this Section 4.5(c), the Corporation at its expense shall, as promptly as reasonably practicable but in any event not later than ten (10) days thereafter, compute such adjustment or readjustment in accordance with the terms hereof and furnish to each Series A Preferred Stockholder a certificate setting forth such adjustment or readjustment (including the kind and amount of securities, cash or other property into which a share of Series A Preferred Stock is convertible) and showing in detail the facts upon which such adjustment or readjustment is based. The Corporation shall, as promptly as reasonably practicable after the written request at any time of any Series A Preferred Stockholder (but in any event not later than ten (10) days thereafter), furnish or cause to be furnished to such Series A Preferred Stockholder a certificate setting forth (i) the Conversion Price then in effect, (ii) the series or class of Conversion Securities and (iii) number of Conversion Securities and the amount, if any, of other securities, cash or property which then would be received upon the conversion of a share of Series A Preferred Stock.

(d) Matters Requiring Approval of Certain Series A Preferred Stockholders. The terms of this Certificate of Incorporation and the terms of the organizational documents of each Subsidiary of the Corporation notwithstanding, the Corporation shall not, and shall cause its Subsidiaries not to, without the prior written consent or approval (which may be in the form of an email) of the Required Series A Preferred Holders, for so long as any shares of Series A Preferred Stock remain outstanding:

(i) Equity Issuances. Create, authorize or issue (by reclassification or otherwise) any Equity Securities of the Corporation, including any additional shares of Series A Preferred Stock or other security convertible into or exchangeable for any Equity Security of the Corporation, having rights, preferences or privileges ranking senior to the Series A Preferred Stock or pari passu with the Series A Preferred Stock.

(ii) Amendments. Subject to Section 4.5(d)(vii) below, amend, modify, restate, repeal or make any other change (by amendment, merger, consolidation, operation of law or otherwise) to any provision of the Corporation's or any Subsidiary's organizational documents (including this Certificate of Incorporation) in a manner which adversely alters or changes the rights, preferences or privileges of the Series A Preferred Stock; provided that any issuance of securities junior to the Series A Preferred Stock shall not be deemed to be adverse to the Series A Preferred Stock.

(iii) Dividends. Prior to payment in full in cash of the Series A Preferred Liquidation Preference on all outstanding shares of Series A Preferred Stock, effect any dividend or distribution to or redemption of Equity Securities (other than the shares of Series A Preferred Stock).

(iv) Series A Preferred Terms. Subject to Section 4.5(d)(vii) below, amend, modify or waive the terms of the Series A Preferred Stock.

(v) Merger or Consolidation. (1) Merge or consolidate with any Person (other than a merger or consolidation of one of the Corporation's Subsidiaries with another of its Subsidiaries) or (2) sell all or substantially all of the assets of the Corporation and its Subsidiaries or otherwise consummate a Fundamental Change, in each case, unless such event constitutes a Fundamental Change and either (1) the Series A Preferred Stockholders are afforded at least ten (10) Business Days' prior written notice of the consummation thereof and the Series A Preferred Stockholders shall receive in full in cash the applicable Series A Preferred Redemption Price due on the shares of Series A Preferred Stock that remain outstanding as of the consummation of such transaction substantially concurrently with the consummation of such transaction or (2) (w) at least 90% of the consideration received or to be received by a holder of Common Stock, excluding cash payments for fractional shares, in connection with such Fundamental Change consists of shares of common stock of a U.S. corporation (the "***Public Company***") that are (or are to be) listed or

quoted on the New York Stock Exchange, The Nasdaq Global Select Market or The Nasdaq Global Market (or any of their successors), (x) the Series A Preferred Stockholders receive, in exchange for their shares of Series A Preferred Stock, an equivalent amount of a new class of preferred stock of the Public Company having rights, privileges, ranking and economic terms substantially identical to those of the Series A Preferred Stock, (y) immediately after giving effect to such transaction, no "person" or "group" (as defined in the definition of "Fundamental Change") shall beneficially own stock of the Public Company having a majority of the ordinary voting power of all stock of the Public Company and (z) as a result of such transaction or transactions the shares of Series A Preferred Stock shall, at the option of the Series A Preferred Stockholders (and subject to the anti-dilution adjustments set forth in Section 4.5(c) applicable to the shares of Series A Preferred Stock), become convertible into the consideration that such shares of Series A Preferred Stock would have received had they been converted into shares of Common Stock immediately prior to such Fundamental Change or (3) the Corporation has provided a ROFR Notice in accordance with Section 4.5(e) and otherwise complied with the requirements of Section 4.5(e) applicable thereto.

(vi) Liquidation. Consent to a liquidation, dissolution or winding up of the Corporation or any of its Subsidiaries unless, with respect to the Corporation, the Corporation shall have delivered to the Series A Preferred Stockholders not less than 10 Business Days' prior written notice of such transaction.

(vii) Notwithstanding the terms of this Certificate of Incorporation (including clauses (i) through (vi) above), without the prior written consent or approval (which may be in the form of an email) of a Required Series A Preferred Super Majority, no amendment, waiver or modification of this Certificate of Incorporation shall (i) decrease the Series A Preferred Dividend Rate, (ii) reduce the Series A Preferred Redemption Price or otherwise modify the definition of such term, (iii) modify the definition of "Conversion Price," "Initial Series A Preferred Issue Price," "Series A Preferred Interest Amount," "Series A Preferred Liquidation Preference," "Series A Preferred Maturity Date," "Series A Preferred Stated Value" or the components of any of the foregoing, (iv) modify Section 4.5(b)(i), Section 4.5(b)(ii), Section 4.5(b)(iii), Section 4.5(b)(iv), Section 4.5(b)(v), Section 4.5(b)(vi), Section 4.5(c), Section 4.5(d) and Section 4.5(f), (v) make any change to the provisions relating to voting percentages that include the shares of Series A Preferred Stock (including, without limitation, the definition of "Required Series A Preferred Holders") or (vi) amend, modify or waive Section 4.5(g) in a manner which adversely alters or changes the rights, preferences, privileges or obligations of the shares of Series A Preferred Stock or the Series A Preferred Stockholders. In addition, notwithstanding anything to the contrary herein but subject to the definition of "Series A Preferred Interest Amount" and other than in the event of a Fundamental Change of a type specified in and permitted by Section 4.5(d)(v) above, the Corporation shall not redeem or otherwise make any dividend or payment on the shares of Series A Preferred Stock other than in cash without the prior written consent or approval (which may be in the form of an email) of each affected Series A Preferred Stockholder.

(e) Right of First Refusal.

(i) Prior to the consummation of a Fundamental Change transaction with respect to which the Required Series A Preferred Holders have exercised redemption rights pursuant to Section 4.5(b)(iv)(1) or the consent of the Required Series A Preferred Holders is otherwise required pursuant to Section 4.5(d)(v), the Corporation shall have the right, but not the obligation, to deliver to the Series A Preferred Stockholders (each, in such capacity, a "***ROFR Holder***") a written notice (the "***ROFR Notice***") setting forth in reasonable detail material terms and conditions of such Fundamental Change transaction, including the total consideration to be received, directly or indirectly, by the Corporation and/or its stockholders in respect thereof (the "***ROFR Consideration***"); provided that if all or any portion of the ROFR Consideration consists of consideration other than cash (the "***Non-Cash Consideration***"), the ROFR Notice shall specify the Fair Value of the Non-Cash Consideration. The ROFR Notice shall constitute the Corporation's offer to the ROFR Holders to engage in a transaction on terms that are the same as those for such Fundamental Change transaction as set forth in the ROFR Notice, which offer shall be irrevocable until the end of the ROFR Notice Period.

(ii) Within ten (10) Business Days following receipt of such ROFR Notice (the "***ROFR Notice Period***"), any ROFR Holder shall have the right, but not the obligation ("***ROFR***"), to elect to engage in a transaction on terms that are the same as those for such Fundamental Change transaction as specified in such ROFR Notice by delivering to the Corporation a written notice of its election (the "***ROFR Reply***") to engage in such transaction on terms that are the same as those for such Fundamental Change transaction as specified in such ROFR Notice (the "***Alternative Transaction***"); provided that if all or any portion of the ROFR Consideration consists of Non-Cash Consideration, all or such portion of ROFR Consideration that consists of Non-Cash Consideration shall be replaced with cash consideration equal to the Fair Value of the Non-Cash Consideration that is specified in such ROFR Notice. Any ROFR Reply shall be irrevocable and binding upon delivery by the applicable ROFR Holder. If a ROFR Holder does not deliver a ROFR Reply during the ROFR Notice Period with respect to such Fundamental Change transaction (a "***Non-Subscribing ROFR Holder***"), then such Non-Subscribing ROFR Holder shall be deemed to have waived its ROFR with respect to such Fundamental Change transaction or Alternative Transaction under this Section 4.5(e).

(iii) If, after complying with the foregoing, the ROFR Holders have waived their ROFR with respect to such Fundamental Change transaction under this Section 4.5(e), the Corporation shall be free to consummate such Fundamental Change transaction on the terms specified in such ROFR Notice without any further obligation to the ROFR Holders under this Section 4.5(e) within the one hundred twenty (120) day period immediately following the expiration of the ROFR Notice Period (which period may be extended for a reasonable time not to exceed sixty (60) days to the extent reasonably necessary to obtain any governmental approvals (the "***Waived ROFR Transfer Period***"). If such Fundamental Change transaction is not consummated within the Waived ROFR Transfer Period, the rights of the Series A Preferred Stockholders pursuant to Section 4.5(b)(iv)(2) and Section 4.5(d)(v) shall be deemed to be revived and any subsequent Fundamental Change transaction shall be subject to the terms thereof.

(iv) If one or more ROFR Holders delivers a ROFR Reply, such ROFR Holders shall take all actions as may be reasonably necessary to consummate such Alternative Transaction on terms that are the same as those for such Fundamental Change transaction as specified in such ROFR Notice, including, without limitation, entering into agreements and delivering certificates and instruments and consents as may be necessary or appropriate. At the closing of such Alternative Transaction pursuant to this Section 4.5(e), the Corporation shall take such actions, execute such instruments and documents and make such deliveries as shall be necessary to cause the consummation of such Alternative Transaction against receipt of the ROFR Consideration from the ROFR Holder via wire transfer of immediately available funds. To the extent more than one Series A Preferred Stockholder delivers a ROFR Reply, each such Series A Preferred Stockholder shall pay its pro rata share (calculated as a fraction the numerator of which is the total number of shares of Series A Preferred Stock held by such Series A Preferred Stockholder on the date of purchase and the denominator of which is the number of outstanding shares of Series A Preferred Stock held by all Series A Preferred Stockholders on the date of purchase) of the applicable ROFR Consideration and directly or indirectly acquire a pro rata portion of the Equity Securities or other assets (which in the case of assets other than Equity Securities shall represent an undivided economic and voting interest in such assets proportionate to such Series A Preferred Stockholder's pro rata share of the purchase price therefor). The consummation of such Alternative Transaction on the terms specified in the ROFR Reply delivered pursuant to this Section 4.5(e) shall be deemed to be approved the Required Series A Preferred Holders for purposes of Section 4.5(d) but shall otherwise be subject to customary closing conditions (other than any condition requiring the ROFR Holder(s) to have obtained committed financing to consummate such transaction).

(v) If the ROFR Holders deliver a ROFR Reply and such Alternative Transaction is not consummated within the thirty (30) day period immediately following the expiration of the ROFR Notice Period (which period may be extended for a reasonable time not to exceed one hundred fifty (150) days to the extent reasonably necessary to obtain any governmental approvals) (the "***Alternative Transaction Period***"), the ROFR Holders shall be deemed to have waived their ROFR and the provisions of Section 4.5(e)(iii) above shall apply as if the last date of the Alternative Transaction Period was the expiration of the ROFR Notice Period.

(f) Dividends.

(i) Preferred Interest Payments. Dividends on shares of the Series A Preferred Stock shall be payable to all Series A Preferred Stockholders in an amount equal to the Series A Preferred Interest Amount, in each case, whether or not there are any profits, surplus or other funds legally available for the payment thereof or such payment is then permitted by applicable law or any instrument or agreement to which the Corporation or any of its Subsidiaries is a party. All cash distributions (including, without limitation, any distributions in connection with any Insolvency Event) of the Series A Preferred Interest Amount are prior to and in preference over any distribution on any shares of Common Stock and shall be declared and fully paid before any distributions (other than, as long as no Event of Default has occurred and is continuing, payment of customary regular cash dividends on the shares of Common Stock with the consent of the Required Series A Preferred Holders) are made on any shares of Common Stock (it being understood and agreed that that the Series A Preferred Interest Amount payable on each Dividend Payment Date may be paid by increasing the Series A Preferred Stated Value for such share of Series A Preferred Stock in lieu of payment in cash; provided that, for the avoidance of doubt, no distribution on any shares of Common Stock shall be made on any shares of Common Stock until all such capitalized Series A Preferred Interest Amount is paid in cash in full (except as set forth in the immediately preceding parenthetical)). Dividends shall be payable to the Series A Preferred Stockholders as they appear on the records of the Corporation on the record date for such distributions, which, to the extent the Board determines to declare distributions in respect of any Dividend Period, shall be the date that is 15 days prior to the applicable Dividend Payment Date. All such payments of Series A Preferred Interest Amount shall be payable as set forth in the definition thereof. Series A Preferred Interest Amount will accrue as set forth herein regardless of whether such Series A Preferred Interest Amount has been declared by the Board and whether or not there are any profits, surplus or other funds legally available for the payment thereof or such payment is then permitted by applicable law or any instrument or agreement to which the Corporation or any of its Subsidiaries is a party.

(ii) All payments or dividends by the Corporation or any of its Subsidiaries in respect of any shares, including, without limitation, any payment or dividend in connection with any Insolvency Event, must be allocated among the stockholders of the Corporation and distributed in the following priorities:

(1) First, one hundred percent (100%) to the Series A Preferred Stockholders, pro rata in proportion to the Series A Preferred Stated Value of the then outstanding shares of Series A Preferred Stock until the Series a Preferred Stockholders have received cumulative dividends (exclusive of prior dividends in respect of Series A Preferred Interest Amount, whether paid in cash or added to the Series A Preferred Value) equal to the aggregate Series A Preferred Liquidation Preference then applicable for all outstanding shares of Series A Preferred Stock; and

(2) Thereafter, one hundred percent (100%) to the holders of shares of Common Stock, pro rata in proportion to the number of shares of Common Stock held.

(g) Miscellaneous. The Corporation shall, and shall cause each of its Subsidiaries to, promptly (which in no case shall be more than 30 days) after a responsible officer of the Corporation or any of its Subsidiaries has obtained knowledge thereof, provide notice to each Series A Preferred Stockholder of the occurrence of any Event of Default (or any event or condition which would, upon notice, lapse of time or both, unless cured or waived, become an Event of Default).

ARTICLE V
BOARD OF DIRECTORS

5.1. General Powers. The business and affairs of the Corporation shall be managed by or under the direction of the Board.

5.2. Number of Directors; Election; Term.

(a) Subject to the rights of holders of any series of Preferred Stock with respect to the election of directors, if any, the number of directors that shall constitute the entire Board shall be fixed from time to time exclusively pursuant to a resolution adopted by the Board and which initially shall be, upon filing of this Certificate of Incorporation, set at nine (9) directors.

(b) Subject to the rights of holders of any series of Preferred Stock with respect to the election of directors, the directors of the Corporation shall be divided into three classes as nearly equal in number as is practicable, hereby designated Class I, Class II and Class III. The Board is authorized to assign members of the Board already in office to such classes. The term of office of the initial Class I directors shall expire upon the election of directors at the first annual meeting of stockholders following the effectiveness of this Article V; the term of office of the initial Class II directors shall expire upon the election of directors at the second annual meeting of stockholders following the effectiveness of this Article V; and the term of office of the initial Class III directors shall expire upon the election of directors at the third annual meeting of stockholders following the effectiveness of this Article V. At each annual meeting of stockholders, commencing with the first annual meeting of stockholders following the effectiveness of this Article V, each of the successors elected to replace the directors of a class whose term shall have expired at such annual meeting shall be elected to hold office until the third annual meeting next succeeding his or her election and until his or her respective successor shall have been duly elected and qualified. Subject to the rights of holders of any series of Preferred Stock with respect to the election of directors, if the number of directors that constitutes the Board is changed, any newly created directorships or decrease in directorships shall be so apportioned by the Board among the classes as to make all classes as nearly equal in number as is practicable, provided that no decrease in the number of directors constituting the Board shall shorten the term of any incumbent director.

(c) Notwithstanding the foregoing provisions of this Section 5.2, and subject to the rights of holders of any series of Preferred Stock with respect to the election of directors, each director shall serve until such director's successor is duly elected and qualified or until such director's earlier death, resignation or removal.

(d) Elections of directors need not be by written ballot unless the bylaws of the Corporation (as amended from time to time in accordance with the provisions hereof and thereof, the "***Bylaws***") shall so provide.

(e) Notwithstanding any of the other provisions of this Article V, whenever the holders of any one or more series of Preferred Stock issued by the Corporation shall have the right, voting separately by series, to elect directors at an annual or special meeting of stockholders, the election, term of office, filling of vacancies and other features of such directorships shall be governed by the terms of the certificate of designation for such series of Preferred Stock, and such directors so elected shall not be divided into classes pursuant to this Article V unless expressly provided by such terms. During any period when the holders of any series of Preferred Stock have the right to elect additional directors as provided for or fixed pursuant to the provisions of this Article V, then upon commencement and for the duration of the period during which such right continues; (i) the then otherwise total authorized number of directors of the Corporation shall automatically be increased by such specified number of directors, and the holders of such Preferred Stock shall be entitled to elect the additional directors so provided for or fixed pursuant to such provisions, and (ii) each such additional director shall serve until such director's successor shall have been duly elected and qualified, or until such director's right to hold such office terminates pursuant to such provisions, whichever occurs earlier, subject to such director's earlier death, resignation or removal. Except as otherwise provided by the Board in the resolution or resolutions establishing such series,

whenever the holders of any series of Preferred Stock having such right to elect additional directors are divested of such right pursuant to the provisions of such series of stock, the terms of office of all such additional directors elected by the holders of such stock, or elected to fill any vacancies resulting from the death, resignation or removal of such additional directors, shall forthwith terminate, and the total authorized number of directors of the Corporation shall be reduced accordingly.

5.3. Removal. Subject to the rights of holders of any series of Preferred Stock with respect to the election of directors, a director may be removed from office by the stockholders of the Corporation only for cause and only by the affirmative vote of the holders of at least a majority of the voting power of all then outstanding shares of capital stock of the Corporation entitled to vote generally in the election of directors, voting together as a single class.

5.4. Vacancies and Newly Created Directorships. Subject to the rights of holders of any series of Preferred Stock with respect to the election of directors, vacancies occurring on the Board for any reason and newly created directorships resulting from an increase in the number of directors may be filled only by vote of a majority of the remaining members of the Board, although less than a quorum, or by a sole remaining director, at any meeting of the Board and not by the stockholders. A person so elected by the Board to fill a vacancy or newly created directorship shall hold office until the next election of the class for which such person shall have been assigned by the Board and until such person's successor shall be duly elected and qualified or until such director's earlier death, resignation or removal.

ARTICLE VI
AMENDMENT OF BYLAWS

In furtherance and not in limitation of the powers conferred by statute, the Board is expressly authorized to adopt, amend, alter or repeal the Bylaws. The Bylaws may also be adopted, amended, altered or repealed by the stockholders of the Corporation by the affirmative vote of the holders of at least 66 2/3% of the voting power of all then outstanding shares of capital stock of the Corporation entitled to vote generally in the election of directors, voting together as a single class.

ARTICLE VII
STOCKHOLDERS

7.1. No Action by Written Consent of Stockholders. Except as otherwise expressly provided by the terms of any series of Preferred Stock permitting the holders of such series of Preferred Stock to act by written consent, any action required or permitted to be taken by the stockholders of the Corporation must be effected at a duly called annual or special meeting of the stockholders of the Corporation and may not be effected by written consent in lieu of a meeting.

7.2. Special Meetings. Except as otherwise expressly provided by the terms of any series of Preferred Stock permitting the holders of such series of Preferred Stock to call a special meeting of the holders of such series, special meetings of the stockholders of the Corporation may be called only by the chairperson of the Board, the chief executive officer of the Corporation or the Board, and the ability of the stockholders to call a special meeting of the stockholders is hereby specifically denied.

7.3. Advance Notice. Advance notice of stockholder nominations for the election of directors and of business to be brought by stockholders before any meeting of the stockholders of the Corporation shall be given in the manner provided in the Bylaws.

ARTICLE VIII
LIMITATION OF LIABILITY AND INDEMNIFICATION

8.1. Limitation of Personal Liability. No director or officer of the Corporation shall be personally liable to the Corporation or its stockholders for monetary damages for breach of fiduciary duty as a director or officer, except to the extent such exemption from liability or limitation thereof is not permitted under the DGCL, as it presently exists or may hereafter be amended from time to time. If the DGCL is amended to authorize corporate action further eliminating or limiting the personal liability of directors or officers, then the liability of a director or officer of the Corporation shall be eliminated or limited to the fullest extent permitted by the DGCL, as so amended. For purposes of this Section 8.1, "officer" shall have the meaning provided in Section 102(b)(7) of the DGCL, as it presently exists or may hereafter be amended from time to time.

8.2. Indemnification and Advancement of Expenses. The Corporation shall indemnify its directors and officers to the fullest extent authorized or permitted by the DGCL, as now or hereafter in effect, and such right to indemnification shall continue as to a person who has ceased to be a director or officer of the Corporation and shall inure to the benefit of such person's heirs, executors and personal and legal representatives. A director's right to indemnification conferred by this Section 8.2 shall include the right to be paid by the Corporation the expenses incurred in defending or otherwise participating in any proceeding in advance of its final disposition, provided that such director presents to the Corporation a written undertaking to repay such amount if it shall ultimately be determined that such director is not entitled to be indemnified by the Corporation under this Article VIII or otherwise. Notwithstanding the foregoing, except for proceedings to enforce any director's or officer's rights to indemnification or any director's rights to advancement of expenses, the Corporation shall not be obligated to indemnify any director or officer, or advance expenses of any director, (or such director's or officer's heirs, executors or personal or legal representatives) in connection with any proceeding (or part thereof) initiated by such person unless such proceeding (or part thereof) was authorized by the Board.

8.3. Non-Exclusivity of Rights. The rights to indemnification and advancement of expenses conferred in Section 8.2 of this Certificate of Incorporation shall neither be exclusive of, nor be deemed in limitation of, any rights to which any person may otherwise be or become entitled or permitted under this Certificate of Incorporation, the Bylaws, any statute, agreement, vote of stockholders or disinterested directors or otherwise.

8.4. Insurance. To the fullest extent authorized or permitted by the DGCL, the Corporation may purchase and maintain insurance on behalf of any current or former director or officer of the Corporation against any liability asserted against such person, whether or not the Corporation would have the power to indemnify such person against such liability under the provisions of this Article VIII or otherwise.

8.5. Persons Other Than Directors and Officers. This Article VIII shall not limit the right of the Corporation, to the extent and in the manner permitted by law, to indemnify and to advance expenses to, or to purchase and maintain insurance on behalf of, persons other than those persons described in the first sentence of Section 8.2 of this Certificate of Incorporation or to advance expenses to persons other than directors of the Corporation.

8.6. Effect of Modifications. Any amendment, repeal or modification of any provision contained in this Article VIII shall, unless otherwise required by law, be prospective only (except to the extent such amendment or change in law permits the Corporation to further limit or eliminate the liability of directors or officers) and shall not adversely affect any right or protection of any current or former director or officer of the Corporation existing at the time of such amendment, repeal or modification with respect to any acts or omissions occurring prior to such amendment, repeal or modification.

ARTICLE IX
DGCL SECTION 203 AND BUSINESS COMBINATIONS

9.1. DGCL Section 203 Opt-Out. The Corporation hereby expressly elects not to be governed by Section 203 of the DGCL.

9.2. Business Combination Exceptions. Notwithstanding the foregoing, the Corporation shall not engage in any business combination (as defined below), at any point in time at which the Corporation's Common Stock is registered under Section 12(b) or 12(g) of the Securities Exchange Act of 1934, as amended (the "***Exchange Act***"), with any interested stockholder (as defined below) for a period of three (3) years following the time that such stockholder became an interested stockholder, unless:

(a) prior to such time, the Board approved either the business combination or the transaction that resulted in the stockholder becoming an interested stockholder, or

(b) upon consummation of the transaction that resulted in the stockholder becoming an interested stockholder, the interested stockholder owned at least 85% of the voting stock (as defined below) of the Corporation outstanding at the time the transaction commenced, excluding for purposes of determining the voting stock outstanding (but not the outstanding voting stock owned by the interested stockholder) those shares owned by (i) persons who are directors and also officers and (ii) employee stock plans in which employee participants do not have the right to determine confidentially whether shares held subject to the plan will be tendered in a tender or exchange offer, or

(c) at or subsequent to such time, the business combination is approved by the Board and authorized at an annual or special meeting of stockholders, and not by written consent, by the affirmative vote of at least 66 2/3% of the outstanding voting stock of the Corporation that is not owned by the interested stockholder, or

(d) the stockholder became an interested stockholder inadvertently and (i) as soon as practicable divested itself of ownership of sufficient shares so that the stockholder ceased to be an interested stockholder and (ii) was not, at any time within the three-year period immediately prior to a business combination between the Corporation and such stockholder, an interested stockholder but for the inadvertent acquisition of ownership.

9.3. Definitions. For purposes of this Article IX, references to:

(a) "***associate***," when used to indicate a relationship with any person, means: (i) any corporation, partnership, unincorporated association or other entity of which such person is a director, officer or partner or is, directly or indirectly, the owner of 20% or more of any class of voting stock; (ii) any trust or other estate in which such person has at least a 20% beneficial interest or as to which such person serves as trustee or in a similar fiduciary capacity; and (iii) any relative or spouse of such person, or any relative of such spouse, who has the same residence as such person.

(b) "***business combination***," when used in reference to the Corporation and any interested stockholder of the Corporation, means:

(i) any merger or consolidation of the Corporation or any direct or indirect majority-owned Subsidiary of the Corporation (a) with the interested stockholder, or (b) with any other corporation, partnership, unincorporated association or other entity if the merger or consolidation is caused by the interested stockholder and as a result of such merger or consolidation, Section 9.2 is not applicable to the surviving entity;

(ii) any sale, lease, exchange, mortgage, pledge, transfer or other disposition (in one transaction or a series of transactions), except proportionately as a stockholder of the Corporation, to or with the interested stockholder, whether as part of a dissolution or otherwise, of assets of the Corporation or of any direct or

indirect majority- owned Subsidiary of the Corporation which assets have an aggregate market value equal to 10% or more of either the aggregate market value of all the assets of the Corporation determined on a consolidated basis or the aggregate market value of all the outstanding stock of the Corporation;

(iii) any transaction that results in the issuance or transfer by the Corporation or by any direct or indirect majority-owned Subsidiary of the Corporation of any stock of the Corporation or of such Subsidiary to the interested stockholder, except: (a) pursuant to the exercise, exchange or conversion of securities exercisable for, exchangeable for or convertible into stock of the Corporation or any such Subsidiary which securities were outstanding prior to the time that the interested stockholder became such; (b) pursuant to a merger under Section 251(g) of the DGCL; (c) pursuant to a dividend or distribution paid or made, or the exercise, exchange or conversion of securities exercisable for, exchangeable for or convertible into stock of the Corporation or any such Subsidiary which security is distributed, pro rata to all holders of a class or series of stock of the Corporation subsequent to the time the interested stockholder became such; (d) pursuant to an exchange offer by the Corporation to purchase stock made on the same terms to all holders of said stock; or (e) any issuance or transfer of stock by the Corporation; provided, however, that in no case under items (c)-(e) of this subsection (iii) shall there be an increase in the interested stockholder's proportionate share of the stock of any class or series of the Corporation or of the voting stock of the Corporation (except as a result of immaterial changes due to fractional share adjustments);

(iv) any transaction involving the Corporation or any direct or indirect majority-owned Subsidiary of the Corporation that has the effect, directly or indirectly, of increasing the proportionate share of the stock of any class or series, or of securities exercisable for, exchangeable for or convertible into the stock of any class or series of the Corporation or of any such Subsidiary that is owned by the interested stockholder, except as a result of immaterial changes due to fractional share adjustments or as a result of any purchase or redemption of any shares of stock not caused, directly or indirectly, by the interested stockholder; or

(v) any receipt by the interested stockholder of the benefit, directly or indirectly (except proportionately as a stockholder of the Corporation), of any loans, advances, guarantees, pledges, or other financial benefits (other than those expressly permitted in subsections (i)-(iv) above) provided by or through the Corporation or any direct or indirect majority-owned Subsidiary.

(c) "***control***," including the terms "***controlling***," "***controlled by***" and "***under common control with***," means the possession, directly or indirectly, of the power to direct or cause the direction of the management and policies of a person, whether through the ownership of voting stock, by contract, or otherwise. A person who is the owner of 20% or more of the outstanding voting stock of any corporation, partnership, unincorporated association or other entity shall be presumed to have control of such entity, in the absence of proof by a preponderance of the evidence to the contrary. Notwithstanding the foregoing, a presumption of control shall not apply where such person holds voting stock, in good faith and not for the purpose of circumventing this Article IX, as an agent, bank, broker, nominee, custodian or trustee for one or more owners who do not individually or as a group have control of such entity.

(d) "***Existing Holder Direct Transferee***" means any person (and its Affiliates) who acquires (other than in a registered public offering), directly in one or more related transactions from any Existing Holder or any "group", or any member of any such group, to which such Existing Holder is a party under Rule 13d-5 of the Exchange Act, beneficial ownership of 15% or more in the aggregate of the then outstanding voting stock of the Corporation.

(e) "***Existing Holder Indirect Transferee***" means any person (and its Affiliates) who acquires (other than in a registered public offering), directly in one or more related transactions from any Existing Holder Direct Transferee or any other Existing Holder Indirect Transferee, beneficial ownership of 15% or more in the aggregate of the then outstanding voting stock of the Corporation.

(f) "***Existing Holders***" means the BTO Investors, BofA, JCIC Sponsor LLC, JPMCF and the Permitted Holders, together with their respective Affiliates and Subsidiaries (other than the Corporation and its Subsidiaries).

(g) "***interested stockholder***" means any person (other than the Corporation or any direct or indirect majority-owned Subsidiary of the Corporation) that (i) is the owner of 15% or more of the outstanding voting stock of the Corporation, (ii) is an Affiliate or associate of the Corporation and was the owner of 15% or more of the outstanding voting stock of the Corporation at any time within the three (3) year period immediately prior to the date on which it is sought to be determined whether such person is an interested stockholder or (iii) the Affiliates and associates of any such person described in clauses (i) and (ii); provided, however, that "interested stockholder" shall not include (A) any Existing Holder, any Existing Holder Direct Transferee, Existing Holder Indirect Transferee or any of their respective Affiliates or successors or any "group", or any member of any such group, to which any such person is a party under Rule 13d-5 of the Exchange Act, or (B) any person whose ownership of shares in excess of the 15% limitation set forth herein is the result of any action taken solely by the Corporation, provided, in the case of this clause (B), that such person shall be an interested stockholder if thereafter such person acquires additional shares of voting stock of the Corporation, except as a result of (x) further corporate action not caused, directly or indirectly, by such person or (y) an acquisition of a de minimis number of such additional shares. For the purpose of determining whether a person is an interested stockholder, the voting stock of the Corporation deemed to be outstanding shall include stock deemed to be owned by the person through application of the definition of "owner" below but shall not include any other unissued stock of the Corporation which may be issuable pursuant to any agreement, arrangement or understanding, or upon exercise of conversion rights, warrants or options, or otherwise. For the purpose of determining whether a person is an interested stockholder, the voting stock of the Corporation deemed to be outstanding shall include stock deemed to be owned by the person through application of the definition of "owner" below but shall not include any other unissued stock of the Corporation that may be issuable pursuant to any agreement, arrangement or understanding, or upon exercise of conversion rights, warrants or options, or otherwise.

(h) "***owner***," including the terms "***own***" and "***owned***," when used with respect to any stock, means a person that individually or with or through any of its Affiliates or associates:

(i) beneficially owns (as determined pursuant to Rule 13d-3 of the Exchange Act or any successor provision) such stock, directly or indirectly; or

(ii) has (a) the right to acquire such stock (whether such right is exercisable immediately or only after the passage of time) pursuant to any agreement, arrangement or understanding, or upon the exercise of conversion rights, exchange rights, warrants or options, or otherwise; provided, however, that a person shall not be deemed the owner of stock tendered pursuant to a tender or exchange offer made by such person or any of such person's Affiliates or associates until such tendered stock is accepted for purchase or exchange; or (b) the right to vote such stock pursuant to any agreement, arrangement or understanding; provided, however, that a person shall not be deemed the owner of any stock because of such person's right to vote such stock if the agreement, arrangement or understanding to vote such stock arises solely from a revocable proxy or consent given in response to a proxy or consent solicitation made to ten (10) or more persons; or

(iii) has any agreement, arrangement or understanding for the purpose of acquiring, holding, voting (except voting pursuant to a revocable proxy or consent as described in item (b) of subsection (ii) above), or disposing of such stock with any other person that beneficially owns, or whose Affiliates or associates beneficially own, directly or indirectly, such stock.

(i) "***stock***" means, with respect to any corporation, capital stock and, with respect to any other entity, any equity interest.

(j) "***voting stock***" means stock of any class or series entitled to vote generally in the election of directors and, with respect to any entity that is not a corporation, any equity interest entitled to vote generally in the

election of the governing body of such entity. Every reference in this Article IX to a percentage of voting stock shall refer to such percentage of the votes of such voting stock.

ARTICLE X
LIMITATIONS OF OWNERSHIP BY NON-CITIZENS

10.1. Equity Securities. All Equity Securities of the Corporation shall be subject to the limitations set forth in this Article X.

10.2. Non-Citizen Voting and Ownership Limitations. In no event shall persons or entities who fail to qualify as a "citizen of the United States," (as the term is defined in Section 40102(a)(15) of Subtitle VII of Title 49 of the United States Code, as the same may be amended from time to time, in any similar legislation of the United States enacted in substitution or replacement thereof, and as interpreted by the Department of Transportation, its predecessors and successors, from time to time), including any agent, trustee or representative of such persons or entities (each, a "***Non-Citizen***"), be entitled to own (beneficially or of record) and/or control more than (x) 24.9% of the aggregate votes of all outstanding Voting Securities of the Corporation (the "***Voting Limitation Percentage***") or (y) 49.0% of the aggregate number of outstanding Equity Securities of the Corporation (the "***Outstanding Share Limitation Percentage***" and together with the Voting Limitation Percentage, the "***Non-Citizen Cap Amounts***"), in each case as more specifically set forth in the Bylaws.

10.3. Enforcement of Non-Citizen Cap Amounts. Except as otherwise set forth in the Bylaws, the restrictions imposed by the Non-Citizen Cap Amounts shall be applied to each Non-Citizen in reverse chronological order based upon the date of registration (or attempted registration in the case of the Outstanding Share Limitation Percentage) on the separate stock record maintained by the Corporation or any transfer agent (on behalf of the Corporation) for the registration of Equity Securities of the Corporation held by the Non-Citizens ("***Foreign Stock Record***") or the stock transfer records of the Corporation. At no time shall the shares of the Equity Securities of the Corporation held by the Non-Citizens be voted, unless such shares are registered on the Foreign Stock Record. In the event that Non-Citizens shall own (beneficially or of record) or have voting control over Equity Securities of the Corporation, the voting rights of such persons shall be subject to automatic suspension to the extent required to ensure that the Corporation is in compliance with applicable provisions of law and regulations relating to ownership or control of a United States air carrier. In the event that any transfer of Equity Securities of the Corporation to a Non-Citizen would result in Non-Citizens owning (beneficially or of record) more than the Non-Citizen Cap Amounts, such transfer shall be void and of no effect and shall not be recorded in the books and records of the Corporation. The Bylaws shall contain provisions to implement this Section 10.3, including, without limitation, provisions restricting or prohibiting the transfer of Equity Securities of the Corporation to Non-Citizens. Any determination as to ownership, control or citizenship made by the Board shall be conclusive and binding as between the Corporation and any stockholder.

10.4. Legend for Equity Securities. Each certificate or other representative document for Equity Securities of the Corporation (including each such certificate or representative document for Equity Securities of the Corporation issued upon any permitted transfer of Equity Securities) shall contain a legend in substantially the following form:

> "THE [TYPE OF EQUITY SECURITIES] REPRESENTED BY THIS [CERTIFICATE/REPRESENTATIVE DOCUMENT] ARE SUBJECT TO VOTING RESTRICTIONS WITH RESPECT TO [SHARES/WARRANTS, ETC.] HELD BY PERSONS OR ENTITIES THAT FAIL TO QUALIFY AS "CITIZENS OF THE UNITED STATES" AS SUCH TERM IS DEFINED BY RELEVANT LEGISLATION. SUCH VOTING RESTRICTIONS ARE CONTAINED IN THE RESTATED CERTIFICATE OF INCORPORATION OF THE CORPORATION, AS THE SAME MAY BE AMENDED OR RESTATED FROM TIME TO TIME. A COMPLETE AND CORRECT COPY OF SUCH RESTATED CERTIFICATE OF INCORPORATION SHALL BE FURNISHED FREE OF CHARGE TO THE HOLDER OF SUCH SHARES OF [TYPE OF EQUITY SECURITIES] UPON WRITTEN REQUEST TO THE SECRETARY OF THE CORPORATION."

No Covered Person shall have any duty to offer or communicate information regarding any Specified Corporate Opportunity to the Corporation or any of its Subsidiaries and, to the fullest extent permitted by applicable law, shall not be liable to the Corporation or any of its Subsidiaries for breach of any fiduciary duty, as a director, officer, controlling stockholder or otherwise, solely by reason of the fact that such Covered Person (i) pursues or acquires such Specified Corporate Opportunity for its own account or the account of any of the Existing Investors, (ii) directs such Specified Corporate Opportunity to another person or entity or (iii) fails to present such Specified Corporate Opportunity, or information regarding such Specified Corporate Opportunity, to the Corporation or any of its Subsidiaries. 11.2. Forum for Certain Actions.

(a) Forum. Unless a majority of the Board, acting on behalf of the Corporation, consents in writing to the selection of an alternative forum (which consent may be given at any time, including during the pendency of litigation), the Court of Chancery of the State of Delaware (or, if the Court of Chancery does not have jurisdiction, another state court located within the State of Delaware or, if no court located within the State of Delaware has jurisdiction, the federal district court for the District of Delaware), to the fullest extent permitted by law, shall be the sole and exclusive forum for (i) any derivative action or proceeding brought on behalf of the Corporation, (ii) any action asserting a claim of breach of a fiduciary duty owed by any current or former director, officer or other employee of the Corporation to the Corporation or the Corporation's stockholders, (iii) any action asserting a claim against the Corporation or any of its directors, officers or other employees arising pursuant to any provision of the DGCL, this Certificate of Incorporation or the Bylaws (in each case, as may be amended from time to time), (iv) any action asserting a claim against the Corporation or any of its directors, officers or other employees governed by the internal affairs doctrine of the State of Delaware or (v) any other action asserting an "internal corporate claim," as defined in Section 115 of the DGCL, in all cases subject to the court's having personal jurisdiction over all indispensable parties named as defendants. Subject to the preceding provisions and unless a majority of the Board, acting on behalf of the Corporation, consents in writing to the selection of an alternative forum (which consent may be given at any time, including during the pendency of litigation), the federal district courts of the United States of America, to the fullest extent permitted by law, shall be the sole and exclusive forum for the resolution of any action asserting a cause of action arising under the Securities Act of 1933, as amended.

(b) Personal Jurisdiction. If any action the subject matter of which is within the scope of subparagraph (a) of this Section 11.2 is filed in a court other than a court located within the State of Delaware (a "***Foreign Action***") in the name of any stockholder, such stockholder shall be deemed to have consented to (i) the personal jurisdiction of the state and federal courts located within the State of Delaware in connection with any action brought in any such court to enforce subparagraph (a) of this Section 11.2 (an "***Enforcement Action***") and (ii) having service of process made upon such stockholder in any such Enforcement Action by service upon such stockholder's counsel in the Foreign Action as agent for such stockholder.

(c) Enforceability. If any provision of this Section 11.2 shall be held to be invalid, illegal or unenforceable as applied to any person, entity or circumstance for any reason whatsoever, then, to the fullest extent permitted by law, the validity, legality and enforceability of such provision in any other circumstance and of the remaining provisions of this Section 11.2, and the application of such provision to other persons or entities and circumstances shall not in any way be affected or impaired thereby.

(d) Notice and Consent. For the avoidance of doubt, any person or entity purchasing or otherwise acquiring or holding any interest in any security of the Corporation shall be deemed to have notice of and consented to the provisions of this Section 11.2.

11.3. Amendment. The Corporation reserves the right to amend, alter or repeal any provision contained in this Certificate of Incorporation, in the manner now or hereafter prescribed by this Certificate of Incorporation and the DGCL, and all rights, preferences and privileges herein conferred upon stockholders of the Corporation by and pursuant to this Certificate of Incorporation in its present form or as hereafter amended are granted subject to the right reserved in this Section 11.3. In addition to any other vote that may be required by law, applicable stock exchange rule or the terms of any series of Preferred Stock, the affirmative vote of the holders of at least a majority of the voting power of all then outstanding shares of capital stock of the Corporation entitled to vote generally in the election of directors, voting together as a single class, shall be required to amend, alter, repeal or adopt any provision of this Certificate of Incorporation. Notwithstanding any other provision of this Certificate of Incorporation, and in addition to any other vote that may be required by law, applicable stock exchange rule or the terms of any series of Preferred Stock, the affirmative vote of the holders of at least 66 2/3% of the voting power of all then outstanding shares of capital stock of the Corporation entitled to vote generally in

the election of directors, voting together as a single class, shall be required to amend, alter, repeal or adopt any provision of this Certificate of Incorporation inconsistent with the purpose and intent of Article V, Article VI, Article VII, Article VIII or this Article XI (including, without limitation, any such Article as renumbered as a result of any amendment, alternation, repeal or adoption of any other Article).

11.4. Severability. If any provision or provisions of this Certificate of Incorporation shall be held to be invalid, illegal or unenforceable as applied to any circumstance for any reason whatsoever, the validity, legality and enforceability of such provision in any other circumstance and of the remaining provisions of this Certificate of Incorporation (including, without limitation, each portion of any paragraph of this Certificate of Incorporation containing any such provision held to be invalid, illegal or unenforceable that is not itself held to be invalid, illegal or unenforceable) shall not in any way be affected or impaired thereby.

IN WITNESS WHEREOF, the Corporation has caused this Amended and Restated Certificate of Incorporation to be signed by a duly authorized officer of the Corporation on this [•] day of [•], 2022.

ARTICLE I
MEETINGS OF STOCKHOLDERS

Section 1.1. Place of Meetings. Meetings of the stockholders of the Corporation for the election of directors or for any other purpose shall be held at such time and place, if any, either within or without the State of Delaware, as shall be designated from time to time by the board of directors of the Corporation (the "***Board***"). The Board may, in its sole discretion, determine that a meeting shall not be held at any place, but may instead be held solely by means of remote communication in accordance with Section 211(a) of the General Corporation Law of the State of Delaware, as amended (the "***DGCL***").

Section 1.2. Annual Meetings. The annual meeting of stockholders of the Corporation for the election of directors and for the transaction of such other business as may properly be brought before the meeting in accordance with these amended and restated bylaws of the Corporation (as amended from time to time in accordance with the provisions hereof, these "***Bylaws***") shall be held on such date and at such time as may be designated from time to time by the Board. The Board may postpone, reschedule or cancel any annual meeting of stockholders previously scheduled by the Board.

Section 1.3. Special Meetings. Unless otherwise required by law or by the certificate of incorporation of the Corporation (including, without limitation, the terms of any certificate of designation with respect to any series of preferred stock), as amended and restated from time to time (the "***Certificate of Incorporation***"), special meetings of the stockholders of the Corporation, for any purpose or purposes, may be called only by the Chairperson of the Board, the Chief Executive Officer or the Board. The ability of the stockholders of the Corporation to call a special meeting of stockholders is hereby specifically denied. At a special meeting of stockholders, only such business shall be conducted as shall be specified in the notice of meeting. The Chairperson of the Board, the Chief Executive Officer or the Board may postpone, reschedule or cancel any special meeting of stockholders previously called by any of them.

Section 1.4. Notice. Whenever stockholders of the Corporation are required or permitted to take any action at a meeting, a written notice of the meeting shall be given which shall state the place, if any, date and time of the meeting, the record date for determining the stockholders entitled to vote at the meeting, if such date is different from the record date for determining stockholders entitled to notice of meeting, and, in the case of a special meeting, the purpose or purposes for which the meeting is called and the means of remote communications, if any, by which stockholders and proxy holders may be deemed present in person and vote at such meeting. Unless otherwise required by law or the Certificate of Incorporation, written notice of any meeting shall be given either personally, by mail or by electronic transmission (as defined below) (if permitted under the circumstances by the DGCL) not less than ten (10) nor more than sixty (60) days before the date of the meeting, by or at the direction of the Chairperson of the Board, the Chief Executive Officer or the Board, to each stockholder entitled to vote at such meeting as of the record date for determining stockholders entitled to notice of the meeting. If mailed, such notice shall be deemed to be given when deposited in the United States mail with postage thereon prepaid, addressed to the stockholder at the stockholder's address as it appears on the stock transfer books of the Corporation. If notice is given by means of electronic transmission, such notice shall be deemed to be given at the times provided in the DGCL. Any stockholder may waive notice of any meeting before or after the meeting. The attendance of a stockholder at any meeting shall constitute a waiver of notice at such meeting, except where the stockholder attends the meeting for the express purpose of objecting, and does so object, at the beginning of the meeting to the transaction of any business because the meeting is not lawfully called or convened. For the purposes of these Bylaws, "***electronic transmission***" means any form of communication, not directly involving

the physical transmission of paper, that creates a record that may be retained, retrieved and reviewed by a recipient thereof and that may be directly reproduced in paper form by such a recipient through an automated process.

Section 1.5. Adjournments. Any meeting of stockholders of the Corporation may be adjourned or recessed from time to time to reconvene at the same or some other place, if any, by holders of a majority of the voting power of the Corporation's capital stock issued and outstanding and entitled to vote thereat, present in person or represented by proxy, though less than a quorum, or by any officer entitled to preside at or to act as secretary of such meeting, and notice need not be given of any such adjourned or recessed meeting if the time and place, if any, thereof, and the means of remote communication, if any, by which stockholders and proxy holders may be deemed to be present in person and vote at such adjourned or recessed meeting, are announced at the meeting at which the adjournment or recess is taken. At the adjourned or recessed meeting, the Corporation may transact any business that might have been transacted at the original meeting. If the adjournment is for more than thirty (30) days, notice of the adjourned meeting in accordance with the requirements of Section 1.4 of these Bylaws shall be given to each stockholder of record entitled to vote at the meeting. If, after the adjournment, a new record date for determination of stockholders entitled to vote is fixed for the adjourned meeting, the Board shall fix as the record date for determining stockholders entitled to notice of such adjourned meeting the same or an earlier date as that fixed for determination of stockholders entitled to vote at the adjourned meeting and shall give notice of the adjourned meeting to each stockholder of record as of the record date so fixed for notice of such adjourned meeting.

Section 1.6. Quorum. Unless otherwise required by applicable law or the Certificate of Incorporation, the holders of a majority of the voting power of the Corporation's capital stock issued and outstanding and entitled to vote thereat, present in person, present by means of remote communication, if any, or represented by proxy, shall constitute a quorum at a meeting of stockholders. Where a separate vote by a class or classes or series is required, a majority of the voting power of the shares of such class or classes or series present in person, present by means of remote communication, if any, or represented by proxy shall constitute a quorum entitled to take action with respect to such vote. If a quorum shall not be present or represented at any meeting of stockholders, either the chairperson of the meeting or the stockholders entitled to vote thereat, present in person or represented by proxy, shall have power to adjourn the meeting from time to time, in the manner provided in Section 1.5 of these Bylaws, until a quorum shall be present or represented. A quorum, once established, shall not be broken by the withdrawal of enough votes to leave less than a quorum.

Section 1.7. Voting.

(a) Matters Other Than Election of Directors. Any matter brought before any meeting of stockholders of the Corporation, other than the election of directors, shall be decided by the affirmative vote of the holders of a majority of the voting power of the Corporation's capital stock present in person, present by means of remote communication, if any, or represented by proxy at the meeting and entitled to vote on such matter, voting as a single class, unless the matter is one upon which, by express provision of law, the Certificate of Incorporation or these Bylaws, a different vote is required, in which case such express provision shall govern and control the decision of such matter. Except as provided in the Certificate of Incorporation, every stockholder having the right to vote shall have one vote for each share of stock having voting power registered in such stockholder's name on the books of the Corporation. Such votes may be cast in person or by proxy as provided in Section 1.10 of these Bylaws. The Board, in its discretion, or the officer of the Corporation presiding at a meeting of stockholders, in such officer's discretion, may require that any votes cast at such meeting shall be cast by written ballot.

(b) Election of Directors. Subject to the rights of the holders of any series of preferred stock to elect directors under specified circumstances, election of directors at all meetings of the stockholders at which directors are to be elected shall be by a plurality of the votes cast at any meeting for the election of directors at which a quorum is present.

Section 1.8. Voting of Stock of Certain Holders. Shares of stock of the Corporation standing in the name of another corporation or entity, domestic or foreign, and entitled to vote may be voted by such officer, agent or proxy as the bylaws or other internal regulations of such corporation or entity may prescribe or, in the absence of such provision, as the Board or comparable body of such corporation or entity may determine. Shares of stock of the Corporation standing in the name of a deceased person, a minor, an incompetent or a debtor in a case under Title 11, United States Code, and entitled to vote may be voted by an administrator, executor, guardian, conservator, debtor-in-possession or trustee, as the case may be, either in person or by proxy, without transfer of such shares into the name of the official or other person so voting. A stockholder whose shares of stock of the Corporation are pledged shall be entitled to vote such shares, unless on the transfer records of the Corporation such stockholder has expressly empowered the pledgee to vote such shares, in which case only the pledgee, or the pledgee's proxy, may vote such shares.

Section 1.9. Treasury Stock. Shares of stock of the Corporation belonging to the Corporation, or to another corporation a majority of the shares entitled to vote in the election of directors of which are held by the Corporation, shall not be voted at any meeting of stockholders of the Corporation and shall not be counted in the total number of outstanding shares for the purpose of determining whether a quorum is present. Nothing in this Section 1.9 shall limit the right of the Corporation to vote shares of stock of the Corporation held by it in a fiduciary capacity.

Section 1.10. Proxies. Each stockholder entitled to vote at a meeting of stockholders of the Corporation may authorize another person or persons to act for such stockholder by proxy filed with the secretary of the Corporation (the "***Secretary***") before or at the time of the meeting. No such proxy shall be voted or acted upon after three (3) years from its date, unless the proxy provides for a longer period. A duly executed proxy shall be irrevocable if it states that it is irrevocable and if, and only as long as, it is coupled with an interest sufficient in law to support an irrevocable power.

Section 1.11. No Consent of Stockholders in Lieu of Meeting. Except as otherwise expressly provided by the terms of any series of preferred stock permitting the holders of such series of preferred stock to act by written consent, any action required or permitted to be taken by the stockholders of the Corporation must be effected at a duly called annual or special meeting of stockholders of the Corporation, and, as specified by the Certificate of Incorporation, the ability of the stockholders to consent in writing to the taking of any action is specifically denied.

Section 1.12. List of Stockholders Entitled to Vote. The officer of the Corporation who has charge of the stock ledger of the Corporation shall prepare and make or have prepared and made, at least ten (10) days before every meeting of stockholders of the Corporation, a complete list of the stockholders entitled to vote at the meeting (provided, however, that if the record date for determining the stockholders entitled to vote is less than ten (10) days before the meeting date, the list shall reflect the stockholders entitled to vote as of the tenth (10^{th}) day before the meeting date), arranged in alphabetical order, and showing the address of each stockholder and the number of shares registered in the name of each stockholder. Nothing in this Section 1.12 shall require the Corporation to include electronic mail addresses or other electronic contact information on such list. Such list shall be open to the examination of any stockholder for any purpose germane to the meeting for a period of at least ten (10) days prior to the meeting: (a) on a reasonably accessible electronic network, provided that the information required to gain access to such list is provided with the notice of the meeting, or (b) during ordinary business hours, at the principal place of business of the Corporation. If the meeting is to be held at a place, then the list shall be produced and kept at the time and place of the meeting during the whole time thereof and may be examined by any stockholder who is present. In the event that the Corporation determines to make the list available on an electronic network, the Corporation may take reasonable steps to ensure that such information is available only to stockholders of the Corporation. If the meeting is to be held solely by means of remote communication, then the list shall also be open to the examination of any stockholder during the whole time of the meeting on a reasonably accessible electronic network, and the information required to access such list shall be provided with the notice of the meeting.

Section 1.13. Record Date. In order that the Corporation may determine the stockholders entitled to notice of any meeting of stockholders of the Corporation or any adjournment thereof, the Board may fix a record date, which record date shall not precede the date upon which the resolution fixing the record date is adopted by the Board, and which record date shall not be more than sixty (60) nor less than ten (10) days before the date of such meeting. If the Board so fixes a date, such date shall also be the record date for determining the stockholders entitled to vote at such meeting unless the Board determines, at the time it fixes such record date, that a later date on or before the date of the meeting shall be the date for making such determination. If no record date is fixed by the Board, the record date for determining stockholders entitled to notice of or to vote at a meeting of stockholders shall be at the close of business on the day next preceding the day on which notice is given, or, if notice is waived, at the close of business on the day next preceding the day on which the meeting is held. A determination of stockholders of record entitled to notice of or to vote at a meeting of stockholders shall apply to any adjournment of the meeting, but the Board may fix a new record date for determination of stockholders entitled to vote at the adjourned meeting, and in such case shall also fix as the record date for stockholders entitled to notice of such adjourned meeting the same or an earlier date as that fixed for determination of stockholders entitled to vote in accordance with the foregoing provisions of this Section 1.13 at the adjourned meeting.

Section 1.14. Organization and Conduct of Meetings. The Chairperson of the Board shall act as chairperson of meetings of stockholders of the Corporation. The Board may designate any other director or officer of the Corporation to act as chairperson of any meeting in the absence of the Chairperson of the Board, and the Board may further provide for determining who shall act as chairperson of any meeting of stockholders in the absence of the Chairperson of the Board and such designee. The Board may adopt by resolution such rules, regulations and procedures for the conduct of any meeting of stockholders as it shall deem appropriate. Except to the extent inconsistent with such rules, regulations and procedures as adopted by the Board, the chairperson of any meeting of stockholders shall have the right and authority to convene and (for any or no reason) to recess or adjourn the meeting, to prescribe such rules, regulations and procedures and to do all such acts as, in the judgment of such chairperson, are necessary, appropriate or convenient for the proper conduct of the meeting. The chairperson of a stockholder meeting, in addition to making any other determinations that may be appropriate to the conduct of the meeting, shall determine and declare to the meeting that a matter or business was not properly brought before the meeting, and, if the chairperson should so determine, the chairperson shall so declare to the meeting and any such matter of business not properly brought before the meeting shall not be transacted or considered. Except to the extent determined by the Board or the person presiding over the meeting, meetings of stockholders shall not be required to be held in accordance with the rules of parliamentary procedure.

Section 1.15. Inspectors of Election. In advance of any meeting of stockholders of the Corporation, the Chairperson of the Board, the Chief Executive Officer or the Board, by resolution, shall appoint one or more inspectors to act at the meeting and make a written report thereof. One or more other persons may be designated as alternate inspectors to replace any inspector who fails to act. If no inspector or alternate is able to act at a meeting of stockholders, the chairperson of the meeting shall appoint one or more inspectors to act at the meeting. Unless otherwise required by applicable law, inspectors may be officers, employees or agents of the Corporation. Each inspector, before entering upon the discharge of the duties of inspector, shall take and sign an oath faithfully to execute the duties of inspector with strict impartiality and according to the best of such inspector's ability. The inspector shall have the duties prescribed by law and shall take charge of the polls and, when the vote is completed, shall make a certificate of the result of the vote taken and of such other facts as may be required by applicable law.

Section 1.16. Notice of Stockholder Proposals and Director Nominations.

(a) Annual Meetings of Stockholders. Nominations of persons for election to the Board and the proposal of business other than nominations to be considered by the stockholders may be made at an annual meeting of stockholders only: (i) pursuant to the Corporation's notice of meeting (or any supplement thereto) with respect to such annual meeting given by or at the direction of the Board (or any duly authorized committee thereof),

(ii) otherwise properly brought before such annual meeting by or at the direction of the Board (or any duly authorized committee thereof) or (iii) by any stockholder of the Corporation who (A) is a stockholder of record at the time of the giving of the notice provided for in this Section 1.16 through the date of such annual meeting, (B) is entitled to vote at such annual meeting and (C) complies with the notice procedures set forth in this Section 1.16. For the avoidance of doubt, compliance with the foregoing clause (iii) shall be the exclusive means for a stockholder to make nominations, or to propose any other business (other than a proposal included in the Corporation's proxy materials pursuant to and in compliance with Rule 14a-8 under the Securities Exchange Act of 1934, as amended (such act, and the rules and regulations promulgated thereunder, the "***Exchange Act***")), at an annual meeting of stockholders.

(b) Timing of Notice for Annual Meetings. In addition to any other applicable requirements, for nominations or other business to be properly brought before an annual meeting by a stockholder pursuant to Section 1.16(a)(iii) above, the stockholder must have given timely notice thereof in proper written form to the Secretary, and, in the case of business other than nominations, such business must be a proper matter for stockholder action. In no event shall the adjournment, recess, postponement or rescheduling of an annual meeting (or the public disclosure thereof) commence a new time period (or extend any time period) for the giving of notice as described above.

To be in proper written form, such notice shall include all information required pursuant to Section 1.16(c) above, and such stockholder and any Proposed Nominee shall comply with Section 1.16(d) above, as if such notice were being submitted in connection with an annual meeting of stockholders.

(f) General.

(i) No person shall be eligible for election as a director of the Corporation unless the person is nominated by a stockholder in accordance with the procedures set forth in this Section 1.16 or the person is nominated by the Board, and no business shall be conducted at a meeting of stockholders of the Corporation except business brought by a stockholder in accordance with the procedures set forth in this Section 1.16 or by the Board. The number of nominees a stockholder may nominate for election at a meeting may not exceed the number of directors to be elected at such meeting, and for the avoidance of doubt, no stockholder shall be entitled to make additional or substitute nominations following the expiration of the time periods set forth in Section 1.16(b) and Section 1.16(e), as applicable. Except as otherwise provided by law, the chairperson of a meeting shall have the power and the duty to determine whether a nomination or any business proposed to be brought before the meeting has been made in accordance with the procedures set forth in these Bylaws, and, if the chairperson of the meeting determines that any proposed nomination or business was not properly brought before the meeting, the chairperson shall declare to the meeting that such nomination shall be disregarded or such business shall not be transacted, and no vote shall be taken with respect to such nomination or proposed business, in each case, notwithstanding that proxies with respect to such vote may have been received by the Corporation. Notwithstanding the foregoing provisions of this Section 1.16, unless otherwise required by law, if the Noticing Party (or a Qualified Representative of the Noticing Party) proposing a nominee for director or business to be conducted at a meeting does not appear at the meeting of stockholders of the Corporation to present such nomination or propose such business, such proposed nomination shall be disregarded or such proposed business shall not be transacted, as applicable, and no vote shall be taken with respect to such nomination or proposed business, notwithstanding that proxies with respect to such vote may have been received by the Corporation.

(ii) A Noticing Party shall update such Noticing Party's notice provided under the foregoing provisions of this Section 1.16, if necessary, such that the information provided or required to be provided in such notice shall be true and correct (A) as of the record date for determining the stockholders entitled to receive notice of the meeting and (B) as of the date that is ten (10) business days prior to the meeting (or any postponement, rescheduling or adjournment thereof), and such update shall (I) be received by the Secretary at the principal executive offices of the Corporation (x) not later than the Close of Business five (5) business days after the record date for determining the stockholders entitled to receive notice of such meeting (in the case of an update required to be made under clause (A)) and (y) not later than the Close of Business seven (7) business days prior to the date for the meeting or, if practicable, any postponement, rescheduling or adjournment thereof (and, if not practicable, on the first practicable date prior to the date to which the meeting has been postponed, rescheduled or adjourned) (in the case of an update required to be made pursuant to clause (B)), (II) be made only to the extent that information has changed since such Noticing Party's prior submission and (III) clearly identify the information that has changed since such Noticing Party's prior submission. For the avoidance of doubt, any information provided pursuant to this Section 1.16(f)(ii) shall not be deemed to cure any deficiencies in a notice previously delivered pursuant to this Section 1.16 and shall not extend the time period for the delivery of notice pursuant to this Section 1.16. If a Noticing Party fails to provide such written update within such period, the information as to which such written update relates may be deemed not to have been provided in accordance with this Section 1.16.

(iii) If any information submitted pursuant to this Section 1.16 by any Noticing Party proposing individuals to nominate for election or reelection as a director or business for consideration at a stockholder meeting shall be inaccurate in any material respect, such information shall be deemed not to have been provided in accordance with this Section 1.16. Any such Noticing Party shall notify the Secretary in writing at the principal executive offices of the Corporation of any inaccuracy or change in any information submitted pursuant to this Section 1.16 (including if any Noticing Party or any Stockholder Associated Person no longer intends to solicit proxies in accordance with the representation made pursuant to Section 1.16(c)(vii)(B)) within two (2) business days after becoming aware of such inaccuracy or change, and any such notification shall (I) be made only to the extent that any information submitted pursuant to this Section 1.16 has changed since such Noticing Party's prior submission and (II) clearly identify the information that has changed since such Noticing Party's prior submission. Upon written request of the Secretary on behalf of the Board (or a duly authorized committee thereof), any such Noticing Party shall provide, within seven (7) business days after delivery of such request (or such other period as may be specified in such request), (A) written verification, reasonably satisfactory to the Board, any committee thereof or any authorized officer of the Corporation, to demonstrate the accuracy of any information submitted by such Noticing Party pursuant to this Section 1.16 and (B) a written affirmation of any information submitted by such Noticing Party pursuant to this Section 1.16 as of an earlier date. If a Noticing Party fails to provide such written verification or affirmation within such period, the information as to which written verification or affirmation was requested may be deemed not to have been provided in accordance with this Section 1.16.

(iv) If (A) any Noticing Party or any Stockholder Associated Person provides notice pursuant to Rule 14a-19(b) under the Exchange Act and (B) such Noticing Party or Stockholder Associated Person subsequently either (x) notifies the Corporation that such Noticing Party or Stockholder Associated Person no longer intends to solicit proxies in support of director nominees other than the Corporation's nominees in accordance with Rule 14a-19 under the Exchange Act or (y) fails to comply with the requirements of Rule 14a-19(a)(2) or Rule 14(a)(3) under the Exchange Act, then the Corporation shall disregard any proxies or votes solicited for the Proposed Nominees proposed by such Noticing Party. Upon request by the Corporation, if any Noticing Party or any Stockholder Associated Person provides notice pursuant to Rule 14a-19(b) under the Exchange Act, such Noticing Party shall deliver to the Secretary, no later than five business days prior to the applicable meeting date, reasonable evidence that the requirements of Rule 14a-19(a)(3) under the Exchange Act have been satisfied.

(v) In addition to complying with the foregoing provisions of this Section 1.16, a stockholder shall also comply with all applicable requirements of state law and the Exchange Act with respect to the matters set forth in this Section 1.16. Nothing in this Section 1.16 shall be deemed to affect any rights of (A) stockholders to request inclusion of proposals in the Corporation's proxy statement pursuant to Rule 14a-8 under the Exchange Act, (B) stockholders to request inclusion of nominees in the Corporation's proxy statement pursuant to the Proxy Rules or (C) the holders of any series of preferred stock to elect directors pursuant to any applicable provisions of the Certificate of Incorporation.

(vi) For purposes of these Bylaws, (A) "***affiliate***" and "***associate***" each shall have the respective meanings set forth in Rule 12b-2 under the Exchange Act; (B) "***beneficial owner***" or "***beneficially owned***" shall have the meaning set forth for such terms in Section 13(d) of the Exchange Act; (C) "***Close of Business***" shall mean 5:00 p.m. Eastern Time on any calendar day, whether or not the day is a business day; (D) "***Corporation's nominee(s)***" shall mean any person(s) nominated by or at the direction of the Board; (E) "***public disclosure***" shall mean disclosure in a press release reported by a national news service or in a document publicly filed by the Corporation with the Securities and Exchange Commission pursuant to Section 13, 14 or 15(d) of the Exchange Act; (F) a "***Qualified Representative***" of a Noticing Party means (I) a duly authorized officer, manager or partner of such Noticing Party or (II) a person authorized by a writing executed by such Noticing Party (or a reliable reproduction or electronic transmission of the writing) delivered by such Noticing Party to the Corporation prior to the making of any nomination or proposal at a stockholder meeting stating that such person is authorized to act for such Noticing Party as proxy at the

meeting of stockholders, which writing or electronic transmission, or a reliable reproduction of the writing or electronic transmission, must be produced at the meeting of stockholders; and (G) "***Stockholder Associated Person***" shall mean, with respect to a Noticing Party, (I) any person directly or indirectly controlling, controlled by, under common control with such Noticing Party, (II) any member of the immediate family of such Noticing Party sharing the same household, (III) any person who is a member of a "group" (as such term is used in Rule 13d-5 under the Exchange Act (or any successor provision at law)) with, or is otherwise known by such Noticing Party or other Stockholder Associated Person to be acting in concert with, such Noticing Party or any other Stockholder Associated Person with respect to the stock of the Corporation, (IV) any beneficial owner of shares of stock of the Corporation owned of record by such Noticing Party or any other Stockholder Associated Person (other than a stockholder that is a depositary), (V) any affiliate or associate of such Noticing Party or any other Stockholder Associated Person, (VI) any participant (as defined in paragraphs 1.16(a)(ii)-(vi) of Instruction 3 to Item 4 of Schedule 14A) with such Noticing Party or any other Stockholder Associated Person with respect to any proposed business or nominations, as applicable, and (VII) any Proposed Nominee.

Section 2.1. Number. Subject to the Certificate of Incorporation and to the rights of holders of any series of preferred stock with respect to the election of directors, if any, the number of directors that shall constitute the entire Board shall be fixed from time to time exclusively pursuant to a resolution adopted by the Board and which initially shall be, upon filing of the Certificate of Incorporation, set at nine (9) directors. Notwithstanding any provision to the contrary in these Bylaws, at no time shall the number of Non-Citizens (as defined in Section 5.2 below) who hold office as a director exceed the limitations provided under Section 40102(a)(15) of Title 49 of the United States Code (which, as of the effective date of these Bylaws and for informational purposes only, is one-third (1/3) of the total number of directors then holding office).

Section 2.2. Duties and Powers. The business and affairs of the Corporation shall be managed by or under the direction of the Board, which may exercise all such powers of the Corporation and do all such lawful acts and things as are not by law or by the Certificate of Incorporation required to be exercised or done by the stockholders.

Section 2.3. Meetings. The Board may hold meetings, both regular and special, either within or without the State of Delaware. Regular meetings of the Board may be held at such time and at such place as may from time to time be determined by the Board. Special meetings of the Board may be called by the Chairperson of the Board (if there be one), the Chief Executive Officer or the Board and shall be held at such place, on such date and at such time as he, she or it shall specify.

Section 2.4. Notice. Notice of any meeting of the Board stating the place, date and time of the meeting shall be given to each director by mail posted not less than five (5) days before the date of the meeting, by nationally recognized overnight courier deposited not less than three (3) days before the date of the meeting or by email, facsimile or other means of electronic transmission delivered or sent not less than twenty-four (24) hours before the date and time of the meeting, or on such shorter notice as the person or persons calling such meeting may deem necessary or appropriate in the circumstances. If mailed or sent by overnight courier, such notice shall be deemed to be given at the time when it is deposited in the United States mail with first class postage prepaid or deposited with the overnight courier. Notice by facsimile or other electronic transmission shall be deemed given when the notice is transmitted. Any director may waive notice of any meeting before or after the meeting. The attendance of a director at any meeting shall constitute a waiver of notice of such meeting, except where the director attends the meeting for the express purpose of objecting, and does so object, at the beginning of the meeting to the transaction of any business because the meeting is not lawfully called or convened. Neither the business to be transacted at, nor the purpose of, any regular or special meeting of the Board need be specified in

any notice of such meeting unless so required by law. A meeting may be held at any time without notice if all of the directors are present or if those not present waive notice of the meeting in accordance with Section 6.6 of these Bylaws.

Section 2.5. Chairperson of the Board. The Chairperson of the Board shall be chosen from among the directors and may be the Chief Executive Officer. Except as otherwise provided by law, the Certificate of Incorporation or Section 2.6 or Section 2.7 of these Bylaws, the Chairperson of the Board shall preside at all meetings of stockholders and of the Board. The Chairperson of the Board shall have such other powers and duties as may from time to time be assigned by the Board.

Section 2.6. Lead Director. The Board may include a Lead Director. The Lead Director shall be one of the directors who has been determined by the Board to be an "independent director" (any such director, an "***Independent Director***"). The Lead Director shall preside at all meetings of the Board at which the Chairperson of the Board is not present, preside over the executive sessions of the Independent Directors, serve as a liaison between the Chairperson of the Board and the Board and have such other responsibilities, and perform such duties, as may from time to time be assigned to him or her by the Board. The Lead Director shall be elected by a majority of the Independent Directors.

Section 2.7. Organization. At each meeting of the Board, the Chairperson of the Board, or, in the Chairperson's absence, the Lead Director, or, in the Lead Director's absence, a director chosen by a majority of the directors present, shall act as chairperson. The Secretary shall act as secretary at each meeting of the Board. In case the Secretary shall be absent from any meeting of the Board, an assistant secretary shall perform the duties of secretary at such meeting, and in the absence from any such meeting of the Secretary and all assistant secretaries, the chairperson of the meeting may appoint any person to act as secretary of the meeting.

Section 2.8. Resignations and Removals of Directors. Any director of the Corporation may resign at any time, by giving notice in writing or by electronic transmission to the Chairperson of the Board, the Chief Executive Officer or the Secretary. Such resignation shall be effective upon receipt unless it is specified to be effective at some other time or upon the occurrence of some other event, and, unless otherwise specified in such notice, the acceptance of such resignation shall not be necessary to make it effective. Subject to the rights of holders of any series of preferred stock with respect to the election of directors and to the rights of the BTO Stockholders (as defined in the Stockholders Agreement, dated as of [•], 2022 (as the same may be amended, supplemented, restated or otherwise modified from time to time, the "***Stockholders Agreement***"), by and among the Corporation, the BTO Stockholders and the other stockholders of the Corporation named therein) pursuant to the terms of the Stockholders Agreement with respect to the removal of any BTO Stockholder designee director, a director may be removed from office by the stockholders of the Corporation only for cause and only by the affirmative vote of the holders of at least a majority of the voting power of all then outstanding shares of capital stock of the Corporation entitled to vote generally in the election of directors, voting together as a single class.

Section 2.9. Quorum. At all meetings of the Board, a majority of directors constituting the Board shall constitute a quorum for the transaction of business, and the act of a majority of the directors present at any meeting at which there is a quorum shall be the act of the Board. If a quorum shall not be present at any meeting of the Board, the directors present thereat may adjourn the meeting from time to time, without notice other than announcement at the meeting of the time and place of the adjourned meeting, until a quorum shall be present.

Section 2.10. Actions of the Board by Written Consent. Any action required or permitted to be taken at any meeting of the Board or of any committee thereof may be taken without a meeting, if all the members of the Board or committee, as the case may be, consent thereto in writing or by electronic transmission, and the writing or writings or electronic transmission are filed with the minutes of proceedings of the Board or committee.

Section 2.11. Telephonic Meetings. Members of the Board, or any committee thereof, may participate in a meeting of the Board or such committee by means of a conference telephone or other communications equipment

by means of which all persons participating in the meeting can hear and speak with each other, and participation in a meeting pursuant to this Section 2.11 shall constitute presence in person at such meeting.

Section 2.12. Committees. The Board may designate one or more committees, each committee to consist of one or more of the directors of the Corporation and, to the extent permitted by law, to have and exercise such authority as may be provided for in the resolutions creating such committee, as such resolutions may be amended from time to time. The Board may designate one or more directors as alternate members of any committee, who may replace any absent or disqualified member at any meeting of any such committee. In the absence or disqualification of a member of a committee, and in the absence of a designation by the Board of an alternate member to replace the absent or disqualified member, the member or members thereof present at any meeting and not disqualified from voting, whether or not such member or members constitute a quorum, may unanimously appoint another member of the Board to act at the meeting in the place of any absent or disqualified member. Each committee shall keep regular minutes and report to the Board when required. A majority of any committee may determine its action and fix the time and place of its meetings, unless the Board shall otherwise provide. The Board shall have the power at any time to fill vacancies in, to change the membership of or to dissolve any such committee.

Section 2.13. Compensation. The Board shall have the authority to fix the compensation of directors. The directors shall be paid their reasonable expenses, if any, of attendance at each meeting of the Board or any committee thereof and may be paid a fixed sum for attendance at each such meeting and an annual retainer or salary for service as director or committee member, payable in cash or securities. No such payment shall preclude any director from serving the Corporation in any other capacity and receiving compensation therefor. Directors who are full-time employees of the Corporation shall not receive any compensation for their service as director.

Section 2.14. Interested Directors. No contract or transaction between the Corporation and one or more of its directors or officers, or between the Corporation and any other corporation, partnership, association or other organization in which one or more of the Corporation's directors or officers are directors or officers or have a financial interest, shall be void or voidable solely for this reason, or solely because the director or officer is present at or participates in the meeting of the Board or committee thereof that authorizes the contract or transaction, or solely because any such director's or officer's vote is counted for such purpose if: (a) the material facts as to the director's or officer's relationship or interest and as to the contract or transaction are disclosed or are known to the Board or the committee and the Board or committee in good faith authorizes the contract or transaction by the affirmative vote of a majority of the disinterested directors, even though the disinterested directors be less than a quorum; (b) the material facts as to the director's or officer's relationship or interest and as to the contract or transaction are disclosed or are known to the stockholders entitled to vote thereon and the contract or transaction is specifically approved in good faith by vote of the stockholders; or (c) the contract or transaction is fair as to the Corporation as of the time it is authorized, approved or ratified by the Board, a committee thereof or the stockholders. Common or interested directors may be counted in determining the presence of a quorum at a meeting of the Board or of a committee that authorizes the contract or transaction.

ARTICLE IV
STOCK

Section 4.1. Uncertificated Shares. Unless otherwise provided by resolution of the Board, each class or series of shares of the Corporation's capital stock shall be issued in uncertificated form pursuant to the customary arrangements for issuing shares in such form. Section 4.2. Record Date. In order that the Corporation may determine the stockholders entitled to receive payment of any dividend or other distribution or allotment of any rights or the stockholders entitled to exercise any rights in respect of any change, conversion or exchange of stock, or for the purpose of any other lawful action, the Board may fix a record date, which record date shall not precede the date upon which the resolution fixing the record date is adopted and which record date shall be not more than sixty (60) days prior to such action. If no record date is fixed, the record date for determining stockholders for any such purpose shall be the close of business on the day on which the Board adopts the resolution relating thereto.

Section 4.4. Transfer and Registry Agents. The Corporation may from time to time maintain one or more transfer offices or agencies and registry offices or agencies at such place or places as may be determined from time to time by the Board.

ARTICLE V
LIMITATIONS ON OWNERSHIP BY NON-CITIZENS

Section 5.1. Equity Securities. All (a) capital stock of, or other equity interests in, the Corporation, (b) securities convertible into or exchangeable for shares of capital stock, voting securities or other equity interests in the Corporation, or (c) options, warrants or other rights to acquire the securities described in clauses (a) and (b), whether fixed or contingent, matured or unmatured, contractual, legal, equitable or otherwise (collectively, "***Equity Securities***") shall be subject to the limitations set forth in this Article V.

Section 5.2. Non-Citizen Voting and Ownership Limitations. It is the policy of the Corporation that, consistent with the requirements of Subtitle VII of Title 49 of the United States Code, as amended, or as the same may be amended from time to time ("***Aviation Act***"), that persons or entities who are not "citizens of the United States" (as defined in Section 40102(a)(15) of the Aviation Act, in any similar legislation of the United States enacted in substitution or replacement thereof, and as interpreted by the Department of Transportation, its predecessors and successors, from time to time), including any agent, trustee or representative of such persons or entities (each, a "***Non-Citizen***"), shall not be entitled to own (beneficially or of record) and/or control more than (a) 24.9% of the aggregate votes of all outstanding Voting Securities (as defined below) of the Corporation (the "***Voting Limitation Percentage***") or (b) 49.0% of the aggregate number of outstanding Equity Securities of the Corporation (the "***Outstanding Share Limitation Percentage***"); provided, however, in no event shall Non-Citizens who are resident of a country that is not party to an "open skies" agreement with the United States (the "***NOS Non-Citizens***") be entitled to own (beneficially or of record) and/or control more than 24.9% of the aggregate number of outstanding Equity Securities of the Corporation (the "***NOS Limitation Percentage***" and, together with the Outstanding Share Limitation Percentage, the "***Absolute Cap Amount***"). If Non-Citizens nevertheless at any time own and/or control more than the Voting Limitation Percentage, the voting rights of the Equity Securities in excess of the Voting Limitation Percentage shall be automatically suspended in accordance with Section 5.3 below. Further, if at any time a transfer or issuance of Equity Securities to a Non-Citizen would result in Non-Citizens owning more than the Outstanding Share Limitation Percentage, such transfer or issuance shall be void and of no effect, in accordance with Section 5.3 below. "***Voting Securities***" means (a) shares of common stock of the Corporation and (b) any shares of preferred stock of the Corporation that are permitted by their terms to vote together with the Corporation's common stock or to vote as a separate class or series with respect to the election of the Corporation's directors.

Section 5.3. Foreign Stock Record.

(a) The Corporation or any transfer agent (on behalf of the Corporation) shall maintain a separate stock record, designated the "***Foreign Stock Record***" for the registration of Equity Securities held by Non-Citizens. It is the duty of each stockholder who is a Non-Citizen to register his, her or its Equity Securities on the Foreign Stock Record. The beneficial ownership of Equity Securities by Non-Citizens shall be determined in conformity with regulations prescribed by the Board. Only Equity Securities that have been issued and outstanding may be registered in the Foreign Stock Record. The Foreign Stock Record shall include (i) the name and nationality of each Non-Citizen owning Equity Securities, (ii) the number of Equity Securities owned by each such Non-Citizen and (iii) the date of registration of such Equity Securities in the Foreign Stock Record.

(b) In no event shall Equity Securities owned (beneficially or of record) by Non-Citizens representing more than the Voting Limitation Percentage be voted. In the event that Non-Citizens shall own (beneficially or of record) or have voting control over any Equity Securities, the voting rights of such persons shall be subject to automatic suspension to the extent required to ensure that the Corporation is in compliance with applicable provisions of law and regulations relating to ownership or control of a United States air carrier. Voting rights of Equity Securities owned (beneficially or of record) by Non-Citizens shall be suspended in reverse chronological order based upon the date of registration in the Foreign Stock Record.

(c) In the event any transfer of issuance of Equity Securities to a Non-Citizen would result in Non-Citizens owning (beneficially or of record) more than the Absolute Cap Amount, such transfer or issuance shall be void

and of no effect and shall not be recorded in the Foreign Stock Record of the stock records of the Corporation. In the event that the Corporation shall determine that the Equity Securities registered on the Foreign Stock Record or otherwise registered on the stock records of the Corporation and owned (beneficially or of record) by Non-Citizens, taken together (without duplication), exceed the Absolute Cap Amount, such number of Equity Securities shall be removed from the Foreign Stock Record and the stock records of the Corporation, as applicable, in reverse chronological order based on the date of registration in the Foreign Stock Record and the stock records of the Corporation, as applicable, and any transfer or issuance that resulted in such event shall be deemed void and of no effect, such that the Foreign Stock Record and the stock records of the Corporation, as applicable, reflect the ownership of Equity Securities without giving effect to any transfer or issuance that caused the Corporation to exceed the Absolute Cap Amount until the aggregate number of Equity Securities registered in the Foreign Stock Record or otherwise registered to Non-Citizens is equal to the Voting Limitation Percentage or the NOS Limitation Percentage, as applicable.

Section 5.4. Registration of Equity Securities. Registry of the ownership of Equity Securities by Non-Citizens shall be effected by written notice to, and in the form specified from time to time by, the Secretary of the Corporation. Subject to the limitations set forth in Section 5.3, the order in which such Equity Securities shall be registered on the Foreign Stock Record shall be chronological, based on the date the Corporation received notice to so register such Equity Securities; provided, that any Non-Citizen who purchases or otherwise acquires Equity Securities that are registered on the Foreign Stock Record and who registers such Equity Securities in its own name within 30 days of such acquisition will assume the position of the seller of such Equity Securities in the chronological order of Equity Securities registered on the Foreign Stock Record.

Section 5.5. Certification of Equity Securities.

(a) The Corporation may by notice in writing (which may be included in the form or proxy or ballot distributed by stockholders in connection with the annual meeting or any special meeting of the stockholders of the Corporation, or otherwise) require a person that is a holder of record of Equity Securities or that the Corporation knows to have, or has a reasonable cause to believe has beneficial ownership of Equity Securities to certify in such manner that as the Corporation shall deem appropriate (including by way of execution of any form of proxy or ballot of such person) that, to the knowledge of such person:

(1) all Equity Securities as to which such person has record ownership or beneficial ownership are owned and controlled only by citizens of the United States; or

(2) the number of Equity Securities of record or beneficially owned by such person that are owned and/or controlled by Non-Citizens is as set forth in such certificate.

(b) With respect to any Equity Securities identified in clause 5.5(a)(2) above, the Corporation may require such person to provide such further information as the Corporation may reasonably require in order to implement the provisions of this Article V.

Neither the business to be transacted at, nor the purpose of, any annual or special meeting of the stockholders or any regular or special meeting of the Board or committee thereof need be specified in any waiver of notice of such meeting unless so required by law.

(i) any Person, other than any Non-Change in Control Person, is (or becomes, during any 12-month period) the "beneficial owner" (as such term is defined in Rule 13d- 3 under the Exchange Act), directly or indirectly, of securities of the Company (not including in the securities beneficially owned by such Person or any securities acquired directly from the Company or its Affiliates other than in connection with the acquisition by the Company or its Affiliates of a business) representing 50% or more of the total voting power of the stock of the Company; *provided* that the provisions of this subsection (i) are not intended to apply to or include as a Change in Control any transaction that is specifically excepted from the definition of Change in Control under subsection (iii) below;

(ii) a change in the composition of the Board such that, during any 12-month period, the individuals who, as of the beginning of such period, constitute the Board (the "**Existing Board**") cease for any reason to constitute at least 50% of the Board; *provided*, *however*, that any individual becoming a member of the Board subsequent to the beginning of such period whose election, or nomination for election by the Company's stockholders, was approved by a vote of at least a majority of the Directors immediately prior to the date of such appointment or election shall be considered as though such individual were a member of the Existing Board; *provided*, *further*, that, notwithstanding the foregoing, no individual whose initial assumption of office occurs as a result of either an actual or threatened election contest (as such terms are used in Rule 14a-11 or Regulation 14A promulgated under the Exchange Act or successor statutes or rules containing analogous concepts) or other actual or threatened solicitation of proxies or consents by or on behalf of an individual, corporation, partnership, group, associate or other entity or Person other than the Board, shall in any event be considered to be a member of the Existing Board;

(iii) the consummation of a merger or consolidation of the Company with any other corporation or other entity, or the issuance of voting securities in connection with a merger or consolidation of the Company pursuant to applicable stock exchange requirements; *provided* that immediately following such merger or consolidation the voting securities of the Company outstanding immediately prior thereto do not continue to represent (either by remaining outstanding or by being converted into voting securities of the surviving entity of such merger or consolidation or parent entity thereof) 50% or more of the total voting power of the Company's stock (or, if the Company is not the surviving entity of such merger or consolidation, 50% or more of the total voting power of the stock of such surviving entity or parent entity thereof); and *provided*, *further*, that a merger or consolidation effected to implement a recapitalization of the Company (or similar transaction) in which no Person is or becomes the beneficial owner, directly or indirectly, of securities of the Company (not including in the securities beneficially owned by such Person or any securities acquired directly from the Company or its Affiliates other than in connection with the acquisition by the Company or its Affiliates of a business) representing 50% or more of either the then-outstanding Shares or the combined voting power of the Company's then-outstanding voting securities shall not be considered a Change in Control; or

(iv) the sale or disposition by the Company of all or substantially all of the Company's assets in which any Person acquires (or has acquired during the 12-month period ending on the date of the most recent acquisition by such Person) assets from the Company that have a total gross fair market value equal to more than 50% of the total gross fair market value of all of the assets of the Company immediately prior to such acquisition or acquisitions.

Notwithstanding the foregoing, (A) no Change in Control shall be deemed to have occurred if there is consummated any transaction or series of integrated transactions immediately following which the record holders of the Shares immediately prior to such transaction or series of transactions continue to have substantially the same proportionate ownership in an entity which owns substantially all of the assets of the Company immediately prior to such transaction or series of transactions, (B) to the extent an Award is subject to Section 409A of the Code if and only to the extent required to comply with the requirements of Section 409A of the Code, no event or circumstances described in any of clauses (i) through (iv) above shall constitute a Change in Control unless such event or circumstances also constitute a change in the ownership or effective control of the Company, or in the ownership of a substantial portion of the Company's assets, as defined in Section 409A of the Code and (C) no Change in Control shall be deemed to have occurred upon the acquisition of additional control of the Company by any Person that is considered to effectively control the Company. In no event will a Change in Control be deemed to have occurred if any Participant is part of a "group" within the meaning of Section 13(d)(3) of the Exchange Act that effects a Change in Control. Terms used in the definition of

a Change in Control shall be as defined or interpreted in a manner consistent with Section 409A of the Code. Further and for the avoidance of doubt, in no event will the transactions contemplated by that certain Agreement and Plan of Merger entered into on August 3, 2022, by and among the Company, Jack Creek Investment Corp., a Cayman Islands exempted company, Wildfire Merger Sub I, Inc., a Delaware corporation, Wildfire Merger Sub II, Inc., a Delaware corporation, Wildfire Merger Sub III, LLC, a Delaware limited liability company, Wildfire GP Sub IV, LLC, a Delaware limited liability company, BTOF (Grannus Feeder) – NQ L.P., a Delaware limited partnership, and Bridger Aerospace Group Holdings, LLC, a Delaware limited liability company (the "**Merger Agreement**") or the transactions occurring in connection therewith constitute a Change in Control.

(jj) "**Termination of Service**" means, in the case of a Participant who is an Employee, cessation of the employment relationship such that the Participant is no longer an employee of the Company or any Subsidiary, or, in the case of a Participant who is a Consultant or non-employee Director, the date the performance of services for the Company or any Subsidiary has ended; *provided*, *however*, that in the case of a Participant who is an Employee, the transfer of employment from the Company to a Subsidiary, from a Subsidiary to the Company, from one Subsidiary to another Subsidiary or, unless the Committee determines otherwise, the cessation of employee status but the continuation of the performance of services for the Company or a Subsidiary as a Director or Consultant, or the cessation of Director or Consultant status but the continuation of the performance of services for the Company or a Subsidiary as an Employee, shall not be deemed a cessation of service that would constitute a Termination of Service; *provided*, *further*, that a Termination of Service shall be deemed to occur for a Participant employed by, or performing services for, a Subsidiary when a Subsidiary ceases to be a Subsidiary unless such Participant's employment or service continues with the Company or another Subsidiary. Notwithstanding the foregoing, with respect to any Award subject to Section 409A of the Code (and not exempt therefrom), a Termination of Service occurs when a Participant experiences a "separation of service" (as such term is defined under Section 409A of the Code).

Section 3. *Eligibility.*

(a) Any Employee, Director or Consultant shall be eligible to be selected to receive an Award under the Plan, to the extent that an offer of an Award or a receipt of such Award is permitted by the terms herein, applicable law, stock market or exchange rules and regulations or accounting or tax rules and regulations.

Section 4. *Administration*.

(a) *Administration of the Plan*. The Plan shall be administered by the Committee. All decisions of the Committee shall be final, conclusive and binding upon all parties, including the Company, its shareholders, Participants and any Beneficiaries thereof. The Committee may issue rules and regulations for administration of the Plan.

(b) *Delegation of Authority*. (c) *Authority of Committee*. Subject to the terms of the Plan and applicable law, the Committee (or its delegate) shall have full discretion and authority to: (i) designate Participants; (ii) determine the

type or types of Awards (including Substitute Awards) to be granted to each Participant under the Plan; (iii) determine the number of Shares to be covered by (or with respect to which payments, rights or other matters are to be calculated in connection with) Awards; (iv) determine the terms and conditions of any Award and prescribe the form of each Award Agreement which need not be identical for each Participant; (v) determine whether, to what extent, under what circumstances and by which methods Awards may be settled or exercised in cash, Shares, other Awards, other property, net settlement, or any combination thereof, or canceled, forfeited or suspended, and the method or methods by which Awards may be settled, exercised, canceled, forfeited or suspended; (vi) determine whether, to what extent and under what circumstances cash, Shares, other Awards, other property and other amounts payable with respect to an Award under the Plan shall be deferred either automatically or at the election of the holder thereof or of the Committee; (vii) amend terms or conditions of any outstanding Awards; (viii) accelerate the vesting or lapsing of restrictions of any Awards; (ix) correct any defect, supply any omission and reconcile any inconsistency in the Plan or any Award, in the manner and to the extent it shall deem desirable to carry the Plan into effect; (x) interpret and administer the Plan and any instrument or agreement relating to, or Award made under, the Plan; (xi) establish, amend, suspend or waive such rules and regulations and appoint such agents, trustees, brokers, depositories and advisors and determine such terms of their engagement as it shall deem appropriate for the proper administration of the Plan and due compliance with applicable law, stock market or exchange rules and regulations or accounting or tax rules and regulations; (xii) (1) reduce the exercise price of any outstanding Option or SAR, (2) cancel any outstanding Option or SAR and grant in substitution therefor of (A) a new Option, SAR, Restricted Stock award, RSU award or other Award, (B) cash and/or (C) other valuable consideration (as determined by the Board) or (3) take any other action that is treated as a repricing under generally accepted accounting principles; and (xiii) make any other determination and take any other action that the Committee deems necessary or desirable for the administration of the Plan and due compliance with applicable law, stock market or exchange rules and regulations or accounting or tax rules and regulations. Notwithstanding anything to the contrary contained herein, the Board may, in its sole discretion, at any time and from time to time, grant Awards or administer the Plan. In any such case, the Board shall have all of the authority and responsibility granted to the Committee herein.

Section 5. *Shares Available for Awards*.

(a) Subject to adjustment as provided in Section 5(c)(i) and except for Substitute Awards, the maximum number of Shares available for issuance under the Plan as of the Effective Date shall not exceed 15%[1] Shares. The total number of Shares available for issuance under the Plan shall be increased on the first day of each Company fiscal year following the Effective Date in an amount equal to the lesser of (i) 2% of the total number of Shares of the Company's Capital Stock on the last Business Day of the immediately preceding fiscal year and (ii) such smaller number of Shares as determined by the Board in its discretion.

(b) If any Award is forfeited, cancelled, expires, terminates or otherwise lapses or is settled in cash, in whole or in part, without the delivery of Shares, then the shares covered by such forfeited, expired, terminated or lapsed award shall again be available as Shares for grant under the Plan. Notwithstanding anything to the contrary contained herein, the following Shares shall not be added to the Shares authorized for grant under Section 5(a) and shall not be available for future grants of Awards: (a) Shares withheld in respect of taxes or tendered or withheld to pay the exercise price of Options; (b) Shares subject to a SAR Award that are not issued in connection with the stock settlement of the SAR on exercise thereof; and (c) Shares purchased on the open market with the cash proceeds from the exercise of Options.

[1] Note to Draft: Insert number equal to 15% of the fully diluted shares of Capital Stock of the Company as of the Closing.

(c) In the event that the Committee determines that, as a result of any dividend or other distribution (other than an ordinary dividend or distribution), recapitalization, stock split, reverse stock split, reorganization, merger, consolidation, separation, rights offering, split-up, spin-off, combination, repurchase or exchange of Shares or other securities of the Company, issuance of warrants or other rights to purchase Shares or other securities of the Company, issuance of Shares pursuant to the anti-dilution provisions of securities of the Company, or other similar corporate transaction or event affecting the Shares, or of changes in applicable laws, regulations or accounting principles, an adjustment is appropriate in order to prevent dilution or enlargement of the benefits or potential benefits intended to be made available under the Plan, then the Committee shall, subject to compliance with Section 409A of the Code and other applicable law, adjust equitably so as to ensure no undue enrichment or harm (including by payment of cash), any or all of:

(i) the number and type of Shares (or other securities) which thereafter may be made the subject of Awards, including the aggregate limits specified in Section 5(a) and Section 5(f) and the individual limits specified in Section 5(e);

(ii) the number and type of Shares (or other securities) subject to outstanding Awards;

(iii) the grant, purchase, exercise or hurdle price with respect to any Award or, if deemed appropriate, make provision for a cash payment to the holder of an outstanding Award; and

(iv) any performance conditions applicable to such Awards;

provided, *however*, that the number of Shares subject to any Award denominated in Shares shall always be a whole number.

(d) Any Shares delivered pursuant to an Award may consist, in whole or in part, of authorized and unissued Shares or Shares acquired by the Company on the open market.

(e) Subject to adjustment as provided in Section 5(c)(i), no Participant who is a non-employee Director may receive, as compensation for services as a non-employee Director during any fiscal year of the Company, cash compensation and/or the value of Awards (determined as of the grant date in accordance with Financial Accounting Standards Board Accounting Standards Codification Topic 718, or any successor thereto) which total more than [$750,000] in the aggregate, increased to [$1,000,000] in the fiscal year of a non-employee Director's initial service as a non-employee Director. Notwithstanding the foregoing, the limits in this Section 5(e) shall not apply to cash compensation and/or Awards made in connection with the closing of the transactions contemplated by the Merger Agreement.

(f) Subject to adjustment as provided in Section 5(c)(i), the maximum number of Shares available for issuance with respect to Incentive Stock Options shall not exceed [15%].

Section 6. *Options.* The Committee is authorized to grant Options to Participants with the following terms and conditions and with such additional terms and conditions, in either case not inconsistent with the provisions of the Plan, as the Committee shall determine:

(a) The exercise price per Share under an Option shall be determined by the Committee at the time of grant; *provided*, *however*, that, except in the case of Substitute Awards, such exercise price shall not be less than the Fair Market Value of a Share on the date of grant of such Option.

(b) The term of each Option shall be fixed by the Committee but shall not exceed 10 years from the date of grant of such Option. The Committee shall determine the time or times at which an Option becomes vested and exercisable in whole or in part.

(c) Subject to any Company insider trading policy (including blackout periods) and applicable laws, the Committee shall determine the method or methods by which, and the form or forms, including cash, Shares, other Awards, other property, net settlement, broker-assisted cashless exercise or any

combination thereof, having a Fair Market Value on the exercise date equal to the exercise price of the Shares as to which the Option shall be exercised, in which payment of the exercise price with respect thereto may be made or deemed to have been made.

(d) No grant of Options may be accompanied by a tandem award of dividend equivalents or provide for dividends, dividend equivalents or other distributions to be paid on such Options (except as provided under Section 5(c)).

(e) Any Incentive Stock Option granted under the Plan shall comply in all respects with the provisions of Section 422 of the Code. Incentive Stock Options may be granted only to employees of the Company or of a parent or subsidiary corporation (as defined in Section 424 of the Code). By accepting an Incentive Stock Option, the Participant agrees to give prompt notice to the Company of dispositions or other transfers (other than in connection with a Change in Control) of Shares acquired under the Option made within (i) two years from the grant date of the Option or (ii) one year after the transfer of such Shares to the Participant, specifying the date of the disposition or other transfer and the amount the Participant realized, in cash, other property, assumption of indebtedness or other consideration, in such disposition or other transfer. Neither the Company nor the Committee will be liable to a Participant, or any other party, if an Incentive Stock Option fails or ceases to qualify as an "incentive stock option" under Section 422 of the Code. Any Incentive Stock Option or portion thereof that fails to qualify as an "incentive stock option" under Section 422 of the Code for any reason, including becoming exercisable with respect to Shares having a fair market value exceeding the $100,000 limitation under Treasury Regulation Section 1.422 -4, will be a Non-Qualified Stock Option.

Section 7. *Stock Appreciation Rights.* The Committee is authorized to grant SARs to Participants with the following terms and conditions and with such additional terms and conditions, in either case not inconsistent with the provisions of the Plan, as the Committee shall determine:

(a) SARs may be granted under the Plan to Participants either alone ("freestanding") or in addition to other Awards granted under the Plan ("tandem") and may, but need not, relate to a specific Option granted under Section 6.

(b) The exercise or hurdle price per Share under a SAR shall be determined by the Committee; *provided*, *however*, that, except in the case of Substitute Awards, such exercise or hurdle price shall not be less than the Fair Market Value of a Share on the date of grant of such SAR.

(c) The term of each SAR shall be fixed by the Committee but shall not exceed 10 years from the date of grant of such SAR. The Committee shall determine the time or times at which a SAR may be exercised or settled in whole or in part.

(d) Upon the exercise of a SAR, the Company shall pay to the Participant an amount equal to the number of Shares subject to the SAR multiplied by the excess, if any, of the Fair Market Value of one Share on the exercise date over the exercise or hurdle price of such SAR. The Company shall pay such excess in cash, in Shares valued at Fair Market Value, or any combination thereof, as determined by the Committee.

(e) No grant of SARs may be accompanied by a tandem award of dividend equivalents or provide for dividends, dividend equivalents or other distributions to be paid on such SARs (except as provided under Section 5(c)).

Section 8. *Restricted Stock.* The Committee is authorized to grant Awards of Restricted Stock to Participants with the following terms and conditions and with such additional terms and conditions, in either case not inconsistent with the provisions of the Plan, as the Committee shall determine:

(a) The Award Agreement shall specify the vesting schedule.

(b) Awards of Restricted Stock shall be subject to such restrictions as the Committee may impose, which restrictions may lapse separately or in combination at such time or times, in such installments or otherwise, as the Committee may deem appropriate.

(c) Subject to the restrictions set forth in the applicable Award Agreement, a Participant generally shall have the rights and privileges of a stockholder with respect to Awards of Restricted Stock, including the right to vote such Shares of Restricted Stock and the right to receive dividends.

(d) The Committee may, in its discretion, specify in the applicable Award Agreement that any or all dividends or other distributions paid on Awards of Restricted Stock prior to vesting be paid either in cash or in additional Shares and either on a current or deferred basis and that such dividends or other distributions may be reinvested in additional Shares, which may be subject to the same restrictions as the underlying Awards.

(e) Any Award of Restricted Stock may be evidenced in such manner as the Committee may deem appropriate, including book-entry registration.

(f) The Committee may provide in an Award Agreement that an Award of Restricted Stock is conditioned upon the Participant making or refraining from making an election with respect to the Award under Section 83(b) of the Code. If a Participant makes an election pursuant to Section 83(b) of the Code with respect to an Award of Restricted Stock, the Participant shall be required to file promptly a copy of such election with the Company and the applicable Internal Revenue Service office.

Section 9. *RSUs.* The Committee is authorized to grant Awards of RSUs to Participants with the following terms and conditions and with such additional terms and conditions, in either case not inconsistent with the provisions of the Plan, as the Committee shall determine:

(a) The Award Agreement shall specify the vesting schedule and the delivery schedule (which may include deferred delivery later than the vesting date).

(b) Awards of RSUs shall be subject to such restrictions as the Committee may impose, which restrictions may lapse separately or in combination at such time or times, in such installments or otherwise, as the Committee may deem appropriate.

(c) An RSU shall not convey to the Participant the rights and privileges of a stockholder with respect to the Share subject to the RSU, such as the right to vote or the right to receive dividends, unless and until a Share is issued to the Participant to settle the RSU.

(d) The Committee may, in its discretion, specify in the applicable Award Agreement that any or all dividend equivalents or other distributions paid on Awards of RSUs prior to vesting or settlement, as applicable, be paid either in cash or in additional Shares and either on a current or deferred basis and that such dividend equivalents or other distributions may be reinvested in additional Shares, which may be subject to the same restrictions as the underlying Awards.

(e) Shares delivered upon the vesting and settlement of an RSU Award may be evidenced in such manner as the Committee may deem appropriate, including book-entry registration.

(f) The Committee may determine the form or forms (including cash, Shares, other Awards, other property or any combination thereof) in which payment of the amount owing upon settlement of any RSU Award may be made.

Section 10. *Performance Awards.* The Committee is authorized to grant Performance Awards to Participants with the following terms and conditions and with such additional terms and conditions, in either case not inconsistent with the provisions of the Plan, as the Committee shall determine:

(a) Performance Awards may be denominated as a cash amount, number of Shares or units or a combination thereof and are Awards which may be earned upon achievement or satisfaction of

performance conditions specified by the Committee. In addition, the Committee may specify that any other Award shall constitute a Performance Award by conditioning the grant to a Participant or the right of a Participant to exercise the Award or have it settled, and the timing thereof, upon achievement or satisfaction of such performance conditions as may be specified by the Committee. The Committee may use such business criteria and other measures of performance as it may deem appropriate in establishing any performance conditions, which may include but are not limited to:

(b) If the Committee determines that a change in the business, operations, corporate structure or capital structure of the Company, or the manner in which the Company conducts its business, or other events or circumstances render the performance objectives unsuitable, the Committee may modify the performance objectives or the related minimum acceptable level of achievement, in whole or in part, as the Committee deems appropriate and equitable such that it does not provide any undue enrichment or harm. Performance measures may vary from Performance Award to Performance Award and from Participant to Participant, and may be established on a stand-alone basis, in tandem or in the alternative. The Committee shall have the power to impose such other restrictions on Awards subject to this Section 10(b) as it may deem necessary or appropriate to ensure that such Awards satisfy all requirements of any applicable law, stock market or exchange rules and regulations or accounting or tax rules and regulations.

(c) Settlement of Performance Awards shall be in cash, Shares, other Awards, other property, net settlement, or any combination thereof, as determined in the discretion of the Committee.

(d) A Performance Award shall not convey to the Participant the rights and privileges of a stockholder with respect to the Share subject to the Performance Award, such as the right to vote (except as relates to Restricted Stock) or the right to receive dividends, unless and until Shares are issued to the Participant to settle the Performance Award. The Committee, in its sole discretion, may provide that a Performance Award shall convey the right to receive dividend equivalents on the Shares underlying the Performance Award with respect to any dividends declared during the period that the Performance Award is outstanding, in which case, such dividend equivalent rights shall accumulate and shall be paid in cash or Shares on the settlement date of the Performance Award, subject to the Participant's earning of the Shares underlying the Performance Awards with respect to which such dividend equivalents are paid upon achievement or satisfaction of performance conditions specified by the Committee. Shares delivered upon the vesting and settlement of a Performance Award may be evidenced in such manner as the Committee may deem appropriate, including book-entry registration. For the avoidance of doubt, unless otherwise determined by the Committee, no dividend equivalent rights shall be provided with respect to any Shares subject to Performance Awards that are not earned or otherwise do not vest or settle pursuant to their terms.

(e) The Committee may, in its discretion, increase or reduce the amount of a settlement otherwise to be made in connection with a Performance Award.

Section 11. *Other Cash-Based Awards and Other Stock-Based Awards.* The Committee is authorized, subject to limitations under applicable law, to grant Other Cash-Based Awards (either independently or as an

element of or supplement to any other Award under the Plan) and Other Stock-Based Awards. The Committee shall determine the terms and conditions of such Awards. Shares delivered pursuant to an Award in the nature of a purchase right granted under this Section 11 shall be purchased for such consideration, and paid for at such times, by such methods and in such forms, including cash, Shares, other Awards, other property, net settlement, broker-assisted cashless exercise or any combination thereof, as the Committee shall determine; *provided* that the purchase price therefor shall not be less than the Fair Market Value of such Shares on the date of grant of such right.

Section 12. *Effect of Termination of Service or a Change in Control on Awards*.

(a) The Committee may provide, by rule or regulation or in any applicable Award Agreement, or may determine in any individual case, the circumstances in which, and the extent to which, an Award may be exercised, settled, vested, paid or forfeited in the event of the Participant's Termination of Service prior to the end of a Performance Period or vesting, exercise or settlement of such Award.

(b) In the event of a Change in Control, the Committee may, in its sole discretion, and on such terms and conditions as it deems appropriate, take any one or more of the following actions with respect to any outstanding Award, which need not be uniform with respect to all Participants and/or Awards:

(i) continuation or assumption of such Award by the Company (if it is the surviving corporation) or by the successor or surviving corporation or its parent;

(ii) substitution or replacement of such Award by the successor or surviving corporation or its parent with cash, securities, rights or other property to be paid or issued, as the case may be, by the successor or surviving corporation (or a parent or subsidiary thereof), with substantially the same terms and value as such Award (including any applicable performance targets or criteria with respect thereto);

(iii) acceleration of the vesting of such Award and the lapse of any restrictions thereon and, in the case of an Option or SAR Award, acceleration of the right to exercise such Award during a specified period (and the termination of such Option or SAR Award without payment of any consideration therefor to the extent such Award is not timely exercised), in each case, upon (A) the Participant's involuntary Termination of Service (including upon a termination of the Participant's employment by the Company (or a successor corporation or its parent) without "cause" or by the Participant for "good reason", as such terms may be defined in the applicable Award Agreement and/or the Participant's employment agreement or offer letter, as the case may be) or (B) the failure of the successor or surviving corporation (or its parent) to continue or assume such Award;

(iv) in the case of a Performance Award, determination of the level of attainment of the applicable performance condition(s); and

(v) cancellation of such Award in consideration of a payment, with the form, amount and timing of such payment determined by the Committee in its sole discretion, subject to the following: (A) such payment shall be made in cash, securities, rights and/or other property; (B) the amount of such payment shall equal the value of such Award, as determined by the Committee in its sole discretion; *provided* that, in the case of an Option or SAR Award, if such value equals the Intrinsic Value of such Award, such value shall be deemed to be valid; *provided further* that, if the Intrinsic Value of an Option or SAR Award is equal to or less than zero, the Committee may, in its sole discretion, provide for the cancellation of such Award without payment of any consideration therefor (for the avoidance of doubt, in the event of a Change in Control, the Committee may, in its sole discretion, terminate any Option or SAR Awards for which the exercise or hurdle price is equal to or exceeds the per Share value of the consideration to be paid in the Change in Control transaction without payment of

consideration therefor); and (C) such payment shall be made promptly following such Change in Control or on a specified date or dates following such Change in Control; *provided* that the timing of such payment shall comply with Section 409A of the Code; and

(vi) cancellation of such Award without payment of any consideration therefor, to the extent such Award is not vested as of immediately prior to such Change in Control.

Notwithstanding the foregoing, in the event the Committee fails to take one or more of the actions described in this Section 12(b) (in addition to making any needed determinations with respect to Performance Awards) with respect to an outstanding Award and such Award will not otherwise be continued or assumed, substituted or replaced or cancelled in exchange for a payment on terms substantially consistent with those set forth in Section 12(b)(v) above, such Award will (x) accelerate in full, but with the level of attainment of any performance conditions determined by the Committee and any portion of such Award for which the performance conditions are not satisfied forfeited and (y) be cancelled in exchange for a payment on terms substantially consistent than those set forth in Section 12(b)(v) above.

Section 13. *General Provisions Applicable to Awards*.

(a) Awards shall be granted for such cash or other consideration (which may include services), as applicable, as the Committee determines; *provided* that in no event shall Awards be issued for less than such minimal consideration as may be required by applicable law.

(b) Awards may, in the discretion of the Committee, be granted either alone or in addition to or in tandem with any other Award or any award granted under any other plan of the Company. Awards granted in addition to or in tandem with other Awards, or in addition to or in tandem with awards granted under any other plan of the Company, may be granted either at the same time as or at a different time from the grant of such other Awards or awards.

(c) Subject to the terms of the Plan, payments or transfers to be made by the Company to a Participant upon the grant, exercise or settlement of an Award may be made in the form of cash, Shares, other Awards, other property, net settlement, or any combination thereof, as determined by the Committee in its discretion at the time of grant, and may be made in a single payment or transfer, in installments or on a deferred basis, in each case in accordance with rules and procedures established by the Committee. Such rules and procedures may include provisions for the payment or crediting of reasonable interest on installment or deferred payments or the grant or crediting of dividend equivalents in respect of installment or deferred payments.

(d) Except as may be permitted by the Committee or as specifically provided in an Award Agreement, (i) no Award and no right under any Award shall be assignable, alienable, saleable or transferable by a Participant other than by will or pursuant to Section 13(e) and (ii) during a Participant's lifetime, each Award, and each right under any Award, shall be exercisable (to the extent such Award is exercisable) only by such Participant or, if permissible under applicable law, by such Participant's guardian or legal representative. The provisions of this Section 13(d) shall not apply to any Award that has been fully exercised or settled, as the case may be, and shall not preclude forfeiture of an Award in accordance with the terms thereof.

(e) If permitted by the Committee, a Participant may designate a Beneficiary or change a previous Beneficiary designation only at such times as prescribed by the Committee, in its sole discretion, and only by using forms and following procedures approved or accepted by the Committee for that purpose.

(f) All certificates for Shares and/or other securities delivered under the Plan , in each case to the extent certificated, pursuant to any Award or the exercise thereof shall be subject to such stop transfer orders and other restrictions as the Committee may deem advisable under the Plan or the rules, regulations and other requirements of the SEC, any stock market or exchange upon which

such Shares or other securities are then quoted, traded or listed, and any applicable securities laws, and the Committee may cause a legend or legends to be put on any such certificates to make appropriate reference to such restrictions.

(g) The Committee may impose restrictions on any Award with respect to non-competition, non-solicitation, confidentiality and other restrictive covenants as it deems necessary or appropriate in its sole discretion, subject to and in accordance with applicable law.

Section 14. *Amendments and Terminations*.

(a) *Amendment or Termination of the Plan.* Except to the extent prohibited by applicable law and unless otherwise expressly provided in an Award Agreement or in the Plan, the Board may amend, alter, suspend, discontinue or terminate the Plan or any portion thereof at any time; *provided*, *however*, that no such amendment, alteration, suspension, discontinuation or termination shall be made without (i) shareholder approval if such approval is required by applicable law or the rules of the stock market or exchange, if any, on which the Shares are principally quoted or traded or (ii) subject to Section 5(c) and Section 12, the consent of the affected Participant, if such action would materially adversely affect the rights of such Participant under any outstanding Award, except (x) to the extent any such amendment, alteration, suspension, discontinuance or termination is made to cause the Plan to comply with applicable law, stock market or exchange rules and regulations or accounting or tax rules and regulations or (y) to impose any "clawback" or recoupment provisions on any Awards (including any amounts or benefits arising from such Awards) in accordance with Section 18. Notwithstanding anything to the contrary in the Plan, the Committee may amend the Plan, or create sub-plans, in such manner as may be necessary to enable the Plan to achieve its stated purposes in any jurisdiction in a tax-efficient manner and in compliance with local rules and regulations.

(b) *Dissolution or Liquidation.* In the event of the dissolution or liquidation of the Company, each Award shall terminate immediately prior to the consummation of such action, unless otherwise determined by the Committee.

(c) *Terms of Awards.* The Committee may waive any conditions or rights under, amend any terms of, or amend, alter, suspend, discontinue or terminate any Award theretofore granted, prospectively or retroactively, without the consent of any relevant Participant or holder or Beneficiary of an Award; *provided*, *however*, that, subject to Section 5(c) and Section 12, no such action shall materially adversely affect the rights of any affected Participant or holder or Beneficiary under any Award theretofore granted under the Plan, except (x) to the extent any such action is made to cause the Plan to comply with applicable law, stock market or exchange rules and regulations or accounting or tax rules and regulations (y) to impose any "clawback" or recoupment provisions on any Awards (including any amounts or benefits arising from such Awards) in accordance with Section 18 or (z) to the extent any such action is required to comply with Section 409A of the Code. The Committee shall be authorized to make adjustments in the terms and conditions of, and the criteria included in, Awards in recognition of events (including the events described in Section 5(c)) affecting the Company, or the financial statements of the Company, or of changes in applicable laws, regulations or accounting principles, whenever the Committee determines that such adjustments are appropriate in order to prevent dilution or enlargement of the benefits or potential benefits intended to be made available under the Plan.

Section 15. *Miscellaneous.*

(a) No Employee, Consultant, Director, Participant, or other Person shall have any claim to be granted any Award under the Plan, and there is no obligation for uniformity of treatment of employees, Participants or holders or Beneficiaries of Awards under the Plan. The terms and conditions of Awards need not be the same with respect to each recipient. Any Award granted

under the Plan shall be a one-time Award that does not constitute a promise of future grants. The Company, in its sole discretion, maintains the right to make available future grants under the Plan.

(b) The grant of an Award shall not be construed as giving a Participant the right to be retained in the employ of, or to continue to provide services to, the Company or any Subsidiary. Further, the Company or any applicable Subsidiary may at any time dismiss a Participant, free from any liability, or any claim under the Plan, unless otherwise expressly provided in the Plan or in any Award Agreement or in any other agreement binding on the parties. The receipt of any Award under the Plan is not intended to confer any rights on the receiving Participant except as set forth in the applicable Award Agreement.

(c) Nothing contained in the Plan shall prevent the Company from adopting or continuing in effect other or additional compensation arrangements, and such arrangements may be either generally applicable or applicable only in specific cases.

(d) The Committee may authorize the Company to withhold from any Award granted or any payment due or transfer made under any Award or under the Plan or from any compensation or other amount owing to the Participant the amount (in cash, Shares, other Awards, other property, net settlement, or any combination thereof) of applicable withholding taxes due in respect of an Award, its exercise or settlement or any payment or transfer under such Award or under the Plan and to take such other action (including providing for elective payment of such amounts in cash or Shares by such Participant) as may be necessary to satisfy all obligations for the payment of such taxes and, unless otherwise determined by the Committee in its discretion, to the extent such withholding would not result in liability classification of such Award (or any portion thereof) pursuant to FASB ASC Subtopic 718-10, which, for the avoidance of doubt, is intended to permit withholding up to the maximum statutory amount applicable to a Participant.

(e) If any provision of the Plan or any Award Agreement is or becomes or is deemed to be invalid, illegal or unenforceable in any jurisdiction, or as to any Person or Award, or would disqualify the Plan or any Award under any law deemed applicable by the Committee, such provision shall be construed or deemed amended to conform to applicable laws, or if it cannot be so construed or deemed amended without, in the determination of the Committee, materially altering the intent of the Plan or the Award Agreement, such provision shall be stricken as to such jurisdiction, Person or Award, and the remainder of the Plan and any such Award Agreement shall remain in full force and effect.

(f) Neither the Plan nor any Award shall create or be construed to create a trust or separate fund of any kind or a fiduciary relationship between the Company and a Participant or any other Person. To the extent that any Person acquires a right to receive payments from the Company pursuant to an Award, such right shall be no greater than the right of any unsecured general creditor of the Company.

(g) No fractional Shares shall be issued or delivered pursuant to the Plan or any Award, and the Committee shall determine whether cash or other securities shall be paid or transferred in lieu of any fractional Shares, or whether such fractional Shares or any rights thereto shall be canceled, terminated or otherwise eliminated.

(h) Awards may be granted to Participants who are non-United States nationals or employed or providing services outside the United States, or both, on such terms and conditions different from those applicable to Awards to Participants who are employed or providing services in the United States as may, in the judgment of the Committee, be necessary or desirable to recognize differences in local law, tax policy or custom. The Committee also may impose conditions on the exercise or vesting of Awards in order to minimize the Company's obligation with respect to tax equalization for Participants on assignments outside their home country.

Section 16. *Effective Date of the Plan.* The Plan was approved by the Board on [__], 2022. The Plan shall become effective as of the Effective Date, subject to its approval by the shareholders of the Company prior to the Effective Date. If the Plan is not approved by the shareholders of the Company or if the Merger Agreement is terminated prior to the consummation of the transactions contemplated thereby, the Plan will not become effective.

Section 17. *Term of the Plan.* No Award shall be granted under the Plan after the earliest to occur of (i) the 10-year anniversary of the Effective Date; (ii) the maximum number of Shares available for issuance under the Plan have been issued; or (iii) the Board terminates the Plan in accordance with Section 14(a). However, unless otherwise expressly provided in the Plan or in an applicable Award Agreement, any Award theretofore granted may extend beyond such date, and the authority of the Committee to amend, alter, adjust, suspend, discontinue or terminate any such Award, or to waive any conditions or rights under any such Award, and the authority of the Board to amend the Plan, shall extend beyond such date.

Section 18. *Cancellation or "Clawback" of Awards.* The Committee shall have full authority to implement any policies and procedures necessary to comply with Section 10D of the Exchange Act and any rules promulgated thereunder and any other regulatory regimes. Notwithstanding anything to the contrary contained herein, any Awards granted under the Plan (including any amounts or benefits arising from such Awards) shall be subject to any clawback or recoupment arrangements or policies the Company has in place from time to time, and the Committee may, to the extent permitted by applicable law and stock exchange rules or by any applicable Company policy or arrangement, and shall, to the extent required, cancel or require reimbursement of any Awards granted to the Participant or any Shares issued or cash received upon vesting, exercise or settlement of any such Awards or sale of Shares underlying such Awards.

Section 19. *Section 409A of the Code.* With respect to Awards subject to Section 409A of the Code, the Plan is intended to comply with the requirements of Section 409A of the Code, and the provisions of the Plan and any Award Agreement shall be interpreted in a manner that satisfies the requirements of Section 409A of the Code, and the Plan shall be operated accordingly. If any provision of the Plan or any term or condition of any Award would otherwise frustrate or conflict with this intent, the provision, term or condition shall be interpreted and deemed amended so as to avoid this conflict. Notwithstanding anything in the Plan to the contrary, if the Board considers a Participant to be a "specified employee" under Section 409A of the Code at the time of such Participant's "separation from service" (as defined in Section 409A of the Code), and any amount hereunder is "deferred compensation" subject to Section 409A of the Code, any distribution of such amount that otherwise would be made to such Participant with respect to an Award as a result of such "separation from service" shall not be made until the date that is six months after such "separation from service," except to the extent that earlier distribution would not result in such Participant's incurring interest or additional tax under Section 409A of the Code. If an Award includes a "series of installment payments" (within the meaning of Section 1.409A -2(b)(2)(iii) of the Treasury Regulations), the Participant's right to such series of installment payments shall be treated as a right to a series of separate payments and not as a right to a single payment, and if an Award includes "dividend equivalents" (within the meaning of Section 1.409A -3(e) of the Treasury Regulations), the Participant's right to such dividend equivalents shall be treated separately from the right to other amounts under the Award. Notwithstanding the foregoing, the tax treatment of the benefits provided under the Plan or any Award Agreement is not warranted or guaranteed, and in no event shall the Company be liable for all or any portion of any taxes, penalties, interest or other expenses that may be incurred by any Participant on account of non-compliance with Section 409A of the Code.

Section 20. *Successors and Assigns.* The terms of the Plan shall be binding upon and inure to the benefit of the Company and any successor entity, including any successor entity contemplated by Section 12(b).

Section 21. *Data Protection.* By participating in the Plan, the Participant consents to the holding and processing of personal information provided by the Participant to the Company or any of its Affiliates, trustee or third party service provider, for all purposes relating to the operation of the Plan. These include:

(a) administering and maintaining Participant records;

(b) providing information to the Company, any Subsidiary, trustees of any employee benefit trust, registrars, brokers or third party administrators of the Plan;

(c) providing information to future purchasers or merger partners of the Company or any of its Affiliates, or the business in which the Participant works; and

(d) transferring information about the Participant to any country or territory that may not provide the same protection for the information as the Participant's home country.

Section 22. *Governing Law.* The Plan and each Award Agreement shall be governed by the laws of the State of Delaware, without application of the conflicts of law principles thereof.

Section 5. *Offering Periods*. The Plan shall be implemented by a series of Offering Periods, each of which shall be [six (6) months] in duration, with new Offering Periods commencing [on or about February 1 and August 1] of each year. Section 6. *Participation*.

(a) Enrollment; Payroll Deductions. An Eligible Employee may elect to participate in the Plan by properly completing an Enrollment Form, which may be electronic, and submitting it to the Company, in accordance with the enrollment procedures established by the Committee. Participation in the Plan is entirely voluntary. By submitting an Enrollment Form, the Eligible Employee authorizes payroll deductions from their paycheck in an amount equal to a percentage (of at least one percent (1%)) of their Compensation on each payday occurring during an Offering Period. Unless expressly permitted by the Committee, a Participant may not make any separate contributions or payments to the Plan.

(b) Election Changes. During an Offering Period, a Participant may decrease (but not increase) their rate of payroll deductions applicable to such Offering Period only once. To make such a change, the Participant must submit a new Enrollment Form authorizing the new rate of payroll deductions at least fifteen (15) days before the Purchase Date. A Participant may decrease or increase their rate of payroll deductions for future Offering Periods by submitting a new Enrollment Form authorizing the new rate of payroll deductions at least fifteen days before the start of the next Offering Period.

(c) Automatic Re-enrollment. The deduction rate selected in the Enrollment Form shall remain in effect for subsequent Offering Periods unless the Participant (i) submits a new Enrollment Form authorizing a new level of payroll deductions in accordance with Section 6(b), (ii) withdraws from the Plan in accordance with Section 10, or (iii) terminates employment or otherwise becomes ineligible to participate in the Plan.

Section 7. *Grant of Option*. On each Offering Date, each Participant in the applicable Offering Period shall be granted an option to purchase, on the Purchase Date, a number of Shares determined by dividing the Participant's accumulated payroll deductions by the applicable Purchase Price; *provided*, that the maximum number of Shares that may be purchased by all Participants during an Offering Period shall not exceed [_____] Shares (subject to adjustment in accordance with Section 17 and the limitations set forth in Section 4 and Section 13 of the Plan) (the "**Offering Period Limit**").

Section 8. *Exercise of Option/Purchase of Shares*. A Participant's option to purchase Shares will be exercised automatically on the Purchase Date of each Offering Period. The Participant's accumulated payroll deductions will be used to purchase the maximum number of whole Shares that can be purchased with the amounts in the Participant's notional account, subject to the Offering Period Limit and the limitations set forth in Section 4 and Section 13 of the Plan. No fractional Shares may be purchased, and any contributions unused in a given Offering Period due to being less than the cost of a Share will be returned to the Participant as soon as administratively practicable after the Purchase Date, subject to earlier withdrawal by the Participant in accordance with Section 10 or termination of employment or change in employment status in accordance with Section 11. During a Participant's lifetime, the Participant's option to purchase Shares under the Plan is exercisable only by the Participant.

Section 9. *Transfer of Shares*. As soon as administratively practicable, but in no event later than thirty (30) days, after each Purchase Date, the Company will arrange for the delivery to each Participant of the Shares purchased upon exercise of the Participant's option. The Committee may permit or require that the Shares be

deposited directly into an ESPP Share Account established in the name of the Participant with a Designated Broker and may require that the Shares be retained with such Designated Broker for a specified period of time. Participants will not have any voting, dividend or other rights of a shareholder with respect to the Shares subject to any option granted under the Plan until such Shares have been delivered pursuant to this Section 9. No adjustments shall be made for dividends (ordinary or extraordinary, whether in cash securities, or other property) or distribution or other rights for which the record date occurs prior to the date of such issuance, except as otherwise expressly provided herein or as determined by the Committee.

Section 10. *Withdrawal*.

(a) Withdrawal Procedure. A Participant may withdraw from an Offering by submitting to the Company a revised Enrollment Form indicating their election to withdraw at least fifteen (15) days before the Purchase Date. The accumulated payroll deductions held on behalf of a Participant in their notional account (that have not been used to purchase Shares) shall be paid to the Participant promptly following receipt of the Participant's Enrollment Form indicating their election to withdraw and the Participant's option shall be automatically terminated. If a Participant withdraws from an Offering Period, no payroll deductions will be made during any succeeding Offering Period, unless the Participant re-enrolls in accordance with Section 6(a) of the Plan.

(b) Effect on Succeeding Offering Periods. A Participant's election to withdraw from an Offering Period will not have any effect upon the Participant's eligibility to participate in succeeding Offering Periods that commence following the completion of the Offering Period from which the Participant withdraws.

Section 11. *Termination of Employment; Change in Employment Status*. Notwithstanding Section 10, upon termination of a Participant's employment for any reason prior to the Purchase Date, including death, disability or retirement, or a change in the Participant's employment status following which the Participant is no longer an Eligible Employee, the Participant will be deemed to have withdrawn from an Offering in accordance with Section 10 and the payroll deductions in the Participant's notional account (that have not been used to purchase Shares) shall be returned to the Participant, or in the case of the Participant's death, to the person(s) entitled to such amounts by will or the laws of descent and distribution, and the Participant's option shall be automatically terminated.

Section 12. *Interest*. No interest shall accrue on or be payable with respect to the payroll deductions of a Participant in the Plan.

Section 13. *Shares Reserved for Plan*.

(a) Number of Shares. The maximum number of Shares available for issuance under the Plan shall not exceed in the aggregate 1%[1] Shares, subject to adjustment as provided in Section 17. The Shares may be newly issued Shares, treasury Shares or Shares acquired on the open market. The total number of Shares available for purchase under the Plan shall be increased on the first day of each Company fiscal year following the Effective Date in an amount equal to the lesser of (i) 1% of outstanding Company Capital Stock on the last Business Day of the immediately preceding fiscal year and (ii) such number of Shares as determined by the Board in its discretion; provided that the maximum number of Shares that may be issued under the Plan in any event shall be [_____] Shares (subject to any adjustment in accordance with Section 17). If any purchase of Shares pursuant to an option under the Plan is not consummated, the Shares not purchased under such option will again become available for issuance under the Plan.

[1] Note to Draft: Insert number equal to 1% of the fully diluted shares of Capital Stock of the Company as of the Closing.

(b) Over-subscribed Offerings. If the Committee determines that, on a particular Purchase Date, the number of Shares with respect to which options are to be exercised exceeds either the number of Shares then available under the Plan or the Offering Period Limit, the Company shall make a pro rata allocation of the Shares remaining available for purchase in as uniform a manner as practicable and as the Committee determines to be equitable. No option granted under the Plan shall permit a Participant to purchase Shares which, if added together with the total number of Shares purchased by all other Participants in such Offering would exceed either the total number of Shares remaining available under the Plan or the Offering Period Limit.

Section 14. *Transferability*. No payroll deductions credited to a Participant, nor any rights with respect to the exercise of an option or any rights to receive Shares hereunder may be assigned, transferred, pledged or otherwise disposed of in any way (other than by will or the laws of descent and distribution, or as provided in Section 17) by the Participant. Any attempt to assign, transfer, pledge or otherwise dispose of such rights or amounts shall be without effect.

Section 15. *Application of Funds*. All payroll deductions received or held by the Company under the Plan may be used by the Company for any corporate purpose to the extent permitted by applicable law, and the Company shall not be required to segregate such payroll deductions or contributions.

Section 16. *Statements*. Participants will be provided with statements at least annually which shall set forth the contributions made by the Participant to the Plan, the Purchase Price of any Shares purchased with accumulated funds, the number of Shares purchased, and any payroll deduction amounts remaining in the Participant's notional account.

Section 17. *Designation of Beneficiary*. If permitted by the Committee, a Participant may file, on forms supplied by the Committee, a written designation of beneficiary who, in the event of the Participant's death, is to receive any Shares from the Participant's ESPP Share Account or any payroll deduction amounts remaining in the Participant's notional account.

Section 18. *Adjustments Upon Changes in Capitalization; Dissolution or Liquidation; Corporate Transactions*.

(a) Adjustments. In the event that any dividend or other distribution (whether in the form of cash, Shares, or other property), recapitalization, stock split, reverse stock split, reorganization, merger, consolidation, split-up, spin-off, combination, repurchase, or exchange of Shares or other securities of the Company, or other change in the Company's structure affecting the Shares occurs, then in order to prevent dilution or enlargement of the benefits or potential benefits intended to be made available under the Plan, the Committee will, in such manner as it deems equitable, adjust the number of Shares and class of Shares that may be delivered under the Plan, the Purchase Price per Share and the number of Shares covered by each outstanding option under the Plan, and the numerical limits of Section 7 and Section 13.

(b) Dissolution or Liquidation. Unless otherwise determined by the Committee, in the event of a proposed dissolution or liquidation of the Company, any Offering Period then in progress will be shortened by setting a new Purchase Date and the Offering Period will end immediately prior to the proposed dissolution or liquidation. The new Purchase Date will be before the date of the Company's proposed dissolution or liquidation. Before the new Purchase Date, the Committee will provide each Participant with written notice, which may be electronic, of the new Purchase Date and that the Participant's option will be exercised automatically on such date, unless before such time, the Participant has withdrawn from the Offering in accordance with Section 10 (or deemed to have withdrawn in accordance with Section 11).

(c) Corporate Transaction. In the event of a Corporate Transaction, each outstanding option will be assumed or an equivalent option substituted by the successor corporation or a parent or Subsidiary

of such successor corporation. If the successor corporation refuses to assume or substitute the option, the Offering Period with respect to which the option relates will be shortened by setting a new Purchase Date on which the Offering Period will end. The new Purchase Date will occur before the date of the Corporate Transaction. Prior to the new Purchase Date, the Committee will provide each Participant with written notice, which may be electronic, of the new Purchase Date and that the Participant's option will be exercised automatically on such date, unless before such date, the Participant has withdrawn (or, pursuant to Section 11, been deemed to have withdrawn) from the Offering in accordance with Section 10. Notwithstanding the foregoing, in the event of a Corporate Transaction, the Committee may also elect to terminate all outstanding Offering Periods in accordance with Section 19(i).

Section 19. *General Provisions*.

(a) Equal Rights and Privileges. Notwithstanding any provision of the Plan to the contrary and in accordance with Section 423 of the Code, all Eligible Employees who are granted options under the Plan shall have the same rights and privileges.

(b) No Right to Continued Service. Neither the Plan nor any compensation paid hereunder will confer on any Participant the right to continue as an Employee or in any other capacity.

(c) Rights as Shareholder. A Participant will become a shareholder with respect to the Shares that are purchased pursuant to options granted under the Plan when the Shares are transferred to the Participant or, if applicable, to the Participant's ESPP Share Account. A Participant will have no rights as a shareholder with respect to Shares for which an election to participate in an Offering Period has been made until such Participant becomes a shareholder as provided herein.

(d) Successors and Assigns. The Plan shall be binding on the Company and its successors and assigns.

(e) Entire Plan. This Plan, together with any Enrollment Forms or offering documents, constitutes the entire plan with respect to the subject matter hereof and supersedes all prior plans with respect to the subject matter hereof.

(f) Compliance with Law. The obligations of the Company with respect to payments under the Plan are subject to compliance with all applicable laws and regulations. Shares shall not be issued with respect to an option granted under the Plan unless the exercise of such option and the issuance and delivery of the Shares pursuant thereto shall comply with all applicable provisions of law, including, without limitation, the Securities Act, the Exchange Act, and the requirements of any stock exchange upon which the Shares may then be listed.

(g) Disqualifying Dispositions. Each Participant shall give the Company prompt written notice of any disposition or other transfer of Shares acquired pursuant to the exercise of an option acquired under the Plan, if such disposition or transfer is made within two years after the Offering Date or within one year after the Purchase Date.

(h) Term of Plan. The Plan shall become effective on the Effective Date and, unless terminated earlier pursuant to Section 19(i), shall have a term of ten years.

(i) Amendment or Termination. The Committee may, in its sole discretion, amend, suspend or terminate the Plan at any time and for any reason; provided, however, that approval of the Company's stockholders shall be required to amend the Plan to: (a) increase the aggregate number, or change the type, of Shares that may be sold pursuant to rights under the Plan (other than an adjustment as provided by Section 18); (b) change the Plan in any manner that would be considered the adoption of a new plan within the meaning of Treasury Regulation Section 1.423 -2(c)(4); or (c) subject to the first sentence of Section 3(a), change the Plan in any manner that would cause the Plan to no longer be an "employee stock purchase plan" within the meaning of Section 423(b) of the Code. If the Plan is terminated, the Committee may elect to terminate all

outstanding Offering Periods either immediately or once Shares have been purchased on the next Purchase Date or permit Offering Periods to expire in accordance with their terms (and subject to any adjustment in accordance with Section 18). If any Offering Period is terminated before its scheduled expiration, all amounts that have not been used to purchase Shares will be returned to Participants (without interest, except as otherwise required by law) as soon as administratively practicable.

(j) Applicable Law. The laws of the State of Delaware shall govern all questions concerning the construction, validity and interpretation of the Plan, without regard to such state's conflict of law rules.

(k) Shareholder Approval. The Plan shall be subject to approval by the shareholders of the Company within twelve (12) months before or after the date the Plan is adopted by the Board.

(l) Section 423. The Plan is intended to qualify as an "employee stock purchase plan" under Section 423 of the Code, and subject to the first sentence of Section 3(a), any provision of the Plan that is inconsistent with Section 423 of the Code shall be reformed to comply with Section 423 of the Code.

(m) Withholding. To the extent required by applicable Federal, state or local law, a Participant must make arrangements satisfactory to the Company for the payment of any withholding or similar tax obligations that arise in connection with the Plan. At any time, the Company or any Subsidiary may, but will not be obligated to, withhold from a Participant's compensation the amount necessary for the Company or any Subsidiary to meet applicable withholding obligations, including any withholding required to make available to the Company or any Subsidiary any tax deductions or benefits attributable to the sale or early disposition of Shares by such Participant. In addition, the Company or any Subsidiary may, but will not be obligated to, withhold from the proceeds of the sale of Shares or any other method of withholding that the Company or any Subsidiary deems appropriate to the extent permitted by, where applicable, Treasury Regulation Section 1.423 -2(f). The Company will not be required to issue any Shares under the Plan until such obligations are satisfied.

(n) Severability. If any provision of the Plan shall for any reason be held to be invalid or unenforceable, such invalidity or unenforceability shall not affect any other provision hereof, and the Plan shall be construed as if such invalid or unenforceable provision were omitted.

(o) Headings. The headings of sections herein are included solely for convenience and shall not affect the meaning of any of the provisions of the Plan.

(p) Participating Subsidiaries. This Plan shall constitute the Employee Stock Purchase Plan of the Company and each Participating Subsidiary. A Participating Subsidiary may withdraw from the Plan as of any Offering Date by giving written notice to the Board, which notice must be received by at least thirty (30) days prior to such Offering Date.

Pursuant to that certain Agreement and Plan of Merger (the "Agreement") by and among Jack Creek Investment Corp. (c) Wildfire Merger Sub III will merge with and into the Company whereby the Company will be the surviving entity of the merger (the "Third Merger", and together with the First Merger and Second Merger, the "Transactions") and will become a subsidiary of New PubCo following the Third Merger.

JCIC has supplied us with a description of the Transaction and copies of relevant Transaction Documents.

The Board of Directors of JCIC ("you" or the "Board of Directors") has asked us to render an opinion (the "Opinion") as to (i) the fairness of the Transactions to JCIC from a financial point of view and (ii) whether the

Company has a fair market value equal to at least eighty percent (80%) of the balance of funds in JCIC's Trust Account (excluding deferred underwriting commissions and taxes payable).

This Opinion is furnished solely to be utilized by the Board of Directors as only one input to consider in its process of analyzing the Transactions, and it does not constitute a recommendation to any member of the Board of Directors, any shareholder of JCIC or any other person as to how such person should vote or act with respect to the Transactions. This Opinion is delivered to the Board of Directors subject to the conditions, scope of engagement, limitations and understanding set forth in this Opinion, and subject to the understanding that the obligations of Vantage Point Advisors, Inc. ("Vantage Point") in the Transactions are solely corporate obligations. We assume no responsibility for the acceptability of the valuation approaches used in this Opinion as legal evidence in any particular court or jurisdiction. Furthermore, no officer, director, employee or shareholder of Vantage Point shall be subjected to any personal liability whatsoever to any person, nor will any such claim be asserted by or on behalf of JCIC, the Board of Directors or the respective affiliates of JCIC or the Board of Directors.

We have not been asked to opine on, and this Opinion does not express any views on, (i) any other terms of the Transactions, (ii) JCIC's underlying business decision to effect the Transactions, (iii) the basic business decision to proceed with or effect the Transactions, (iv) the merits of the Transactions relative to any alternative transaction or business strategy that may be available to JCIC, (v) the amount or nature of the compensation to any officer, director or employee or any class of such persons, relative to the compensation to be received by the holders of any class of securities, creditors or other constituencies of JCIC or the Company in the Transactions, or relative to or in comparison with the consideration payable in connection with the Transactions, (vi) the fairness of the Transactions to any particular group or class of securities (other than the equity securities of JCIC which shall be acquired upon the consummation of the Transactions), creditors, or other constituencies of JCIC, (vii) the solvency, creditworthiness or fair value of the Company or any other participant in the Transactions under any applicable laws relating to bankruptcy, insolvency or similar matters, (viii) the procedural fairness of the Transaction or other possible measures of fairness or (ix) the independent fair value of the Company (except as expressly set forth below in this Opinion) or the fairness of such valuation to JCIC or JCIC's shareholders (independent from the Transactions), taken as a whole.

In the course of our analyses for rendering this Opinion, we have made such reviews, analyses, and inquiries as we have deemed necessary and appropriate under the circumstances, including, without limitation:

1) Reviewing documents and sources of information as we deemed appropriate, including the Transaction Documents and the Company's financial statements;

2) Reviewing certain operating and financial information, including projections, provided to us by management of the Company and JCIC relating to the Company's business prospects;

3) We met or otherwise communicated electronically with certain members of JCIC and the Company's senior and operating management and other advisors to discuss the Company's operations, historical financial results, future prospects and projected operations and performance;

4) We evaluated the stock price history and reported events of JCIC and the Company;

5) We considered publicly available data and stock market performance data of public companies we deem comparable to the Company; and

6) We conducted such other studies, analyses, inquiries and investigations as we deemed appropriate.

In the course of our investigation, we have assumed and relied upon the accuracy and completeness of the information provided to us by JCIC and the Company and we have further relied upon the assurances of management that they were unaware of any facts that would make the information provided to us incomplete or misleading. We have not assumed any responsibility for independent verification of such information or assurances.

In arriving at our opinion, we have not performed any independent appraisal, or physical inspection, of the assets of the Company. Our analysis does not constitute an examination, review of, or compilation of prospective financial statements in accordance with standards established by the American Institute of Certified Public Accountants ("AICPA"). We do not express an opinion or any other form of assurance on the reasonableness of the underlying assumptions or whether any of the prospective financial statements, if used, are presented in conformity with AICPA presentation guidelines. Further, there will usually be differences between prospective and actual results because events and circumstances frequently do not occur as expected and those differences may be material. We have also assumed that neither JCIC nor the Company is currently involved in any material transactions other than the Transactions and those activities undertaken in the ordinary course of conducting their respective businesses.

Our Opinion is predicated on our assumption that the final executed form of the Agreement will not differ in any material respect from the draft of the Agreement dated August 1, 2022 we have examined, that the conditions to the Transactions as set forth in the Agreement will be satisfied, and that the Transactions will be consummated on a timely basis in the manner contemplated by the Agreement. We have further assumed that all other Transaction Documents referred to in this letter will be executed with no material changes from the most recent drafts supplied to, and reviewed by, Vantage Point. If any of the representations within that certain management representation letter, dated as of the date hereof, are inaccurate in any respect, we reserve the right to withdraw, revise or modify our Opinion if such inaccuracy, in our judgment, materially changes the assumptions upon which our Opinion is based.

Our Opinion is necessarily based on business, economic, market, and other conditions as they exist and can be evaluated by us at the date of this letter. It should be noted that although subsequent developments may affect this Opinion, we do not have any obligation to update, revise, or reaffirm our Opinion.

We acknowledge and agree that this Opinion and a summary thereof may be filed with or included in or with any proxy or information statement required to be filed by JCIC with the Securities and Exchange Commission and delivered to the holders of securities in connection with the Transactions. However, no reference to this Opinion

in the proxy or information statement may be made without our written consent and further subject to Vantage Point's approval of the language that references this Opinion, which consent shall not be unreasonably withheld, conditioned or delayed.

On the basis of the foregoing, it is our opinion that (i) the Transactions are fair, from a financial point of view, to JCIC and (ii) the Company has a fair market value equal to at least eighty percent (80%) of the balance of funds in JCIC's Trust Account (excluding deferred underwriting commissions and taxes payable).

Very truly yours,

Vantage Point Advisors, Inc.

PART II

INFORMATION NOT REQUIRED IN PROSPECTUS

Item 20. Indemnification of Directors and Officers.

New Bridger is a Delaware corporation. Section 145 of the DGCL provides, in general, that a corporation may indemnify any person who was or is a party (or is threatened to be made a party) to any threatened, pending or completed action, suit or proceeding, whether civil, criminal, administrative or investigative (other than an action by or in the right of the corporation), because he or she is or was a director, officer, employee or agent of the corporation, or is or was serving at the request of the corporation as a director, officer, employee or agent of another corporation, partnership, joint venture or other enterprise, against expenses (including attorneys' fees), judgments, fines and amounts paid in settlement actually and reasonably incurred by such person in connection with such action, suit or proceeding, if he or she acted in good faith and in a manner he or she reasonably believed to be in or not opposed to the best interests of the corporation and, with respect to any criminal action or proceeding, had no reasonable cause to believe his or her conduct was unlawful. A Delaware corporation may also indemnify directors, officers, employees and other agents of such corporation in an action by or in the right of the corporation under the same conditions, except that no indemnification is permitted without judicial approval if the person to be indemnified has been adjudged to be liable to the corporation. The DGCL provides that Section 145 of the DGCL is not exclusive of other rights to which those seeking indemnification may be entitled under any bylaw, agreement, vote of stockholders or disinterested directors or otherwise.

New Bridger's Bylaws contain provisions that require it to indemnify any person who was or is made or is threatened to be made a party or is otherwise involved in any action, suit or proceeding, whether civil, criminal, administrative or investigative, by reason of the fact that such person, or a person for whom such person is the legal representative, is or was a director or officer of New Bridger or, while a director or officer of New Bridger, is or was serving at the request of New Bridger as a director, officer, employee or agent of another corporation or of a partnership, joint venture, limited liability company, trust, enterprise or nonprofit entity, including service with respect to employee benefit plans, against all liability and loss suffered and expenses (including attorneys' fees) reasonably incurred by such person, to the fullest extent permitted by the DGCL, as it may be amended from time to time.

In addition, the New Bridger Certificate of Incorporation (as will be in effect upon the consummation of the Business Combination) contains provisions requiring New Bridger to indemnify and advance expenses to any director incurred in defending or otherwise participating in any proceeding in advance of its final disposition, provided that such director presents to New Bridger a written undertaking to repay such amount if it shall ultimately be determined that such director is not entitled to be indemnified by New Bridger.

As permitted by Section 102(b)(7) of the DGCL, New Bridger's Certificate of Incorporation (as will be in effect upon completion of the Business Combination) contains provisions eliminating the personal liability of directors to New Bridger or its stockholders for monetary damages for breach of fiduciary duty as a director to the fullest extent permitted under the DGCL.

New Bridger expects to maintain standard policies of insurance under which coverage is provided (a) to its directors and officers against losses arising from claims made by reason of breach of duty or other wrongful act by such persons in their respective capacities as officers and directors New Bridger, and (b) to New Bridger with respect to payments which may be made by the registrant to such officers and directors pursuant to the above indemnification provision or otherwise as a matter of law.

Item 22. Undertakings.

1. New Bridger hereby undertakes:

To file, during any period in which offers or sales are being made, a post-effective amendment to this Registration Statement:

To include any prospectus required by section 10(a)(3) of the Securities Act of 1933;

To reflect in the prospectus any facts or events arising after the effective date of this Registration Statement (or the most recent post-effective amendment thereof) which, individually or in the aggregate, represent a fundamental change in the information set forth in this Registration Statement. Notwithstanding the foregoing, any increase or decrease in volume of securities offered (if the total dollar value of securities offered would not exceed that which was registered) and any deviation from the low or high end of the estimated maximum offering range may be reflected in the form of prospectus filed with the Commission pursuant to Rule 424(b) if, in the aggregate, the changes in volume and price represent no more than 20% change in the maximum aggregate offering price set forth in the "Calculation of Registration Fee" table in the effective registration statement;

To include any material information with respect to the plan of distribution not previously disclosed in this Registration Statement or any material change to such information in this Registration Statement; and

That, for the purpose of determining any liability under the Securities Act of 1933, each such post- effective amendment that contains a form of prospectus will be deemed to be a new registration statement relating to the securities offered therein, and the offering of such securities at that time will be deemed to be the initial bona fide offering thereof.

To remove from registration by means of a post-effective amendment any of the securities being registered which remain unsold at the termination of the offering.

That, for the purpose of determining liability under the Securities Act of 1933 to any purchaser, each prospectus filed pursuant to Rule 424(b) as part of a registration statement relating to an offering, other than registration statements relying on Rule 430B or other than prospectuses filed in reliance on Rule 430A, will be deemed to be part of and included in the registration statement as of the date it is first used after effectiveness. Provided, however, that no statement made in a registration statement or prospectus that is part of the registration statement or made in a document incorporated or deemed incorporated by reference into the registration statement or prospectus that is part of the registration statement will, as to a purchaser with a time of contract of sale prior to such first use, supersede or modify any statement that was made in the registration statement or prospectus that was part of the registration statement or made in any such document immediately prior to such date of first use.

That, for the purpose of determining liability of JCIC under the Securities Act of 1933 to any purchaser in the initial distribution of the securities, the undersigned registrant undertakes that in a primary offering of securities of the undersigned registrant pursuant to this registration statement, regardless of the underwriting method used to sell the securities to the purchaser, if the securities are offered or sold to such purchaser by means of any of the following communications, the undersigned registrant will be a seller to the purchaser and will be considered to offer or sell such securities to such purchaser:

Any preliminary prospectus or prospectus of the undersigned registrant relating to the offering required to be filed pursuant to Rule 424;

Any free writing prospectus relating to the offering prepared by or on behalf of the undersigned registrant or used or referred to by the undersigned registrant;

The portion of any other free writing prospectus relating to the offering containing material information about the undersigned registrant or its securities provided by or on behalf of the undersigned registrant; and

Any other communication that is an offer in the offering made by the undersigned registrant to the purchaser.

2. Insofar as indemnification for liabilities arising under the Securities Act of 1933 may be permitted to directors, officers and controlling persons of New Bridger pursuant to the foregoing provisions, or otherwise, New Bridger has been advised that in the opinion of the SEC such indemnification is against public policy as expressed in the Securities Act of 1933 and is, therefore, unenforceable. In the event that a claim for indemnification against such liabilities (other than the payment by New Bridger of expenses incurred or paid by a director, officer or controlling person of New Bridger in the successful defense of any action, suit or proceeding) is asserted by such director, officer or controlling person in connection with the securities being registered, New Bridger will, unless in the opinion of its counsel the matter has been settled by controlling precedent, submit to a court of appropriate jurisdiction the question whether such indemnification by them is against public policy as expressed in the Securities Act of 1933 and will be governed by the final adjudication of such issue.

3. The undersigned registrant hereby undertakes as follows: that prior to any public reoffering of the securities registered hereunder through use of a prospectus which is a part of this registration statement, by any person or party who is deemed to be an underwriter within the meaning of Rule 145(c), the issuer undertakes that such reoffering prospectus will contain the information called for by the applicable registration form with respect to reofferings by persons who may be deemed underwriters, in addition to the information called for by the other items of the applicable form.

4. The registrant undertakes that every prospectus: (1) that is filed pursuant to the immediately preceding paragraph, or (2) that purports to meet the requirements of Section 10(a)(3) of the Act and is used in connection with an offering of securities subject to Rule 415, will be filed as a part of an amendment to the registration statement and will not be used until such amendment is effective, and that, for purposes of

determining any liability under the Securities Act of 1933, each such post-effective amendment will be deemed to be a new registration statement relating to the securities offered therein, and the offering of such securities at that time will be deemed to be the initial bona fide offering thereof.

5. New Bridger hereby undertakes to respond to requests for information that is incorporated by reference into the prospectus pursuant to Items 4, 10(b), 11, or 13 of this Form S-4, within one business day of receipt of such request, and to send the incorporated documents by first class mail or other equally prompt means. This includes information contained in documents filed subsequent to the effective date of the Registration Statement through the date of responding to the request.

6. New Bridger hereby undertakes to supply by means of a post-effective amendment all information concerning a transaction, and the company being acquired involved therein, that was not the subject of and included in the Registration Statement when it became effective.

TENTH: The following indemnification provisions shall apply to the persons enumerated below.

1. Right to Indemnification of Directors and Officers. The Corporation shall indemnify and hold harmless, to the fullest extent permitted by applicable law as it presently exists or may hereafter be amended, any person (an "Indemnified Person") who was or is made or is threatened to be made a party or is otherwise involved in any action, suit or proceeding, whether civil, criminal, administrative or investigative (a "Proceeding"), by reason of the fact that such person, or a person for whom such person is the legal representative, is or was a director or officer of the Corporation or, while a director or officer of the Corporation, is or was serving at the request of the Corporation as a director, officer, employee or agent of another corporation or of a partnership, joint venture, limited liability company, trust, enterprise or nonprofit entity, including service with respect to employee benefit plans, against all liability and loss suffered and expenses (including attorneys' fees) reasonably incurred by such Indemnified Person in such Proceeding. Notwithstanding the preceding sentence, except as otherwise provided in Section 3 of this Article Tenth, the Corporation shall be required to indemnify an Indemnified Person in connection with a Proceeding (or part thereof) commenced by such Indemnified Person only if the commencement of such Proceeding (or part thereof) by the Indemnified Person was authorized in advance by the Board of Directors.

2. Prepayment of Expenses of Directors and Officers. The Corporation shall pay the expenses (including attorneys' fees) incurred by an Indemnified Person in defending any Proceeding in advance of its final disposition, provided, however, that, to the extent required by law, such payment of expenses in advance of the final disposition of the Proceeding shall be made only upon receipt of an undertaking by the Indemnified Person to repay all amounts advanced if it should be ultimately determined that the Indemnified Person is not entitled to be indemnified under this Article Tenth or otherwise.

3. Claims by Directors and Officers. If a claim for indemnification or advancement of expenses under this Article Tenth is not paid in full within 30 days after a written claim therefor by the Indemnified Person has been received by the Corporation, the Indemnified Person may file suit to recover the unpaid amount of such claim and, if successful in

whole or in part, shall be entitled to be paid the expense of prosecuting such claim. In any such action the Corporation shall have the burden of proving that the Indemnified Person is not entitled to the requested indemnification or advancement of expenses under applicable law.

4. Indemnification of Employees and Agents. The Corporation may indemnify and advance expenses to any person who was or is made or is threatened to be made or is otherwise involved in any Proceeding by reason of the fact that such person, or a person for whom such person is the legal representative, is or was an employee or agent of the Corporation or, while an employee or agent of the Corporation, is or was serving at the request of the Corporation as a director, officer, employee or agent of another corporation or of a partnership, joint venture, limited liability company, trust, enterprise or nonprofit entity, including service with respect to employee benefit plans, against all liability and loss suffered and expenses (including attorney's fees) reasonably incurred by such person in connection with such Proceeding. The ultimate determination of entitlement to indemnification of persons who are non-director or officer employees or agents shall be made in such manner as is determined by the Board of Directors in its sole discretion. Notwithstanding the foregoing sentence, the Corporation shall not be required to indemnify a person in connection with a Proceeding initiated by such person if the Proceeding was not authorized in advance by the Board of Directors.

5. Advancement of Expenses of Employees and Agents. The Corporation may pay the expenses (including attorney's fees) incurred by an employee or agent in defending any Proceeding in advance of its final disposition on such terms and conditions as may be determined by the Board of Directors.

6. Non-Exclusivity of Rights. The rights conferred on any person by this Article Tenth shall not be exclusive of any other rights which such person may have or hereafter acquire under any statute, provision of this Certificate of Incorporation, the Bylaws or any agreement, or pursuant to a vote of stockholders or disinterested directors or otherwise.

7. Other Indemnification. The Corporation's obligation, if any, to indemnify any person who was or is serving at its request as a director, officer or employee of another corporation, partnership, limited liability company, joint venture, trust, organization or other enterprise shall be reduced by any amount such person may collect as indemnification from such other corporation, partnership, limited liability company, joint venture, trust, organization or other enterprise.

9. Amendment or Repeal. Any repeal or modification of the foregoing provisions of this Article Tenth shall not adversely affect any right or protection hereunder of

any person in respect of any act or omission occurring prior to the time of such repeal or modification. The rights provided hereunder shall inure to the benefit of any Indemnified Person and such person's heirs, executors and administrators.

ELEVENTH: The Corporation expressly elects not to be governed by Section 203 of the DGCL.

TWELFTH: To the fullest extent permitted by Section 122(17) of the DGCL (or any successor provision thereto), the Corporation hereby renounces any interest or expectancy of the Corporation in, or in being offered an opportunity to participate in, any business opportunities that are presented to one or more of its officers, directors or stockholders, other than those officers, directors or stockholders who are employees of the Corporation or its subsidiaries. No amendment or repeal of this Article Twelfth shall apply to or have any effect on the liability or alleged liability of any officer, director or stockholder of the Corporation for or with respect to any opportunities of which such officer, director or stockholder becomes aware prior to such amendment or repeal.

EXECUTION VERSION

BYLAWS
OF
WILDFIRE NEW PUBCO, INC.
(a Delaware corporation)

ARTICLE I

Stockholders

SECTION 1. Annual Meetings. Unless the board of directors (the "Board of Directors") of Wildfire New PubCo, Inc. (the "Corporation") are elected by written consent in lieu of an annual meeting as permitted by the Delaware General Corporation Law, as it may be amended and supplemented from time to time (the "DGCL"), the annual meeting of stockholders for the election of directors and for the transaction of such other business as may properly come before the meeting shall be held each year at such date and time, within or without the State of Delaware, as the Board of Directors shall determine.

SECTION 2. Special Meetings. Special meetings of stockholders for the transaction of such business as may properly come before the meeting or for any other purpose or purposes may be called by order of the Board of Directors or by stockholders holding together at least a majority of all the shares of the Corporation entitled to vote at the meeting, and shall be held at such date and time, within or without the State of Delaware, as may be specified by such order. Whenever the directors shall fail to fix such place, the meeting shall be held at the principal executive office of the Corporation.

SECTION 3. Notice of Meetings. Written notice of all meetings of the stockholders, stating the place (if any), date and hour of the meeting, the place within the city or other municipality or community at which the list of stockholders may be examined, and the means of remote communications, if any, by which stockholders and proxy holders may be deemed to be present in person and vote at such meeting, shall be mailed or delivered (physically or electronically) to each stockholder entitled to notice of or to vote at such meeting not less than 10 nor more than 60 days prior to the meeting. Notice of any special meeting shall state in general terms the purpose or purposes for which the meeting is to be held, and at such special meeting, only such business shall be conducted as shall be specified in the notice of meeting. Stockholders may participate in any such meeting by means of a conference telephone or similar communications equipment by means of which all persons participating in the meeting can hear each other, and such participation in the meeting shall constitute presence at such meeting. Without limiting the manner by which notice otherwise may be given effectively to stockholders, notice of meetings may be given to stockholders by means of electronic transmission in accordance with applicable law. Notice of any meeting need not be given to any stockholder who shall, either before or after the meeting, submit a waiver of notice or who shall attend such meeting, except when the stockholder attends for the express purpose of objecting, at the beginning of the meeting, to the transaction of any business because the meeting is not lawfully called or convened. Any stockholder so waiving notice of the meeting shall be bound by the proceedings of the meeting in all respects as if due notice thereof had been given.

SECTION 4. Stockholder Lists. The officer who has charge of the stock ledger of the Corporation shall prepare and make, at least 10 days before every meeting of stockholders, a complete list of the stockholders entitled to vote at the meeting, arranged in alphabetical order, and showing the address of each stockholder and the number and class of shares registered in the name of each stockholder. Such list shall be open to the examination of any stockholder, for any purpose germane to the meeting, either at a place within the city where the meeting is to be held, which place shall be specified in the notice of the meeting, or, if not so specified, at the place where the meeting is to be held. The list shall also be produced and kept at the time and place of the meeting during the whole time thereof, and may be inspected by any stockholder who is present.

The stock ledger shall be the only evidence as to who are the stockholders entitled to examine the stock ledger, the list required by this section or the books of the Corporation, or to vote in person or by proxy at any meeting of stockholders.

SECTION 5. Quorum. Except as otherwise provided by law or the Corporation's Certificate of Incorporation, a quorum for the transaction of business at any meeting of stockholders shall consist of the holders of record of a majority of the issued and outstanding shares of the capital stock of the Corporation entitled to vote at the meeting, present in person or by proxy. At all meetings of the stockholders at which a quorum is present, all matters, except as otherwise provided by law or the Certificate of Incorporation, shall be decided by the vote of the holders of a majority of the shares entitled to vote thereat present in person or by proxy. If there be no such quorum, the holders of a majority of such shares so present or represented may adjourn the meeting from time to time, without further notice, until a quorum shall have been obtained. When a quorum is once present it is not broken by the subsequent withdrawal of any stockholder.

SECTION 6. Organization. Meetings of stockholders shall be presided over by the Chairman, if any, or if none or in the Chairman's absence, the President, if any, or if none or in the President's absence, a Vice-President, or, if none of the foregoing is present, by a chairman to be chosen by the stockholders entitled to vote who are present in person or by proxy at the meeting. The Secretary of the Corporation, or in the Secretary's absence an Assistant Secretary, shall act as secretary of every meeting, but if neither the Secretary nor an Assistant Secretary is present, the presiding officer of the meeting shall appoint any person present to act as secretary of the meeting.

SECTION 7. Voting; Proxies; Required Vote.

(a) At each meeting of stockholders, every stockholder entitled to vote at such meeting shall be entitled to vote in person or by proxy appointed by instrument in writing, subscribed by such stockholder or by such stockholder's duly authorized attorney-in-fact (but no such proxy shall be voted or acted upon after three years from its date, unless the proxy provides for a longer period), and, unless the Certificate of Incorporation provides otherwise, shall have one vote for each share of stock entitled to vote registered in the name of such stockholder on the books of the Corporation on the applicable record date fixed pursuant to these Bylaws. At all elections of directors the

voting may but need not be by ballot and a plurality of the votes cast there shall elect such directors. Except as otherwise required by law or the Certificate of Incorporation, any other action shall be authorized by the vote of the majority of the shares present in person or represented by proxy at the meeting and entitled to vote on the subject matter.

(b) Any action required or permitted to be taken at any annual or special meeting of stockholders may, except as otherwise required by law or the Certificate of Incorporation be taken without a meeting, without prior notice and without a vote, if a consent in writing, setting forth the action so taken, shall be signed by the holders of record of the issued and outstanding capital stock of the Corporation having not less than the minimum number of votes that would be necessary to authorize or take such action at a meeting at which all shares entitled to vote thereon were present and voted, and the writing or writings are filed with the permanent records of the Corporation**.** Prompt notice of the taking of the corporate action without a meeting by less than unanimous written consent shall, to the extent required by applicable law, be given to those stockholders who have not consented in writing.

SECTION 8. Inspectors. The Board of Directors, in advance of any meeting, may, but need not, appoint one or more inspectors of election to act at the meeting or any adjournment thereof. If an inspector or inspectors are not so appointed, the person presiding at the meeting may, but need not, appoint one or more inspectors. In case any person who may be appointed as an inspector fails to appear or act, the vacancy may be filled by an appointment made by the directors in advance of the meeting or at the meeting by the person presiding thereat. No person who is a candidate for office at an election may serve as an inspector at such election. Each inspector, if any, before entering upon the discharge of his or her duties, shall take and sign an oath faithfully to execute the duties of inspector at such meeting with strict impartiality and according to the best of his or her ability. The inspectors, if any, shall determine the number of shares of stock outstanding and the voting power of each, the shares of stock represented at the meeting, the existence of a quorum, and the validity and effect of proxies, and shall receive votes, ballots or consents, hear and determine all challenges and questions arising in connection with the right to vote, count and tabulate all votes, ballots or consents, determine the result, and do such acts as are proper to conduct the election or vote with fairness to all stockholders. In determining the validity and counting of proxies and ballots cast at any meeting of stockholders, the inspectors may consider such information as is permitted by applicable law. On request of the person presiding at the meeting, the inspector or inspectors, if any, shall make a report in writing of any challenge, question or matter determined by such inspector or inspectors and execute a certificate of any fact found by such inspector or inspectors.

SECTION 9. Written Consent of Stockholders Without a Meeting. Any action to be taken at any annual or special meeting of stockholders may be taken without a meeting, without prior notice and without a vote, if a consent or consents in writing, setting forth the action to be so taken, shall be signed by the holders of outstanding stock having not less than the minimum number of votes that would be necessary to authorize or take such action at a meeting at which all shares entitled to vote thereon were present and voted

and shall be delivered (physically or electronically) to the Corporation by delivery to its registered office in the State of Delaware, its principal place of business, or an officer or agent of the Corporation having custody of the book in which proceedings of meetings of stockholders are recorded. Prompt notice of the taking of the corporate action without a meeting by less than unanimous written consent shall, to the extent required by applicable law, be given to those stockholders who have not consented in writing, and who, if the action had been taken at a meeting, would have been entitled to notice of the meeting if the record date for notice of such meeting had been the date that written consents signed by a sufficient number of holders to take the action were delivered to the Corporation.

SECTION 10. Remote Communication. Stockholders and proxy holders not physically present at a meeting of stockholders may, by means of remote communication: (i) participate in a meeting of stockholders; and (ii) be deemed present in person and vote at a meeting of stockholders, whether such meeting is to be held at a designated place or solely by means of remote communication, provided that (A) the Corporation shall implement reasonable measures to verify that each person deemed present and permitted to vote at the meeting by means of remote communication is a stockholder or proxyholder, (B) the Corporation shall implement reasonable measures to provide such stockholders and proxy holders a reasonable opportunity to participate in the meeting and to vote on matters submitted to the stockholders, including an opportunity to read or hear the proceedings of the meeting substantially concurrently with such proceedings, and (C) if any stockholder or proxy holder votes or takes other action at the meeting by means of remote communication, a record of such votes or other action shall be maintained by the Corporation.

ARTICLE II

Board of Directors

SECTION 1. General Powers. The business, property and affairs of the Corporation shall be managed by, or under the direction of, the Board of Directors. The Board of Directors may adopt rules and procedures, not inconsistent with the Certificate of Incorporation, these Bylaws**,** or applicable law, as it may deem proper for the conduct of its meetings and the management of the Corporation.

SECTION 2. Qualification; Number; Term; Remuneration.

(a) Each director shall be at least 18 years of age. A director need not be a stockholder, a citizen of the United States, or a resident of the State of Delaware. The number of directors constituting the entire Board of Directors shall be two, or such greater or lesser number as may be fixed from time to time by the Board of Directors, one of whom may be selected by the Board of Directors to be its Chairman**.** The use of the phrase “entire Board of Directors” herein refers to the total number of directors which the Corporation would have if there were no vacancies.

(b) Directors who are elected at an annual meeting of stockholders, and directors who are elected in the interim to fill vacancies and newly created directorships, shall hold office until the next annual meeting of stockholders and until their successors are elected and qualified or until their earlier resignation or removal.

(c) (i) directors may be paid their expenses, if any, of attendance at each meeting of the Board of Directors and may be paid a fixed sum for attendance at each meeting of the Board of Directors or a stated salary as director; (ii) no such payment shall preclude any director from serving the Corporation in any other capacity and receiving compensation therefor; and (iii) members of special or standing committees may be allowed like compensation for attending committee meetings.

SECTION 3. Quorum and Manner of Voting. Except as otherwise provided by law, a majority of the entire Board of Directors shall constitute a quorum. A majority of the directors present, whether or not a quorum is present, may adjourn a meeting from time to time to another time and place without notice. The vote of a majority of the directors present at a meeting at which a quorum is present shall be the act of the Board of Directors. Each director shall be entitled to one vote on exactly the matter presented to the Board of Directors for approval.

SECTION 4. Places of Meetings. Meetings of the Board of Directors may be held at any place within or without the State of Delaware, as may from time to time be fixed by resolution of the Board of Directors, or as may be specified in the notice of meeting, if any.

SECTION 5. Annual Meeting. Following the annual meeting of stockholders, the newly elected Board of Directors shall meet for the purpose of the election of officers and the transaction of such other business as may properly come before the meeting. Such meeting may be held without notice (other than notice under these Bylaws) immediately after the annual meeting of stockholders at the same place at which such stockholders' meeting is held.

SECTION 6. Regular Meetings. Regular meetings of the Board of Directors shall be held at such times and places as the Board of Directors shall determine from time to time. Notice need not be given of regular meetings of the Board of Directors held at times and places fixed by resolution of the Board of Directors and promptly communicated to all directors then in office.

SECTION 7. Special Meetings. Special meetings of the Board of Directors shall be held whenever called by the Chairman of the Board, the President, or by a majority of the directors then in office.

SECTION 8. Notice of Meetings. Whenever required, notice of the place, date and time and the purpose or purposes of each meeting of the Board of Directors shall be given to each director not less than two calendar days before the day of the meeting by mail, telephone, facsimile, e-mail or by personal delivery.

SECTION 9. Meetings by Means of Conference Telephone. Members of the Board of Directors, or any committee designated by the Board of Directors, may participate in a meeting of the Board of Directors or such committee by means of a conference telephone or similar communication equipment by means of which all persons participating in the meeting can hear each other, and such participation in a meeting pursuant to this Section 9 shall constitute presence at such meeting.

At all meetings of the Board of Directors, the Chairman, if any, or if none or in the Chairman's absence or inability to act the President, or in the President's absence or inability to act any Vice-President who is a member of the Board of Directors, or in such Vice-President's absence or inability to act a chairman chosen by the directors, shall preside. The Secretary of the Corporation shall act as secretary at all meetings of the Board of Directors when present, and, in the Secretary's absence, the presiding officer may appoint any person to act as secretary.

SECTION 12. Vacancies. Unless otherwise provided in these Bylaws, vacancies on the Board of Directors, whether caused by resignation, death, disqualification, removal, an increase in the authorized number of directors or otherwise, may be filled by the affirmative vote of a majority of the remaining directors, although less than a quorum, or by a sole remaining director, or at a special meeting of the stockholders, by the holders of shares entitled to vote for the election of directors.

SECTION 13. Action by Written Consent. Any action required or permitted to be taken at any meeting of the Board of Directors may be taken without a meeting if all the directors consent thereto in writing, and the writing or writings are filed with the minutes of proceedings of the Board of Directors.

SECTION 2. Procedures, Quorum and Manner of Acting. Each committee shall fix its own rules of procedure, and shall meet where and as provided by such rules or by resolution of the Board of Directors. Except as otherwise provided by law, the presence

Each committee shall keep minutes of its proceedings, and actions taken by a committee shall be reported to the Board of Directors.

SECTION 3. Action by Written Consent. Any action required or permitted to be taken at any meeting of any committee of the Board of Directors may be taken without a meeting if all the members of the committee consent thereto in writing, and the writing or writings are filed with the minutes of proceedings of the committee.

Each officer shall have such powers and duties as may be prescribed by these Bylaws and as customarily and usually held and performed by like officers or corporations similar in organization and business purposes to the Corporation or as may be assigned by the Board of Directors or the President. Any two or more offices may be held by the same person.

SECTION 2. Term of Office and Remuneration. The President may appoint and remove assistant officers and other agents and employees; and may execute and deliver in the name of the Corporation powers of attorney, contracts, bonds and other obligations and instruments. If the Board of Directors has not elected a Chairman or in the absence or inability to act of the Chairman, the President shall exercise all of the powers and discharge all of the duties of the Chairman. SECTION 1. Location. The books and records of the Corporation may be kept at such place or places within or outside the State of Delaware as the Board of Directors or the respective officers in charge thereof may from time to time determine. SECTION 2. Addresses of Stockholders. Notices of meetings and all other corporate notices may be delivered personally, electronically or mailed to each stockholder at the stockholder's address as it appears on the records of the Corporation.

SECTION 3. Fixing Date for Determination of Stockholders of Record.

(a) In order that the Corporation may determine the stockholders entitled to notice of or to vote at any meeting of stockholders or any adjournment thereof, the Board of Directors may fix a record date, which record date shall not precede the date upon which the resolution fixing the record date is adopted by the Board of Directors and which record date shall not be more than 60 nor less than 10 days before the date of such meeting. If no record date is fixed by the Board of Directors, the record date for determining stockholders entitled to notice of or to vote at a meeting of stockholders shall be at the close of business on the day next preceding the day on which notice is given, or, if notice is waived, at the close of business on the day next preceding the day on which the meeting is held. A determination of stockholders of record entitled to notice of or to vote at a meeting of stockholders shall apply to any adjournment of the meeting; provided, however, that the Board of Directors may fix a new record date for the adjourned meeting.

(b) In order that the Corporation may determine the stockholders entitled to consent to corporate action in writing without a meeting, the Board of Directors may fix a record date, which record date shall not precede the date upon which the resolution fixing the record date is adopted by the Board of Directors and if no record date has been fixed by the Board of Directors, the record date for determining stockholders entitled to consent to corporate action in writing without a meeting, when no prior action by the Board of Directors is required, shall be the first date on which a signed written consent setting forth the action taken or proposed to be taken is delivered to the Corporation by delivery to its registered office in this State, its principal place of business, or an officer or agent of the Corporation having custody of the book in which proceedings of meetings of stockholders are recorded. Delivery made to the Corporation's registered office shall be by hand or by certified or registered mail, return receipt requested. If no record date has been fixed by the Board of Directors and prior action by the Board of Directors is required by this article, the record date for determining stockholders entitled to consent to corporate action in writing without a meeting shall be at the close of business on the day on which the Board of Directors adopts the resolution taking such prior action.

(c) In order that the Corporation may determine the stockholders entitled to receive payment of any dividend or other distribution or allotment of any rights or the stockholders entitled to exercise any rights in respect of any change, conversion or exchange of stock, or for the purpose of any other lawful action, the Board of Directors may fix a record date, which record date shall not precede the date upon

which the resolution fixing the record date is adopted and if no record date is fixed, the record date for determining stockholders for any such purpose shall be at the close of business on the day on which the Board of Directors adopts the resolution relating thereto.

ARTICLE VI

Certificates Representing Stock

SECTION 1. Certificates; Signatures. The shares of the Corporation's stock may be certificated or uncertificated, as provided under the DGCL, and shall be entered in the books of the Corporation and registered as they are issued. Any certificates representing shares of stock shall be in such form as shall be approved by the Board of Directors. Every holder of stock represented by certificates and upon request every holder of uncertificated shares shall be entitled to have a certificate, signed by or in the name of the Corporation by any two authorized officers of the Corporation, representing the number of shares registered in certificate form. Any and all signatures on any such certificate may be facsimiles. In case any officer, transfer agent or registrar who has signed or whose facsimile signature has been placed upon a certificate shall have ceased to be such officer, transfer agent or registrar before such certificate is issued, it may be issued by the Corporation with the same effect as if he were such officer, transfer agent or registrar at the date of issue. The name of the holder of record of the shares represented thereby, with the number of such shares and the date of issue, shall be entered on the books of the Corporation.

SECTION 2. Transfers of Stock. Upon compliance with provisions restricting the transfer or registration of transfer of shares of stock, if any, shares of capital stock shall be transferable on the books of the Corporation only by the holder of record thereof in person, or by a duly authorized attorney, upon surrender and cancellation of certificates for a like number of shares, properly endorsed, and the payment of all taxes due thereon.

SECTION 3. Fractional Shares. The Corporation may, but shall not be required to, issue certificates for fractions of a share where necessary to effect authorized transactions, or the Corporation may pay in cash the fair value of fractions of a share as of the time when those entitled to receive such fractions are determined, or it may issue scrip in registered or bearer form over the manual or facsimile signature of an officer of the Corporation or of its agent, exchangeable as therein provided for full shares, but such scrip shall not entitle the holder to any rights of a stockholder except as therein provided.

SECTION 4. Rules and Regulations. The Board of Directors shall have power and authority to make all such rules and regulations as it may deem expedient concerning the issue, transfer and registration of certificates representing shares of the Corporation.

SECTION 5. Lost, Stolen or Destroyed Certificates. The Corporation may issue a new certificate of stock in place of any certificate, theretofore issued by it, alleged to have been lost, stolen or destroyed, and the Board of Directors may require the owner of any lost, stolen or destroyed certificate, or his legal representative, to give the Corporation a bond sufficient to indemnify the Corporation against any claim that may be made against it on account of the alleged loss, theft or destruction of any such certificate or the issuance of any such new certificate.

SECTION 6. Legends**.** The Board of Directors shall have the power and authority to provide that any certificate representing shares of stock bear such legends as the Board of Directors deems appropriate to assure that the Corporation does not become liable for violations of federal or state securities laws or other applicable law.

ARTICLE VII

Dividends

Subject always to applicable law and the Certificate of Incorporation, the Board of Directors shall have full power to determine whether any, and, if any, what part of any, funds legally available for the payment of dividends shall be declared as dividends and paid to stockholders; the division of the whole or any part of such funds of the Corporation shall rest wholly within the lawful discretion of the Board of Directors, and it shall not be required at any time, against such discretion, to divide or pay any part of such funds among or to the stockholders as dividends or otherwise; and before payment of any dividend, there may be set aside out of any funds of the Corporation available for dividends such sum or sums as the Board of Directors from time to time, in its absolute discretion, deems proper as a reserve or reserves to meet contingencies, or for equalizing dividends, or for repairing or maintaining any property of the Corporation, or for such other purpose as the Board of Directors shall think conducive to the interest of the Corporation, and the Board of Directors may modify or abolish any such reserve in the manner in which it was created. Subject to applicable law and the Certificate of Incorporation, dividends upon the shares of capital stock of the Corporation may be declared by the Board of Directors at any regular or special meeting of the Board of Directors. Dividends may be paid in cash, in property, or in shares of the Corporation's capital stock, unless otherwise provided by applicable law or the Certificate of Incorporation.

ARTICLE VIII

Ratification

Any transaction, questioned in any lawsuit on the ground of lack of authority, defective or irregular execution, adverse interest of director, officer or stockholder, non-disclosure, miscomputation, or the application of improper principles or practices of accounting, may be ratified before or after judgment, by the Board of Directors or by the stockholders, and if so ratified shall have the same force and effect as

if the questioned transaction had been originally duly authorized. Such ratification shall be binding upon the Corporation and its stockholders and shall constitute a bar to any claim or execution of any judgment in respect of such questioned transaction.

ARTICLE IX

Corporate Seal

The Corporation may have a corporate seal. The corporate seal shall have inscribed thereon the name of the Corporation and the year of its incorporation, and shall be in such form and contain such other words and/or figures as the Board of Directors shall determine. ARTICLE X

Fiscal Year

The fiscal year of the Corporation shall be fixed, and shall be subject to change, by the Board of Directors. Unless otherwise fixed by the Board of Directors, the fiscal year of the Corporation shall end on December 31.

ARTICLE XI

Waiver of Notice

Whenever notice is required to be given by these Bylaws or by the Certificate of Incorporation or by law, a written waiver thereof, signed by the person or persons entitled to said notice, whether before or after the time stated therein, shall be deemed equivalent to notice.

ARTICLE XII

Bank Accounts, Drafts, Contracts, Etc.

SECTION 1. Bank Accounts and Drafts. In addition to such bank accounts as may be authorized by the Board of Directors, the primary financial officer or any person designated by said primary financial officer, whether or not an employee of the Corporation, may authorize such bank accounts to be opened or maintained in the name and on behalf of the Corporation as he may deem necessary or appropriate, payments from such bank accounts to be made upon and according to the check of the Corporation in accordance with the written instructions of said primary financial officer, or other person so designated by the President.

SECTION 2. Contracts. The Board of Directors may authorize any person or persons, in the name and on behalf of the Corporation, to enter into or execute and deliver any and all deeds, bonds, mortgages, contracts and other obligations or instruments, and such authority may be general or confined to specific instances.

SECTION 3. Proxies; Powers of Attorney; Other Instruments. The Chairman, the President or any other person designated by either of them shall have the power and authority to execute and deliver proxies, powers of attorney and other instruments on behalf of the Corporation in connection with the rights and powers incident to the ownership of stock by the Corporation. The Chairman, the President or any other person authorized by proxy or power of attorney executed and delivered by either of them on behalf of the Corporation may attend and vote at any meeting of stockholders of any company in which the Corporation may hold stock, and may exercise on behalf of the Corporation any and all of the rights and powers incident to the ownership of such stock at any such meeting, or otherwise as specified in the proxy or power of attorney so authorizing any such person. The Board of Directors, from time to time, may confer like powers upon any other person.

SECTION 4. Financial Reports. The Board of Directors may appoint the primary financial officer or other fiscal officer and/or the Secretary or any other officer to cause to be prepared and furnished to stockholders entitled thereto any special financial notice and/or financial statement, as the case may be, which may be required by any provision of law.

ARTICLE XIII

Indemnification

SECTION 1. Right to Indemnification of Directors and Officers. The Corporation shall indemnify and hold harmless, to the fullest extent permitted by applicable law as it presently exists or may hereafter be amended, any person (an "Indemnified Person") who was or is made or is threatened to be made a party or is otherwise involved in any action, suit or proceeding, whether civil, criminal, administrative or investigative (a "Proceeding"), by reason of the fact that such person, or a person for whom such person is the legal representative, is or was a director or officer of the Corporation or, while a director or officer of the Corporation, is or was serving at the request of the Corporation as a director, officer, employee or agent of another corporation or of a partnership, joint venture, limited liability company, trust, enterprise or nonprofit entity, including service with respect to employee benefit plans, against all liability and loss suffered and expenses (including attorneys' fees) reasonably incurred by such Indemnified Person in such Proceeding. Notwithstanding the preceding sentence, except as otherwise provided in Section 3 of this Article XIII, the Corporation shall be required to indemnify an Indemnified Person in connection with a Proceeding (or part thereof) commenced by such Indemnified Person only if the commencement of such Proceeding (or part thereof) by the Indemnified Person was authorized in advance by the Board of Directors.

SECTION 2. Prepayment of Expenses of Directors and Officers. The Corporation shall pay the expenses (including attorneys' fees) incurred by an Indemnified Person in defending any Proceeding in advance of its final disposition, provided, however, that, to the extent required by law, such payment of expenses in advance of the final disposition of the Proceeding shall be made only upon receipt of an undertaking by the Indemnified Person to repay all amounts advanced if it should be ultimately determined that the Indemnified Person is not entitled to be indemnified under this Article XIII or otherwise.

SECTION 3. Claims by Directors and Officers. If a claim for indemnification or advancement of expenses under this Article XIII is not paid in full within 30 days after a written claim therefor by the Indemnified Person has been received by the Corporation, the Indemnified Person may file suit to recover the unpaid amount of such claim and, if successful in whole or in part, shall be entitled to be paid the expense of prosecuting such claim. In any such action the Corporation shall have the burden of proving that the Indemnified Person is not entitled to the requested indemnification or advancement of expenses under applicable law.

SECTION 4. Indemnification of Employees and Agents. The Corporation may indemnify and advance expenses to any person who was or is made or is threatened to be made or is otherwise involved in any Proceeding by reason of the fact that such person, or a person for whom such person is the legal representative, is or was an employee or agent of the Corporation or, while an employee or agent of the Corporation, is or was serving at the request of the Corporation as a director, officer, employee or agent of another corporation or of a partnership, joint venture, limited liability company, trust, enterprise or nonprofit entity, including service with respect to employee benefit plans, against all liability and loss suffered and expenses (including attorney's fees) reasonably incurred by such person in connection with such Proceeding. The ultimate determination of entitlement to indemnification of persons who are non-director or officer employees or agents shall be made in such manner as is determined by the Board of Directors in its sole discretion. Notwithstanding the foregoing sentence, the Corporation shall not be required to indemnify a person in connection with a Proceeding initiated by such person if the Proceeding was not authorized in advance by the Board of Directors.

SECTION 5. Advancement of Expenses of Employees and Agents. The Corporation may pay the expenses (including attorney's fees) incurred by an employee or agent in defending any Proceeding in advance of its final disposition on such terms and conditions as may be determined by the Board of Directors.

SECTION 6. Non-Exclusivity of Rights. The rights conferred on any person by this Article XIII shall not be exclusive of any other rights which such person may have or hereafter acquire under any statute, provision of the Certificate of Incorporation, these Bylaws or any agreement, or pursuant to a vote of stockholders or disinterested directors or otherwise.

SECTION 7. Other Indemnification. The Corporation's obligation, if any, to indemnify any person who was or is serving at its request as a director, officer or employee of another corporation, partnership, limited liability company, joint venture, trust, organization or other enterprise shall be reduced by any amount such person may collect as indemnification from such other corporation, partnership, limited liability company, joint venture, trust, organization or other enterprise.

SECTION 8. Insurance. The Board of Directors may, to the full extent permitted by applicable law as it presently exists, or may hereafter be amended from time to time, authorize an appropriate officer or officers to purchase and maintain at the Corporation's expense insurance: (i) to indemnify the Corporation for any obligation which it incurs as a result of the indemnification of directors, officers and employees under the provisions of this Article XIII and (ii) to indemnify or insure directors, officers and employees against liability in instances in which they may not otherwise be indemnified by the Corporation under the provisions of this Article XIII.

SECTION 9. Amendment or Repeal. Any repeal or modification of the foregoing provisions of this Article XIII shall not adversely affect any right or protection hereunder of any person in respect of any act or omission occurring prior to the time of such repeal or modification. The rights provided hereunder shall inure to the benefit of any Indemnified Person and such person's heirs, executors and administrators.

ARTICLE XIV

Amendments

The Board of Directors shall have the power to adopt, amend or repeal these Bylaws. Bylaws adopted by the Board of Directors may be repealed or changed, and new Bylaws made, by the stockholders, and the stockholders may prescribe that any Bylaw made by them shall not be altered, amended or repealed by the Board of Directors.

ARTICLE XV

Exclusive Jurisdiction

Unless the Corporation consents in writing to the selection of an alternative forum, the Court of Chancery of the State of Delaware (or, if the Court of Chancery lacks jurisdiction, the federal district court for the District of Delaware) shall be the sole and exclusive forum for: (i) any derivative action or proceeding brought on behalf of the Corporation, (ii) any action asserting a claim for breach of a fiduciary duty owed by any director, officer, employee or agent of the Corporation to the Corporation or the Corporation's stockholders, (iii) any action asserting a claim arising pursuant to any provision of the DGCL, the Certificate of Incorporation or these Bylaws, or (iv) any action asserting a claim governed by the internal affairs doctrine; in each case subject to said court having personal jurisdiction over the indispensable parties named as defendants therein. If any action the subject matter of which is within the scope of this

Article XV is filed in a court other than a court located within the State of Delaware (a "Foreign Action") in the name of any stockholder, such stockholder shall be deemed to have consented to: (x) the personal jurisdiction of the state and federal courts located within the State of Delaware in connection with any action brought in any such court to enforce this Article XV (an "Enforcement Action"), and (y) having service of process made upon such stockholder in any such Enforcement Action by service upon such stockholder's counsel in the Foreign Action as agent for such stockholder. Any person or entity purchasing or otherwise acquiring any interest in shares of capital stock of the Corporation shall be deemed to have notice of and consented to the provisions of this Article XV.

(a) The federal district courts of the United States of America shall be the sole and exclusive forum for the resolution of any action asserting a claim arising under the Securities Act of 1933, as amended, or the rules and regulations promulgated thereunder. The provisions of this Article XV shall not preclude or contract the scope of exclusive federal jurisdiction for suits brought under the Securities Exchange Act of 1934 or the rules and regulations promulgated thereunder.

(b) If any provision or provisions of this Article XV shall be held to be invalid, illegal or unenforceable as applied to any person or entity or circumstance for any reason whatsoever, then, to the fullest extent permitted by law, the validity, legality and enforceability of such provisions in any other circumstance and of the remaining provisions of this Article XV (including, without limitation, each portion of any sentence of this Article XV containing any such provision held to be invalid, illegal or unenforceable that is not itself held to be invalid, illegal or unenforceable) and the application of such provision to other persons or entities and circumstances shall not in any way be affected or impaired thereby. Any person or entity purchasing or otherwise acquiring or holding any interest in shares of capital stock of the Corporation shall be deemed to have notice of and consented to the provisions of Article XV.

* Daily Availability Rate is based on a 14-hour day and includes mandatory 9 hour work days. During the period where the flight crew is required to be on standby beyond the first 9 hours required (rounded-up to the next full hour) for availability, the Contractor will be paid at an hourly Extended Standby Rate of [***] per hour for each authorized flight crew member and each authorized mechanic.

SECTION B
DESCRIPTION/SCHEDULE OF ITEMS

Cancelled Dispatch will be paid at 1/10 of the contracted hourly flight rate (see C.26 (f)).

** Contractors shall propose daily availability and dry flight rates, as identified above, based on the actual amount of daily usage and flight hours the aircraft receives throughout each year.

*** Each annual estimated cost will be used to determine the grand total evaluated cost per aircraft for contract award purposes (see formula below).

The following will be used for price evaluation. The estimated quantities are provided for price evaluation purposes only and do not represent any actual quantities to be ordered. The estimated total number of days for Availability is 60 per year and a total of 200 Flight hours per year. The following formula will be used to determine Total Annual Evaluated Price for contract award purposes:(60 days x Daily Availability Rate) + (200 hours x Flight Rate) + (Fuel Cost) = Total Annual Evaluated Price.

Fuel Cost = (Hourly Fuel Consumption x $4.52 per gallon of Jet-A Fuel)

Note: Jet-A Fuel is established at $4.52 per gallon based on the July 2020 Government Fuel Survey. The price for Jet A fuel will be adjusted each time the Government conducts a new survey.

The total of each annual evaluated price will be summed together to determine the grand total evaluated price per aircraft for contract award purposes.

(9) Flights point-to-point (airport-to-airport, etc.) with a pilot and co-pilot shall be limited to 10-flight hours per day. (An aircraft that departs “Airport A,” flies reconnaissance on a fire, and then flies to “Airport B,” is not point-to-point).

(10) When pilots act as a mechanic, mechanic duties in excess of 2-hours shall apply as flight time on a one-to-one basis toward flight time limitations.

(11) Relief, additional, or substitute pilots reporting for duty under this contract shall furnish a record of all duty and all flight hours during the previous 14-days.

(c) Mechanics

(1) Within any 24-hour period, personnel shall have a minimum of 8 consecutive hours off duty immediately prior to the beginning of any duty day. Local travel up to a maximum of 30-minutes each way between the work site and place of lodging shall not be considered duty time. When one way travel exceeds 30-minutes, the total travel time shall be considered as part of the duty day.

(2) Mechanics shall have 2 (two24 hour time periods off duty during any 14-day period.

(3) Duty includes standby, work, or alert status at any location.

(4) Mechanics may be removed from duty for fatigue or other causes created by unusually strenuous or severe duty before reaching duty limitations.

(5) The mechanic shall be responsible to keep the Government apprised of their ground duty limitation status.

(6) Relief or substitute mechanics reporting for duty under this contract may be required to furnish a record of all duty time during the previous 14-days.

(7) A mechanic will be assigned to each aircraft. The mechanic will be allowed to fly on all repositioning flights. At the end of the day, if the contractor requires, the aircraft will either be returned to the mechanic’s location or with CO approval, the mechanic may be taken to the aircraft, at the Government’s expense.

Maintenance personnel are only allowed to fly on the aircraft during contract availability when the aircraft is repositioning to another base. If the aircraft is on a fire dispatch mission and is relocating to a new base, the mechanic may be aboard the aircraft dispensing water for the first fuel load while enroute to the new base.

Exceptions are when threat-to-life or property exists; the aircraft is blocking an airport runway, etc. The CO shall be immediately notified when such actions take place.

(2) The NTSB's release of the wreckage does not constitute a release by the CO, who shall maintain control of the wreckage and related equipment until all investigations are complete.

(d) Investigation

The Contractor shall maintain an accurate record of all aircraft accidents, incidents, aviation hazards and injuries to Contractor or Government personnel arising in the course of performance under this Contract. Further, the Contractor fully agrees to cooperate with the USFS during an investigation and make available personnel, personnel records, aircraft records, and any equipment, damaged or undamaged, deemed necessary by the USFS. Following a mishap, the Contractor shall ensure that personnel (Pilot, mechanics, etc) associated with the aircraft will remain in the vicinity of the mishap until released by the CO.

After award of the contract and any renewal thereof, an inspection of the contractor's equipment and personnel will be made prior to any use. Inspections may be scheduled by mutual agreement between the Contracting Officer and the Contractor. Pre-Use Inspections will be scheduled between February 1 and May 31 of each year. Inspection schedule, priority and determination of need shall be at the government's discretion. The inspection will take place at the contractor's FAA Certificated Repair Station, or other locations as approved by the Contracting Officer.

(1) The Scooper, flight crew, mechanics, and all other contractually required equipment will be made available for inspection as scheduled by the CO.

Government costs incurred during these inspections will not be charged to the Contractor.

(d) Re-inspection Expenses

When re-inspection is necessary because Contractor equipment and/or personnel did not satisfy the initial inspection, or when inspecting substitute personnel and/or

For items covered under 14 CFR Part 135.415, the Contractor shall furnish the CO with a completed copy of FAA Form 8010-(4) Malfunction or Defect Report, or a Maintenance Malfunction/Information Reporting Form (as applicable).

C.19 PROFICIENCY FLIGHTS

If the Pilot-in-Command (PIC) of the mission crew has not flown the contract line item aircraft type/make/model while on a USFS contract within 30 days, the PIC shall have a proficiency flight in the contract line item aircraft type/make/model prior to executing any flights supporting USFS operations.

The flight shall consist of, but not be limited to a simulated drop, which shall be a non-revenue flight of no less than 30 minutes of flight time not to include startup, taxi or shutdown of the aircraft. Or,

A ferry flight of no less than 30 minutes while unloaded with no low level flight profiles. This may be a revenue flight if repositioning to another airtanker base for an ordered fire mission. All other Ferry flights for currency/proficiency shall be non-revenue. Or,

A Level D Simulator, of the same Type Rating as the Mission Aircraft may be used for PIC proficiency. Flight time in aircraft or simulator other than the contract line item aircraft type/make/model will not count towards pilot proficiency.

Pilot-in-Command scheduling and proficiency is determined by the vendor with oversight by the WO Pilot Standardization Branch and the National Airtanker Program Manager.

If a PIC requires a proficiency flight the PIC may request a proficiency break at the beginning of the duty day. The aircraft will remain in available status while performing the required flight. However, if at any time until the PIC is proficient and the aircraft is requested for a mission and cannot perform that mission within 60 minutes of the request that aircraft will be assessed unavailability from the beginning of the duty day up until the PIC is proficient and able to respond to the request.

SECTION C
DESCRIPTION/SPECIFICATIONS/WORK STATEMENT/EXHIBITS

FAA minimums are not a substitute for USFS proficiency requirements. These requirements supersede all previous contract language regarding currency/proficiency.

C.20 AIRCRAFT SECURITY INSPECTIONS

Following a security incident involving the aircraft, or upon direction of the Contracting Officer or Government security official where the aircraft is operating, the Contractor will submit to a security inspection of the aircraft. The aircraft will not return to operational use until the security inspection has been completed. No availability will be deducted during this period.

C.21 PERIOD OF PERFORMANCE (AGAR 452.211-74) (FEB 1988)

The Period of Performance is 4 years starting June 3, 2021.

C.22 MISSION ORDERING PROCEDURES

The government intends to have IDIQ contracts with multiple vendors for Water Scooper services.

Orders for services may be placed only by those identified herein to place orders. Orders for fire incidents will only be placed by the Contracting Officer. Contractors shall not accept orders or dispatches from sources other than the National Interagency Coordination Center (NICC) or the agency specific Contracting Officer. The Government does not guarantee the placement of any orders for service under the Contract and the Contractor is not obligated to accept any orders. However, once the Contractor accepts an order, the Contractor is obligated to perform in accordance with the terms and conditions stated herein.

(a) Orders for service will be placed with the contractor subject to the following:

(1) Standard Orders for service will be placed with the Contractor as needed. Orders will be filled based on best value trade-off considering performance/capability, location, availability, cost, and operational necessity. The importance of each criteria may be different for each activation based on need.

(2) Emergency Orders may be placed with Contractors as needed. These orders will utilize the existing list prices to make a best value decision under urgent and compelling circumstances.

(3) It is the contractors' responsibility to keep the aircraft desk at NICC informed on the location and availability of their aircraft for fire and project assignments. Failure to do so ay result in missed activations. The Phone number at NICC is 1-208-387-5400, or for flight following 1-800-994-6312. If the contractor has not kept NICC currently informed on the location and status of the aircraft they will be considered not available for work under the contract.

(b) Point-of-Hire shall be the Contractor's Principle Base of Operations as specified in Section B or the location of aircraft at time-of-hire.

SECTION C
DESCRIPTION/SPECIFICATIONS/WORK STATEMENT/EXHIBITS

(c) The Assigned Work Location will be determined at the time the order for services is placed.

The Government's urgency in acquiring services may be a factor and override any other criteria identified above in accordance with the Federal Acquisition Regulation. When receiving an activation call, the Contractor shall confirm their availability and ability to meet specified timeframes within 2 hours of the activation request.

If the Contractor cannot be reached or is not able to meet the date and time needed, the Government may proceed with contacting the next Water Scooper determined to meet the above criteria. An order may be placed orally or electronically but will be confirmed in writing by a Government resource order.

The Government will generate Task Orders numbers for each activation. The task order number is to be referenced on all official communication starting upon issuance of the order. Once activated, documentation of orders placed for tactical response will include at a minimum:

a) Incident Number, Task Order Number, Resource Order Number and name of the incident

b) Date, Time and Location to report to

c) Frequencies

d) Air and Ground Contact Information

e) Incident Job Code

C.23 AVAILABILITY

Should no schedule be directed by the Government, the pilot shall arrive to the facility at 0900L to begin their duty day.

1. Equipment. Water Scoopers shall be stationed and remain fully operational at their Assigned Work Location (AWL).

2. Personnel. Each day Contractor's flight crew shall be in one of the following conditions of availability:

(a) Standby

(i) Personnel shall be on standby during the hours stipulated each day by the CO. The first 9-hours of standby will be considered the base or normal standby hours. During this time, the aircraft shall be immediately available and strive to be airborne within 15-minutes. Delays caused by local air traffic, FAA flight planning and filing for extended dispatches, taking on additional fuel for extended dispatches, preparation for flights into instrument conditions, crews released for lunch by base managers that are delayed in returning, proficiency flights, and other causes beyond the pilot's control will not be considered a part of the 15-minutes.

(ii) Availability is not required when the pilot is off duty under the Flight and Duty Limitations.

SECTION C
DESCRIPTION/SPECIFICATIONS/WORK STATEMENT/EXHIBITS

(b) Extended Standby.

Hours of standby in excess of the first 9 hours may be ordered by the National, Geographical, or Local coordination centers, but shall not exceed 14 hours.

(c) Authorized Breaks

(i) The aircraft may be released from standby for scheduled or preventative maintenance and the Contractor will continue to be paid the availability rate. The Contractor shall provide a reasonable Estimated Time of Completion (ETOC) with the request for an authorized break. Approval to remove the aircraft from standby will be wholly discretionary by the Government. Periods approved for maintenance can be of any duration. However, once notified by the Government, the aircraft shall be fully operational within 60-minutes and shall not exceed the ETOC by more than 30 minutes.

(ii) Upon advance approval of the COR, crews may be released from standby at the AWL and service will continue to be recorded as available (this will constitute a duty day). When released during the duty day, crews shall inform the COR how they may be contacted should a recall be needed.

(iii) If the aircraft is not scheduled for availability, it may be removed at the contractor's expense from the operating base for maintenance, provided the Contractor:

(1) Obtains permission from the CO or authorized Representative in advance for taking the aircraft out of service;

(2) Follows the availability schedule set forth by the Government; and

(3) Uses the aircraft only for maintenance test flights or ferry to and from the maintenance facilities, unless the CO specifically approves other use.

(d) Unavailability

(i) The Contractor is unavailable when the aircraft or pilot(s) are not in condition to perform, not in compliance with all contract requirements, or when the pilot or aircraft are not capable of providing service as scheduled by the Government. The Contractor shall report any in-flight mechanical breakdown, and any major maintenance deficiencies that would result in the aircraft becoming unavailable.

(ii) Unavailability status will continue until the cause of the failure is corrected. It is the contractor's responsibility to inform the COR whenever the crew are available. If consistent failures to respond to dispatch occur, the CO retains the right to require functional flights at Contractor's expense.

(iii) When the aircraft becomes unavailable due to mechanical breakdown, the
Government reserves the right to inspect the aircraft after the contractor's mechanic has approved it for return to service. The Contractor will coordinate with the Water Scooper Manager at the AWL to ensure a Government authorized Aircraft Maintenance Inspector has been contacted following a return to service to review the work that was done. A "Return to Contract Availability" may or may not be issued by the Government.

SECTION C
DESCRIPTION/SPECIFICATIONS/WORK STATEMENT/EXHIBITS

When responding to a dispatch and an unscheduled maintenance discrepancy occurs, the Contractor will repair the discrepancy and contact the Government once the aircraft has been returned to service. A Government Aviation Maintenance Inspector (AMI) will be responsible for returning the aircraft to availability. The discrepancy shall be reported to the Water Scooper Manager to notify the AMI.

If the return to service is reported within 30 minutes from the time of the original unscheduled maintenance discrepancy (and the aircraft is subsequently returned to availability by an AMI) no unavailability will be assessed. Repeated failures during a duty day may result in assessment of unavailability.

(iv) The Government may exercise its right to termination for cause if there is unavailability in excess of three (3) full consecutive calendar days. Days off do not count toward the three days.

(v) If the aircraft is having maintenance issues that can only be observed or checked by a mechanic during flight, the aircraft will be placed in a condition of unavailability, so a functional check flight can be performed.

(vi) If an aircraft gets dispatched from one base to another and upon landing the aircraft becomes unavailable for a mechanical deficiency the aircraft may continue to collect availability for two hours or the remainder of the day's availability for the amount of driving time it would take for their support vehicle to arrive at the new base (miles / 55 mph), whichever is greater.

(e) Contractor Stand-Down or Deactivation

(i) The Contractor shall immediately notify the Contracting Officer by telephone, followed up with a written notification (email or letter) to the Contracting Officer, when the Contractor implements a stand-down or when the Contractor de-activates any or all of the aircraft/fleet that is operating in compliance with this contract.

The Contractor's verbal and written notifications shall include all of the tail number(s) for all the effected aircraft, the rationale for the stand-down/deactivation, and the estimated duration of the stand-down or the deactivation.

(ii) The Contractor shall also notify the Contracting Officer by telephone, followed up with a written notification (email or letter) to the Contracting Officer of the planned reactivation date for each of the effected aircraft. The Contractor's verbal and written notifications shall include the tail number(s) of all of the reactivated aircraft, the rationale/corrective action plan (if applicable), and the date(s) of the reactivation(s).

(iii) Once a Contracting Officer has been officially notified of a Contractor implemented stand-down and/or deactivation, the Contracting Officer shall notify the appropriate Government officials accordingly.

(a) Flight time will be paid "block to block". Flight time will begin when aircraft starts its roll from the pit on an ordered flight and ends when aircraft has taxied to parking, loading, refueling, or warm-up operations areas and has stopped. Flight time consists of a clock time duration not to exceed the time the aircraft leaves the "blocks" with the intention of an ordered flight to its return to the blocks following an ordered flight.

(b) If mechanical problems are encountered during flight and the mission cannot be continued, the aircraft is considered to be unavailable upon landing. Flight time will continue to be paid to the AWL, or the contractor's maintenance facility, whichever is closest.

C.26 PAYMENT FOR FLIGHT

(a) Flight time will be paid for by the Government, at the rates specified in the Schedule of Items.

(b) Payment for flight time will be made only when flight is properly ordered by designated personnel.

(d) Payment will not be made for flights for the benefit of the Contractor such as maintenance tests flights, ferrying to and from maintenance facilities, required flight following engine change,or transportation of Contractor's support personnel.

(e) No payment will be made for flights when the load is accidentally or carelessly dropped in flight on non-target areas.

SECTION C
DESCRIPTION/SPECIFICATIONS/WORK STATEMENT/EXHIBITS

(f) If a dispatch is cancelled after 2-engines are operating, or if ordered for repositioning to or from the retardant loading area (i.e. changes in rotation, going on day off, returning from day off, or refueling out of pit area, or for any needed ramp maintenance) payment will be made at 1/10th of the flight rate and coded appropriately.

C.27 PAYMENT FOR AVAILABILITY/UNAVAILABILITY

(a) Payment of availability will be made at the applicable daily rate in the Schedule of Items and will be recorded in IBS as appropriate. The aircraft and crew are required to be available for 14 hours each day under hire.

(c) Daily Availability will be computed for aircraft and crewmembers will be ordered, measured, and recorded each day by 14 hour increments (maximum 14-hours).

(d) The awarded daily availability rate shall include all fixed and variable costs (depreciation, salaries, overnight allowances, overhead, permanent shop facilities, etc.) incurred in providing continuous service exclusive of those costs directly attributed to actual flight except for extended standby.

(e) Periods of unavailability will be accumulated for the day and posted on the Flight Use Invoice as actual clock unavailability. This amount shall be subtracted from the 14 hours of scheduled duty; availability will be paid for the remainder.

C.28 PAYMENT FOR EXTENDED STANDBY

(a) During the period where the flight crew is required to be on standby beyond the first 9 hours required for availability, the Contractor will be paid at an hourly rate (rounded-up to the next full hour) specified in the Schedule of Items for each authorized flight crew member, plus one maintenance crew member. Ordered Standby will be recorded in IBS in whole hours. The maximum daily hours will not exceed 14 hours.

(c) The Water Scooper Manager and or Base Manager may provide meals, ice, and drinks at the Government's expense in order to sustain firefighting operations; however, crews should plan to provide their own lunch for standby. In the evening, if the crews are required to be on site/base due to potential for heavy fire activity, or the crew is flying, then appropriate meals may be provided if possible. At cooperator bases, meals will be provided in accordance with local policy

C.31 MISCELLANEOUS COSTS TO THE CONTRACTOR

(a) Housing, subsistence, ground transportation, and other expenses will be the responsibility of the Contractor or its employees at the AWL.

(b) The Government will reimburse the Contractor for any airport use costs the Contractor is required to pay when ordered to operate from an airport other than the Contractor's home base such as airport landing fees, tie-down charges, or other similar type costs. Itemized receipts may be requested by the CO.

EXHIBIT 8 – US GOVERNMENT AIR CARD FUEL PROGRAM

Process and Controls for US Government Aviation In-to-Plane Reimbursement (AIR) Card Program

The Forest Service (FS) has established accounts with Defense Logistics Agency (DLA) to provide government purchased Jet A fuel in airtankers under exclusive use or call when needed contract. Administrative processes and controls are described for the US Government AIR Card issued by DLA to the FS. Direction from DLA will determine which set of Forest Service related AIR Card business practices will apply.

Forest Service as AIR Card "User"

(a) The Forest Service will assign an AIR Card Accountable Official (AO) to coordinate fuel purchases. The AO will possess and administer AIR Cards. The AO will provide services as a centralized point of contact to coordinate with contract aircrews and local FBO's for fuel upload into contract aircraft.

OR

Contractor as AIR Card "User"

(a) Contract Aircrews will carry an assigned AIR Card onboard aircraft. Where possible and appropriate, the contractor will first attempt to use the AIR Card to purchase fuel. The AIR Card is the sole property of the US Government and all terms and conditions for use are set by the Defense Logistics Agency (DLA) under their "In-to-Plane" fuel contract program. Contractors will be held liable for misuse of the AIR Card.

(b) AIR Card Users will: review the Government AIR Card User Training provided by the Forest Service DLA Card Program Manager, read the US Government and Forest Service AIR Card User Guides, and read and sign the Statement of Understanding (SOU)and return it to the Accountable Official (AO).

(c) AIR Card will be returned to the AO at the end of each year of the contract.

Common Direction for Forest Service as AIR Card "User" and Contractor as AIR Card "User"

(a) AIR Card purchased fuel is intended for revenue flight while performing under contract. The AIR Card shall NOT be used for fuel purchased for non-revenue flights. The aircraft will normally be fueled to the level prior to the start of the non-revenue flight using the contractor's method of payment.

(b) Should the Contractor consume fuel for operations not specifically directed by the Government, the Contractor shall either deduct the cost of fuel burned using the average fuel consumption rate of the aircraft times the current rate of fuel at the location of the aircraft, or shall return the aircraft back to the Government after the flight at a fuel level equal to that fuel level at the time the aircraft initiated the flight for the Contractor's benefit.

If necessary, the average burn rate for the aircraft type shall be used along with the flight duration and average cost for fuel to determine a reduction in contract payment.

SECTION C
DESCRIPTION/SPECIFICATIONS/WORK STATEMENT/EXHIBITS

(c) Contractors shall have and maintain a second way to pay for fuel (company credit card, purchase order, etc.) when the AIR Card is either not appropriate for use or not accepted by the fuel provider. Not all airtanker base locations accept the AIR Card. Should the fuel card not be accepted at the location where the aircraft is fueled, the Contractor shall retain fuel tickets (receipts) for the cost of all fuel purchase and shall provide a copy of those fuel tickets to the COR. Cost for fuel shall be entered into IBS for reimbursement at actual cost.

(d) Services other than fuel upload will not be purchased on the AIR Card. Items other than fuel will be purchased using the contractor's means of payment.

(e) Contractors shall not accept gratuities or other gifts from fuel suppliers.

(f) Water Scoopers will begin operations with an established amount of fuel documented in the Incident Business System. Upon return to the home base after being released, the difference shall be paid in IBS as a credit or a charge depending on that difference.

(g) All fuel quantities (gallons) shall be documented in IBS in the remarks section for the day on which it was purchased.

(h) An Airtanker Fuel Log containing fuel purchase information shall be maintained in the aircraft and the original forwarded to the AO at the end of each year of the contract. The information in the log shall include as a minimum; date of purchase, the sortie description or fire number on which the fuel was used, location where the fuel was purchased, gallons received, retail price per gallon at point of sale, if known the contract fuel price per gallon and type of purchase, the estimated total volume in pounds (or gallons) on the aircraft at the completion of fueling, and the contractor representative's or pilot's last name.

(i) The airtanker line item COR and the AO shall receive copies of the fuel receipts and fuel log upon request and at a minimum, the 1st and 16th of each month. Scanned PDF copies of receipts and logs are the preferred method of document transmittal to the COR and AO. Faxed receipt and log copies are acceptable. The contractor should retain copies of the original receipts and the be sent to the AO after the end of each year.

DESCRIPTION/SPECIFICATIONS/WORK STATEMENT/EXHIBITS

EXHIBIT 11 – DEFINITIONS AND ABBREVIATIONS

As used throughout this contract, the following terms shall have the meaning set forth below:

Administrative Base- The location from which Government provides contract management oversight through the line item COR.

Alert Status- A status subject to flight and duty limitations, in which the Contractor has 1 hour to return to standby if ordered to do so by the CO.

Amphibious Water Scooper- Suppression aircraft that can land on water or land and that can engage in water scooping operations for the purpose of dispensing water on wildfires.

Assigned Work Location - The location assigned by the Government from which an ordered flight will originate.

Call-When-Needed- A term used to identify the furnishing of services on an “as needed basis” or “intermittent use” in government procurement contracts. There is no guarantee the Government will place any orders and the Contractor is not obligated to accept any orders. However, once the Contractor accepts an order, the Contractor is obligated to perform in accordance with the terms and conditions stated herein.

Civil Twilight- Begins in the morning, and ends in the evening when the center of the sun is geometrically 6° below the horizon. Most often used in Alaska rather than the lower 48 states.

Clock time- Commences when an aircraft starts its take-off roll and ends when the aircraft has finished taxiing to parking.

Contractor- An operator being paid by the Government for services.

Crewmember- A person assigned to perform duties in an aircraft during flight time.

Empty Weight- Empty weight is determined using weight and balance data. Subtracting the Empty Weight from the Maximum Gross Weight generally yields the weight available for crew and optional items, payload, and fuel/fluids. It is determined by actual weighing of the aircraft without fuel/fluids, payload, crew or optional items.

Federal Aviation Regulations- Rules and regulations contained in Title 14 of the Code of Federal Regulations.

Ferry Flight- Movement of the aircraft under its own power from point-to-point without passenger(s) or payload.

Flight Crew- Those Contractor personnel required by the Federal Aviation Administration to operate the aircraft safely while performing under contract to the Government.

Fully Operational- Aircraft, Flight Crewmembers, other personnel, repairs, operating supplies, service facilities, and incidentals necessary for the safe and effective mission operation of the aircraft both on the ground and in the air.

SECTION C
DESCRIPTION/SPECIFICATIONS/WORK STATEMENT/EXHIBITS

Gross Weight- The loaded weight of an aircraft. Gross weight includes the total weight of the aircraft (Empty Weight), the weight of the fuel and oil, the weight of crew and optional items, and the weight of the entire load it is carrying.

Incident with Potential- An incident that narrowly misses being an accident and in which the circumstances indicate serious potential for substantial damage or injury.

Maintenance Deficiency- An equipment defect or failure which affects or could affect the safety of operations, or that causes an interruption to the services being performed.

Maximum Gross Weight- Maximum gross weight is the absolute maximum allowable weight (crew, passengers, fuel, oil, fluids, payload, and special equipment) as established by the manufacturer and approved by the Federal Aviation Administration.

Mission Use -The use of an aircraft that in itself constitutes discharge of official Forest Service responsibilities. Mission flights may be either routine or emergency, and may include such activities as lead plane, smokejumper/Para cargo, aerial photography, mobilization/demobilization of emergency support resources, reconnaissance, survey, and project support. Mission flights do not include official travel to make speeches, attend conferences or meetings, or make routine site visits.

Mountain Flying- Conducting flight operations that require special techniques including take offs and landings at locations with 5,000 feet above sea level or greater pressure altitudes, at temperature ranges above 75 degrees F, and or limited and unimproved airstrips.

Night Operations- For ordered flight missions that are performed under the contract, night shall mean: 30 minutes after official sunset to 30 minutes before official sunrise, based on local time of appropriate sunrise/sunset tables nearest to the planned destination or operation.

Occupant- Any crew or passenger that is aboard an aircraft.

Operating Agency- An executive agency or any entity thereof using agency aircraft, which it does not own.

Operational Control- The condition existing when an entity exercises authority over initiating, conducting or terminating a flight.

Operator- Any person who causes or authorizes the operation of an aircraft, such as the owner, lessee, or bailee of an aircraft.

Passenger- Any person aboard an aircraft who does not perform the function of a flight crewmember or crewmember.

Payload- Maximum gross weight minus empty weight, crew, fuel/fluids, and optional items.

Pilot-In-Command (PIC)- The Pilot responsible for the operation and safety of the aircraft during the time defined as flight time.

SECTION C
DESCRIPTION/SPECIFICATIONS/WORK STATEMENT/EXHIBITS

Point-to-Point- Aircraft operations between any two geographic locations operationally suitable for takeoff and landing (airport to airport). A flight to a designated or defined backcountry airstrip does not constitute a point to point flight.

Precautionary Landing- A landing necessitated by apparent impending failure of engines, systems, or components, which makes continued flight inadvisable.

Principal Base of Operations- The primary operating location of a 14 CFR 121, 133, 135 or 137 certificate holder as established by the certificate holder.

Principal Structural Elements (PSE's)- PSE's are those described in FAA AC 25.571C, Damage Tolerance and Fatigue Evaluation of Structure.

SafeCom- Used to report any condition, observance, act, maintenance problem, or circumstance, which has potential to cause an aviation related mishap. The purpose of the SAFECOM form is not intended to be punitive in nature. It will be used to disseminate safety information to aviation managers, and also to aid in accident prevention by trend monitoring and tracking. See www.safecom.gov

Special Mission Aircraft- Aircraft approved for other than point to point only missions. Transportation is limited to personnel required to carry out the special mission of the aircraft.

Special Missions- Aviation resource mission in direct support of incidents, i.e., air tactical, fire reconnaissance, resource reconnaissance, all-risk, and other missions requiring special training and/or equipment.

Useful Load- The maximum allowable weight (passengers and/or payload) that can be carried in any one mission. For Water Scoopers, the Useful Load is the Payload.

EXHIBIT 21 – INFECTIOUS DISEASE MITIGATION PROCEDURES

1) Infectious Disease Actions and Mitigations

a) Each contractor and their personnel shall adhere to applicable portions of CDC, FAA, aircraft manufacturer recommendations in addressing actions and mitigations related to infectious diseases. The Forest Service requires that companies review and update their personal protection policies and communicate and train employees on all aspects of the plan. This includes the following measures to protect themselves and others:

i) Practice routine hand washing. Wash hands often with soap and water for at least 20 seconds, particularly after assisting anyone sick or touching potentially contaminated body fluids or surfaces; after coughing, sneezing, or blowing your nose; after using the restroom.

ii) Use alcohol-based hand sanitizer (containing at least 60% alcohol) if soap and water are not available. Contractors should consider providing alcohol-based hand sanitizer to crews for their personal use.

iii) If an employee becomes sick or has had a high-risk exposure to infectious diseases (COVID-19, Flu, H1N1, SARS, MERS, Etc.) immediately report those situations to the Contracting Officer Representative (COR) and Contracting Officer assigned to your USDA Forest Service contract.

b) To reduce the risk of transfer of virus from an infected person to others via surfaces or inanimate objects on the aircraft, aircraft operators and ground handling personnel shall develop and implement a plan to disinfect aircraft prior to inspection, and during use. This plan should also include disinfecting after carrying an infected person. The plan needs to take into account the unusual features of the aircraft and cabin area. Considering that it may be difficult to identify an aircraft carrying an infected person, the focus should be on the assumption that all aircraft are periodically occupied by infected persons and therefore require routine and frequent disinfection in accordance with the contractor's plan. Submit your plan to the CO within 10 days of implementation of this modification.

c) If certain events occur (e.g. employee or government personnel with a fever, cough, or difficulty breathing) these individuals shall not be allowed on mission flights and need to contact their employer / supervisor to report their condition.

(ii) The Government may issue a demand for payment to the Contractor upon finding a debt is due under the contract.

(iii) Final decisions. The Contracting Officer will issue a final decision as required by 33.211 if—

(A) The Contracting Officer and the Contractor are unable to reach agreement on the existence or amount of a debt within 30 days;

(B) The Contractor fails to liquidate a debt previously demanded by the Contracting Officer within the timeline specified in the demand for payment unless the amounts were not repaid because the Contractor has requested an installment payment agreement; or

(C) The Contractor requests a deferment of collection on a debt previously demanded by the Contracting Officer (see 32.607-2).

SECTION D
CONTRACT CLAUSES

(iv) If a demand for payment was previously issued for the debt, the demand for payment included in the final decision shall identify the same due date as the original demand for payment.

(v) Amounts shall be due at the earliest of the following dates:

(A) The date fixed under this contract.

(B) The date of the first written demand for payment, including any demand for payment resulting from a default termination.

(vi) The interest charge shall be computed for the actual number of calendar days involved beginning on the due date and ending on—

Subject to the terms of this contract, the Contractor shall be paid a percentage of the contract price reflecting the percentage of the work performed prior to the notice of termination, plus reasonable charges the Contractor can demonstrate to the satisfaction of the Government using its standard record keeping system, have resulted from the termination. The Contractor shall not be required to comply with the cost accounting standards or contract cost principles for this purpose. This paragraph does not give the Government any right to audit the Contractor's records. The Contractor shall not be paid for any work performed or costs incurred which reasonably could have been avoided.

SECTION D
CONTRACT CLAUSES

(m) *Termination for cause*. The Government may terminate this contract, or any part hereof, for cause in the event of any default by the Contractor, or if the Contractor fails to comply with any contract terms and conditions, or fails to provide the Government, upon request, with adequate assurances of future performance. In the event of termination for cause, the Government shall not be liable to the Contractor for any amount for supplies or services not accepted, and the Contractor shall be liable to the Government for any and all rights and remedies provided by law. If it is determined that the Government improperly terminated this contract for default, such termination shall be deemed a termination for convenience.

(o) *Warranty*. The Contractor warrants and implies that the items delivered hereunder are merchantable and fit for use for the particular purpose described in this contract.

(p) *Limitation of liability*. Except as otherwise provided by an express warranty, the Contractor will not be liable to the Government for consequential damages resulting from any defect or deficiencies in accepted items.

(r) *Compliance with laws unique to Government contracts.* The Contractor agrees to comply with 31 U.S.C. 1352 relating to limitations on the use of appropriated funds to influence certain Federal contracts; 18 U.S.C. 431 relating to officials not to benefit; 40 U.S.C. chapter 37, Contract Work Hours and Safety Standards; 41 U.S.C. chapter 87, Kickbacks; 10 U.S.C. 2409 relating to whistleblower protections; 49 U.S.C. 40118, Fly American; and 41 U.S.C. chapter 21 relating to procurement integrity.

SECTION D
CONTRACT CLAUSES

(9) The specification.

(t) Reserved

(u) Unauthorized Obligations.

(1) Except as stated in paragraph (u)(2) of this clause, when any supply or service acquired under this contract is subject to any End Use License Agreement (EULA), Terms of Service (TOS), or similar legal instrument or agreement, that includes any clause requiring the Government to indemnify the Contractor or any person or entity for damages, costs, fees, or any other loss or liability that would create an Anti-Deficiency Act violation (31 U.S.C. 1341), the following shall govern:

(i) Any such clause is unenforceable against the Government.

(ii) Neither the Government nor any Government authorized end user shall be deemed to have agreed to such clause by virtue of it appearing in the EULA, TOS, or similar legal instrument or agreement. If the EULA, TOS, or similar legal instrument or agreement is invoked through an “I agree” click box or other comparable mechanism (e.g., “click-wrap” or “browse-wrap” agreements), execution does not bind the Government or any Government authorized end user to such clause.

(iii) Any such clause is deemed to be stricken from the EULA, TOS, or similar legal instrument or agreement.

(2) Paragraph (u)(1) of this clause does not apply to indemnification by the Government that is expressly authorized by statute and specifically authorized under applicable agency regulations and procedures.

(v) *Incorporation by reference*. The Contractor’s representations and certifications, including those completed electronically via the System for Award Management (SAM), are incorporated by reference into the contract.

(End of Clause)

Alternate I (Jan 2017) When a time-and-materials or labor-hour contract is contemplated, substitute the following paragraphs (a), (e), (i), (l), and (m) for those in the basic clause.

(a) *Inspection/Acceptance.*

(1) The Government has the right to inspect and test all materials furnished and services performed under this contract, to the extent practicable at all places and times, including the period of performance, and in any event before acceptance. The Government may also inspect the plant or plants of the Contractor or any subcontractor engaged in contract performance. The Government will perform inspections and tests in a manner that will not unduly delay the work.

(2) If the Government performs inspection or tests on the premises of the Contractor or a subcontractor, the Contractor shall furnish and shall require subcontractors to furnish all reasonable facilities and assistance for the safe and convenient performance of these duties.

SECTION D
CONTRACT CLAUSES

(3) Unless otherwise specified in the contract, the Government will accept or reject services and materials at the place of delivery as promptly as practicable after delivery, and they will be presumed accepted 60 days after the date of delivery, unless accepted earlier.

(4) At any time during contract performance, but not later than 6 months (or such other time as may be specified in the contract) after acceptance of the services or materials last delivered under this contract, the Government may require the Contractor to replace or correct services or materials that at time of delivery failed to meet contract requirements. Except as otherwise specified in paragraph (a)(6) of this clause, the cost of replacement or correction shall be determined under paragraph (i) of this clause, but the "hourly rate" for labor hours incurred in the replacement or correction shall be reduced to exclude that portion of the rate attributable to profit. Unless otherwise specified below, the portion of the "hourly rate" attributable to profit shall be 10 percent. The Contractor shall not tender for acceptance materials and services required to be replaced or corrected without disclosing the former requirement for replacement or correction, and, when required, shall disclose the corrective action taken. [*Insert portion of labor rate attributable to profit.*]

(5)

(i) If the Contractor fails to proceed with reasonable promptness to perform required replacement or correction, and if the replacement or correction can be performed within the ceiling price (or the ceiling price as increased by the Government), the Government may—

(A) By contract or otherwise, perform the replacement or correction, charge to the Contractor any increased cost, or deduct such increased cost from any amounts paid or due under this contract; or

(B) Terminate this contract for cause.

(ii) Failure to agree to the amount of increased cost to be charged to the Contractor shall be a dispute under the Disputes clause of the contract.

(6) Notwithstanding paragraphs (a)(4) and (5) above, the Government may at any time require the Contractor to remedy by correction or replacement, without cost to the Government, any failure by the Contractor to comply with the requirements of this contract, if the failure is due to--

(i) Fraud, lack of good faith, or willful misconduct on the part of the Contractor's managerial personnel; or

(ii) The conduct of one or more of the Contractor's employees selected or retained by the Contractor after any of the Contractor's managerial personnel has reasonable grounds to believe that the employee is habitually careless or unqualified.

SECTION D
CONTRACT CLAUSES

(7) This clause applies in the same manner and to the same extent to corrected or replacement materials or services as to materials and services originally delivered under this contract.

(8) The Contractor has no obligation or liability under this contract to correct or replace materials and services that at time of delivery do not meet contract requirements, except as provided in this clause or as may be otherwise specified in the contract.

(9) Unless otherwise specified in the contract, the Contractor's obligation to correct or replace Government-furnished property shall be governed by the clause pertaining to Government property.

(e) Definitions.

(1) The clause at FAR 52.202-1, Definitions, is incorporated herein by reference. As used in this clause—

(i) *Direct materials* means those materials that enter directly into the end product, or that are used or consumed directly in connection with the furnishing of the end product or service.

(ii) *Hourly rate* means the rate(s) prescribed in the contract for payment for labor that meets the labor category qualifications of a labor category specified in the contract that are—

(A) Performed by the contractor;

(B) Performed by the subcontractors; or

(C) Transferred between divisions, subsidiaries, or affiliates of the contractor under a common control.

(iii) *Materials* means—

(A) Direct materials, including supplies transferred between divisions, subsidiaries, or affiliates of the contractor under a common control;

(B) Subcontracts for supplies and incidental services for which there is not a labor category specified in the contract;

(C) Other direct costs (*e.g.*, incidental services for which there is not a labor category specified in the contract, travel, computer usage charges, etc.);

(D) The following subcontracts for services which are specifically excluded from the hourly rate: [*Insert any subcontracts for services to be excluded from the hourly rates prescribed in the schedule.*]; and

(E) Indirect costs specifically provided for in this clause.

SECTION D
CONTRACT CLAUSES

(iv) *Subcontract* means any contract, as defined in FAR Subpart 2.1, entered into with a subcontractor to furnish supplies or services for performance of the prime contract or a subcontract including transfers between divisions, subsidiaries, or affiliates of a contractor or subcontractor. It includes, but is not limited to, purchase orders, and changes and modifications to purchase orders.

(i) Payments.

(1) *Work performed.* The Government will pay the Contractor as follows upon the submission of commercial invoices approved by the Contracting Officer:

(i) Hourly rate.

(A) The amounts shall be computed by multiplying the appropriate hourly rates prescribed in the contract by the number of direct labor hours performed. Fractional parts of an hour shall be payable on a prorated basis.

(B) The rates shall be paid for all labor performed on the contract that meets the labor qualifications specified in the contract. Labor hours incurred to perform tasks for which labor qualifications were specified in the contract will not be paid to the extent the work is performed by individuals that do not meet the qualifications specified in the contract, unless specifically authorized by the Contracting Officer.

(C) Invoices may be submitted once each month (or at more frequent intervals, if approved by the Contracting Officer) to the Contracting Officer or the authorized representative.

(D) When requested by the Contracting Officer or the authorized representative, the Contractor shall substantiate invoices (including any subcontractor hours reimbursed at the hourly rate in the schedule) by evidence of actual payment, individual daily job timecards, records that verify the employees meet the qualifications for the labor categories specified in the contract, or other substantiation specified in the contract.

(E) Unless the Schedule prescribes otherwise, the hourly rates in the Schedule shall not be varied by virtue of the Contractor having performed work on an overtime basis.

(1) If no overtime rates are provided in the Schedule and the Contracting Officer approves overtime work in advance, overtime rates shall be negotiated.

(2) Failure to agree upon these overtime rates shall be treated as a dispute under the Disputes clause of this contract.

(3) If the Schedule provided rates for overtime, the premium portion of those rates will be reimbursable only to the extent the overtime is approved by the Contracting Officer.

SECTION D
CONTRACT CLAUSES

(ii) Materials.

(A) If the Contractor furnishes materials that meet the definition of a commercial item at FAR 2.101, the price to be paid for such materials shall not exceed the Contractor's established catalog or market price, adjusted to reflect the—

(1) Quantities being acquired; and

(2) Any modifications necessary because of contract requirements.

(B) Except as provided for in paragraph (i)(1)(ii)(A) and (D)(2) of this clause, the Government will reimburse the Contractor the actual cost of materials (less any rebates, refunds, or discounts received by the contractor that are identifiable to the contract) provided the Contractor—

(1) Has made payments for materials in accordance with the terms and conditions of the agreement or invoice; or

(2) Makes these payments within 30 days of the submission of the Contractor's payment request to the Government and such payment is in accordance with the terms and conditions of the agreement or invoice.

(C) To the extent able, the Contractor shall—

(1) Obtain materials at the most advantageous prices available with due regard to securing prompt delivery of satisfactory materials; and

(2) Give credit to the Government for cash and trade discounts, rebates, scrap, commissions, and other amounts that are identifiable to the contract.

(D) *Other Costs.* Unless listed below, other direct and indirect costs will not be reimbursed.

(1) Other direct Costs. The Government will reimburse the Contractor on the basis of actual cost for the following, provided such costs comply with the requirements in paragraph (i)(1)(ii)(B) of this clause: [Insert each element of other direct costs (e.g., travel, computer usage charges, etc. Insert "None" if no reimbursement for other direct costs will be provided. If this is an indefinite delivery contract, the Contracting Officer may insert "Each order must list separately the elements of other direct charge(s) for that order or, if no reimbursement for other direct costs will be provided, insert 'None'."]

(2) Indirect Costs (Material handling, Subcontract Administration, etc.). The Government will reimburse the Contractor for indirect

SECTION D
CONTRACT CLAUSES

costs on a pro-rata basis over the period of contract performance at the following fixed price: [Insert a fixed amount for the indirect costs and payment schedule. Insert "$0" if no fixed price reimbursement for indirect costs will be provided. (If this is an indefinite delivery contract, the Contracting Officer may insert "Each order must list separately the fixed amount for the indirect costs and payment schedule or, if no reimbursement for indirect costs, insert 'None'."]

(2) *Total cost.* It is estimated that the total cost to the Government for the performance of this contract shall not exceed the ceiling price set forth in the Schedule and the Contractor agrees to use its best efforts to perform the work specified in the Schedule and all obligations under this contract within such ceiling price. If at any time the Contractor has reason to believe that the hourly rate payments and material costs that will accrue in performing this contract in the next succeeding 30 days, if added to all other payments and costs previously accrued, will exceed 85 percent of the ceiling price in the Schedule, the Contractor shall notify the Contracting Officer giving a revised estimate of the total price to the Government for performing this contract with supporting reasons and documentation. If at any time during the performance of this contract, the Contractor has reason to believe that the total price to the Government for performing this contract will be substantially greater or less than the then stated ceiling price, the Contractor shall so notify the Contracting Officer, giving a revised estimate of the total price for performing this contract, with supporting reasons and documentation. If at any time during performance of this contract, the Government has reason to believe that the work to be required in performing this contract will be substantially greater or less than the stated ceiling price, the Contracting Officer will so advise the Contractor, giving the then revised estimate of the total amount of effort to be required under the contract.

(3) *Ceiling price.* The Government will not be obligated to pay the Contractor any amount in excess of the ceiling price in the Schedule, and the Contractor shall not be obligated to continue performance if to do so would exceed the ceiling price set forth in the Schedule, unless and until the Contracting Officer notifies the contractor in writing that the ceiling price has been increased and specifies in the notice a revised ceiling that shall constitute the ceiling price for performance under this contract. When and to the extent that the ceiling price set forth in the Schedule has been increased, any hours expended and material costs incurred by the Contractor in excess of the ceiling price before the increase shall be allowable to the same extent as if the hours expended and material costs had been incurred after the increase in the ceiling price.

(4) *Access to records.* At any time before final payment under this contract, the Contracting Officer (or authorized representative) will have access to the following (access shall be limited to the listing below unless otherwise agreed to by the Contractor and the Contracting Officer):

(i) Records that verify that the employees whose time has been included in any invoice met the qualifications for the labor categories specified in the contract.

(ii) For labor hours (including any subcontractor hours reimbursed at the hourly rate in the schedule), when timecards are required as substantiation for payment—

SECTION D
CONTRACT CLAUSES

(A) The original timecards (paper-based or electronic);

(B) The Contractor's timekeeping procedures;

(C) Contractor records that show the distribution of labor between jobs or contracts; and

(D) Employees whose time has been included in any invoice for the purpose of verifying that these employees have worked the hours shown on the invoices.

(iii) For material and subcontract costs that are reimbursed on the basis of actual cost—

(A) Any invoices or subcontract agreements substantiating material costs; and

(B) Any documents supporting payment of those invoices.

(5) *Overpayments/Underpayments.* Each payment previously made shall be subject to reduction to the extent of amounts, on preceding invoices, that are found by the Contracting Officer not to have been properly payable and shall also be subject to reduction for overpayments or to increase for underpayments. The Contractor shall promptly pay any such reduction within 30 days unless the parties agree otherwise. The Government within 30 days will pay any such increases, unless the parties agree otherwise. The Contractor's payment will be made by check. If the Contractor becomes aware of a duplicate invoice payment or that the Government has otherwise overpaid on an invoice payment, the Contractor shall—

(i) Remit the overpayment amount to the payment office cited in the contract along with a description of the overpayment including the—

(A) Circumstances of the overpayment (*e.g.,* duplicate payment, erroneous payment, liquidation errors, date(s) of overpayment);

(B) Affected contract number and delivery order number, if applicable;

(C) Affected line item or subline item, if applicable; and

(D) Contractor point of contact.

(ii) Provide a copy of the remittance and supporting documentation to the Contracting Officer.

(6)

(i) All amounts that become payable by the Contractor to the Government under this contract shall bear simple interest from the date due until paid unless paid within 30 days of becoming due. The interest rate shall be the interest rate established by the Secretary of the Treasury, as provided in 41 U.S.C. 7109, which is applicable to the period in which the amount becomes due, and then at the rate applicable for each six month period as established by the Secretary until the amount is paid.

SECTION D
CONTRACT CLAUSES

(ii) The Government may issue a demand for payment to the Contractor upon finding a debt is due under the contract.

(iii) Final Decisions. The Contracting Officer will issue a final decision as required by 33.211 if—

(A) The Contracting Officer and the Contractor are unable to reach agreement on the existence or amount of a debt in a timely manner;

(B) The Contractor fails to liquidate a debt previously demanded by the Contracting Officer within the timeline specified in the demand for payment unless the amounts were not repaid because the Contractor has requested an installment payment agreement; or

(C) The Contractor requests a deferment of collection on a debt previously demanded by the Contracting Officer (see FAR 32.60702).

(iv) If a demand for payment was previously issued for the debt, the demand for payment included in the final decision shall identify the same due date as the original demand for payment.

(v) Amounts shall be due at the earliest of the following dates:

(A) The date fixed under this contract.

(B) The date of the first written demand for payment, including any demand for payment resulting from a default termination.

(vi) The interest charge shall be computed for the actual number of calendar days involved beginning on the due date and ending on—

(A) The date on which the designated office receives payment from the Contractor;

(B) The date of issuance of a Government check to the Contractor from which an amount otherwise payable has been withheld as a credit against the contract debt; or

(C) The date on which an amount withheld and applied to the contract debt would otherwise have become payable to the Contractor.

(vii) The interest charge made under this clause may be reduced under the procedures prescribed in 32.608-2 of the Federal Acquisition Regulation in effect on the date of this contract.

(viii) Upon receipt and approval of the invoice designated by the Contractor as the “completion invoice” and supporting documentation, and upon compliance by the Contractor with all terms of this contract, any outstanding balances will be

SECTION D
CONTRACT CLAUSES

paid within 30 days unless the parties agree otherwise. The completion invoice, and supporting documentation, shall be submitted by the Contractor as promptly as practicable following completion of the work under this contract, but in no event later than 1 year (or such longer period as the Contracting Officer may approve in writing) from the date of completion.

(7) *Release of claims.* The Contractor, and each assignee under an assignment entered into under this contract and in effect at the time of final payment under this contract, shall execute and deliver, at the time of and as a condition precedent to final payment under this contract, a release discharging the Government, its officers, agents, and employees of and from all liabilities, obligations, and claims arising out of or under this contract, subject only to the following exceptions.

(i) Specified claims in stated amounts, or in estimated amounts if the amounts are not susceptible to exact statement by the Contractor.

(ii) Claims, together with reasonable incidental expenses, based upon the liabilities of the Contractor to third parties arising out of performing this contract, that are not known to the Contractor on the date of the execution of the release, and of which the Contractor gives notice in writing to the Contracting Officer not more than 6 years after the date of the release or the date of any notice to the Contractor that the Government is prepared to make final payment, whichever is earlier.

(iii) Claims for reimbursement of costs (other than expenses of the Contractor by reason of its indemnification of the Government against patent liability), including reasonable incidental expenses, incurred by the Contractor under the terms of this contract relating to patents.

(8) *Prompt payment.* The Government will make payment in accordance with the Prompt Payment Act (31 U.S.C 3903) and prompt payment regulations at 5 CFR part 1315.

(9) *Electronic Funds Transfer (EFT).* If the Government makes payment by EFT, see 52.212-5(b) for the appropriate EFT clause.

(10) *Discount.* In connection with any discount offered for early payment, time shall be computed from the date of the invoice. For the purpose of computing the discount earned, payment shall be considered to have been made on the date that appears on the payment check or the specified payment date if an electronic funds transfer payment is made.

(l) *Termination for the Government's convenience.* The Government reserves the right to terminate this contract, or any part hereof, for its sole convenience. In the event of such termination, the Contractor shall immediately stop all work hereunder and shall immediately cause any and all of its suppliers and subcontractors to cease work. Subject to the terms of this contract, the Contractor shall be paid an amount for direct labor hours (as defined in the Schedule of the contract) determined by multiplying the number of direct labor hours expended before the effective date of termination by the hourly rate(s) in the contract, less any hourly rate payments already made to the Contractor plus reasonable charges the Contractor can demonstrate to the satisfaction of the Government using its standard record keeping system that have resulted from the termination. The Contractor shall not be required to comply with the

SECTION D
CONTRACT CLAUSES

cost accounting standards or contract cost principles for this purpose. This paragraph does not give the Government any right to audit the Contractor's records. The Contractor shall not be paid for any work performed or costs incurred that reasonably could have been avoided.

(m) *Termination for cause.* The Government may terminate this contract, or any part hereof, for cause in the event of any default by the Contractor, or if the Contractor fails to comply with any contract terms and conditions, or fails to provide the Government, upon written request, with adequate assurances of future performance. Subject to the terms of this contract, the Contractor shall be paid an amount computed under paragraph (i) Payments of this clause, but the "hourly rate" for labor hours expended in furnishing work not delivered to or accepted by the Government shall be reduced to exclude that portion of the rate attributable to profit. Unless otherwise specified in paragraph (a)(4) of this clause, the portion of the "hourly rate" attributable to profit shall be 10 percent. In the event of termination for cause, the Contractor shall be liable to the Government for any and all rights and remedies provided by law. If it is determined that the Government improperly terminated this contract for default, such termination shall be deemed a termination for convenience.

(c) We request that you furnish the Contracting Officer with the name, position title, phone number, and email address for each person designated to have access to your firm's past performance evaluation(s) for the contract no later than **60 days after award**. Each person granted access will have the ability to provide comments in the Contractor portion of the report and state whether or not the Contractor agrees with the evaluation, before returning the report to the Assessing Official. The report information must be protected as source selection sensitive information not releasable to the public.

(d) When your Contractor Representative(s) (Past Performance Points of Contact) are registered in CPARS, they will receive an automatically-generated email with detailed login instructions. Further details, systems requirements, and training information for CPARS are available at http://www.cpars.csd.disa.mil/. The CPARS User Manual, registration for On Line Training for Contractor Representatives, and a practice application may be found at this site.

(m) This Agreement when assigned to the Trustee pursuant to the Indenture and the other Financing Documents will constitute the legal, valid and binding agreements of the Borrowers enforceable against the Borrowers by the Trustee in accordance with their terms for the benefit of the owners of the Bonds, and any rights of the County and obligations of the Borrowers not so assigned to the Trustee constitute the legal, valid, and binding agreements of the Borrowers enforceable against the Borrowers by the County in accordance with their terms; except in each case as enforcement may be limited by bankruptcy, insolvency or other laws affecting the enforcement of creditors' rights generally, by the application of equitable principles regardless of whether enforcement is sought in a proceeding at law or in equity and by public policy.

(n) The execution and delivery of this Agreement and the Financing Documents, the consummation of the transactions herein and therein contemplated and the fulfillment of or compliance with the terms and conditions hereof and thereof, will not conflict with or constitute a violation or breach of or default (with due notice or the passage of time or both) under the Borrowers' articles of organization or operating agreements, any applicable law or administrative rule or regulation, or any applicable court or administrative decree or order, or any indenture, mortgage, deed of trust, loan agreement, lease, contract or other agreement or instrument to which any Borrower is a party or by which it or its properties are otherwise subject or bound, or result in the creation or imposition of any lien, charge or encumbrance of any nature whatsoever upon any of the property or assets of the Borrowers, which conflict, violation, breach, default, lien, charge or encumbrance might have consequences that would materially and adversely affect the consummation of the transactions contemplated by this Agreement and the Financing Documents, or the financial condition, assets, properties or operations of the Borrowers.

(o) No consent or approval of any trustee or holder of any indebtedness of any Borrower or any guarantor of indebtedness of or other provider of credit or liquidity to any Borrower, and no consent, permission, authorization, order or license of, or filing or registration with, any governmental authority (except with respect to any state securities or "blue sky" laws) is necessary in connection with the execution and delivery of the Financing Documents, or the consummation of any transaction herein or therein contemplated, or the fulfillment of or compliance with the terms and conditions hereof or thereof, except as have been obtained or made and as are in full force and effect.

(p) All financial statements and information heretofore delivered to the County by the Borrowers, including without limitation, information relating to the financial condition of Borrowers, the partners, joint venturers or members of Borrowers, and/or any guarantor, fairly and accurately present the financial position thereof and all financial statements have been prepared (except where specifically noted therein) in accordance with Generally Accepted Accounting Principles consistently applied. Since the date of such statements, there has been no material adverse change in the financial condition or results of operations of the Borrowers or the other subjects of such statements.

(q) The applicable Borrowers have good and marketable title to the Financed Hangars free and clear from all encumbrances other than Permitted Encumbrances (as defined in the Deed of Trust).

(r) No Borrower is in default (and no event has occurred and is continuing which with the giving of notice or the passage of time or both could constitute a default) (1) under the Financing Documents, or (2) with respect to any order or decree of any court or any order, regulation or demand of any federal, state, municipal or other governmental authority, which default might have consequences that would materially and adversely affect the consummation of the transactions contemplated by the Financing Documents or the Indenture, or the financial condition, assets, properties or operations of the Borrowers.

(s) All tax returns (federal, state and local) required to be filed by or on behalf of the Borrowers have been filed, and all taxes shown thereon to be due, including interest and penalties, except such, if any, as are being actively contested by the Borrowers in good faith, have been paid or adequate reserves have been made for the payment thereof which reserves, if any, are reflected in the audited financial statements described therein. Each Borrower enjoys the peaceful and undisturbed possession of all of the premises upon which it is operating its facilities.

(t) The Borrowers have obtained, or will obtain before they are required, all necessary approvals of and licenses, permits, consents, and franchises from federal, State, county, municipal, or other governmental authorities having jurisdiction over the Financed Hangars for the Borrowers to acquire, construct, renovate, improve, equip and operate, as applicable, the Financed Hangars and for the Borrowers to enter into, execute, and perform their obligations under this Agreement and the other Financing Documents.

(u) The Financed Hangars, as designed and as operated or caused to be operated by the Borrowers and the use of the Financed Hangars meets or will meet all material requirements of law, including requirements of any federal, State, county, city or other governmental authority having jurisdiction over the Financed Hangars or their use and operation.

(a) ***From the Improvements Fund To the Borrower Representative***. The County has, in the Indenture, authorized and directed the Trustee to disburse the amount of $116,127,370.64 of the proceeds of the Series 2022 Bonds from the Improvements Fund to the Borrower Representative for the financing of the Taxable Series 2022 Project. Funding for the Taxable Series 2022 Improvements will be disbursed from time to time pursuant to the Controlled Account subject to the BAG Holdings Account Control Agreement and pursuant to the terms of this Agreement and the Indenture. On the Closing Date, the Controlled Account shall have a balance of at least $42,000,000. The Borrower Representative shall keep and maintain accurate records pertaining to the use of such proceeds of the Series 2022 Bonds and the Borrower Representative shall deliver to the County and the Trustee a certificate containing an accounting of the funding of the Taxable Series 2022 Improvements (1) on a quarterly basis, in the form of and as required by the Continuing Disclosure Agreement, and (2) after the Taxable Series 2022 Improvements have been completed and payment or provision made for payment of the full Costs of the Taxable Series 2022 Project.

The County does not make any warranty either express or implied that the proceeds of the Series 2022 Bonds disbursed to the Borrower Representative pursuant to this Section 4.2 available for payment of the Costs of the Taxable Series 2022 Project will be sufficient to pay such Costs in full, and the Borrower agrees to pay that portion of such Costs in excess of the amount disbursed to the Borrower Representative pursuant to this Section 4.2 from any money legally available for such purpose.

On or before any redemption date for which request for redemption has been given by the Borrower, the Borrower shall pay as repayment of the Loan for deposit into the Bond Principal Fund an amount of money which, together with other money available therefor in the Bond Principal Fund, is sufficient to pay the principal of and premium, if any, on the Bonds called for optional redemption and for deposit into the Bond Interest Fund an amount of money which, together with other money available therefor in the Bond Interest Fund, is sufficient to pay the interest accrued to the redemption date on the Bonds called for optional redemption. If by the fifth day subsequent to the day on which the Borrower is required to make a payment pursuant to the first sentence of this paragraph the amount held by the Trustee in the Bond Principal Fund and the Bond Interest Fund is insufficient to make the required payments of principal of and interest on the Bonds, the Borrower shall forthwith pay such deficiency as repayment of the Loan for deposit into the Bond Principal Fund or the Bond Interest Fund, as the case may be.

(b) The Borrower shall pay or provide for the payment of all taxes and assessments, general or special, concerning or in any way related to the Property of the Borrower, including the Collateral Property, or any part thereof, during the term of this Agreement and any other governmental charges and impositions whatsoever, and all utility and other charges and assessments, in the manner, at the times and under the conditions more specifically provided in Section 6.2 hereof.

(c) The Borrower agrees to pay to the Trustee the reasonable and necessary fees and expenses of the Trustee, as and when the same become due, upon submission of a statement therefor; provided, that the Borrower may, without creating a default hereunder, contest in good faith any such fees or expenses.

(d) The Borrower will pay the County's reasonable expenses, including legal and accounting fees, incurred by the County in connection with the issuance of the Bonds and the performance by the County of any and all of its functions and duties under this Agreement or the Indenture, including, but not limited to, all duties which may be required of the County by the Trustee and the owners of the Bonds.

(e) In the event any money in the Debt Service Reserve Fund are transferred to the Bond Principal Fund or the Bond Interest Fund pursuant to Section 3.06 of the Indenture, or in the event the Trustee has notified the Borrower of a deficiency in the Debt Service Reserve Fund pursuant to Section 3.06 of the Indenture, the Borrower shall deposit or cause to be deposited money, in twelve (12) equal monthly installments, into the Debt Service Reserve Fund in an amount equal to the amount required to cause the total amount in the Debt Service Reserve Fund to equal the Debt Service Reserve Requirement.

In the event the Borrower should fail to make any of the payments required by this Section, the item or installment in default shall continue as an obligation of the Borrower until the amount in default shall have been fully paid, and the Borrower agrees to pay the same and, with respect to the payments required by paragraphs (a) and (b) hereof, with interest at the Late Payment Rate or the maximum rate permitted by law if less than such rate. In such an event, the Borrower shall first make the payments required by Section 5.1(a), then Section 5.1(b), then Section 5.1(c), and then Section 5.1(d).

Section 5.2. Payees of Payments. The Loan Payments provided for in Section 5.1(a) hereof shall be paid in funds immediately available to the Trustee for the account of the County and shall be deposited into the Bond Principal Fund or the Bond Interest Fund as appropriate. The payments to be made to the Trustee under Section 5.1(c) hereof shall be paid directly to the Trustee for its own use. The payments to be made to the County under Section 5.1(d) hereof shall be paid directly to the County for its own use.

Section 5.3. Obligations of Borrower Hereunder Unconditional. The obligations of the Borrower to make the payments required hereunder and to perform and observe the other agreements on its part contained herein shall be absolute and unconditional and are general obligations of the Borrowers payable from all available resources of each of the Borrowers. Each of the Borrowers: (a) will not suspend or discontinue, or permit the suspension or discontinuance of, any payments provided for herein; (b) will perform and observe all of its other agreements contained in this Agreement and the other Financing Documents; and (c) except as provided in Article 11 hereof, will not terminate this Agreement for any cause including, without limiting the generality of the foregoing, any acts or circumstances that may constitute failure to complete the Project and/or the Taxable Series 2022 Project, failure of consideration, eviction or constructive eviction, destruction of or damage to any of the Property, commercial frustration of purpose, or change in the tax or other laws or administrative rulings of or administrative actions by the United

States of America or the State or any political subdivision of either, any failure of the County to perform and observe any agreement, whether express or implied, or any duty, liability or obligation arising out of or connected with this Agreement, whether express or implied, or any failure of the Trustee to perform and observe any agreement, whether express or implied, or any duty, liability or obligation arising out of or connected with the Indenture, whether express or implied. Nothing contained in this Section shall be construed to release the County from the performance of any agreements on its part herein contained, and if the County shall fail to perform any such agreement the Borrowers may institute such action against the County as the Borrowers may deem necessary to compel performance; provided that no such action shall violate the agreements on the part of any Borrower contained herein. The Borrowers may, however, at their own cost and expense and in their own name or in the name of the County, prosecute or defend any action or proceeding or take any other action involving third persons which the Borrowers deem reasonably necessary in order to secure or protect its right of possession, occupancy and use of any of the Property and in such event the County hereby agrees to cooperate fully with the Borrowers (without expense to the County).

ARTICLE 6

MAINTENANCE, TAXES AND INSURANCE

Section 6.1. Maintenance and Modifications of the Collateral Property by the Borrower. The Borrower agrees that during the term of this Agreement, the Collateral Property shall be operated and maintained in substantial compliance with all governmental laws, building codes, ordinances, regulations and zoning laws as shall be applicable to the Collateral Property. The Borrowers agree that during the term of this Agreement, they will at their own expense: (a) keep the Collateral Property in as reasonably safe condition as its operations permit; and (b) except to the extent the Borrowers have determined that any portion of the Collateral Property is not useful in its operations, keep the Collateral Property in good repair and in good operating condition, making from time to time all necessary repairs thereto (including external and structural repairs) and renewals and replacements thereof. The Borrowers may, also at their own expense, make from time to time any additions, modifications or improvements to the Collateral Property they may deem desirable for their purposes.

Section 6.2. Taxes, Other Governmental Charges and Utility Charges. The Borrower will pay promptly, as the same become due: (a) all taxes and governmental charges of any kind whatsoever that may at any time be lawfully assessed or levied against or with respect to the Property or any interest therein, or any machinery, equipment or other property installed or brought by the Borrower therein or thereon; (b) all utility and other charges incurred in the operation, maintenance, use, occupancy and upkeep of the Property; and (c) all assessments and charges lawfully made by any governmental body for public improvements; provided that with respect to special assessments or other governmental charges that may lawfully be paid in installments over a period of years, the Borrower shall be obligated to pay only such installments as may have become due during the term of this Agreement.

The Borrowers may, at their expense, in good faith contest any such taxes, assessments and other charges and, in the event of any such contest, may permit the taxes, assessments or other charges contested to remain unpaid during the period of such contest and any appeal therefrom.

Section 6.3. Insurance Required. Throughout the term of this Agreement, the Borrower shall keep the Collateral Property continuously insured against the following risks, paying as the same become due and payable all premiums with respect thereto:

(a) insurance against loss or damage to the Property by all perils, with uniform standard extended coverage endorsement limited only as may be provided in the standard form of extended coverage endorsement at the time in use in the State, to such extent as is necessary to provide for the full insurable value, but with deductible clauses in such amounts as are customary for facilities of similar size and character within the State;

(b) comprehensive general accident and public liability insurance (including coverage for all losses arising from the ownership or use of any vehicle) providing coverage limits (including deductible clauses) of not less than the coverage limits customarily carried by owners or operators of facilities of similar size and character within the State;

(c) fidelity insurance or bonds on those of its officers and employees who handle funds of the Borrower, both in such amounts and to such extent as are customarily carried by organizations similar to the Borrower and operating properties similar in size and character to the facilities of the Borrower; and

(d) workers' compensation insurance, disability benefits insurance and such other forms of insurance as the Borrower is required by law to provide with respect to the Property.

The insurance policies required by this Section may be evidenced by individual policies or by an umbrella policy. At least every three years from July 1, 2022, the Borrower shall employ, at its expense, an Insurance Consultant to review the insurance coverage required by this Section and to render to the Borrower and the Trustee a report as to the adequacy of such coverage and as to its recommendations, if any, for adjustments thereto. The insurance coverage provided by this Section may be reduced or otherwise adjusted by the Borrower without the consent of the Trustee; provided that all coverages after such reduction or other adjustment are certified by the Insurance Consultant to be adequate and appropriate for facilities of like size and type, taking into account the availability of such insurance, the terms upon which such insurance is available, the cost of such available insurance and the effect of such terms and such cost upon the Borrower's costs and charges for its services.

If as a result of such review, the Insurance Consultant finds that the existing coverage is inadequate, taking into account the availability of such insurance, the terms upon which such insurance is available, the cost of such available insurance and the effect of such terms and such cost upon the Borrowers' costs and charges for its services, then the insurance coverage provided by this Section shall be increased or otherwise adjusted by the Borrowers. The insurance coverage required by this Section, and modification thereof permitted or required by this paragraph, shall at all times be adequate and appropriate for facilities of like size and type, taking into account the Borrowers' particular circumstances, and the Insurance Consultant shall so certify in the report required by the above-insured for all or any part of the foregoing requirements if the Borrowers have received a written evaluation with respect to such self-insurance programs from an Insurance

Consultant stating that such self-insurance is consistent with sound risk management policies. The Borrowers shall pay any fees charged by such Insurance Consultant. Any self-insurance of the Borrowers existing on the date of execution of this Agreement may continue without evidence of compliance with the above requirements unless the periodic report of the Insurance Consultant required by this Section states that such self-insurance is not consistent with sound risk management.

The Borrowers shall deliver to the Trustee: (a) upon the commencement of the term of this Agreement, the originals or certified copies thereof of all insurance policies (or certificates of insurance with respect thereto) which the Borrowers are required to maintain pursuant to this Section, together with evidence as to the payment of all premiums then due thereon; (b) at least thirty (30) days prior to the expiration of any such policies evidence as to the renewal thereof, if then required by this Section, and the payment of all premiums then due with respect thereto; and (c) promptly upon request by the Trustee, but in any case within ninety (90) days after the end of each Fiscal Year, a certificate of an Authorized Representative of the Borrower setting forth the particulars as to all insurance policies maintained by the Borrower pursuant to this Section and certifying that such insurance policies are in full force and effect, that such policies comply with the provisions of this Section and that all premiums then due thereon have been paid.

All insurance policies required by this Section 6.3 shall name the Trustee as an additional insured or loss payee, as applicable, and shall provide that no such policy may be terminated without thirty (30) days' written notice to the Trustee.

Delivery of reports, recommendations, certificates and other documents to the Trustee pursuant to this Section 6.3 is for safe keeping purposes only and the Trustee's receipt of the foregoing shall not imply a duty on the part of the Trustee to review, evaluate or analyze the information contained therein.

Section 6.4. Application of Net Proceeds of Insurance. The Net Proceeds of the insurance carried pursuant to paragraph (a) of Section 6.3 hereof shall be applied as provided in Section 7.1 hereof. The Net Proceeds of insurance carried pursuant to paragraphs (b) and (d) of Section 6.3 hereof shall be applied toward extinguishment or satisfaction of the liability with respect to which such insurance proceeds have been paid. The Net Proceeds of the fidelity insurance carried pursuant to paragraph (c) of Section 6.3 hereof shall be held by the Borrower to replace the funds lost.

Section 6.5. Advances by Trustee. In the event the Borrowers shall fail to maintain the full insurance coverage required by this Agreement or shall fail to keep the Collateral Property in as reasonably safe condition as its operating condition will permit, or shall fail to keep the Collateral Property in good repair and good operating condition (except as otherwise herein permitted), the Trustee may (but shall be under no obligation to) take out the required policies of insurance and pay the premiums on the same, or make the required repairs, renewals and replacements. All amounts advanced therefor by the Trustee shall become an additional obligation of the Borrower to the Trustee, which amounts the Borrower agrees to pay on demand together with interest thereon at the Late Payment Rate or the maximum rate permitted by law if less than such rate.

ARTICLE 7

DAMAGE, DESTRUCTION AND CONDEMNATION

Section 7.1. Damage and Destruction. Unless the Borrowers shall have exercised their option to prepay the Loan in full pursuant to Article 11 hereof, if the Collateral Property is destroyed or damaged (in whole or in part) by fire or other casualty, the Borrower Representative shall promptly give written notice thereof to the Trustee. All Net Proceeds of insurance shall, as determined by the Trustee if directed by the Majority Bondholder, either be used to redeem Bonds or be held by the Borrowers in a separate trust account, whereupon: (a) the Borrowers will promptly repair, rebuild or restore the property damaged or destroyed to substantially the same condition as it existed prior to such damage or destruction, with such changes, alterations and modifications (including the substitution and addition of other property) as may be desired by the Borrowers and as will not impair the Borrowers' ability to operate the Collateral Property in an efficient manner; and (b) the Borrowers will apply so much as may be necessary of the Net Proceeds of such insurance to payment of the costs of such repair, rebuilding or restoration as the work progresses. Any balance of such Net Proceeds remaining after payment of all the costs of such repair, rebuilding or restoration shall be applied on a pro rata basis to redeem Bonds and pay Additional Parity Indebtedness. The portion of any such balance to be used to redeem Bonds shall be transferred to the Bond Principal Fund and applied to the payment of principal of the Bonds. In the event such Net Proceeds are not sufficient to pay in full the costs of such repair, rebuilding or restoration, the Borrower will nonetheless complete the work thereof and will pay any costs thereof in excess of the amount of such Net Proceeds. The Borrowers shall not by reason of the payment of such excess costs be entitled to any reimbursement from the County, the Trustee or the owners of the Bonds or any postponement, abatement or diminution of the Loan Payments and other payments required to be made under this Agreement.

Section 7.2. Condemnation. Unless the Borrowers shall have exercised their option to prepay the Loan in full pursuant to Article 11 hereof, in the event that title to, or the temporary use of, the Collateral Property or any part thereof shall be taken under the exercise of the power of eminent domain, the Borrowers shall be obligated to continue to make the Loan Payments and other payments required to be made under this Agreement. In the event that the Net Proceeds from any award made in such eminent domain proceedings is less than $500,000, all of such Net Proceeds shall be paid to the Borrowers and shall be held or used by the Borrowers for such purposes as the Borrower Representative, in its discretion, may deem appropriate. In the event that the Net Proceeds from any award made in such eminent domain proceedings is $500,000 or more, all of such Net Proceeds shall be paid to and held by the Borrowers in a separate trust account for the equal benefit of the Bondholders and holders of Additional Parity Indebtedness, to be applied to one or more of the following purposes as shall be directed by the Borrower Representative:

(a) The restoration of the Collateral Property to substantially the same condition as it existed prior to such condemnation.

(b) The acquisition, by construction or otherwise, of other improvements suitable for operation of firefighting activities.

(c) The redemption of the Bonds and payment of Additional Parity Indebtedness on a pro rata basis in proportion to the Outstanding principal amounts thereof; provided that such condemnation award may be applied for such redemption and payment only if (i) all Net Proceeds of such award shall be so applied; and (ii) all of the Bonds are to be redeemed in accordance with the Indenture upon exercise of the option to prepay the Loan in full provided for in Article 11 hereof and all of the Additional Parity Indebtedness is to be paid; or in the event that less than all of the Bonds are to be redeemed and less than all Additional Parity Indebtedness is to be paid, the Borrower Representative shall furnish to the Trustee a written certificate stating (A) that the Collateral Property taken by such condemnation proceedings is not essential to the Borrower's use or occupancy of the Collateral Property; (B) that the Collateral Property taken by such condemnation has been restored to a condition substantially equivalent to its condition prior to the taking by such condemnation proceedings; or (C) that improvements have been acquired which are suitable for operation as firefighting facilities.

In the event the Borrower Representative elects either of the options set forth in paragraph (a) or (b) of this Section, the Borrowers will apply so much as may be necessary of the Net Proceeds of such condemnation award to payment of the costs of such restoration, acquisition or construction, as the work progresses.

In the event the Borrower Representative elects either of the options set forth in paragraph (a) or (b) of this Section, and the Net Proceeds received from eminent domain are insufficient to pay in full the cost of restoring, acquiring or constructing improvements of substantially the same condition as the Collateral Property prior to the taking, the Borrowers will nonetheless complete the work thereof and will pay any costs thereof in excess of such Net Proceeds. The Borrowers shall not by reason of the payment of such excess costs be entitled to any reimbursement from the County, the Trustee or the owners of the Bonds or any postponement, abatement or diminution of the Loan Payments and other payments required to be made under this Agreement.

Unless the Borrower Representative has exercised the Borrowers' option to prepay the Loan in full pursuant to Article 11 hereof, within 90 days from the date of a final order in any eminent domain proceeding granting condemnation, the Borrower Representative, on behalf of the Borrowers, shall direct the Trustee in writing which of the ways specified in this Section the Borrowers elect to have applied the Net Proceeds of the condemnation award. Any balance of the Net Proceeds of the award in such eminent domain proceedings remaining after payment of all the costs of such restoration, acquisition and construction shall be applied to redeem Bonds and pay Additional Parity Indebtedness on a pro rata basis in proportion to the Outstanding principal amounts thereof. The portion of any such balance to be used to redeem Bonds shall be transferred to the Bond Principal Fund and applied to the payment of the principal of the Bonds.

Section 7.3. Borrowers Entitled to Certain Net Proceeds. The Borrowers shall be entitled to the Net Proceeds of any insurance payment or condemnation award or portion thereof attributable to damage or destruction or takings of their Property that is not included in the Collateral Property; provided that any such funds shall constitute Gross Revenues.

Section 7.4. No Change in Loan Payments. All buildings, improvements and equipment acquired in the repair, rebuilding or restoration of the Collateral Property shall be deemed a part of the Collateral Property and shall be available for use and occupancy by the Borrower without the payment of any payments hereunder other than the Loan Payments and other payments required to be made under this Agreement, to the same extent as if they were specifically described herein.

Section 7.5. Investment of Net Proceeds. Any Net Proceeds of insurance payments or condemnation awards held by the Borrowers pending restoration, repair or rebuilding shall be invested by the Borrowers in any investments then permitted for Borrowers' money. Any earnings or profits on such investments shall be considered part of the Net Proceeds.

ARTICLE 8

Section 8.21. Business; Licenses; Intellectual Property. No Borrower is a party to or subject to any agreement or restriction that could reasonably be expected to result in a Material Adverse Effect. Each of the Borrowers has obtained any and all licenses (including licenses with respect to the Aircraft required by the FAA and other governmental requirements), certificates (other than the Certificate of Airworthiness for the Aircraft issued by the FAA), permits, franchises, governmental authorizations, patents, trademarks, copyrights or other rights necessary for the ownership of its assets and properties which Borrower deems reasonably necessary for the conduct of its business. Each applicable Borrower shall remain, and shall cause each Aircraft to remain, in compliance with each Warranty and shall provide all such reports and registrations, and shall take all such actions as are required by the terms of each Warranty.

Section 8.24. Inconsistent Agreements. None of the Borrowers will enter into or permit to exist any agreement or arrangement which would restrict in any material respect the ability of any Borrower to fulfil its obligations under this Agreement or any of the other Financing Documents.

Section 8.25. Margin Stock; Governmental Regulation. No Borrower will borrow under this Agreement for the purpose of buying or carrying any "margin stock", as such term is used in Regulation U and related regulations of the Board of Governors of the Federal Reserve System, as amended from time to time. No Borrower owns any "margin stock". The Borrowers are not engaged in the business of extending credit to others for such purpose, and no part of the proceeds of any loan will be used to purchase or carry any "margin stock" or to extend credit to others for the purpose of purchasing or carrying any "margin stock". The Borrowers are not subject to regulation, the Federal Power Act, the Investment Company Act of 1940, or any other federal or state statute or regulation limiting its ability to incur indebtedness for borrowed money.

Section 8.26. Flight Logs and Maintenance Records. At the request of the Trustee, the Borrowers shall provide to Trustee copies of all flight logs and maintenance records for the Aircraft. In addition, the Borrower shall deliver to the Trustee any required Certificate of Airworthiness for an Aircraft which is issued by the FAA.

Section 8.28. No Further Filings. Other than in connection with the Bonds, no Aircraft Contract or management agreement may be filed or recorded at the FAA or registered at the International Registry or notice filed in any UCC filing office.

Section 8.29. Use of Series 2022 Bond Proceeds by Borrowers. The Borrowers shall use the proceeds of the Series 2022 Bonds disbursed to the Borrower Representative pursuant to Section 4.2 of this Agreement (the "Taxable Series 2022 Improvements Funds") solely for the purpose of paying the costs of the acquisition, construction, installation, equipping, financing or refinancing of the Taxable Series 2022 Improvements. Any such payment shall be made in accordance with the terms of the contracts applicable thereto and in accordance with usual and customary practice under existing conditions. The making of any such payment shall not cause a default by the Borrower in its representations, warranties or covenants under this Agreement.

The Borrowers shall provide to the Title Insurer, any mechanic's and materialmen's lien waivers for all work done or material supplied in connection with any of the Financed Hangars, as required by the Title Insurer. In connection with any disbursement of Taxable Series 2022 Improvements Funds for any of the Financed Hangars, the Borrowers shall cause the Title Insurer to provide to the Borrower Representative evidence of an updated title search and/or endorsement to the Title Policy, and if the Title Policy contains a pending disbursement clause, the amount of the Title Policy shall increase by the amount of such disbursement.

The Borrower shall take all steps necessary for the Security Agreement to provide a first priority lien against any Aircraft acquired by the Borrowers with the Taxable Series 2022 Improvements Funds, or acquired with any other funds by the Borrowers subsequent to the Date of Issuance of the Series 2022 Bonds, including but not limited to executing and delivering an Aircraft Security Agreement relating to such Aircraft to the Trustee substantially concurrently with the delivery of such Aircraft to the Borrower.

No Borrower shall make any non-cash investments in any Person other than a Borrower.

Section 8.31. Pledge of Gross Revenues. The foregoing provisions of this Section 10.1 are subject to the following limitations: If by reason of force majeure the Borrower is unable in whole or in part to carry out its agreements herein contained, other than the obligations on the part of the Borrower contained in Article 5 and in Sections 8.6 and 8.12 hereof, the Borrower shall not be deemed in default during the continuance of such inability. The term "force majeure" as used herein shall mean, without limitation, the following: acts of God; strikes, lockouts or other industrial disturbances; acts of public enemies; orders of any kind of the government of the United States of America or of the State or any of their departments, agencies or officials, or any civil or military authority, including, without limitation, orders, rules or regulations of any such entities having jurisdiction over the rates and fees charged by the Borrower for its facilities and services; insurrections; riots; epidemics; landslides; lightning; earthquake; fire; hurricane; tornadoes; storms; floods; washouts; droughts; arrests; restraint of government and people; civil disturbances; explosions; breakage or accident to machinery, transmission pipes or canals; partial or entire failure of utilities; or any other cause or event not reasonably within the control of the Borrower. The Borrower agrees, however, if possible, to remedy with all reasonable dispatch the cause or causes preventing it from carrying out its agreements; provided, that the settlement of strikes, lockouts and other industrial disturbances shall be entirely within the discretion of the Borrower, and the Borrower shall not be required to make settlement of strikes, lockouts or other industrial disturbances by acceding to the demands of the opposing party or parties when such course is in the judgment of the Borrower unfavorable to the Borrower.

Section 10.2. Remedies on Default. Whenever any event of default referred to in Section 10.1 hereof shall have occurred and is continuing, the County, or the Trustee where so provided herein, may take any one or more of the following remedial steps:

(a) The Trustee (acting as assignee of the County) or the County (in the event of a failure of the Trustee to act under this paragraph unless the Trustee has been so directed by the Majority Bondholder), as and to the extent provided in the Indenture, may declare the Loan Payments payable hereunder for the remainder of the term of this Agreement to be immediately due and payable, whereupon the same shall become due and payable.

(b) The Trustee may take any action permitted under the Indenture with respect to an Event of Default thereunder.

(c) The Trustee (acting as assignee of the County) or the County (in the event of a failure of the Trustee to act under this paragraph unless the Trustee has been so directed by the Majority Bondholder), as and to the extent provided in the Indenture, may take whatever action at law or in equity as may appear necessary or desirable to collect the amounts then due and thereafter to become due, or to enforce performance or observance of any obligations, agreements or covenants of the Borrower under this Agreement.

Whenever any event of default referred to in Section 10.1(D) or Section 10.1(E) hereof shall have occurred and is continuing, and the Borrower or BAG Holdings, as applicable, elects to repay such defaulted Indebtedness or Additional Parity Indebtedness, the Majority Bondholder may direct the Trustee to call all of the Series 2022 Bonds for redemption at a redemption price equal to 100% of the principal amount of each Series 2022 Bond redeemed plus any then-applicable premium and accrued interest to the redemption date.

Notwithstanding the foregoing, prior to the exercise by the County or the Trustee of any remedy that would prevent the application of this paragraph, the Borrower may, at any time, pay all accrued payments hereunder (exclusive of any such payments accrued solely by virtue of declaration pursuant to Section 10.2(a)) and fully cure all defaults, and in such event, the Borrower shall be fully reinstated to its position hereunder as if such event of default had never occurred.

In the event that the Borrower fails to make any payment required hereby, the payment so in default shall continue as an obligation of the Borrower until the amount in default shall have been fully paid.

Any proceeds received by the County or the Trustee from the exercise of any of the above remedies, after reimbursement of any costs incurred by the County or the Trustee in connection therewith, shall be applied by the Trustee in accordance with the provisions of the Indenture.

If the County or the Trustee shall have proceeded to enforce their rights under this Agreement and such proceedings shall have been discontinued or abandoned for any reason or shall have been determined adversely to the County or the Trustee, then and in every such case, the Borrower, the County and the Trustee shall be restored to their respective positions and rights hereunder, and all rights, remedies and powers of the Borrower, the County and the Trustee shall continue as though no such proceedings had been taken.

Section 10.3. No Remedy Exclusive. No remedy herein conferred upon or reserved to the County or the Trustee is intended to be exclusive of any other available remedy or remedies, but each and every such remedy shall be cumulative and shall be in addition to every other remedy given under this Agreement or now or hereafter existing at law or in equity or by statute. No delay or omission in exercising any right or power accruing upon any default shall impair any such right or power or shall be construed to be a waiver thereof, but any such right or power may be exercised from time to time and as often as may be deemed expedient. In order to entitle the County to exercise any remedy reserved to it in this Article, it shall not be necessary to give any notice, other than notice required herein or by applicable law. Such rights and remedies given the County hereunder shall also extend to the Trustee and the owners of the Bonds, subject to the Indenture.

Section 10.4. Agreement To Pay Attorneys' Fees and Expenses. In the event the Borrower should breach any of the provisions of this Agreement and the County or the Trustee should employ attorneys or incur other expenses for the collection of Loan Payments or the enforcement of performance or observance of any obligation or agreement on the part of the Borrower herein contained, the Borrower agrees that it will on demand therefor pay to the County or the Trustee, as the case may be, the reasonable fee of such attorneys and such other reasonable expenses incurred by the County or the Trustee. The obligations of the Borrower arising under this Section shall continue in full force and effect notwithstanding the final payment of the Bonds or the termination of this Agreement for any reason.

Section 10.5. Waiver. In the event any agreement contained in this Agreement should be breached by any party and thereafter waived by any other party, such waiver shall be limited to the particular breach waived and shall not be deemed to waive any other breach hereunder. In view of the assignment of the County's rights in and under this Agreement to the Trustee under the Indenture, the County shall have no power to waive any event of default hereunder without the consent of the Trustee.

ARTICLE 11

PREPAYMENT OF THE LOAN

Section 11.1. General Option To Prepay the Loan. The Borrower shall have and is hereby granted the option exercisable at any time to prepay all or any portion of the Loan by depositing with the Trustee an amount of money or securities, to the extent permitted by Section 7.01 of the Indenture, the principal and interest on which when due will be equal to (giving effect to the credit, if any, provided by Section 11.2 hereof) an amount sufficient to pay the principal of (in integral multiples of $5,000), premium, if any, and interest on any portion of the Bonds then Outstanding under the Indenture. The exercise of the option granted by this Section shall not be cause for redemption of Bonds unless such redemption is permitted at that time under the provisions of the Indenture and the Borrower specifies the date for such redemption. In the event the Borrower prepays all of the Loan pursuant to this Section, the Borrower shall also pay all reasonable and necessary fees and expenses of the Trustee accrued and to accrue through final payment of the Bonds and all of its liabilities accrued and to accrue hereunder to the County through final payment of the Bonds.

Section 11.2. Prepayment Credits. In the event of prepayment by the Borrower of the Loan in whole, the amounts then contained in the Bond Principal Fund, the Bond Interest Fund and the Issuance Expense Fund shall be credited against the Borrower's prepayment obligation.

Section 11.3. Notice of Prepayment. In order to exercise the option granted by this Article, the Borrower shall give written notice to the Trustee which shall specify therein the date of making the prepayment, which date shall be not less than 60 days nor more than 90 days from the date the notice is mailed. In the case of any prepayment pursuant to this Article, the Borrower shall make arrangements with the Trustee for giving the required notice of redemption, if any, of any Bonds to be redeemed and, if applicable, shall pay to the Trustee an amount of money sufficient to redeem all of the Bonds called for redemption at the appropriate redemption price on or before the forty-fifth- day prior to the redemption date.

Section 11.4. Use of Prepayment Money. By virtue of the assignment of the rights of the County under this Agreement to the Trustee, the Borrower agrees to and shall pay any amount required to be paid by it under this Article directly to the Trustee (other than amounts to be paid to the County for its own account). The Trustee shall use the money so paid to it by the Borrower (other than amounts to be paid to the Trustee for its own account) to pay the principal of, premium, if any, and interest on the Bonds on regularly scheduled payment dates or, upon direction of the Borrower, to redeem Bonds on the date set for redemption thereof pursuant to Section 11.03 hereof.

If by the fifth day subsequent to the day on which the Borrower is required to make a payment pursuant to the first sentence of this paragraph the amount held by the Trustee in the Bond Principal Fund and the Bond Interest Fund is insufficient to make the required payments of principal of and interest on the Bonds, the Borrower shall forthwith pay such deficiency as repayment of the Loan for deposit into the Bond Principal Fund or the Bond Interest Fund, as the case may be.

(b) The Borrower shall pay or provide for the payment of all taxes and assessments, general or special, concerning or in any way related to the Property of the Borrower, including the Collateral Property, or any part thereof, during the term of this Agreement and any other governmental charges and impositions whatsoever, and all utility and other charges and assessments, in the manner, at the times and under the conditions more specifically provided in Section 6.2 hereof.

(c) The Borrower agrees to pay to the Trustee the reasonable and necessary fees and expenses of the Trustee, as and when the same become due, upon submission of a statement therefor; provided, that the Borrower may, without creating a default hereunder, contest in good faith any such fees or expenses.

In the event the Borrower should fail to make any of the payments required by this Section, the item or installment in default shall continue as an obligation of the Borrower until the amount in default shall have been fully paid, and the Borrower agrees to pay the same and, with respect to the payments required by paragraphs (a) and (b) hereof, with interest at the Late Payment Rate or the maximum rate permitted by law if less than such rate. In such an event, the Borrower shall first make the payments required by Section 5.1(a), then Section 5.1(b), then Section 5.1(c), and then Section 5.1(d).

Section 5.2. Payees of Payments. The Loan Payments provided for in Section 5.1(a) hereof shall be paid in funds immediately available to the Trustee for the account of the County and shall be deposited into the Bond Principal Fund or the Bond Interest Fund as appropriate. The payments to be made to the County under Section 5.1(d) hereof shall be paid directly to the County for its own use.

Section 5.3. Obligations of Borrower Hereunder Unconditional. The obligations of the Borrower to make the payments required hereunder and to perform and observe the other agreements on its part contained herein shall be absolute and unconditional and are general obligations of the Borrowers payable from all available resources of each of the Borrowers. Each of the Borrowers: (a) will not suspend or discontinue, or permit the suspension or discontinuance of, any payments provided for herein; (b) will perform and observe all of its other agreements contained in this Agreement and the other Financing Documents; and (c) except as provided in Article 11 hereof, will not terminate this Agreement for any cause including, without limiting the generality of the foregoing, any acts or circumstances that may constitute failure to complete the Project, the Taxable Series 2022 Project and/or the Taxable Series 2022B Project, failure of consideration, eviction or constructive eviction, destruction of or damage to any of the Property, commercial frustration of purpose, or change in the tax or other laws or administrative rulings of or administrative actions by the United States of America or the State or any political subdivision of either, any failure of the County to perform and observe any agreement, whether express or implied, or any duty, liability or obligation arising out of or connected with this Agreement, whether express or implied, or any failure of the Trustee to perform and observe any agreement, whether express or implied, or any duty, liability or obligation arising out of or connected with the Indenture, whether express or implied. Nothing contained in this Section shall be construed to release the County from the performance of any agreements on its part herein contained, and if the County shall fail to perform any such agreement the Borrowers may institute such action against

the County as the Borrowers may deem necessary to compel performance; provided that no such action shall violate the agreements on the part of any Borrower contained herein. The Borrowers may, however, at their own cost and expense and in their own name or in the name of the County, prosecute or defend any action or proceeding or take any other action involving third persons which the Borrowers deem reasonably necessary in order to secure or protect its right of possession, occupancy and use of any of the Property and in such event the County hereby agrees to cooperate fully with the Borrowers (without expense to the County).

ARTICLE 6

MAINTENANCE, TAXES AND INSURANCE

Section 6.1. Maintenance and Modifications of the Collateral Property by the Borrower. The Borrower agrees that during the term of this Agreement, the Collateral Property shall be operated and maintained in substantial compliance with all governmental laws, building codes, ordinances, regulations and zoning laws as shall be applicable to the Collateral Property. The Borrowers agree that during the term of this Agreement, they will at their own expense: (a) keep the Collateral Property in as reasonably safe condition as its operations permit; and (b) except to the extent the Borrowers have determined that any portion of the Collateral Property is not useful in its operations, keep the Collateral Property in good repair and in good operating condition, making from time to time all necessary repairs thereto (including external and structural repairs) and renewals and replacements thereof. The Borrowers may, also at their own expense, make from time to time any additions, modifications or improvements to the Collateral Property they may deem desirable for their purposes.

Section 6.2. Taxes, Other Governmental Charges and Utility Charges. The Borrower will pay promptly, as the same become due: (a) all taxes and governmental charges of any kind whatsoever that may at any time be lawfully assessed or levied against or with respect to the Property or any interest therein, or any machinery, equipment or other property installed or brought by the Borrower therein or thereon; (b) all utility and other charges incurred in the operation, maintenance, use, occupancy and upkeep of the Property; and (c) all assessments and charges lawfully made by any governmental body for public improvements; provided that with respect to special assessments or other governmental charges that may lawfully be paid in installments over a period of years, the Borrower shall be obligated to pay only such installments as may have become due during the term of this Agreement.

The Borrowers may, at their expense, in good faith contest any such taxes, assessments and other charges and, in the event of any such contest, may permit the taxes, assessments or other charges contested to remain unpaid during the period of such contest and any appeal therefrom.

Section 6.3. Insurance Required. Throughout the term of this Agreement, the Borrower shall keep the Collateral Property continuously insured against the following risks, paying as the same become due and payable all premiums with respect thereto:

(a) insurance against loss or damage to the Property by all perils, with uniform standard extended coverage endorsement limited only as may be provided in the standard form of extended coverage endorsement at the time in use in the State, to such extent as is necessary to provide for the full insurable value, but with deductible clauses in such amounts as are customary for facilities of similar size and character within the State;

(b) comprehensive general accident and public liability insurance (including coverage for all losses arising from the ownership or use of any vehicle) providing coverage limits (including deductible clauses) of not less than the coverage limits customarily carried by owners or operators of facilities of similar size and character within the State;

(c) fidelity insurance or bonds on those of its officers and employees who handle funds of the Borrower, both in such amounts and to such extent as are customarily carried by organizations similar to the Borrower and operating properties similar in size and character to the facilities of the Borrower; and

(d) workers' compensation insurance, disability benefits insurance and such other forms of insurance as the Borrower is required by law to provide with respect to the Property.

The insurance policies required by this Section may be evidenced by individual policies or by an umbrella policy. At least every three years from July 1, 2022, the Borrower shall employ, at its expense, an Insurance Consultant to review the insurance coverage required by this Section and to render to the Borrower and the Trustee a report as to the adequacy of such coverage and as to its recommendations, if any, for adjustments thereto. The insurance coverage provided by this Section may be reduced or otherwise adjusted by the Borrower without the consent of the Trustee; provided that all coverages after such reduction or other adjustment are certified by the Insurance Consultant to be adequate and appropriate for facilities of like size and type, taking into account the availability of such insurance, the terms upon which such insurance is available, the cost of such available insurance and the effect of such terms and such cost upon the Borrower's costs and charges for its services.

If as a result of such review, the Insurance Consultant finds that the existing coverage is inadequate, taking into account the availability of such insurance, the terms upon which such insurance is available, the cost of such available insurance and the effect of such terms and such cost upon the Borrowers' costs and charges for its services, then the insurance coverage provided by this Section shall be increased or otherwise adjusted by the Borrowers. The insurance coverage required by this Section, and modification thereof permitted or required by this paragraph, shall at all times be adequate and appropriate for facilities of like size and type, taking into account the Borrowers' particular circumstances, and the Insurance Consultant shall so certify in the report required by the above-insured for all or any part of the foregoing requirements if the Borrowers have received a written evaluation with respect to such self-insurance programs from an Insurance Consultant stating that such self-insurance is consistent with sound risk management policies. The Borrowers shall pay any fees charged by such Insurance Consultant. Any self-insurance of the Borrowers existing on the date of execution of this Agreement may continue without evidence of compliance with the above requirements unless the periodic report of the Insurance Consultant required by this Section states that such self-insurance is not consistent with sound risk management.

The Borrowers shall deliver to the Trustee: (a) upon the commencement of the term of this Agreement, the originals or certified copies thereof of all insurance policies (or certificates of insurance with respect thereto) which the Borrowers are required to maintain pursuant to this Section, together with evidence as to the payment of all premiums then due thereon; (b) at least thirty (30) days prior to the expiration of any such policies evidence as to the renewal thereof, if then required by this Section, and the payment of all premiums then due with respect thereto; and (c) promptly upon request by the Trustee, but in any case within ninety (90) days after the end of each Fiscal Year, a certificate of an Authorized Representative of the Borrower setting forth the particulars as to all insurance policies maintained by the Borrower pursuant to this Section and certifying that such insurance policies are in full force and effect, that such policies comply with the provisions of this Section and that all premiums then due thereon have been paid.

All insurance policies required by this Section 6.3 shall name the Trustee as an additional insured or loss payee, as applicable, and shall provide that no such policy may be terminated without thirty (30) days' written notice to the Trustee.

Delivery of reports, recommendations, certificates and other documents to the Trustee pursuant to this Section 6.3 is for safe keeping purposes only and the Trustee's receipt of the foregoing shall not imply a duty on the part of the Trustee to review, evaluate or analyze the information contained therein.

Section 6.4. Application of Net Proceeds of Insurance. The Net Proceeds of the insurance carried pursuant to paragraph (a) of Section 6.3 hereof shall be applied as provided in Section 7.1 hereof. The Net Proceeds of insurance carried pursuant to paragraphs (b) and (d) of Section 6.3 hereof shall be applied toward extinguishment or satisfaction of the liability with respect to which such insurance proceeds have been paid. The Net Proceeds of the fidelity insurance carried pursuant to paragraph (c) of Section 6.3 hereof shall be held by the Borrower to replace the funds lost.

Section 6.5. Advances by Trustee. In the event the Borrowers shall fail to maintain the full insurance coverage required by this Agreement or shall fail to keep the Collateral Property in as reasonably safe condition as its operating condition will permit, or shall fail to keep the Collateral Property in good repair and good operating condition (except as otherwise herein permitted), the Trustee may (but shall be under no obligation to) take out the required policies of insurance and pay the premiums on the same, or make the required repairs, renewals and replacements. All amounts advanced therefor by the Trustee shall become an additional obligation of the Borrower to the Trustee, which amounts the Borrower agrees to pay on demand together with interest thereon at the Late Payment Rate or the maximum rate permitted by law if less than such rate.

ARTICLE 7

DAMAGE, DESTRUCTION AND CONDEMNATION

Section 7.1. Damage and Destruction. Unless the Borrowers shall have exercised their option to prepay the Loan in full pursuant to Article 11 hereof, if the Collateral Property is destroyed or damaged (in whole or in part) by fire or other casualty, the Borrower Representative shall promptly give written notice thereof to the Trustee. All Net Proceeds of insurance shall, as determined by the Trustee if directed by the Majority Bondholder, either be used to redeem Bonds or be held by the Borrowers in a separate trust account, whereupon: (a) the Borrowers will promptly repair, rebuild or restore the property damaged or destroyed to substantially the same condition as it existed prior to such damage or destruction, with such changes, alterations and modifications (including the substitution and addition of other property) as may be desired by the Borrowers and as will not impair the Borrowers' ability to operate the Collateral Property in an efficient manner; and (b) the Borrowers will apply so much as may be necessary of the Net Proceeds of such insurance to payment of the costs of such repair, rebuilding or restoration as the work progresses. Any balance of such Net Proceeds remaining after payment of all the costs of such repair, rebuilding or restoration shall be applied on a pro rata basis to redeem Bonds and pay Additional Parity Indebtedness. The portion of any such balance to be used to redeem Bonds shall be transferred to the Bond Principal Fund and applied to the payment of principal of the Bonds. In the event such Net Proceeds are not sufficient to pay in full the costs of such repair, rebuilding or restoration, the Borrower will nonetheless complete the work thereof and will pay any costs thereof in excess of the amount of such Net Proceeds. The Borrowers shall not by reason of the payment of such excess costs be entitled to any reimbursement from the County, the Trustee or the owners of the Bonds or any postponement, abatement or diminution of the Loan Payments and other payments required to be made under this Agreement.

Section 7.2. Condemnation. Unless the Borrowers shall have exercised their option to prepay the Loan in full pursuant to Article 11 hereof, in the event that title to, or the temporary use of, the Collateral Property or any part thereof shall be taken under the exercise of the power of eminent domain, the Borrowers shall be obligated to continue to make the Loan Payments and other payments required to be made under this Agreement. In the event that the Net Proceeds from any award made in such eminent domain proceedings is less than $500,000, all of such Net Proceeds shall be paid to the Borrowers and shall be held or used by the Borrowers for such purposes as the Borrower Representative, in its discretion, may deem appropriate. In the event that the Net Proceeds from any award made in such eminent domain proceedings is $500,000 or more, all of such Net Proceeds shall be paid to and held by the Borrowers in a separate trust account for the equal benefit of the Bondholders and holders of Additional Parity Indebtedness, to be applied to one or more of the following purposes as shall be directed by the Borrower Representative:

(a) The restoration of the Collateral Property to substantially the same condition as it existed prior to such condemnation.

(b) The acquisition, by construction or otherwise, of other improvements suitable for operation of firefighting activities.

(c) The redemption of the Bonds and payment of Additional Parity Indebtedness on a pro rata basis in proportion to the Outstanding principal amounts thereof; provided that such condemnation award may be applied for such redemption and payment only if (i) all Net Proceeds of such award shall be so applied; and (ii) all of the Bonds are to be redeemed in accordance with the Indenture upon exercise of the option to prepay the Loan in full provided for in Article 11 hereof and all of the Additional Parity Indebtedness is to be paid; or in the event that less than all of the Bonds are to be redeemed and less than all Additional Parity Indebtedness is to be paid, the Borrower Representative shall furnish

to the Trustee a written certificate stating (A) that the Collateral Property taken by such condemnation proceedings is not essential to the Borrower's use or occupancy of the Collateral Property; (B) that the Collateral Property taken by such condemnation has been restored to a condition substantially equivalent to its condition prior to the taking by such condemnation proceedings; or (C) that improvements have been acquired which are suitable for operation as firefighting facilities.

In the event the Borrower Representative elects either of the options set forth in paragraph (a) or (b) of this Section, the Borrowers will apply so much as may be necessary of the Net Proceeds of such condemnation award to payment of the costs of such restoration, acquisition or construction, as the work progresses.

In the event the Borrower Representative elects either of the options set forth in paragraph (a) or (b) of this Section, and the Net Proceeds received from eminent domain are insufficient to pay in full the cost of restoring, acquiring or constructing improvements of substantially the same condition as the Collateral Property prior to the taking, the Borrowers will nonetheless complete the work thereof and will pay any costs thereof in excess of such Net Proceeds. The Borrowers shall not by reason of the payment of such excess costs be entitled to any reimbursement from the County, the Trustee or the owners of the Bonds or any postponement, abatement or diminution of the Loan Payments and other payments required to be made under this Agreement.

Unless the Borrower Representative has exercised the Borrowers' option to prepay the Loan in full pursuant to Article 11 hereof, within 90 days from the date of a final order in any eminent domain proceeding granting condemnation, the Borrower Representative, on behalf of the Borrowers, shall direct the Trustee in writing which of the ways specified in this Section the Borrowers elect to have applied the Net Proceeds of the condemnation award. Any balance of the Net Proceeds of the award in such eminent domain proceedings remaining after payment of all the costs of such restoration, acquisition and construction shall be applied to redeem Bonds and pay Additional Parity Indebtedness on a pro rata basis in proportion to the Outstanding principal amounts thereof. The portion of any such balance to be used to redeem Bonds shall be transferred to the Bond Principal Fund and applied to the payment of the principal of the Bonds.

Section 7.3. Borrowers Entitled to Certain Net Proceeds. The Borrowers shall be entitled to the Net Proceeds of any insurance payment or condemnation award or portion thereof attributable to damage or destruction or takings of their Property that is not included in the Collateral Property; provided that any such funds shall constitute Gross Revenues.

Section 7.4. No Change in Loan Payments. All buildings, improvements and equipment acquired in the repair, rebuilding or restoration of the Collateral Property shall be deemed a part of the Collateral Property and shall be available for use and occupancy by the Borrower without the payment of any payments hereunder other than the Loan Payments and other payments required to be made under this Agreement, to the same extent as if they were specifically described herein.

Section 7.5. Investment of Net Proceeds. Any Net Proceeds of insurance payments or condemnation awards held by the Borrowers pending restoration, repair or rebuilding shall be invested by the Borrowers in any investments then permitted for Borrowers' money. Any earnings or profits on such investments shall be considered part of the Net Proceeds.

ARTICLE 8

These covenants, representations and warranties are for the benefit of the County and the Trustee, the registered owners of the Bonds, their successors and assigns, and any successor owner of the Secured Property acquiring title upon foreclosure/reconveyance of the Deed of Trust or deed in lieu of foreclosure, and shall be deemed to survive the payment of the Bonds and the foreclosure, reconveyance, termination, or release of the Deed of Trust.

Section 8.20. Continuing Disclosure. The Borrower shall comply with its obligations under the Continuing Disclosure Agreement; provided however that failure to comply is not an "event of default" under Section 10.1(b) hereof.

Section 8.25. Margin Stock; Governmental Regulation. No Borrower will borrow under this Agreement for the purpose of buying or carrying any "margin stock", as such term is used in Regulation U and related regulations of the Board of Governors of the Federal Reserve System, as amended from time to time. No Borrower owns any "margin stock". The Borrowers are not engaged in the business of extending credit to others for such purpose, and no part of the proceeds of any loan will be used to purchase or carry any "margin stock" or to extend credit to others for the purpose of purchasing or carrying any "margin stock". The Borrowers are not subject to regulation, the Federal Power Act, the Investment Company Act of 1940, or any other federal or state statute or regulation limiting its ability to incur indebtedness for borrowed money.

Section 8.26. Flight Logs and Maintenance Records. At the request of the Trustee, the Borrowers shall provide to Trustee copies of all flight logs and maintenance records for the Aircraft. In addition, the Borrower shall deliver to the Trustee any required Certificate of Airworthiness for an Aircraft which is issued by the FAA.

Section 8.28. No Further Filings. Other than in connection with the Bonds, no Aircraft Contract or management agreement may be filed or recorded at the FAA or registered at the International Registry or notice filed in any UCC filing office.

Section 8.29. Use of Series 2022 Bond Proceeds and Series 2022B Bond Proceeds by Borrowers. The Borrowers shall use the proceeds of the Series 2022 Bonds and the proceeds of the Series 2022B Bonds disbursed to the Borrower Representative pursuant to Section 4.2 of this Agreement (the "Taxable Series 2022 Improvements Funds") solely for the purpose of paying the costs of the acquisition, construction, installation, equipping, financing or refinancing of the Taxable Series 2022 Improvements. Any such payment shall be made in accordance with the terms of the contracts applicable thereto and in accordance with usual and customary practice under existing conditions. The making of any such payment shall not cause a default by the Borrower in its representations, warranties or covenants under this Agreement.

The Borrowers shall provide to the Title Insurer, any mechanic's and materialmen's lien waivers for all work done or material supplied in connection with any of the Financed Hangars, as required by the Title Insurer. In connection with any disbursement of Taxable Series 2022 Improvements Funds for any of the Financed Hangars, the Borrowers shall cause the Title Insurer to provide to the Borrower Representative evidence of an updated title search and/or endorsement to the Title Policy, and if the Title Policy contains a pending disbursement clause, the amount of the Title Policy shall increase by the amount of such disbursement.

The Borrower shall take all steps necessary for the Security Agreement to provide a first priority lien against any Aircraft acquired by the Borrowers with the Taxable Series 2022 Improvements Funds, or acquired with any other funds by the Borrowers subsequent to the Date of Issuance of the Series 2022 Bonds or subsequent to the Date of Issuance of the Series 2022B Bonds, including but not limited to executing and delivering an Aircraft Security Agreement relating to such Aircraft to the Trustee substantially concurrently with the delivery of such Aircraft to the Borrower.

No Borrower shall make any non-cash investments in any Person other than a Borrower.

Section 8.31. Pledge of Gross Revenues. As security for its obligations under this Agreement, each Borrower hereby pledges, assigns and grants to the Trustee a security interest in all of its right, title and interest in all of its Gross Revenues, whether now owned by or owing to, or hereafter acquired by or arising in favor of such Borrower (including under any trade name or derivations thereof), and whether owned or consigned by or to such Borrower, and regardless of where located or the present or future form of such Gross Revenues.

Section 8.32. Additional Collateral Property; Additional Borrowers. Any new Superscooper firefighting aircraft purchased after the Date of Issuance of the Series 2022 Bonds or after the Date of Issuance of the Series 2022B Bonds by any Borrower or any other affiliate of any Borrower, regardless of whether such aircraft is included in the Series 2022 or the Series 2022B Financed Property, shall be pledged as security for the obligations of the Borrowers under this Agreement and shall be included in the Collateral Property. If the entity purchasing any such new Superscooper firefighting aircraft is not a Borrower, the Borrowers shall cause such entity or entities to become a "Borrower" under this Agreement, and shall cause such entity or entities to execute such agreements and documentation deemed necessary by the County and the Trustee, including but not limited to an Aircraft Security Agreement in connection with each such aircraft.

SECTION 8.33. **Account Control Agreement.** No Borrower shall maintain any operating account that is not subject to the Account Control Agreement.

The foregoing provisions of this Section 10.1 are subject to the following limitations: If by reason of force majeure the Borrower is unable in whole or in part to carry out its agreements herein contained, other than the obligations on the part of the Borrower contained in Article 5 and in Sections 8.6 and 8.12 hereof, the Borrower shall not be deemed in default during the continuance of such inability. The term "force majeure" as used herein shall mean, without limitation, the following: acts of God; strikes, lockouts or other industrial disturbances; acts of public enemies; orders of any kind of the government of the United States of America or of the State or any of their departments, agencies or officials, or any civil or military authority, including, without limitation, orders, rules or regulations of any such entities having jurisdiction over the rates and fees charged by the Borrower for its facilities and services; insurrections; riots; epidemics; landslides; lightning; earthquake; fire; hurricane; tornadoes; storms; floods; washouts; droughts; arrests; restraint of government and people; civil disturbances; explosions; breakage or accident to machinery, transmission pipes or canals; partial or entire failure of utilities; or any other cause or event not reasonably within the control of the Borrower. The Borrower agrees, however, if possible, to remedy with all reasonable dispatch the cause or causes preventing it from carrying out its agreements; provided, that the settlement of strikes, lockouts and other industrial disturbances shall be entirely within the discretion of the Borrower, and the Borrower shall not be required to make settlement of strikes, lockouts or other industrial disturbances by acceding to the demands of the opposing party or parties when such course is in the judgment of the Borrower unfavorable to the Borrower.

Section 10.2. Remedies on Default. Whenever any event of default referred to in Section 10.1 hereof shall have occurred and is continuing, the County, or the Trustee where so provided herein, may take any one or more of the following remedial steps:

(a) The Trustee (acting as assignee of the County) or the County (in the event of a failure of the Trustee to act under this paragraph unless the Trustee has been so directed by the Majority Bondholder), as and to the extent provided in the Indenture, may declare the Loan Payments payable hereunder for the remainder of the term of this Agreement to be immediately due and payable, whereupon the same shall become due and payable.

(b) The Trustee may take any action permitted under the Indenture with respect to an Event of Default thereunder.

(c) The Trustee (acting as assignee of the County) or the County (in the event of a failure of the Trustee to act under this paragraph unless the Trustee has been so directed by the Majority Bondholder), as and to the extent provided in the Indenture, may take whatever action at law or in equity as may appear necessary or desirable to collect the amounts then due and thereafter to become due, or to enforce performance or observance of any obligations, agreements or covenants of the Borrower under this Agreement.

Whenever any event of default referred to in Section 10.1(D) or Section 10.1(E) hereof shall have occurred and is continuing, and the Borrower or BAG Holdings, as applicable, elects to repay such defaulted Indebtedness or Additional Parity Indebtedness, the Majority Bondholder may direct the Trustee to call all of the Series 2022 Bonds for redemption at a redemption price equal to 100% of the principal amount of each Series 2022 Bond redeemed plus any then-applicable premium and accrued interest to the redemption date.

Notwithstanding the foregoing, prior to the exercise by the County or the Trustee of any remedy that would prevent the application of this paragraph, the Borrower may, at any time, pay all accrued payments hereunder (exclusive of any such payments accrued solely by virtue of declaration pursuant to Section 10.2(a)) and fully cure all defaults, and in such event, the Borrower shall be fully reinstated to its position hereunder as if such event of default had never occurred.

In the event that the Borrower fails to make any payment required hereby, the payment so in default shall continue as an obligation of the Borrower until the amount in default shall have been fully paid.

Any proceeds received by the County or the Trustee from the exercise of any of the above remedies, after reimbursement of any costs incurred by the County or the Trustee in connection therewith, shall be applied by the Trustee in accordance with the provisions of the Indenture.

If the County or the Trustee shall have proceeded to enforce their rights under this Agreement and such proceedings shall have been discontinued or abandoned for any reason or shall have been determined adversely to the County or the Trustee, then and in every such case, the Borrower, the County and the Trustee shall be restored to their respective positions and rights hereunder, and all rights, remedies and powers of the Borrower, the County and the Trustee shall continue as though no such proceedings had been taken.

Section 10.3. No Remedy Exclusive. No remedy herein conferred upon or reserved to the County or the Trustee is intended to be exclusive of any other available remedy or remedies, but each and every such remedy shall be cumulative and shall be in addition to every other remedy given under this Agreement or now or hereafter existing at law or in equity or by statute. No delay or omission in exercising any right or power accruing upon any default shall impair any such right or power or shall be construed to be a waiver thereof, but any such right or power may be exercised from time to time and as often as may be deemed expedient. In order to entitle the County to exercise any remedy reserved to it in this Article, it shall not be necessary to give any notice, other than notice required herein or by applicable law. Such rights and remedies given the County hereunder shall also extend to the Trustee and the owners of the Bonds, subject to the Indenture.

Section 10.4. Agreement To Pay Attorneys' Fees and Expenses. In the event the Borrower should breach any of the provisions of this Agreement and the County or the Trustee should employ attorneys or incur other expenses for the collection of Loan Payments or the enforcement of performance or observance of any obligation or agreement on the part of the Borrower herein contained, the Borrower agrees that it will on demand therefor pay to the County or the Trustee, as the case may be, the reasonable fee of such attorneys and such other reasonable expenses incurred by the County or the Trustee. The obligations of the Borrower arising under this Section shall continue in full force and effect notwithstanding the final payment of the Bonds or the termination of this Agreement for any reason.

Section 10.5. Waiver. In the event any agreement contained in this Agreement should be breached by any party and thereafter waived by any other party, such waiver shall be limited to the particular breach waived and shall not be deemed to waive any other breach hereunder. In view of the assignment of the County's rights in and under this Agreement to the Trustee under the Indenture, the County shall have no power to waive any event of default hereunder without the consent of the Trustee.

ARTICLE 11

PREPAYMENT OF THE LOAN

Section 11.1. General Option To Prepay the Loan. The Borrower shall have and is hereby granted the option exercisable at any time to prepay all or any portion of the Loan by depositing with the Trustee an amount of money or securities, to the extent permitted by Section 7.01 of the Indenture, the principal and interest on which when due will be equal to (giving effect to the credit, if any, provided by Section 11.2 hereof) an amount sufficient to pay the principal of (in integral multiples of $5,000), premium, if any, and interest on any portion of the Bonds then Outstanding under the Indenture. The exercise of the option granted by this Section shall not be cause for redemption of Bonds unless such redemption is permitted at that time under the provisions of the Indenture and the Borrower specifies the date for such redemption. In the event the Borrower prepays all of the Loan pursuant to this Section, the Borrower shall also pay all reasonable and necessary fees and expenses of the Trustee accrued and to accrue through final payment of the Bonds and all of its liabilities accrued and to accrue hereunder to the County through final payment of the Bonds.

Section 11.2. Prepayment Credits. In the event of prepayment by the Borrower of the Loan in whole, the amounts then contained in the Bond Principal Fund, the Bond Interest Fund and the Issuance Expense Fund shall be credited against the Borrower's prepayment obligation.

Section 11.3. Notice of Prepayment. In order to exercise the option granted by this Article, the Borrower shall give written notice to the Trustee which shall specify therein the date of making the prepayment, which date shall be not less than 60 days nor more than 90 days from the date the notice is mailed. In the case of any prepayment pursuant to this Article, the Borrower shall make arrangements with the Trustee for giving the required notice of redemption, if any, of any Bonds to be redeemed and, if applicable, shall pay to the Trustee an amount of money sufficient to redeem all of the Bonds called for redemption at the appropriate redemption price on or before the forty-fifth-day prior to the redemption date.

Section 11.4. Use of Prepayment Money. By virtue of the assignment of the rights of the County under this Agreement to the Trustee, the Borrower agrees to and shall pay any amount required to be paid by it under this Article directly to the Trustee (other than amounts to be paid to the County for its own account). The Trustee shall use the money so paid to it by the Borrower (other than amounts to be paid to the Trustee for its own account) to pay the principal of, premium, if any, and interest on the Bonds on regularly scheduled payment dates or, upon direction of the Borrower, to redeem Bonds on the date set for redemption thereof pursuant to Section 11.03 hereof.

Section 12.14. Provision of General Application. Any consent or approval of the County required pursuant to this Agreement shall be in writing and shall not be unreasonably withheld. If such consent or approval is withheld, the County shall state its reasons in writing. The Indenture provisions concerning the Bonds and the other matters therein are an integral part of the terms and conditions of the Loan, and the execution of this Agreement by the Borrower shall constitute the Borrower's approval of the Indenture to the extent it relates to the Borrower.

Section 12.15. Effectiveness of Agreement; No Novation or Impairment of Lien. This Agreement amends and restates the Amended and Restated Loan Agreement so that the obligations of the Borrowers thereunder shall be the obligations of the Borrower under this Agreement.

Reference is hereby made to the Indenture and the Agreement for a description of the nature and extent of the security, the rights, duties and obligations of the County, the Trustee and the registered owners of the Bonds and the terms and conditions upon which the Bonds are, and are to be, secured, and a statement of the rights, duties, immunities and obligations of the County and the Trustee.

The Bonds are subject to redemption by the County at the direction of the Borrowers in whole at any time upon certain events of damage, destruction or condemnation of the Financed Property (as defined in the Agreement) or upon certain changes in law at a redemption price equal to 100% of the principal amount thereof and accrued interest to the redemption date.

The Bonds are subject to redemption by the County at the direction of the Trustee if directed by the Majority Bondholder in part on any interest payment date, but only from the proceeds of insurance, as provided in the Indenture and the Agreement, at a redemption price equal to 100% of the principal amount of the Bonds redeemed plus any then-applicable premium and accrued interest to the redemption date.

The Bonds are subject to redemption by the County at the direction of the Borrowers in part on any interest payment date, but only from the proceeds of condemnation awards, as provided in the Indenture and the Agreement, at a redemption price equal to 100% of the principal amount of the Bonds redeemed and accrued interest to the redemption date.

The Bonds are subject to mandatory redemption in whole or in part, as applicable, at any time upon certain events including the sale of any Superscooper firefighting equipment by the Borrowers, from Excess Cash Flow if certain conditions are met, and from the sale and loss of control of BAG Holdings, all at a redemption price equal to 100% of the principal amount thereof plus any premium that would be applicable to an optional redemption of the Series 2022B Bonds on such date pursuant to the First Supplement (and if such redemption is prior to September 1, 2025, the applicable premium shall be 3%) and accrued interest to the redemption date.

The Bonds are subject to optional redemption as set forth in the Indenture. The Bonds are not subject to mandatory sinking fund redemption.

In the event less than all Bonds are to be redeemed they shall be redeemed from such maturities as the Borrowers may determine (less than all of the Bonds of a single maturity to be selected by lot in such manner as the Trustee may determine). Notice of the call for redemption shall be given by the Trustee by transmitting a copy of the redemption notice by first-class mail and/or by electronic means, not more than 45 nor less than 20 days prior to the redemption date, to the registered owner of the Bond to be redeemed in whole or in part at the address last shown on the registration records. Failure to give such notice, or any defect therein, shall not affect the validity of any proceedings for the redemption of such Bonds for which no default or defect occurs. All Series 2022B Bonds called for redemption will cease to bear interest after the specified redemption date, provided funds for their payment are on deposit at the place of payment at the time. Conditional notices of redemption are permitted by the Indenture.

The Bonds shall be issued as fully registered bonds in the denomination of $100,000 or any integral multiple of $5,000 in excess thereof within a maturity and upon surrender thereof at the designated corporate trust office of the Trustee may, at the option of the registered owner thereof, be exchanged for an equal aggregate principal amount of Bonds of the same maturity of other authorized denominations in the manner and subject to the conditions provided in the Indenture.

This bond is fully transferable by the registered owner hereof in person or by his or her duly authorized attorney on the registration records kept by the Trustee, upon surrender of this bond together with a duly executed written instrument of transfer satisfactory to the Trustee; subject, however, to the terms of the Indenture which limit the transfer and exchange of Bonds during certain periods. Upon such transfer, a new fully registered Series 2022B Bond of authorized denomination or denominations for the same aggregate principal amount and maturity will be issued to the transferee in exchange herefor, all subject to the terms, limitations and conditions set forth in the Indenture. This bond may not be transferred or sold to anyone other than a “Qualified Institutional Buyer”, within the meaning of Rule 144A promulgated under the Securities Act of 1933.

In case an Event of Default under the Indenture shall occur, the principal of all the Bonds at any such time outstanding may be declared or may become due and payable, upon the conditions and in the manner and with the effect provided in the Indenture. The Indenture provides that such declaration may in certain events be rescinded by the Trustee, the registered owners of a requisite principal amount of the Bonds then outstanding or, in certain instances, the registered owners of a requisite principal amount of the Bonds and of Additional Parity Indebtedness then outstanding.

The County may in the future, but is not obligated to, by resolution adopted by the governing body of the County, authorize and issue bonds for the purpose of making a loan to the Borrowers and/or affiliates of the Borrowers for a "Project" as defined in the Act, and all as described in such resolution, provided such bonds are issued as Additional Parity Indebtedness pursuant to the Loan Agreement. If so authorized and determined by the County, such future bonds may be issued as additional bonds under this Indenture, upon the execution and delivery of a Supplemental Indenture as provided in Article 10 of this Indenture.

Section 2.2. All Bonds Equally and Ratably Secured by Trust Estate; Limited Obligation of Bonds and Pledges Securing the Same. All Bonds issued under this Indenture and at any time Outstanding shall in all respects be equally and ratably secured hereby, without preference, priority or distinction on account of the date or dates or the actual time or times of the issue or maturity of the Bonds, so that all Bonds at any time issued and Outstanding hereunder shall have the same right, lien and preference under and by virtue of this Indenture, and shall all be equally and ratably secured hereby. No recourse shall be had for any claim based on this Indenture or the Bonds, including but not limited to the payment of the principal or redemption price of, premium, if any, or interest on, the Bonds, against any elected official, officer, director, agent, employee, or attorney past, present or future, of the County or of any successor body, as such, either directly or through the County or any such successor body, under any constitutional provision, statute or rule of law or by the enforcement of any assessment or penalty or by any legal or equitable proceeding or otherwise; provided, however, that such limitation shall not go to Bond Counsel. Notwithstanding anything to the contrary in any of the documents relevant to the issuance of the Bonds, the County shall be conclusively deemed to have complied with all of its covenants and other obligations hereunder upon requiring the Borrowers in this Indenture and the Agreement to agree to perform such County covenants and other obligations (excepting only any approvals or consents required to be given by the County hereunder). However, nothing contained in any such agreement by the Borrowers shall prevent the County from time to time, in its discretion, from performing any such covenants or other obligations. The County shall have no liability for any failure to fulfill, or breach by the Borrowers of, the County's obligations under the Bonds or this Indenture or otherwise, including without limitation the Borrowers' obligations to fulfill the County's covenants or other obligations under this Indenture. Execution by the Borrowers of the Agreement shall be deemed to constitute its acceptance of the terms of the above provisions. The Bonds and the interest thereon shall be special, limited obligations of the County, payable solely out of revenues derived under the Agreement, and shall never constitute the debt or indebtedness of the County within the meaning of any provision or limitation of the constitution or statutes of the State of Montana or of any charter of any political subdivision thereof, including the County, and shall not constitute nor give rise to a pecuniary liability or multiple fiscal year direct or indirect debt or other financial obligation whatsoever of the County or a charge against its general credit or taxing powers.

Section 2.3. Authorization of Bonds. There is hereby authorized to be issued hereunder and secured hereby one or more series of the Bonds, each to be designated "Gallatin County, Montana Industrial Development Revenue Bonds (Bridger Aerospace Group Project) (Federally Taxable)", along with a series designation determined by the County. The Bonds shall be in substantially the form of Exhibit A or another form determined by the County in connection with the issuance of a series of the Bonds other than the Series 2022 Bonds, with such appropriate variations, omissions, substitutions and insertions as are permitted or required hereby or are required by law.

Each series the Bonds shall be dated their Date of Issuance. Each series of the Bonds shall bear interest at the rates per annum set forth therein from their date until payment of principal has been made or provided for, payable on each Interest Payment Date, except that Bonds which are reissued upon transfer, exchange or other replacement shall bear interest from the most recent Interest Payment Date to which interest has been paid or duly provided for, or if no interest has been paid, from the date of such series of the Bonds. The Series 2022 Bonds shall bear interest at the rates per annum, and mature on September 1 in the years and in the principal amounts as set forth in Exhibit B, attached hereto and incorporated herein by reference.

The principal of, and premium, if any, on, the Bonds shall be payable at the Designated Office of the Trustee, upon presentation and surrender of the Bonds. Payment of interest on any Bond shall be made to the owner thereof by wire transfer to a bank account within the United States or check mailed on each Interest Payment Date (or, if such date is not a Business Day, on the next succeeding Business Day) by the Trustee to the owner at his or her address as it last appears on the registration records kept by the Trustee on the Regular Record Date for such Interest Payment Date, but any such interest not so timely paid shall cease to be payable to the owner thereof at the close of business on the Regular Record Date and shall be payable to the owner thereof at the close of business on a Special Record Date for the payment of any such defaulted interest, at the Late Payment Rate as provided in the Loan Agreement. Such Special Record Date shall be fixed by the Trustee whenever money becomes available for payment of the defaulted interest, and notice of such Special Record Date shall be given to the owners of the Bonds not less than 10 days prior thereto by first-class mail to each such owner as shown on the registration records on the date selected by the Trustee stating the date of the Special Record Date and the date fixed for the payment of such defaulted interest.

All payments of principal, premium, if any, and interest on the Bonds shall be payable in lawful money of the United States of America, without deduction for exchange or collection charges. Interest on all Bonds shall be computed based on a year of 360 days, consisting of twelve months of 30 days each.

Section 2.4. Execution of Bonds. The Bonds shall be executed in the name and on behalf of the County by the manual or facsimile signature of its Chair, the County Clerk and Recorder, and the County Treasurer and its official seal to be hereunto impressed or imprinted hereon. Any Bond may be signed (manually or by facsimile), sealed, or attested on behalf of the County by any person who, at the date of such act, shall hold the proper office, notwithstanding that at the date of authentication, issuance or delivery, such person may have ceased to hold such office.

Section 2.5. Registration, Transfer and Exchange of Bonds; Persons Treated as Owners. The County shall cause records for the registration and for the transfer of the Bonds as provided in this Indenture to be kept by the Trustee. Upon surrender for transfer of any Bond at the Designated Office of the Trustee duly endorsed for transfer or accompanied by an assignment duly executed by the owner or his or her attorney duly authorized in writing, the County shall execute and the Trustee shall authenticate and deliver in the name of the transferee or transferees a new Bond or Bonds for a like aggregate principal amount, of the same maturity in Authorized Denominations.

Bonds may be exchanged at the Designated Office of the Trustee for a like aggregate principal amount of Bonds, of the same maturity in Authorized Denominations. The County shall execute and the Trustee shall authenticate and deliver Bonds which the Bondholder making the exchange is entitled to receive, bearing numbers not contemporaneously Outstanding. The execution by the County of any Bond of any denomination shall constitute full and due authorization of such denomination and the Trustee shall thereby be authorized to authenticate and deliver such Bond.

The Trustee shall not be required to transfer or exchange any Bond subject to redemption during the period of 15 days next preceding the mailing of notice of redemption as herein provided except that Bonds not subject to redemption pursuant to Section 5.3 hereof may be transferred or exchanged during such period in the event of redemption pursuant to Section 5.3 hereof. After the giving of such notice the Trustee shall not be required to transfer or exchange any Bond or portion thereof which has been called for redemption.

As to any Bond, the person in whose name the same shall be registered shall be deemed and regarded as the absolute owner thereof for all purposes, except to the extent otherwise provided herein with respect to Regular Record Dates and Special Record Dates for the payment of interest on the Bonds, and payment of either principal or interest on any Bond shall be made only to or upon the written order of the owner thereof or his or her legal representative but such registration may be changed as hereinabove provided. All such payments shall be valid and effectual to satisfy and discharge the liability upon such Bond to the extent of the sum or sums paid.

The Trustee and the County shall require the payment by any Bondholder requesting exchange or transfer of any tax or other governmental charge required to be paid with respect to such exchange or transfer.

The foregoing provisions of this Section are subject to the provisions of Section 2.11 hereof.

Each purchaser of a Bond in connection with the initial issuance and sale thereof must be a Qualified Institutional Buyer or an Institutional Accredited Investor, and is required, as a condition to such purchase, to execute and deliver an investment letter in the form attached to this Indenture as Exhibit C. The Bonds may not be subsequently transferred or sold to anyone other than a Qualified Institutional Buyer.

Section 2.6. Lost, Stolen, Destroyed and Mutilated Bonds. Upon receipt by the County and the Trustee of evidence satisfactory to them of the ownership of and the loss, theft, destruction or mutilation of any Bond and, in the case of a lost, stolen or destroyed Bond, of indemnity satisfactory to them, and upon surrender and cancellation of the Bond, if mutilated, (a) the County shall execute, and the Trustee shall authenticate and deliver, a new Bond of the same date, maturity, principal amount, and denomination in lieu of such lost, stolen, destroyed or mutilated Bond; or

(b) if such lost, stolen, destroyed or mutilated Bond shall have matured or have been called for redemption, in lieu of executing and delivering a new Bond as aforesaid, the Trustee may pay such Bond. Any such new Bond shall bear a number not contemporaneously Outstanding. The applicant for any such new Bond may be required to pay all expenses and charges of the County and of the Trustee in connection with the issuance of such Bond. All Bonds shall be held and owned upon the express condition that, to the extent permitted by law, the foregoing conditions are exclusive with respect to the replacement and payment of mutilated, destroyed, lost or stolen Bonds, negotiable instruments, or other securities.

Section 2.7. Delivery of Series 2022 Bonds. Upon the execution and delivery of this Indenture, the County shall execute and deliver to the Trustee and the Trustee shall authenticate the Series 2022 Bonds and deliver them to the initial purchaser thereof as directed by the County and as hereinafter in this Section provided.

Prior to the delivery by the Trustee of any of the Series 2022 Bonds, there shall have been filed with or delivered to the Trustee the following:

(a) a resolution duly adopted by the County, certified by the County Clerk and Recorder thereof, authorizing the financing of the cost of the Project and execution and delivery of the Agreement, the Purchase Contract and this Indenture and the issuance of the Bonds (the "Bond Resolution");

(b) a duly executed copy of this Indenture, the Agreement, the Purchase Contract and the other Financing Documents;

(c) the written order of the County as to the authentication and delivery of the Series 2022 Bonds, signed by an Authorized Representative of the County;

(d) a copy of an investment letter in the form attached hereto as Exhibit C duly executed by each initial purchaser of a Series 2022 Bond; and

(e) an opinion of bond counsel substantially to the effect that the Series 2022 Bonds constitute legal, valid and binding obligations of the County.

Section 2.8. Authentication Certificate. The authentication certificate upon the Bonds shall be substantially in the form and tenor hereinbefore provided. No Bond shall be secured hereby or entitled to the benefit hereof, or shall be valid or obligatory for any purpose, unless the certificate of authentication, substantially in such form, has been duly executed by the Trustee; and such certificate of the Trustee upon any Bond shall be conclusive evidence and the only competent evidence that such Bond has been authenticated and delivered hereunder. The certificate of authentication shall be deemed to have been duly executed if manually signed by an authorized officer of the Trustee, but it shall not be necessary that the same officer sign the certificate of authentication on all of the Bonds issued hereunder.

Section 2.9. Cancellation and Destruction of Bonds. Whenever any Outstanding Bonds shall be delivered to the Trustee for the cancellation thereof pursuant to this Indenture, upon payment of the principal amount thereof or for replacement pursuant to Section 2.6 hereof, such Bonds shall be promptly cancelled and destroyed by the Trustee in accordance with its record retention policies then in effect.

Section 2.10. Temporary Bonds. Pending the preparation of definitive Bonds, the County may execute and the Trustee shall authenticate and deliver temporary Bonds. Temporary Bonds shall be issuable as registered Bonds without coupons, of any denomination, and substantially in the form of the definitive Bonds but with such omissions, insertions and variations as may be appropriate for temporary Bonds, all as may be determined by the County. Every temporary Bond shall be executed by the County and be authenticated by the Trustee upon the same conditions and in substantially the same manner, and with like effect, as the definitive Bonds. As promptly as practicable, the County shall execute and shall furnish definitive Bonds and thereupon temporary Bonds may be surrendered in exchange therefor without charge at the Designated Office of the Trustee, and the Trustee shall authenticate and deliver in exchange for such temporary Bonds a like aggregate principal amount of definitive Bonds. Until so exchanged, the temporary Bonds shall be entitled to the same benefits under this Indenture as definitive Bonds.

Section 2.11. Custodial Deposit.

(a) Notwithstanding the foregoing provisions of this Indenture, the Bonds shall initially be evidenced by one Bond for each year in which the Bonds mature in denominations equal to the aggregate principal amount of the Bonds maturing in that year. Such initially delivered Bonds shall be registered in the name of "Cede & Co." as nominee for The Depository Trust Company ("DTC"), the securities depository for the Bonds.

(b) The Bonds may not thereafter be transferred or exchanged except:

(i) to any successor of DTC or its nominee, which successor must be a qualified and registered "clearing agency" under Section 17A of the Securities Exchange Act of 1934, as amended;

(ii) upon the resignation of DTC or a successor or new depository under Section 2.11(b)(i) or (ii), or a determination by the Borrowers and the County that DTC or such successor or new depository is no longer able to carry out its functions, and the designation by the Borrowers and the County of another depository institution acceptable to the Borrowers and the County and to the depository then holding the Bonds, which new depository institution must be a qualified and registered "clearing agency" under Section 17A of the Securities Exchange Act of 1934, as amended, to carry out the functions of DTC or such successor or new depository; or

(iii) upon the resignation of DTC or a successor or new depository under Section 2.11(b)(i) or (ii), or a determination of the Borrowers and the County that DTC or such successor or new depository is no longer able to carry out its functions, and the failure by the Borrowers and the County, after reasonable investigation, to locate another qualified depository institution under Section 2.11(b)(ii) to carry out such depository functions.

(c) In the case of a transfer to a successor of DTC or its nominee as referred to in Section 2.11(b)(i) hereof or designation of a new depository pursuant to Section 2.11(b)(ii) hereof, upon receipt of the Outstanding Bonds by the Trustee, together with written instructions for transfer satisfactory to the Trustee, a new Bond for each maturity of the Bonds then Outstanding shall be issued to such successor or new depository, as the case may be, or its nominee, as is specified in such written transfer instructions. In the case of a resignation or determination under Section 2.11(b)(iii) hereof and the failure after reasonable investigation to locate another qualified depository institution for the Bonds as provided in Section 2.11(b)(iii) hereof, and upon receipt of the Outstanding Bonds by the Trustee, together with written instructions for transfer satisfactory to the Trustee, new Bonds shall be issued in the denominations of $5,000 or any integral multiple thereof within a maturity, as provided in and subject to the limitations of Section 2.3 hereof, registered in the names of such persons, and in such denominations as are requested in such written transfer instructions; however, the Trustee shall not be required to deliver such new Bonds within a period of less than 60 days from the date of receipt of such written transfer instructions.

(d) The Borrowers, the County and the Trustee shall be entitled to treat the registered owner of any Bond as the absolute owner thereof for all purposes hereof and any applicable laws, notwithstanding any notice to the contrary received by any or all of them and the Borrowers, the County and the Trustee shall have no responsibility for transmitting payments or notices to the beneficial owners of the Bonds held by DTC or any successor or new depository named pursuant to Section 2.11(b) hereof.

(e) The Borrowers, the County and the Trustee shall endeavor to cooperate with DTC or any successor or new depository named pursuant to Section 2.11(b)(i) or (ii) hereof in effectuating payment of the principal of, premium, if any, and interest on the Bonds by arranging for payment in such a manner that funds representing such payments are available to the depository on the date they are due.

(f) Upon any partial redemption of any maturity of the Bonds, Cede & Co., or its successor, in its discretion may request the County to issue and authenticate a new Bond or shall make an appropriate notation on the Bond indicating the date and amount of prepayment, except in the case of final maturity, in which case the Bond must be presented to the Trustee prior to payment.

ARTICLE 3

REVENUES AND FUNDS

Section 3.1. Pledge of Trust Estate. Subject only to the rights of the County to apply amounts under the provisions of this Article 3, a pledge of the Trust Estate to the extent provided herein is hereby made, and the same is pledged to secure the payment of the principal of, premium, if any, and interest on the Bonds. The pledge hereby made shall be valid and binding from and after the time of the delivery by the Trustee of the first Bond authenticated and delivered under this Indenture. The security so pledged and then or thereafter received by the County shall immediately be subject to the lien of such pledge and the obligation to perform the contractual provisions hereby made shall have priority over any or all other obligations and liabilities of the County with respect to the Trust Estate and the lien of such pledge shall be valid and binding as against all parties having claims of any kind in tort, contract or otherwise against the County irrespective of whether such parties have notice thereof.

Section 3.2. Establishment of Funds. The County hereby establishes and creates the following funds, and any accounts or subaccounts therein as necessary, which shall be separate trust funds held by the Trustee:

(a) Bond Principal Fund;

(b) Bond Interest Fund;

(c) Debt Service Reserve Fund;

(d) Issuance Expense Fund;

(e) Improvements Fund; and

(f) Refunding Fund.

Section 3.3. Payments Into the Bond Principal Fund and the Bond Interest Fund. There shall be deposited into the Bond Principal Fund or the Bond Interest Fund, as appropriate, and as and when received: (a) all payments by the Borrowers pursuant to Section 5.1(a) of the Agreement; (b) all other money deposited into the Bond Principal Fund or Bond Interest Fund pursuant to the Agreement or this Indenture; and (c) all other money received by the Trustee when accompanied by directions not inconsistent with the Agreement or this Indenture that such money is to be paid into the Bond Principal Fund or Bond Interest Fund. There shall also be retained in the Bond Principal Fund and Bond Interest Fund, respectively, interest and other income received on investment of money in the Bond Principal Fund and Bond Interest Fund to the extent provided in Section 6.2 hereof. If the Trustee has not received payments from the Borrowers pursuant to Section 5.1(a) of the Agreement by the fifth day after any required payment date pursuant to Section 5.1(a) of the Agreement, the Trustee will immediately in writing notify the County and the Borrowers of such nonpayment.

Section 3.4. Use of Money in the Bond Principal Fund and the Bond Interest Fund. Except as provided in this Section and in Sections 3.5, 3.7, 3.13, 6.2 and 8.5 hereof, money in the Bond Principal Fund shall be used solely for the payment of the principal of and premium, if any, on the Bonds, and money in the Bond Interest Fund shall be used solely for the payment of the interest on the Bonds. Whenever the total amount in the Bond Principal Fund and the Bond Interest Fund is sufficient to redeem all of the Bonds Outstanding and to pay interest to accrue thereon prior to such redemption, and redemption premium, if any, the Trustee, subject to the requirements of the Agreement, covenants to take and cause to be taken the necessary steps to redeem all of the Bonds on the redemption date for which the required redemption notice has been given.

Section 3.5. Custody of the Bond Principal Fund and the Bond Interest Fund. The Bond Principal Fund and the Bond Interest Fund shall be in the custody of the Trustee, but in the name of the County and the County authorizes and directs the Trustee to withdraw sufficient funds from the Bond Principal Fund to pay the principal of and premium, if any, on the Bonds as the same become due and payable, to withdraw sufficient funds from the Bond Interest Fund to pay the interest on the Bonds as the same becomes due and payable and to withdraw sufficient funds from the Bond Interest Fund or the Bond Principal Fund for other purposes authorized in Section 3.4 hereof.

Section 3.6. Custody of the Debt Service Reserve Fund; Payments Into and Use of Money in the Debt Service Reserve Fund. The Debt Service Reserve Fund shall be in the custody of the Trustee but in the name of the County and the County hereby authorizes and directs the Trustee to withdraw sufficient funds from the Debt Service Reserve Fund to pay the principal of, redemption premium, if any, and interest on the Bonds, which authorization and direction the Trustee hereby accepts. In the event that amounts on deposit in the Bond Principal Fund or the Bond Interest Fund are insufficient to make payments of principal of or redemption premium, if any; or interest on the Bonds, respectively, when due, the Trustee will transfer money from the Debt Service Reserve Fund to the Bond Principal Fund or the Bond Interest Fund, as applicable, to the extent necessary to pay principal of, redemption premium, if any, and interest on the Bonds when due, as applicable.

There shall be deposited into the Debt Service Reserve Fund, pursuant to Section 4.1 of the Agreement, the Debt Service Reserve Requirement. There shall also be deposited into the Debt Service Reserve Fund all moneys required to be paid by the Borrowers to the Trustee pursuant to Section 5.1 of the Agreement. In addition, there shall also be deposited into the Debt Service Reserve Fund (i) all other moneys required to be deposited therein pursuant to the Agreement or this Indenture, and (ii) all other moneys received by the Trustee when accompanied by directions not inconsistent with the Agreement or this Indenture that such moneys are to be paid into the Debt Service Reserve Fund. There shall also be retained in the Debt Service Reserve Fund interest and other income received on investments of Debt Service Reserve Fund moneys to the extent provided in Article 6.

Money in the Debt Service Reserve Fund shall be used solely for the payment of the principal of or redemption premium, if any; and interest on the Bonds in the event moneys in the Bond Principal Fund or the Bond Interest Fund, respectively, are insufficient to make such payments when due, whether on an Interest Payment Date, sinking fund redemption date, the maturity date or otherwise. Upon the occurrence of an Event of Default hereunder and the exercise by the Trustee of the remedy specified in Section 10.2(a) of the Agreement and Section 8.2(a), any moneys in the Debt Service Reserve Fund shall be transferred by the Trustee to the Bond Fund

and applied in accordance with Section 8.5. On the maturity date any moneys in the Debt Service Reserve Fund may be used to pay the principal of and interest on the Bonds. In the event of the redemption of the Bonds in whole, any moneys in the Debt Service Reserve Fund shall be transferred to the Bond Principal Fund and applied to the payment of the principal of and redemption premium, if any, on the Bonds. The Trustee shall value the Permitted Investments in the Debt Service Reserve Fund semiannually on March 1 and September 1 of each year at their market value. If on any such valuation date the amount in the Debt Service Reserve Fund (determined pursuant to this Section) is greater than the Debt Service Reserve Requirement, such excess shall be transferred by the Trustee to the Bond Principal Fund or the Bond Interest Fund and applied to the payment of the principal of and interest on the Bonds, as applicable; provided, however, that notwithstanding the foregoing, on any such valuation date immediately following a decrease in the amount of the Debt Service Reserve Requirement pursuant to this Indenture, such excess shall be transferred by the Trustee to the Borrower Representative and used by the Borrowers to pay costs of the acquisition, construction, installation, equipping, financing or refinancing of the Taxable Series 2022 Improvements; and provided further, however, that the amount remaining in the Debt Service Reserve Fund (determined pursuant to this Section) immediately after such transfer shall not be less than the Debt Service Reserve Requirement on that date. If on any such valuation date the amount in the Debt Service Reserve Fund (determined pursuant to this Section) is less than the Debt Service Reserve Requirement, the Trustee shall notify the Borrowers of their obligation to replenish the Debt Service Reserve Fund pursuant to Section 5.1 of the Agreement. The market value of Permitted Investments in the Debt Service Reserve Fund shall be determined in accordance with the price provided by pricing services and sources relied upon by the Trustee, and the Trustee shall have no duty to independently value such investments.

At such times as moneys are to be transferred out of the Debt Service Reserve Fund for deposit into the Bond Principal Fund or the Bond Interest Fund pursuant to this Section, the Trustee shall use cash or Permitted Investments in such order of priority as the Borrowers shall direct in writing. If no Borrower direction has been received, the Trustee shall determine the priority of use of amounts in the Debt Service Reserve Fund. Within five (5) Business Days of any transfer of funds from the Debt Service Reserve Fund to the Bond Principal Fund or the Bond Interest Fund, the Trustee shall notify the Borrowers in writing of such transfer and of the amount of the deficiency, if any, of amounts then on deposit in the Debt Service Reserve Fund as of such date. The Borrowers shall thereafter replenish the Debt Service Reserve Fund as required by Section 5.1 of the Agreement.

The Trustee shall cause to be kept and maintained accurate records pertaining to the Debt Service Reserve Fund and all disbursements therefrom. After payment in full of the Bonds, or provision having been made for payment of the Bonds pursuant to Section 7.1, and payment of all other amounts required to be paid under this Indenture, any amounts remaining in the Debt Service Reserve Fund shall be paid to the Borrowers.

Section 3.7. Improvements Fund; Proceeds of Series 2022 Bonds Deposited with Borrower Representative. There shall be deposited into the Improvements Fund Series 2022 Bond proceeds in an amount equal to $116, 127,370.64. The Trustee is hereby authorized and directed, immediately after closing of the Series 2022 Bonds, to disburse this $116,127,370.64 from the Improvements Fund to the Borrower Representative pursuant to Section 4.1 of the Agreement, to be used by the Borrowers to fund the Taxable Series 2022 Improvements. The Trustee shall cause to be kept and maintained accurate records pertaining to the Improvements Fund and all disbursements therefrom.

Section 3.8. Completion of the Taxable Series 2022 Project. The completion of the Taxable Series 2022 Project and payment or provision made for payment of the full Costs of the Taxable Series 2022 Project shall be evidenced by the filing with the Trustee and the County of the certificate of the Borrower Representative required by the provisions of Section 4.2 of the Agreement. Any remaining balance of the proceeds of the Series 2022 Bonds held by the Borrowers on such completion date shall be transferred to the Bond Interest Fund or the Bond Principal Fund, as directed by the Borrowers.

Section 3.9. Reserved.

Section 3.10. Payments Into and Use of Money in the Issuance Expense Fund; Disbursements. There shall be deposited into the Issuance Expense Fund Series 2022 Bond proceeds in an amount equal to $1,024,049.50. All investment income on the Issuance Expense Fund shall also be deposited in the Issuance Expense Fund. The Trustee is hereby authorized and directed, upon the written direction of an Authorized Representative of the Borrowers, to make payments from the Issuance Expense Fund for the payment of issuance expenses as provided in this Section. The Trustee shall be fully protected in relying upon such written direction without investigation or inquiry. Payments shall be made from the Issuance Expense Fund only for paying the costs of legal, accounting, organization, marketing or other special services and other fees and expenses incurred or to be incurred by or on behalf of the County or the Borrowers in connection with the issuance of the Bonds. The Borrowers acknowledge that the money in the Issuance Expense Fund available for payment of the foregoing costs may not be sufficient to pay such costs in full, and agree to pay that portion of such costs in excess of the amount in the Issuance Expense Fund from any money legally available for such purpose. The Borrowers shall not be entitled as a result of paying a portion of the issuance expenses pursuant to this Section to any reimbursement therefor from the County, the Trustee or the owners of the Bonds, nor shall they be entitled to any diminution in or postponement of the Loan Payments (as defined in the Agreement) or other amounts required to be paid under the Agreement. Upon receipt of a certificate signed by an Authorized Representative of the Borrowers stating that all such fees and expenses have been paid, the Trustee shall transfer any money remaining in the Issuance Expense Fund to the Bond Interest Fund or the Bond Principal Fund, as directed by the Borrowers.

The Trustee shall cause to be kept and maintained accurate records pertaining to the Issuance Expense Fund and all disbursements therefrom. Any money remaining in the Issuance Expense Fund on October 1, 2022 shall be transferred to the Bond Principal Fund.

Section 3.11. Payments Into and Use of Money in the Refunding Fund. There shall be deposited into the Refunding Fund Series 2022 Bond proceeds, plus amounts on deposit in the Debt Service Reserve Fund for the Series 2021 Bonds, in an amount sufficient to redeem the outstanding Series 2021 Bonds in whole at a redemption price equal to 103% of the principal amount of each Series 2021 Bond redeemed plus accrued interest to the redemption date, which is the Date of Issuance of the Series 2022 Bonds. The Trustee is hereby authorized and directed to redeem and retire the then outstanding Series 2021 Bonds on the Date of Issuance of the Series 2022 Bonds, at a price of 103% of the principal amount of each Series 2021 Bond redeemed, together with accrued interest thereon to the date of redemption.

Section 3.12. Nonpresentment of Bonds. In the event any Bonds, or portions thereof, shall not be presented for payment when the principal thereof becomes due, either at maturity, the date fixed for redemption thereof, or otherwise, if funds sufficient for the payment thereof, including accrued interest thereon, shall have been deposited into the Bond Principal Fund and Bond Interest Fund or otherwise made available to the Trustee for deposit therein, then on and after the date said principal becomes due, all interest thereon shall cease to accrue and all liability of the County to the owner or owners thereof for the payment of such Bonds, shall forthwith cease, terminate and be completely discharged, and thereupon it shall be the duty of the Trustee to hold such fund or funds in a separate trust account for the benefit of the owner or owners of such Bonds, who shall thereafter be restricted exclusively to such fund or funds for any claim of whatever nature on his, her or their part under this Indenture with respect to said Bond or on, or with respect to, said Bond. Such money shall not be required to be invested during such period by the Trustee. If any Bond shall not be presented for payment within the period of three years following the date when such Bond becomes due, whether by maturity or otherwise, the Trustee shall return, subject to any state escheatment laws, to the Borrowers the funds theretofore held by it for payment of such Bond and such Bond shall, subject to the defense of any applicable statute of limitation, thereafter be an unsecured obligation of the Borrowers.

Section 3.13. Money To Be Held in Trust. All money required to be deposited with or paid to the Trustee under any provision of this Indenture shall be held by the Trustee in trust for the purposes specified in this Indenture, and, except for money deposited with or paid to the Trustee for the redemption of Bonds for which the notice of redemption has been duly given shall while held by the Trustee, constitute part of the Trust Estate and be subject to the lien hereof.

Section 3.14. Repayment to the Borrowers From the Funds. Any amounts remaining in the Funds after payment in full of the Bonds (or making provision for such payment), the fees and expenses of the Trustee and all other amounts required to be paid hereunder and under the Agreement to the County and all other amounts required to be paid hereunder and under the Agreement shall be paid to the Borrowers upon the expiration of the term of the Agreement.

Section 3.15. Redemption Credits. In the event of the prepayment of the Loan in full pursuant to Article 11 of the Agreement, the amounts then contained in the Issuance Expense Fund shall be transferred to the Bond Interest Fund and the Bond Principal Fund.

ARTICLE 4

COVENANTS OF THE COUNTY

The County covenants that it will faithfully perform at all times any and all covenants, undertakings, stipulations and provisions contained in this Indenture, in any and every Bond and in all proceedings of the County pertaining thereto. Section 4.2. Instruments of Further Assurance. The County covenants that it will do, execute, acknowledge and deliver or cause to be done, executed, acknowledged and delivered, such indentures supplemental hereto and such further acts, instruments and transfers as the Trustee may reasonably require for the better assuring, transferring, pledging and hypothecating unto the Trustee all and singular the Trust Estate to the payment of the principal of, premium, if any, and interest on the Bonds.

Section 4.3. Payment of Principal, Premium, if any, and Interest. The County will promptly pay, or cause to be paid, the principal of, premium, if any, and interest on all Bonds issued hereunder according to the terms hereof. The principal, premium, if any, and interest payments are payable solely from the Trust Estate, which is hereby specifically pledged to the payment thereof in the manner and to the extent herein specified. Nothing in the Bonds or in this Indenture shall be considered or construed as pledging any funds or assets of the County other than those pledged hereby or creating any liability of the County's members, employees or other agents.

Section 4.4. Conditions Precedent. Upon the Date of Issuance of any of the Bonds, the County hereby covenants that all conditions, acts and things required by the Constitution or statutes of the State or by the Act, or by this Indenture to exist, to have happened, or to have been performed precedent to or in the issuance of the Bonds shall exist, have happened and have been performed.

Section 4.5. Security Instruments. The Trustee shall not be responsible for filing or for the sufficiency or accuracy of any financing statements initially filed to perfect security interests granted under this Indenture. The Trustee shall file continuation statements with respect to each U.C.C. financing statement relating to the Trust Estate filed by the County, if any, at the time of the issuance of the Bonds; provided that a copy of the filed initial financing statement is timely delivered to the Trustee. In addition, unless the Trustee shall have been notified in writing by the County or the Borrowers that any such initial filing or description of collateral was or has become defective, the Trustee shall be fully protected in (a) relying on such initial filing and descriptions in filing any financing or continuation statements or modifications thereto pursuant to this Section and (b) filing any continuation statements in the same filing offices as the initial filings were made. The Borrowers shall be responsible for the customary fees charged by the Trustee for the preparation and filing of continuation statements and for the reasonable costs incurred by the Trustee in the preparation and filing of all continuation statements hereunder.

Section 4.6. Rights Under the Agreement. The County will observe all of the obligations, terms and conditions required on its part to be observed or performed under the Agreement. The County agrees that wherever in the Agreement it is stated that the County will notify the Trustee, whenever the Agreement gives the Trustee some right or privilege, or in any way attempts to confer upon the Trustee the ability for the Trustee to protect the security for payment of the Bonds, that such part of the Agreement shall be as though it were set out in this Indenture in full.

The County agrees that the Trustee as assignee of the Agreement may enforce, in its name or in the name of the County, all rights of the County (except the Unassigned Rights) and all obligations of the Borrowers under and pursuant to the Agreement for and on behalf of the Bondholders, whether or not the County is in default hereunder.

(a) all or a substantial portion of the Financed Property shall have been damaged or destroyed and the Borrowers are unable, as expressed in a certificate of an Authorized Representative of the Borrowers, to carry on the functions of the Financed Property for a period of six consecutive months;

(b) title to, or the temporary use of, all or any substantial part of the Financed Property shall have been taken under the exercise of the power of eminent domain by any governmental authority, or person, firm or corporation acting under governmental authority; or

(c) as a result of any changes in the Constitution of the State of Montana or the Constitution of the United States of America or of legislative or administrative action (whether state or federal) or by final decree, judgment or order of any court or administrative body, whether state or federal, entered after the contest thereof by the Borrowers in good faith, the Agreement shall have become void or unenforceable or impossible to perform in accordance with the intent and purposes of the parties as expressed in the Agreement, or unreasonable burdens or excessive liabilities shall have been imposed on the Borrowers in respect to the Financed Property, including, without limitation, federal, state or other ad valorem, property, income or other taxes not being imposed on the date of the Agreement.

The Series 2022 Bonds are also redeemable, only from Net Proceeds of insurance, by the County upon the direction of the Trustee if directed by the Majority Bondholder, and from a condemnation award, by the County upon the direction of the Borrower Representative, in part on any Interest Payment Date at a redemption price equal to 100% of the principal amount of each Series 2022 Bond redeemed plus any then-applicable premium and accrued interest to the redemption date in the manner and upon compliance with the provisions of Section 7.1 or 7.2 of the Agreement, respectively.

Notwithstanding the foregoing, in addition, the Series 2022 Bonds shall be redeemed, on the first date of which notice can reasonably be given by the Trustee in accordance with Section 5.5 of the Indenture, at a redemption price equal to 100% of the principal amount of each Series 2022 Bond redeemed plus any premium that would be applicable to an optional redemption of the Series 2022 Bonds on such date pursuant to Section 5.1 hereof (and if such redemption is prior to September 1, 2025, the applicable premium shall be 3%) and accrued interest to the redemption date, (a) in whole or in part from all proceeds of the sale of any Superscooper firefighting aircraft by any Borrower; (b) in whole or in part, in an amount equal to 50% of Excess Cash Flow, if the Debt Service Coverage Ratio of the Borrowers on a consolidated basis with BAG Holdings, falls below 2.00 to 1.00 as of the last day of the most recently ended fiscal quarter for the period consisting of the four consecutive quarters ending on such day, if based on unaudited consolidated financial statements, and as of the last day of the Fiscal Year if based on audited consolidated financial statements; and (c) in whole or in part, in an amount equal to 100% of Excess Cash Flow if the Debt Service Coverage Ratio of the Borrowers on a consolidated basis with BAG Holdings, is below 1.50 to 1.00 as of the last day of the most recently ended fiscal quarter for the period consisting of the four consecutive quarters ending on such day, if based on unaudited consolidated financial statements, and as of the last day of the Fiscal Year if based on audited consolidated financial statements; and (d) in whole upon the sale of BAG Holdings to any Person in which a third party obtains a majority equity stake in BAG Holdings or control of the governing body of BAG Holdings. For purposes of this Section, “Excess Cash Flow” is defined as the revenues from operations of BAG Holdings less the portion thereof used to pay or establish reserves for all BAG Holdings’ expenses, debt payments, capital improvements, replacements, and contingencies, provided that Excess Cash Flow shall not be reduced by depreciation, amortization, cost recovery deductions, or similar allowances, but shall be increased by any reductions of reserves previously established.

Section 5.3. No Sinking Fund Redemption of the Series 2022 Bonds. The Series 2022 Bonds are not subject to mandatory sinking fund redemption.

Section 5.4. Method of Selecting Bonds. In the event that less than all of the Outstanding Bonds shall be redeemed, the Bonds redeemed shall be redeemed from such maturities as the Borrowers may determine (less than all of the Bonds of a single maturity to be selected by lot in such manner as the Trustee may determine). In case a Bond is of a denomination larger than $100,000, a portion of such Bond ($100,000 principal amount or any integral multiple thereof) may be redeemed, but Bonds shall be redeemed only in the principal amount of $100,000 or any integral multiple thereof.

Section 5.5. Notices of Redemption. Bonds shall be called for redemption by the Trustee as herein provided upon receipt by the Trustee at least 45 days prior to the redemption date, unless such notice is waived by the Trustee, of a certificate of the Borrowers specifying the principal amount of the Bonds to be called for redemption, the applicable redemption price or prices, the provision or provisions of this Indenture pursuant to which such Bonds are to be called for redemption, and, in the case of redemption of less than all of the Outstanding Bonds, the maturities of Bonds chosen by the Borrowers. The Trustee shall cause notice of any such redemption to be given by mailing not more than 45 nor less than 20 days prior to the redemption date by first-class mail and/or by electronic means a copy of the redemption notice to the County and to the owner of any Bond designated for redemption in whole or in part, at their address as the same shall last appear upon the registration books; provided, however, that failure to give such notice, or any defect therein, shall not affect the validity of any proceedings for the redemption of such Bonds for which no such default or defect occurs.

Each notice of redemption shall specify the name of the Bonds, the date the Bonds were originally issued, the date fixed for redemption, the date of mailing of the notice, the redemption price, the place or places of payment, that payment will be made upon presentation and surrender of the Bonds to be redeemed, that interest accrued to the date fixed for redemption will be paid as specified in said notice, and that on and after said date interest thereon will cease to accrue. If less than all the Outstanding Bonds are to be redeemed, the notice of redemption shall specify the Bonds to be redeemed, and the numbers of the Bonds or portions thereof to be redeemed.

If, at any time of mailing of notice of redemption to the owners of the Bonds there has not been deposited with the Trustee money sufficient to redeem all of the Bonds then being called for redemption, the redemption notice must state that the redemption is conditioned upon the deposit of money with the Trustee sufficient for the redemption not later than the opening of business on the redemption date, and any such redemption will not occur unless such money is so deposited.

Upon written notice from the Borrower Representative that the Borrower Representative has cured the conditions that caused the Bonds to be subject to extraordinary redemption pursuant to Section 5.2, the Borrower Representative may rescind any such extraordinary redemption and notice thereof on any date prior to the date fixed for redemption by causing written notice of the rescission to be given to the Holders of the Bonds so called for redemption, with a copy to the Trustee. Notice of rescission of redemption shall be given in the same manner in which notice of redemption was originally given. The actual receipt by the Bondholder of notice of such rescission shall not be a condition precedent to rescission, and failure to receive such notice or any defect in such notice shall not affect the validity of the rescission.

Section 5.6. Bonds Due and Payable on Redemption Date; Interest Ceases To Accrue. On or before the redemption date specified in any notice of the Borrowers delivered pursuant to Section 5.5 hereof, an amount of money sufficient to redeem all the Bonds called for redemption at the appropriate redemption price, including accrued interest to the date fixed for redemption, shall be deposited with the Trustee by the Borrowers. On the redemption date, the principal amount of each Bond to be redeemed, together with the accrued interest thereon to such date and redemption premium, if any, shall become due and payable; and from and after such date, notice having been given and deposit having been made in accordance with the provisions of this Article 5, then, notwithstanding that any Bonds called for redemption shall not have been surrendered, no further interest shall accrue on any of such Bonds. From and after such date of redemption (such notice having been given and such deposit having been made) the Bonds to be redeemed shall not be deemed to be Outstanding hereunder, and the County shall be under no further liability in respect thereof.

Section 5.7. Cancellation. All Bonds which have been redeemed and all Bonds delivered to the Trustee by the Borrowers for cancellation shall be cancelled by the Trustee and destroyed as provided in Section 2.9 hereof.

Section 5.8. Partial Redemption of Bonds. Upon surrender of any Bond for redemption in part only, the County shall execute and the Trustee shall authenticate and deliver to the owner thereof, the cost of which shall be paid by the Borrowers, a new Bond or Bonds of the same maturity of Authorized Denominations, in an aggregate principal amount equal to the unredeemed portion of the Bond surrendered.

Section 5.9. No Partial Redemption in Event of Default. Notwithstanding any provisions of this Article 5, the Bonds shall not be subject to partial redemption pursuant to Section 5.1 or Section 5.2 hereof if an Event of Default has occurred hereunder and has not been cured or otherwise waived by the Trustee.

ARTICLE 6

INVESTMENTS

Section 6.1. Investment of Money in Funds. On instructions signed by an Authorized Representative of the Borrowers, any money held as part of the Funds shall be invested by the Trustee in Permitted Investments: (a) with respect to the Issuance Expense Fund and the Refunding Fund maturing in the amounts and at the times necessary to provide funds to make the payments to which such money is applicable as estimated by an Authorized Representative of the Borrowers filed with the Trustee; and (b) with respect to the Bond Principal Fund and the Bond Interest Fund maturing in the amounts and at the times necessary to provide funds to make the payments to which such money is applicable as determined by the Trustee. All such Permitted Investments purchased shall mature or be redeemable on a date or dates prior to the time when the money so invested will be required for expenditure. In computing for any purpose hereunder the amount in any such fund on any date, Permitted Investments purchased shall be valued in accordance with the price provided by pricing services and sources relied upon by the Trustee. The Trustee shall sell and reduce to cash a sufficient portion of such investments whenever the cash balance in such fund is insufficient for the purposes of such fund. The Trustee may make any and all investments permitted by the provisions of this Section through its trust or bond departments.

The Trustee hereby agrees to secure and retain the documentation with respect to investments of money in such funds. Although the County and the Borrowers recognize that they may obtain brokerage confirmations or written statements containing comparable information at no additional cost, each of the County and the Borrowers, by its execution of the Agreement, agree that brokerage confirmations are not required to be issued by the Trustee for each month in which a monthly statement of investments is provided by the Trustee. No statement needs to be provided, however, for any Fund for any month in which no investment activity occurred during such month in such Fund.

The Trustee may conclusively rely upon the written investment instructions of the Authorized Representative of the Borrowers as to both the suitability and legality of the directed investments and such written instruction shall be deemed to be a certification to the Trustee that such directed investments constitute Permitted Investments and satisfy the requirements of this Section. In the absence of such written investment instructions, the Trustee shall hold amounts on deposit in the Funds hereunder uninvested in cash, without liability for interest.

The Trustee may elect to provisionally credit Funds hereunder with moneys representing income or principal payments due on, or sales proceeds due in respect of, the investments therein, or to provisionally credit Funds hereunder with the investments it is directed to purchase with such moneys, in each case before actually receiving the requisite moneys from the payment source. Any such crediting shall be provisional in nature, and the Trustee shall be authorized to reverse such crediting in the event that it does not receive good funds with respect thereto. Nothing in this Indenture shall constitute a waiver of any of the Trustee's rights as a securities intermediary under Uniform Commercial Code Section 9-206.

Section 6.2. Allocation and Transfers of Investment Income. Any investment of money in the Bond Principal Fund and the Bond Interest Fund shall be held by or under the control of the Trustee and shall be deemed at all times a part of the fund from which the investment was made. Any loss resulting from such investments shall be charged to such fund. Any interest or other gain from any fund from any investment or reinvestment pursuant to Section 6.1 hereof shall be retained therein.

ARTICLE 7

DISCHARGE OF INDENTURE

Section 7.1. Discharge of This Indenture. If, when the Bonds secured hereby shall be paid in accordance with their terms (or payment of the Bonds has been provided for in the manner set forth in the following paragraph), together with all other sums payable hereunder, then this Indenture and the Trust Estate and all rights granted hereunder shall thereupon cease, terminate and become void and be discharged and satisfied. Also if all Outstanding Bonds secured hereby shall have been purchased by the Borrowers and delivered to the Trustee for cancellation, and all other sums payable hereunder have been paid, or provision shall have been made for the payment of the same, then this Indenture and the Trust Estate and all rights granted hereunder shall thereupon cease, terminate and become void and be discharged and satisfied, except as further provided herein. In such events, upon the request of the Borrowers, the Trustee shall assign and transfer to the Borrowers all property then held by the Trustee hereunder and shall execute such documents as may be reasonably required by the Borrowers and shall turn over to the Borrowers any surplus in any Fund pursuant to Section 3.13 hereof.

Payment of any Outstanding Bonds prior to the maturity or redemption date thereof shall be deemed to have been provided for within the meaning and with the effect expressed in this Section if: (a) in case said Bonds are to be redeemed on any date prior to their maturity, the Borrowers shall have given to the Trustee in form satisfactory to it irrevocable instructions to give on a date in accordance with the provisions of Section 5.5 hereof notice of redemption of such Bonds on said redemption date, such notice to be given in accordance with the provisions of Section 5.5 hereof; (b) there shall have been deposited with the Trustee Government Obligations which shall not contain provisions permitting the redemption thereof at the option of the issuer before the date the principal thereof will be required, the principal of and the interest on which when due, and without any reinvestment thereof, will provide money which, together with any other available money, if any, deposited with or held by the Trustee at the same time, shall be sufficient to pay when due the principal of and premium, if any, and interest due and to become due on said Bonds on and prior to the redemption date or maturity date thereof, as the case may be, and if on the date of such deposit, the Bonds are not actually paid in full, then there shall be provided to the Trustee and the County (i) a report of an independent firm of nationally recognized certified public accountants verifying the sufficiency of the escrow established to pay the Bonds in full, and (ii) an opinion of bond counsel to the effect that the Bonds are no longer Outstanding under this Indenture; and (c) in the event said Bonds are not by their terms subject to redemption within the next 45 days, the Borrowers shall have given the Trustee in form satisfactory to it irrevocable instructions to give, as soon as practicable in the same manner as the notice of redemption is given pursuant to Section 5.5 hereof, a notice to the owners of such Bonds that the deposit required by clause (b) above has been made with the Trustee and that payment of said Bonds has been provided for in accordance with this Section and stating such maturity or redemption date upon which money is to be available for the payment of the principal of and premium, if any, and interest on said Bonds and further stating whether any other redemption rights remain outstanding after such defeasance. At such time as payment of any Bonds has been provided for as aforesaid, such Bonds shall no longer be secured by or entitled to the benefits of this Indenture, except for the purpose of any payment from such money or securities deposited with the Trustee.

The release of the obligations of the County and the Borrowers under this Section shall be without prejudice to the right of the Trustee or the County to be paid reasonable compensation for all services rendered by it hereunder and all its reasonable expenses, charges and other disbursements incurred on or about the administration of the trust hereby created and the performance of its powers and duties hereunder.

Section 7.2. Liability of County Not Discharged. Upon compliance with the provisions of Section 7.1 hereof with respect to all Bonds then Outstanding, this Indenture may be discharged in accordance with the provisions of this Article 7 but the liability of the County in respect of such Bonds shall continue; provided that the owners thereof shall thereafter be entitled to payment only out of the money or securities deposited with the Trustee as provided in Section 7.1 hereof.

ARTICLE 8

DEFAULTS AND REMEDIES

Section 8.1. Events of Default. Each of the following is hereby defined as and shall be deemed an "Event of Default":

(a) default in the payment by the County of the principal of or premium, if any, on any Bond when the same shall become due and payable, whether at the stated maturity thereof or upon proceedings for redemption;

(b) default in the payment by the County of any installment of interest on any Bond when the same shall become due and payable;

(c) default shall be made in the observance or performance of any covenant, agreement or other provision in the Bonds or this Indenture contained (other than as referred to in clause (a) or (b) of this Section) and such default shall continue for a period of 30 days after written notice to the County, the Borrowers and the Trustee, from owners and holders of at least 25% in aggregate principal amount of the Bonds and Additional Parity Indebtedness then Outstanding or to the County and the Borrowers from the Trustee specifying such default and requiring the same to be remedied, provided, with respect to any such failure covered by this clause (c), no Event of Default shall be deemed to have occurred so long as a course of action to remedy such failure shall have been commenced within such 30-day period and shall thereafter be diligently prosecuted to completion and the failure shall be remedied thereby; and

(d) the occurrence of an "Event of Default" under Section 10.1 of the Agreement.

Section 8.2. Remedies on Events of Default. Upon the occurrence of an Event of Default, the Trustee shall have the following rights and remedies, subject to the terms of any intercreditor agreement executed in connection with the issuance of Additional Parity Indebtedness:

(a) ***Receivership***. Upon the filing of a bill in equity or other commencement of judicial proceedings to enforce the rights of the Trustee and of the Bondholders and of the holders of Additional Parity Indebtedness, the Trustee shall be entitled as a matter of right to the appointment of a receiver or receivers of the Trust Estate, and of the rents, revenues, income, products and profits thereof, pending such proceedings, but, notwithstanding the appointment of any receiver, trustee or other custodian, the Trustee shall be entitled to the possession and control of any cash, securities or other instruments at the time held by, or payable or deliverable under the provisions of this Indenture to, the Trustee.

(b) ***Suit for Judgment on the Bonds***. The Trustee shall be entitled to sue for and recover judgment, either before, after or during the pendency of any proceedings for the enforcement of the lien of this Indenture, for the enforcement of any of its rights, or the rights of the Bondholders and the holders of Additional Parity Indebtedness, but any such judgment against the County shall be enforceable only against the Trust Estate. No

recovery of any judgment by the Trustee shall in any manner or to any extent affect the lien of this Indenture or any rights, powers or remedies of the Trustee hereunder, or any lien, rights, powers or remedies of the owners of the Bonds and the holders of Additional Parity Indebtedness, but such lien, rights, powers and remedies of the Trustee and of the Bondholders and the holders of Additional Parity Indebtedness shall continue unimpaired as before.

(c) ***Enforce Security Interests; Foreclosure under Deed of Trust.*** The Trustee shall be entitled to foreclose under the Deed of Trust on or against all or any portion of the Secured Property (as defined in the Agreement) or any interest of the Borrowers therein with the power of sale as and to the extent permitted of a mortgagee or beneficiary by the laws of the State, and exercise all of the rights and remedies with respect thereto under the Deed of Trust; and to enforce the security interests granted in the Deed of Trust, the Security Agreement, the Account Control Agreement, the BAG Holdings Security Agreement and the BAG Holdings Account Control Agreement (as such terms are defined in the Agreement) in accordance with the applicable laws of the State; to pursue all remedies of a secured creditor under the applicable laws of the State; and to enforce any such other appropriate legal or equitable remedy as the Trustee, being advised by Counsel, shall deem most effectual to protect and enforce any of its rights or any of the rights of the owners of the Bonds.

In the event written notice is given by the Bondholders or the Trustee under Section 8.1(c) hereof, the Trustee shall immediately give notice with respect to such default to the Borrowers under Section 10.1(b) of the Agreement.

No right or remedy is intended to be exclusive of any other right or remedy, but each and every such right or remedy shall be cumulative and in addition to any other right or remedy given hereunder or now or hereafter existing at law or in equity or by statute.

If any Event of Default shall have occurred and if requested by the owners of not less than a majority in aggregate principal amount of the sum of the Bonds and Additional Parity Indebtedness then Outstanding and indemnified as provided in Section 9.1 hereof, the Trustee shall be obligated to exercise such one or more of the rights and powers conferred by this Section as the Trustee, being advised by counsel, shall deem most expedient in the interests of the Bondholders and holders of Additional Parity Indebtedness.

Section 8.3. Majority of Bondholders and Holders of Additional Parity Indebtedness May Control Proceedings; Parity Agreements. Anything in this Indenture to the contrary notwithstanding, the owners of a majority in aggregate principal amount of the sum of the Bonds and Additional Parity Indebtedness then Outstanding shall have the right, at any time, to the extent permitted by law, by an instrument or instruments in writing executed and delivered to the Trustee, to direct the time, method and place of conducting all proceedings to be taken in connection with the enforcement of the terms and conditions of this Indenture, or for the appointment of a receiver, or any other proceedings or remedies hereunder; provided that such direction shall not be otherwise than in accordance with the provisions hereof. The Trustee shall not be required to act on any direction given to it pursuant to this Section unless indemnified as provided in Section 9.1 hereof.

In connection with the Borrower's incurrence of Additional Parity Indebtedness in accordance with Section 8.10 of the Loan Agreement, the Trustee agrees to cooperate with the Borrower in connection with documentation required to reflect and implement the parity position of such Additional Parity Indebtedness. Such documentation may consist of, but is not limited to, a custody and parity lien agreement, intercreditor agreement or deposit account control agreement (the "Parity Agreement") with a representative of the holders of the Additional Parity Indebtedness (a "Parity Trustee") and a third party (the "Indebtedness Custodian").

The Indebtedness Custodian will (a) hold all sums held by it for the payment of principal of (and premium, if any) or interest or any other amounts on the Bonds and the Additional Parity Indebtedness in trust for the benefit of the Trustee and the Parity Trustee until such sums shall be paid to such entities or otherwise disposed of as therein provided; and (b) give the Trustee notice of any default by the Borrower in the making of any such payment of principal (and premium, if any) or interest or any other amounts.

Any Revenues collected by the Indebtedness Custodian under the Parity Agreement and any proceeds of any sale of the Collateral Property, whether made under any power of sale herein granted or pursuant to judicial proceedings, together with, in the case of an entry or sale as otherwise provided herein, any other sums then held by the Indebtedness Custodian under the Parity Agreement, shall be applied to the payment of the Bonds and the other Additional Parity Indebtedness in a prorata fashion based on then Outstanding principal amount of the Bonds and the then outstanding principal amount of Additional Parity Indebtedness.

No holder of any Additional Parity Indebtedness shall have any right to institute any proceeding, judicial or otherwise, with respect to the documents related to such Additional Parity Indebtedness, or for the appointment of a receiver or trustee, or for any other remedy thereunder, unless:

(i) such holder has previously given written notice to the Trustee of a continuing event of default; and

(ii) the holders of not less than 50% in principal amount of all Additional Parity Indebtednesss Outstanding shall have made written request to institute proceedings in respect of such event of default;

it being understood and intended that no one or more holders of any Additional Parity Indebtedness shall have any right in any manner whatever by virtue of, or by availing of, any provision of the documents related to the applicable Additional Parity Indebtedness to affect, disturb or prejudice the rights of any other holder of Additional Parity Indebtedness, or to obtain or to seek to obtain priority or preference over any other holders, or to enforce any right under their respective documents, except in the manner herein provided and for the equal and ratable benefit of all the holders of Additional Parity Indebtedness.

Anything to the contrary in this Indenture notwithstanding, so long as any Series 2022 Bonds or beneficial ownership thereof are held by BAG Holdings, an affiliate thereof, or any entity owned or controlled by an officer or director of BAG Holdings, the beneficial owner of such Series 2022 Bonds may not exercise any voting and/or control rights of a Bondholder.

Section 8.4 . .Rights and Remedies of Bondholders and Holders of Additional Parity Indebtedness. No owner of any Bond or holder of any Additional Parity Indebtedness shall have any right to institute any suit, action or proceeding at law, by statute or in equity for the enforcement of this Indenture or for the execution of any trust hereof or for the appointment of a receiver or any other remedy hereunder, unless a default has occurred of which the Trustee has been notified as provided in Section 9.1 hereof, or of which by said Section it is deemed to have notice, nor unless such default shall have become an Event of Default and the owners of not less than a majority in aggregate principal amount of the sum of the Bonds and Additional Parity Indebtedness then Outstanding shall have made written request to the Trustee and shall have offered reasonable opportunity either to proceed to exercise the powers hereinbefore granted or to institute such action, suit or proceeding in its own name, nor unless they have also offered to the Trustee indemnity as provided in Section 9.1 hereof nor unless the Trustee shall thereafter fail or refuse to exercise within a reasonable period of time (not to exceed 30 days) the powers hereinbefore granted, or to institute such action, suit or proceeding in its own name; and such notification, request and offer of indemnity are hereby declared in every case at the option of the Trustee to be conditions precedent to the execution of the powers and trusts of this Indenture, and to any action or cause of action for the enforcement of this Indenture, or for the appointment of a receiver or for any other remedy hereunder; it being understood and intended that no one or more owners of the Bonds and holders of Additional Parity Indebtedness shall have the right in any manner whatsoever to affect, disturb or prejudice the lien of this Indenture by his, her or their action or to enforce any right hereunder except in the manner herein provided and that all proceedings at law or in equity shall be instituted, had and maintained in the manner herein provided and for the equal benefit of the owners of all Bonds and Additional Parity Indebtedness then Outstanding. Nothing in this Indenture contained shall, however, affect or impair the right of any owner of Bonds or holder of Additional Parity Indebtedness to enforce the payment, by the institution of any suit, action or proceeding in equity or at law, of the principal of, premium, if any, or interest on, any Bond or Additional Parity Indebtedness at and after the maturity thereof, or the obligation of the County to pay the principal of, premium, if any, and interest on the Bonds to the respective owners of the Bonds at the time and place, from the source and in the manner herein and in the Bonds expressed. Anything to the contrary in this Indenture notwithstanding, so long as any Series 2022 Bonds or beneficial ownership thereof are held by BAG Holdings, an affiliate thereof, or any entity owned or controlled by an officer or director of BAG Holdings, the beneficial owner of such Series 2022 Bonds may not exercise any voting and/or control rights of a Bondholder.

Section 8.5. Application of Money. All money received by the Trustee pursuant to any right given or action taken under the provisions of this Article shall, after payment of the costs and expenses of the proceedings resulting in the collection of such money and the expenses, liabilities and advances incurred or made by the Trustee, be deposited into a separate trust account to be applied pro rata to the payment of Bonds and Additional Parity Indebtedness based on the then Outstanding principal amounts of such obligations. Any money allocated to payment of the Bonds shall be transferred by the Trustee from such separate trust account and held or deposited into the Bond Principal Fund and the Bond Interest Fund during the continuance of an Event of Default and shall be applied as follows:

(a) Unless the principal of all the Bonds shall have become or shall have been declared due and payable, all such money shall be applied:

FIRST, to the payment to the persons entitled thereto of all installments of interest then due on the Bonds, in the order of the maturity of the installments of such interest and, if the amount available shall not be sufficient to pay in full any particular installment, then to the payment ratably, according to the amounts due on such installment, to the persons entitled thereto, without any discrimination or privilege; and

SECOND, to the payment to the persons entitled thereto of the unpaid principal of and premium, if any, on any of the Bonds which shall have become due (other than Bonds called for redemption for the payment of which money is held pursuant to the provisions of this Indenture), in the order of their due dates, with interest on the unpaid principal of and premium, if any, on such Bonds from the respective dates upon which they became due, at a rate which shall be 1% per annum above the highest rate of interest borne by any Outstanding Bond or the maximum rate permitted by law if less than such rate aforesaid and, if the amount available shall not be sufficient to pay in full Bonds due on any particular date, together with such interest, then to the payment ratably, according to the amount of principal, due on such date, to the persons entitled thereto, without any discrimination or privilege.

(b) If the principal of all the Bonds shall have become due or shall have been declared due and payable, all such money shall be applied to the payment of the principal and interest then due and unpaid upon all of the Bonds, together with interest on overdue installments of principal at a rate which shall be 1% per annum above the highest rate of interest borne by any Outstanding Bond or the maximum rate permitted by law if less than such rate aforesaid, without preference or priority of principal over interest or of interest over principal, or of any installment of interest over any other installment of interest, or of any Bond over any other Bond, ratably, according to the amounts due respectively for principal and interest, to the persons entitled thereto without any discrimination or privilege.

(c) If the principal of all the Bonds shall have been declared due and payable, and if such declaration shall thereafter have been rescinded and annulled under the provisions of this Article then, subject to the provisions of paragraph (b) of this Section in the event that the principal of all the Bonds shall later become due or be declared due and payable, the money shall be applied in accordance with the provisions of paragraph (a) of this Section.

Whenever money is to be applied pursuant to the provisions of this Section, such money shall be applied at such times, and from time to time, as the Trustee shall determine, having due regard to the amount of such money available for application and the likelihood of additional money becoming available for such application in the future. Whenever the Trustee shall apply such funds, it shall fix the date (which shall be an interest payment date unless it shall deem another date more suitable) upon which such application is to be made and upon such date interest on the amounts of principal to be paid on such dates shall cease to accrue. The Trustee shall give such notice as it may deem appropriate of the deposit of any such money and of the fixing of any such date, and shall not be required to make payment to the owner of any Bond until such Bond shall be presented to the Trustee for appropriate endorsement or for cancellation if fully paid.

Notwithstanding any other provision of this Section, all money held pursuant to this Section which relates to money in any of the Funds shall be applied only to payment of principal, premium, if any, and interest on the Bonds. All other money held pursuant to this Section shall be applied as provided above to the payment of all Bonds and any Additional Parity Indebtedness (as if they were Bonds) specifically secured thereby.

Whenever all of the Bonds, the premium, if any, and interest thereon have been paid under the provisions of this Section and all expenses and fees of the Trustee and all other amounts to be paid to the County hereunder or under the Agreement have been paid, any balance remaining in the Funds shall be applied as provided in Section 3.12 hereof.

Section 8.6. Trustee May Enforce Rights Without Bonds. All rights of action and claims under this Indenture or any of the Bonds or Additional Parity Indebtedness Outstanding may be enforced by the Trustee without the possession of any of the Bonds or instruments authorizing Additional Parity Indebtedness or the production thereof in any trial or proceedings relative thereto; and any suit or proceeding instituted by the Trustee shall be brought in its name as Trustee, without the necessity of joining as plaintiffs or defendants any owners of the Bonds or holders of Additional Parity Indebtedness, and any recovery of judgment shall be for the ratable benefit of the owners of the Bonds and holders of Additional Parity Indebtedness based on the then Outstanding principal amounts of such obligations, subject to the provisions of this Indenture.

Section 8.7. Trustee To File Proofs of Claim in Receivership, Etc. In the case of any receivership, insolvency, bankruptcy, reorganization, arrangement, adjustment, composition or other judicial proceedings affecting the Trust Estate or the Borrowers, the County or the Trustee shall, to the extent permitted by law, be entitled to file such proofs of claims and other documents as may be necessary or advisable in order to have claims of the Trustee and the County, and of the Bondholders and holders of Additional Parity Indebtedness allowed in such proceedings for the entire amount due and payable by the County under this Indenture, or by the Borrowers, as the case may be, at the date of the institution of such proceedings and for any additional amounts which may become due and payable by it after such date, without prejudice, however, to the right of any Bondholder or holder of Additional Parity Indebtedness to file a claim in his or her own behalf.

Section 8.8. Delay or Omission; No Waiver. No delay or omission of the Trustee or of any Bondholder or holder of Additional Parity Indebtedness to exercise any right or power accruing upon any default shall exhaust or impair any such right or power or shall be construed to be a waiver of any such default, or acquiescence therein; and every power and remedy given by this Indenture may be exercised from time to time and as often as may be deemed expedient.

Section 8.9. No Waiver of One Default To Affect Another. No waiver of any default hereunder, whether by the Trustee, the Bondholders or the holders of Additional Parity Indebtedness, shall extend to or affect any subsequent or any other then existing default or shall impair any rights or remedies consequent thereon.

Section 8.10. Discontinuance of Proceedings on Default; Position of Parties Restored. In case the Trustee or the Bondholders or holders of any Additional Parity Indebtedness shall have proceeded to enforce any rights under this Indenture and such proceedings shall have been discontinued or abandoned for any reason, or shall have been determined adversely to the Trustee or the Bondholders or such holders, then and in every such case the County, the Trustee and the Bondholders and the holders of any Additional Parity Indebtedness shall be restored to their former position and rights hereunder with respect to the Trust Estate, and all rights, remedies and powers of the County, the Trustee and the Bondholders shall continue as if no such proceedings had been taken.

Section 8.11. Waivers of Events of Default. The Trustee may in its discretion waive any Event of Default hereunder and its consequences and rescind any declaration of acceleration of maturity of principal of and interest on the Bonds and Additional Parity Indebtedness, and shall do so upon the written request of the owners of a majority in aggregate principal amount of the sum of the Bonds and Additional Parity Indebtedness then Outstanding in respect of which default exists; provided, however, that there shall not be waived: (a) any Event of Default in the payment of the principal of or premium on any Outstanding Bonds or Additional Parity Indebtedness at the date of maturity or redemption thereof or any default in the payment when due of the interest on any such Bonds or Additional Parity Indebtedness, unless prior to such waiver or rescission, all arrears of interest or all arrears of payments of the principal and premium, if any (with interest upon such principal and premium, if any, at a rate which shall be 1% per annum above the highest rate of interest borne by any Outstanding Bond or Additional Parity Indebtedness or the maximum rate permitted by law if less than such rate aforesaid) and all expenses of the Trustee, and all amounts to be paid to the County hereunder and under the Agreement, in connection with such default shall have been paid or provided for; or (b) any default in the payment of amounts set forth in Section 5.1(c) of the Agreement. In case of any such waiver or rescission, or in case any proceedings taken by the Trustee on account of any such default shall have been discontinued or abandoned or determined adversely to the Trustee, then and in every such case the County, the Trustee and the Bondholders and holders of Additional Parity Indebtedness shall be restored to their former positions and rights hereunder respectively, but no such waiver or rescission shall extend to or affect any subsequent or other default, or impair any rights or remedies consequent thereon.

ARTICLE 9

CONCERNING THE TRUSTEE

Section 9.1. Duties of the Trustee. The Trustee hereby accepts the trusts imposed upon it by this Indenture and agrees to perform said trusts, but only upon and subject to the following express terms and conditions, and no implied covenants or obligations shall be read into this Indenture against the Trustee:

(a) The Trustee, prior to the occurrence of an Event of Default and after the curing of all Events of Default which may have occurred, undertakes to perform such duties and only such duties as are specifically set forth in this Indenture. In case an Event of Default has occurred (which has not been cured or waived), the Trustee shall exercise such of the rights and powers vested in it by this Indenture, and use the same degree of care and skill in their exercise, as a prudent person would exercise or use under the circumstances in the conduct of the affairs of others.

(b) The Trustee may execute any of the trusts hereof or powers hereunder and perform any of its duties by or through attorneys, agents, receivers or employees but shall be answerable for the conduct of the same in accordance with the standards specified above, and shall be entitled to act upon an Opinion of Counsel concerning all matters of the trust hereof and its duties hereunder, and may in all cases pay such reasonable compensation to all such attorneys, agents, receivers and employees as may reasonably be employed in connection with the trusts hereof. The Trustee may act upon an Opinion of Counsel and shall not be responsible for any loss or damage resulting from any action or nonaction taken by or omitted to be taken in good faith in reliance upon such Opinion of Counsel.

(c) The Trustee shall not be responsible for any recital herein or in the Bonds (except in respect to the certificate of authentication of the Trustee endorsed on the Bonds), or for insuring the Property, reviewing the sufficiency of any insurance policy required under the Agreement or collecting any insurance money, or for the validity of the execution by the County of this Indenture or of any supplements hereto or instruments of further assurance, or for the sufficiency of the security for the Bonds issued hereunder or intended to be secured hereby, or for the value of or title to the Property, and the Trustee shall not be bound to ascertain or inquire as to the performance or observance of any covenants, conditions or agreements on the part of the County, or on the part of the Borrowers hereunder or under the Agreement, except as hereinafter set forth; but the Trustee may require of the Borrowers full information and advice as to the performance of the covenants, conditions and agreements as to the condition of the Property contained herein or in the Agreement. The Trustee shall not be responsible or liable for any loss suffered in connection with any investment of funds made by it in accordance with Section 6.1 hereof.

(d) The Trustee shall not be accountable for the use of any Bonds authenticated or delivered hereunder. The Trustee may become the owner of the Bonds with the same rights which it would have if not Trustee.

(e) The Trustee shall be protected in acting upon any notice, request, consent, certificate, order, affidavit, letter or other paper or document believed to be genuine and correct and to have been signed or sent by the proper person or persons. Any action taken by the Trustee pursuant to this Indenture upon the request or authority or giving such consent of any person who at the time of making such request or giving such authority or consent is the owner of any Bonds shall be conclusive and binding upon all future owners of the same Bond and upon Bonds issued in place thereof.

(f) As to the existence or nonexistence of any fact or as to the sufficiency or validity of any instrument, paper or proceeding, the Trustee shall be entitled to rely upon a certificate signed by an Authorized Representative of the County or the Borrower Representative or such other person as may be designated for such purpose by the County or the Borrowers as sufficient evidence of the facts therein contained, and prior to the occurrence of a default of which the Trustee has been notified as provided in paragraph (h) of this Section, or of which by said paragraph it is deemed to have notice, shall also be at liberty to accept a similar certificate to the effect that any particular dealing, transaction or action is necessary or expedient, but may at its discretion secure such further evidence deemed necessary or advisable, but shall in no case be bound to secure the same.

(g) The permissive rights of the Trustee to do things enumerated in this Indenture shall not be construed as a duty, and the Trustee shall not be answerable for other than for its negligence or willful misconduct, subject to Section 9.1(a) hereof.

(h) The Trustee shall not be required to take notice or be deemed to have notice of any default hereunder except for failure by the Borrowers to cause to be made any of the payments to the Trustee required to be made hereunder, unless the Trustee shall be specifically notified in writing of such default by the owners of at least a majority in aggregate principal amount of Bonds then Outstanding and all notices or other instruments required by this Indenture to be delivered to the Trustee, must, in order to be effective, be delivered at the Designated Office of the Trustee, and, in the absence of such notice so delivered, the Trustee may conclusively assume that there is no default except as aforesaid.

(i) All money received by the Trustee shall, until used or applied or invested as herein provided, be held in trust in the manner and for the purposes for which they were received but need not be segregated from other funds except to the extent required by this Indenture, statute or law. The Trustee shall not be under any liability for interest on any money received hereunder.

(j) At any and all reasonable times, the Trustee, and its duly authorized agents, attorneys, experts, engineers, accountants and representatives shall have the right, but shall not be required, to inspect any and all of the Trust Estate, including all books, papers and records of the County pertaining to the Property, the Taxable Series 2022 Project and the Bonds.

(k) The Trustee shall not be required to give any bond or surety in respect of the execution of the said trusts and powers or otherwise in respect of the premises.

(l) Notwithstanding anything contained in this Indenture, the Trustee shall have the right, but shall not be required, to demand in respect of the authentication of any Bonds, the withdrawal of any cash, the release of any property, or any action whatsoever within the purview of this Indenture or the Agreement, any showings, certificates, opinions, appraisals or other information, or corporate action or evidence thereof, in addition to that by the terms hereof required, as a condition of such action by the Trustee deemed desirable for the purpose of establishing the right of the County or the Borrowers to the authentication of any Bonds, the withdrawal of any cash, the release of any property, or the taking of any other action by the Trustee.

(m) Before taking any action under Section 8.2, 8.3 or 8.4 hereof at the direction of Bondholders as provided therein, the Trustee may require that reasonable indemnity be furnished to it by Bondholders requesting the Trustee to act for the reimbursement of all expenses which it may incur and to protect it against all liability, except liability which may result from its gross negligence or willful misconduct, by reason of any action so taken.

(n) Delivery to the Trustee of financial statements, audit reports, consultant reports and other documents pursuant to the Agreement is for informational purposes only. The Trustee has no obligation to review or analyze such information, and the Trustee's receipt of such information shall not constitute constructive or actual notice of any information contained therein or determinable from information contained therein.

(o) The Trustee shall have the right to accept and act upon instructions or directions, including funds transfer instructions, pursuant to this Indenture or the Agreement sent by Electronic Means. As used in this paragraph, "Electronic Means" means a portable document format ("pdf") or other replicating image attached to an email, facsimile transmission, secure electronic transmission (containing applicable authorization codes, passwords and/or authentication keys issued by the Trustee), or another method or system specified by the Trustee as available for use in connection with its services hereunder; provided, however, that the County and the Borrowers shall provide to the Trustee an incumbency certificate listing designated persons authorized to provide such instructions ("Authorized Officers"), which incumbency certificate shall be amended whenever a person is to be added or deleted from the listing. If the County or the Borrowers elect to give the Trustee instructions via Electronic Means and the Trustee in its discretion elects to act upon such instructions, the Trustee's understanding of such instructions shall be deemed controlling. The County agrees that the Trustee cannot determine the identity of the actual sender of instructions given by Electronic Means and that the Trustee shall conclusively presume that instructions that purport to have been sent by an Authorized Officer listed on the incumbency certificate provided to the Trustee have been sent by such Authorized Officer. The County and the Borrowers shall be responsible for ensuring that only their Authorized Officers transmit such instructions to the Trustee, and the County, the Borrowers and their Authorized Officers are responsible to safeguard the use and confidentiality of applicable user and authorization codes, passwords and authentication keys provided by the Trustee, if any. The Trustee shall not be liable for any losses, costs, or expenses arising directly or indirectly from the Trustee's reliance upon and compliance with such instructions notwithstanding such instructions conflict or are inconsistent with a subsequent written instruction delivered by other means. The County and the Borrowers each agree (i) to assume all risks arising out of their use of Electronic Means to submit instructions and direction to the Trustee, including without limitation the risk of the Trustee acting on unauthorized instructions and the risk or interception and misuse by third parties; (ii) that it is fully informed of the protections and risks associated with the various methods of transmitting instructions to the Trustee and that there may be more secure methods of transmitting instructions than the method(s) selected; (iii) that the security procedures (if any) to be followed in connection with its transmission of instructions provide to it a commercially reasonable degree of protection in light of its particular needs and circumstances; and (iv) that it will notify the Trustee immediately upon learning of any compromise or unauthorized use of the security procedures.

Section 9.2. Fees and Expenses of Trustee. The Trustee shall be entitled to payment and reimbursement for its reasonable fees for its services rendered hereunder as and when the same become due and all expenses reasonably and necessarily made or incurred by the Trustee in connection with such services, as and when the same become due as provided in Section 5.1 of the Agreement.

Section 9.3. Resignation or Replacement of Trustee. The present or any future Trustee may resign by giving to the County, the Borrowers and the Bondholders notice of such resignation. Such resignation shall take effect immediately on the appointment of a successor. The present or any future Trustee may be removed at any time, by an instrument in writing, by the Borrowers or the owners of at least a majority in aggregate principal amount of the Bonds then Outstanding and such removal shall take effect immediately on the appointment of a successor.

In case the present or any future Trustee shall at any time resign or be removed or otherwise become incapable of acting, a successor may be appointed by the Borrowers or the owners of at least a majority in aggregate principal amount of the Bonds Outstanding by an instrument or concurrent instruments signed by the Borrowers or such Bondholders, or their attorneys-in-fact duly appointed.

Every successor shall always be a bank or trust company in good standing and have an office in the State of Montana, be qualified to act hereunder, and have capital and surplus of not less than $50,000,000. Any successor appointed hereunder shall execute, acknowledge and deliver to the County an instrument accepting such appointment hereunder, and thereupon such successor shall, without any further act, deed or conveyance, become vested with all the estates, properties, rights, powers and trusts of its predecessor in the trust hereunder with like effect as if originally named as Trustee herein; but the Trustee retiring shall, nevertheless, on the written demand of its successor, execute and deliver an instrument conveying and transferring to such successor, upon the trusts herein expressed, all the estates, properties, rights, powers and trusts of the predecessor, who shall duly assign, transfer and deliver to the successor all properties and money held by it under this Indenture. Should any instrument in writing from the County be reasonably required by any successor for such vesting and confirming, the County shall execute, acknowledge and deliver the said deeds, conveyances and instruments on the request of such successor.

The notices provided for in this Section to be given to the Bondholders shall be given by the Trustee by mailing to the owners of the Bonds at their addresses as the same shall last appear upon the registration records. The notices provided for in this Section to be given to the County, the Borrowers and the retiring Trustee shall be given in accordance with Section 11.7 hereof.

Section 9.4. Conversion, Consolidation or Merger of Trustee. Any bank or trust company into which the Trustee or its successor may be converted, merged, or with which it may be consolidated, or to which it may sell or transfer its municipal trust business as a whole shall be the successor of the Trustee under this Indenture with the same rights, powers, duties and obligations and subject to the same restrictions, limitations and liabilities as its predecessor, all without the execution or filing of any papers or any further act on the part of any of the parties

hereto, anything herein to the contrary notwithstanding. In case any of the Bonds to be issued hereunder shall have been authenticated, but not delivered, any successor Trustee may adopt the certificate of any predecessor Trustee, and deliver the same as authenticated; and, in case any of such Bonds shall not have been authenticated, any successor Trustee may authenticate such Bonds in the name of such successor Trustee.

ARTICLE 10

SUPPLEMENTAL INDENTURES AND AMENDMENTS OF THE AGREEMENT

Section 10.1. Supplemental Indentures Not Requiring Consent of Bondholders. The County and the Trustee may, without the consent of, or notice to, the Bondholders, enter into such indentures supplemental hereto for any one or more or all of the following purposes:

(a) to add to the covenants and agreements contained in this Indenture other covenants and agreements thereafter to be observed for the protection or benefit of the Bondholders;

(b) to cure any ambiguity, or to cure, correct or supplement any defect or omission or inconsistent provision contained in this Indenture, or to make any provisions with respect to matters arising under this Indenture or for any other purpose if such provisions are necessary or desirable and do not adversely affect the interests of the Owners of the Bonds;

(c) to subject to this Indenture additional revenues, properties or collateral; or

(d) to provide for the issuance of an additional series of the Bonds or Additional Parity Indebtedness.

Section 10.2. Supplemental Indentures Requiring Consent of Bondholders. Exclusive of supplemental indentures covered by Section 10.1 hereof, the owners of not less than 66-2/3% in aggregate principal amount of the Bonds then Outstanding, shall have the right, from time to time, to consent to and approve the execution by the County and the Trustee of such indenture or indentures supplemental hereto as shall be deemed necessary or desirable by the County for the purpose of modifying, altering, amending, adding to, or rescinding, in any particular, any of the terms or provisions contained in this Indenture; provided, however, that without the consent of the owners of all the Bonds at the time Outstanding nothing herein contained shall permit, or be construed as permitting:

(a) an extension of the maturity of, or a reduction of the principal amount of, or a reduction of the rate of, or extension of the time of payment of interest on, or a reduction of a premium payable upon any redemption of, any Bond;

(b) the deprivation of the owner of any Bond then Outstanding of the lien created by this Indenture (other than as permitted hereby when such Bond was initially issued);

(c) a privilege or priority of any Bond or Bonds over any other Bond or Bonds;

(d) a reduction in the aggregate principal amount of the Bonds required for consent to such supplemental indenture or amendment to the Agreement; or

(e) a reduction in the rights granted under this Indenture to the holders of Additional Parity Indebtedness, unless consent to such reduction shall have been obtained as required under the instrument creating such Additional Parity Indebtedness.

If at any time the County shall request the Trustee to enter into such supplemental indenture for any of the purposes of this Section, the Trustee shall, upon being reasonably indemnified by the Borrowers with respect to expenses, mail by first-class mail notice of the proposed execution of such supplemental indenture to the owners of the Bonds at their addresses as the same shall last appear upon the registration records. Such notice shall be prepared by the County, briefly set forth the nature of the proposed supplemental indenture and shall state that copies thereof are on file at the Designated Office of the Trustee for inspection by all Bondholders. If, within 60 days following the mailing of such notice, the owners of the requisite principal amount of the Bonds Outstanding at the time of the execution of any such supplemental indenture shall have consented to and approved the execution thereof as herein provided, no owner of any Bond shall have any right to object to any of the terms and provisions contained therein, or the operation thereof, or in any manner to question the propriety of the execution thereof, or to enjoin or restrain the Trustee or the County from executing the same or from taking any action pursuant to the provisions thereof.

Section 10.3. Execution of Supplemental Indentures. Prior to execution of any supplemental indenture pursuant to Section 10.1 or Section 10.2, the Trustee shall be entitled to receive, and shall be fully protected in relying upon, an opinion of bond counsel to the effect that (i) such supplemental indenture complies with the provisions of this Indenture, (ii) it is proper for the Trustee to join in execution of such supplemental indenture under the provisions of this Indenture (iii) in the case of a supplemental indenture relating to the issuance of Additional Bonds, satisfaction by the Borrower of the requirements for the issuance of Additional Indebtedness pursuant to Section 8.10 of the Loan Agreement, and (iv) if applicable, that such supplemental indenture is not materially adverse to the interests of the Bondholders. The Trustee is authorized to join with the County in the execution of any such supplemental indenture and to make further agreements and stipulations which may be contained therein, but the Trustee shall not be obligated to enter into any such supplemental indenture which materially adversely affects its rights, duties or immunities under this Indenture. Any supplemental indenture executed in accordance with the provisions of this Article shall thereafter form a part of this Indenture and all the terms and conditions contained in any such supplemental indenture as to any provision authorized to be contained therein shall be deemed to be part of this Indenture for any and all purposes. In case of the execution and delivery of any supplemental indenture, express reference may be made thereto in the text of the Bonds issued thereafter, if any, if deemed necessary or desirable by the Trustee.

Section 10.4. Consent of Company. Anything herein to the contrary notwithstanding, a supplemental indenture under this Article 10 shall not become effective unless and until the Borrowers shall have consented to the execution and delivery of such supplemental indenture, unless an Event of Default has occurred and is continuing.

Section 10.5. Amendments, Etc. of the Agreement and the Financing Documents Not Requiring Consent of Bondholders. The County and the Trustee may without the consent of or notice to the Bondholders consent to any amendment, change or modification of the Agreement and the Financing Documents as may be required or permitted: (a) by the provisions of the Agreement or this Indenture; (b) for the purpose of curing any ambiguity or formal defect or omission; (c) to provide for the issuance of an additional series of the Bonds or Additional Parity Indebtedness; or (d) in connection with any other change therein which is not to the prejudice of the Trustee or the owners of the Bonds. Prior to execution of any amendment, change or modification of the Agreement pursuant to this Section 10.5 or Section 10.6, the Trustee shall be entitled to receive, and shall be fully protected in relying upon, an opinion of bond counsel or an Opinion of Counsel to the effect that (i) such amendment, change or modification complies with the provisions of this Indenture and the Agreement, (ii) it is proper for the Trustee to join in execution of such amendment, change or modification under the provisions of this Indenture and the Agreement, and (iii) if applicable, that such amendment, change or modification is not materially adverse to the interests of the Bondholders.

Section 10.6. Amendments, Etc. of the Agreement Requiring Consent of Bondholders. Except for the amendments, changes or modifications referred to in Section 10.5 hereof, neither the County nor the Trustee shall consent to any other amendment, change or modification of the Agreement without the giving of notice and the written approval or consent of the owners of not less than 66-2/3% in aggregate principal amount of the Bonds at the time Outstanding, given and procured as provided in Section 10.2 hereof; provided, however, that without the consent of the owners of all the Bonds at the time Outstanding nothing herein shall permit or be construed as permitting a change which would be prohibited by Section 10.2 hereof absent the consent of such owners. If at any time the County and the Borrowers shall request the consent of the Trustee to any such proposed amendment, change or modification of the Agreement which requires the consent of the owners of the Bonds, the Trustee shall, upon being reasonably indemnified by the Borrowers with respect to expenses, cause notice of such proposed amendment, change or modification to be given in the same manner as provided in Section 10.2 hereof. Such notice shall be prepared by the County, briefly set forth the nature of such proposed amendment, change or modification and state that copies of the instrument embodying the same are on file at the Designated Office of the Trustee for inspection by all Bondholders. If, within 60 days following the mailing of such notice, the owners of the requisite principal amount of the Bonds Outstanding at the time of the execution of any such amendment, change or modification shall have consented to and approved the execution of the agreement reflecting such amendment, change or modification thereof as herein provided, no owner of any Bond shall have any right to object to any of the terms and provisions contained therein, or the operation thereof, or in any manner to question the propriety of the execution thereof, or to enjoin or restrain the Borrowers or the County from executing the same or from taking any action pursuant to the provisions thereof.

Section 10.7. Adverse Effect on Owners of Additional Parity Indebtedness. Notwithstanding any other provision hereof or of the Agreement, no supplemental indenture or amendment to the Agreement which would adversely affect the owners of Additional Parity Indebtedness may be entered into without complying with the terms of the relevant instrument authorizing the issuance of the Additional Parity Indebtedness applicable to comparable amendments to such instrument authorizing the issuance of the Additional Parity Indebtedness.

ARTICLE 11

MISCELLANEOUS

Section 11.1. Evidence of Signature of Bondholders and Ownership of Bonds. Any request, consent or other instrument which this Indenture may require or permit to be signed and executed by the Bondholders may be in one or more instruments of similar tenor, and shall be signed or executed by such Bondholders in person or by their attorneys appointed in writing. Proof of the execution of any such instrument or of an instrument appointing any such attorney, or the ownership of Bonds shall be sufficient (except as otherwise herein expressly provided) if made in the following manner, but the Trustee may, nevertheless, in its discretion require further or other proof in cases where it deems the same desirable:

(a) The fact and date of the execution by any Bondholder or his or her attorney of such instrument may be proved by the certificate of any officer authorized to take acknowledgments in the jurisdiction in which he or she purports to act that the person signing such request or other instrument acknowledged to him or her the execution thereof, or by an affidavit of a witness of such execution, duly sworn to before a notary public.

(b) The ownership of any Bond and the amount and numbers of such Bonds and the date of owning the same shall be proved by the registration records of the County kept by the Trustee.

Any request or consent of the owner of any Bond shall bind all future owners of such Bond in respect of anything done or suffered to be done by the County or the Trustee in accordance therewith.

For so long as the Bonds are held by Cede & Co., as nominee of DTC, as the registered owner thereof, in the event that any provision of this Indenture requires the procurement of the consent of all or a certain percentage of the owners of the Bonds, the Trustee shall be entitled to rely (i) upon the written indication given by DTC that it has obtained the consent of the beneficial owners of the requisite principal amount of such Bonds or (ii) if proof of beneficial ownership and indemnification satisfactory to the Trustee has been provided to the Trustee, upon the written consent given by the beneficial owners of the requisite principal amount of such Bonds.

Section 11.2. Parties Interested Herein. With the exception of rights herein expressly conferred on the Borrowers, nothing in this Indenture expressed or implied is intended or shall be construed to confer upon, or to give to, any person other than the County, the Trustee and the owners of the Bonds, any right, remedy or claim under or by reason of this Indenture or any covenant, condition or stipulation hereof; and all the covenants, stipulations, promises and agreements in this Indenture contained by and on behalf of the County shall be for the sole and exclusive benefit of the County, the Trustee and the owners of the Bonds.

Section 11.3. Titles, Headings, Etc. The titles and headings of the articles and sections of this Indenture have been inserted for convenience of reference only and shall in no way modify or restrict any of the terms or provisions hereof.

Section 11.4. Severability. In the event any provision of this Indenture shall be held invalid or unenforceable by any court of competent jurisdiction, such holding shall not invalidate or render unenforceable any other provision hereof.

Section 11.5. Governing Law. This Indenture shall be governed by and construed in accordance with the laws of the State of Montana.

Section 11.6. Execution in Counterparts. This Indenture may be executed in several counterparts, each of which shall be an original and all of which shall constitute but one and the same instrument.

Section 11.7. Notices. All notices, certificates or other communications hereunder shall be sufficiently given and shall be deemed given when mailed by first-class mail, return receipt requested, postage prepaid, addressed as follows: if to the County, at Gallatin County, Montana, 311 West Main St., Bozeman, Montana 59715 Attention: Finance Officer, with a copy to the County Attorney; if to the Borrowers, at Bridger Aerospace Group Holdings, LLC, 90 Aviation Lane, Suite B, Belgrade, Montana, 59714, Attention: McAndrew Rudisill, COO, with a copy to the Legal Counsel; and if to the Trustee, at U.S. Bank Trust Company, National Association, 170 S. The County, the Borrowers and the Trustee may, by notice given hereunder, designate any further or different addresses to which subsequent notices, certificates or other communications shall be sent.

All notices, approvals, consents, requests and any communications to the Trustee hereunder or under the Agreement must be in writing in English and must be in the form of a document that is signed manually or by way of an electronic signature (including electronic images of handwritten signatures and digital signatures provided by DocuSign, Orbit, Adobe Sign or any other electronic signature provider acceptable to the Trustee). Electronic signatures believed by the Trustee to comply with the ESIGN ACT of 2000 or other applicable law shall be deemed original signatures for all purposes. If the County or the Borrowers choose to use electronic signatures to sign documents delivered to the Trustee, the County and the Borrowers each agree to assume all risks arising out of their use of electronic signatures, including without limitation the risk of the Trustee acting on an unauthorized document and the risk of interception or misuse by third parties. THIS BOND SHALL BE A SPECIAL LIMITED OBLIGATION OF THE COUNTY, PAYABLE OUT OF THE REVENUES DERIVED PURSUANT TO THE AGREEMENT.

Reference is hereby made to the Indenture and the Agreement for a description of the nature and extent of the security, the rights, duties and obligations of the County, the Trustee and the registered owners of the Bonds and the terms and conditions upon which the Bonds are, and are to be, secured, and a statement of the rights, duties, immunities and obligations of the County and the Trustee.

The Bonds are subject to redemption by the County at the direction of the Borrowers in whole at any time upon certain events of damage, destruction or condemnation of the Financed Property (as defined in the Agreement) or upon certain changes in law at a redemption price equal to 100% of the principal amount thereof and accrued interest to the redemption date.

The Bonds are subject to redemption by the County at the direction of the Trustee if directed by the Majority Bondholder in part on any interest payment date, but only from the proceeds of insurance, as provided in the Indenture and the Agreement, at a redemption price equal to 100% of the principal amount of the Bonds redeemed plus any then-applicable premium and accrued interest to the redemption date.

The Bonds are subject to redemption by the County at the direction of the Borrowers in part on any interest payment date, but only from the proceeds of condemnation awards, as provided in the Indenture and the Agreement, at a redemption price equal to 100% of the principal amount of the Bonds redeemed and accrued interest to the redemption date.

The Bonds are subject to mandatory redemption in whole or in part, as applicable, at any time upon certain events including the sale of any Superscooper firefighting equipment by the Borrowers, from Excess Cash Flow if certain conditions are met, and from the sale and loss of control of BAG Holdings, all at a redemption price equal to 100% of the principal amount thereof plus any premium that would be applicable to an optional redemption of the Series 2022 Bonds on such date pursuant to Section 5.1 of the Indenture (and if such redemption is prior to September 1, 2025, the applicable premium shall be 3%) and accrued interest to the redemption date.

The Bonds are subject to optional redemption as set forth in the Indenture. The Bonds are not subject to mandatory sinking fund redemption.

In the event less than all Bonds are to be redeemed they shall be redeemed from such maturities as the Borrowers may determine (less than all of the Bonds of a single maturity to be selected by lot in such manner as the Trustee may determine). Notice of the call for redemption shall be given by the Trustee by transmitting a copy of the redemption notice by first-class mail and/or by electronic means, not more than 45 nor less than 20 days prior to the redemption date, to the registered owner of the Bond to be redeemed in whole or in part at the address last shown on the registration records. Failure to give such notice, or any defect therein, shall not affect the validity of any proceedings for the redemption of such Bonds for which no default or defect occurs. All Series 2022 Bonds called for redemption will cease to bear interest after the specified redemption date, provided funds for their payment are on deposit at the place of payment at the time. Conditional notices of redemption are permitted by the Indenture.

The Bonds shall be issued as fully registered bonds in the denomination of $100,000 or any integral multiple of $5,000 in excess thereof within a maturity and upon surrender thereof at the designated corporate trust office of the Trustee may, at the option of the registered owner thereof, be exchanged for an equal aggregate principal amount of Bonds of the same maturity of other authorized denominations in the manner and subject to the conditions provided in the Indenture.

This bond is fully transferable by the registered owner hereof in person or by his or her duly authorized attorney on the registration records kept by the Trustee, upon surrender of this bond together with a duly executed written instrument of transfer satisfactory to the Trustee; subject, however, to the terms of the Indenture which limit the transfer and exchange of Bonds during certain periods. Upon such transfer, a new fully registered Series 2022 Bond of authorized denomination or denominations for the same aggregate principal amount and maturity will be issued to the transferee in exchange herefor, all subject to the terms, limitations and conditions set forth in the Indenture. This bond may not be transferred or sold to anyone other than a "Qualified Institutional Buyer", within the meaning of Rule 144A promulgated under the Securities Act of 1933.

The County and the Trustee may deem and treat the person in whose name this bond is registered as the absolute owner hereof, whether or not this bond shall be overdue, for the purpose of receiving payment and for all other purposes, except to the extent otherwise provided herein and in the Indenture with respect to Regular Record Dates and Special Record Dates for the payment of interest, and neither the County nor the Trustee shall be affected by any notice to the contrary.

To the extent permitted by, and as provided in, the Indenture, modifications or amendments of the Indenture, or of any indenture supplemental thereto, and of the rights and obligations of the County and of the registered owners of the Series 2022 Bonds may be made with the consent of the County and, in certain circumstances, with the consent of the owners of not less than two-thirds in aggregate principal amount of the Series 2022 Bonds then outstanding; provided, however, that no such modification or amendment shall be made which will affect the terms of payment of the principal of, premium, if any, or interest on any of the Series 2022 Bonds, which are unconditional, without the consent of the owners of 100% in aggregate principal amount of the Series 2022 Bonds then outstanding. Any such consent by the registered owner of this bond shall be conclusive and binding upon such registered owner and upon all future registered owners of this bond and of any bond issued upon the transfer or exchange of this bond whether or not notation of such consent is made upon this bond.

The registered owner of this bond shall have no right to enforce the provisions of the Indenture or to institute action to enforce the pledge, assignment or covenants made therein or to take any action with respect to an event of default under the Indenture or to institute, appear in, or defend any suit, action or other proceeding at law or in equity with respect thereto, except as provided in the Indenture. In case an Event of Default under the Indenture shall occur, the principal of all the Bonds at any such time outstanding may be declared or may become due and payable, upon the conditions and in the manner and with the effect provided in the Indenture. The Indenture provides that such declaration may in certain events be rescinded by the Trustee, the registered owners of a requisite principal amount of the Bonds then outstanding or, in certain instances, the registered owners of a requisite principal amount of the Bonds and of Additional Parity Indebtedness then outstanding.

Neither the officers of the County nor any person executing the Bonds shall be liable personally on the Bonds or be subject to any personal liability or accountability by reason of the issuance thereof.

It is hereby certified, recited and declared that all conditions, acts and things required by the constitution or statutes of the State, the Act or the Indenture to exist, to have happened or to have been performed precedent to or in the issuance of this bond exist, have happened and have been performed.

This bond shall not be entitled to any benefit under the Indenture or any indenture supplemental thereto, or become valid or obligatory for any purpose until the Trustee shall have signed the certificate of authentication hereon.

IN WITNESS WHEREOF, GALLATIN COUNTY, MONTANA has caused this bond to be executed by the manual or facsimile signature of its Chair and its official seal to be hereunto impressed or imprinted hereon and attested by the manual or facsimile signature of its County Clerk and Recorder.

The Bonds are subject to optional redemption as set forth in the Indenture. The Bonds are not subject to mandatory sinking fund redemption.

In the event less than all Bonds are to be redeemed they shall be redeemed from such maturities as the Borrowers may determine (less than all of the Bonds of a single maturity to be selected by lot in such manner as the Trustee may determine). Notice of the call for redemption shall be given by the Trustee by transmitting a copy of the redemption notice by first-class mail and/or by electronic means, not more than 45 nor less than 20 days prior to the redemption date, to the registered owner of the Bond to be redeemed in whole or in part at the address last shown on the registration records. Failure to give such notice, or any defect therein, shall not affect the validity of any proceedings for the redemption of such Bonds for which no default or defect occurs. All Series 2022B Bonds called for redemption will cease to bear interest after the specified redemption date, provided funds for their payment are on deposit at the place of payment at the time. Conditional notices of redemption are permitted by the Indenture.

The Bonds shall be issued as fully registered bonds in the denomination of $100,000 or any integral multiple of $5,000 in excess thereof within a maturity and upon surrender thereof at the designated corporate trust office of the Trustee may, at the option of the registered owner thereof, be exchanged for an equal aggregate principal amount of Bonds of the same maturity of other authorized denominations in the manner and subject to the conditions provided in the Indenture.

This bond is fully transferable by the registered owner hereof in person or by his or her duly authorized attorney on the registration records kept by the Trustee, upon surrender of this bond together with a duly executed written instrument of transfer satisfactory to the Trustee; subject, however, to the terms of the Indenture which limit the transfer and exchange of Bonds during certain periods. Upon such transfer, a new fully registered Series 2022B Bond of authorized denomination or denominations for the same aggregate principal amount and maturity will be issued to the transferee in exchange herefor, all subject to the terms, limitations and conditions set forth in the Indenture. This bond may not be transferred or sold to anyone other than a “Qualified Institutional Buyer”, within the meaning of Rule 144A promulgated under the Securities Act of 1933.

The County and the Trustee may deem and treat the person in whose name this bond is registered as the absolute owner hereof, whether or not this bond shall be overdue, for the purpose of receiving payment and for all other purposes, except to the extent otherwise provided herein and in the Indenture with respect to Regular Record Dates and Special Record Dates for the payment of interest, and neither the County nor the Trustee shall be affected by any notice to the contrary.

To the extent permitted by, and as provided in, the Indenture, modifications or amendments of the Indenture, or of any indenture supplemental thereto, and of the rights and obligations of the County and of the registered owners of the Series 2022B Bonds may be made with the consent of the County and, in certain circumstances, with the consent of the owners of not less than two-thirds in aggregate principal amount of the Series 2022B Bonds then outstanding; provided, however, that no such modification or amendment shall be made which will affect the terms of payment of the principal of, premium, if any, or interest on any of the Series 2022B Bonds, which are unconditional, without the consent of the owners of 100% in aggregate principal amount of the Series 2022B Bonds then outstanding. Any such consent by the registered owner of this bond shall be conclusive and binding upon such registered owner and upon all future registered owners of this bond and of any bond issued upon the transfer or exchange of this bond whether or not notation of such consent is made upon this bond.

The registered owner of this bond shall have no right to enforce the provisions of the Indenture or to institute action to enforce the pledge, assignment or covenants made therein or to take any action with respect to an event of default under the Indenture or to institute, appear in, or defend any suit, action or other proceeding at law or in equity with respect thereto, except as provided in the Indenture. In case an Event of Default under the Indenture shall occur, the principal of all the Bonds at any such time outstanding may be declared or may become due and payable, upon the conditions and in the manner and with the effect provided in the Indenture. The Indenture provides that such declaration may in certain events be rescinded by the Trustee, the registered owners of a requisite principal amount of the Bonds then outstanding or, in certain instances, the registered owners of a requisite principal amount of the Bonds and of Additional Parity Indebtedness then outstanding.

Neither the officers of the County nor any person executing the Bonds shall be liable personally on the Bonds or be subject to any personal liability or accountability by reason of the issuance thereof.

It is hereby certified, recited and declared that all conditions, acts and things required by the constitution or statutes of the State, the Act or the Indenture to exist, to have happened or to have been performed precedent to or in the issuance of this bond exist, have happened and have been performed.

This bond shall not be entitled to any benefit under the Indenture or any indenture supplemental thereto, or become valid or obligatory for any purpose until the Trustee shall have signed the certificate of authentication hereon.

IN WITNESS WHEREOF, GALLATIN COUNTY, MONTANA has caused this bond to be executed by the manual or facsimile signature of its Chair and its official seal to be hereunto impressed or imprinted hereon and attested by the manual or facsimile signature of its County Clerk and Recorder.

In connection with the purchase of a portion of the above-referenced obligations (the "Series 2022B Bonds"), issued by Gallatin County, Montana (the "County") pursuant to (i) the terms of an Amended and Restated Trust Indenture, dated as of July 1, 2022 (as amended and supplemented by a First Supplemental Trust Indenture dated as of August 1, 2022, and as further amended, restated, supplemented or otherwise modified from time to time, the "Indenture"), between the County and U.S. Bank Trust Company, National Association, Salt Lake City, Utah, as trustee (the "Trustee"), (ii) Title 90, Chapter 5, Part 1, Montana Code Annotated, as amended (the "Act"), and (iii) a resolution adopted by the governing body of the County on October 14, 2020, as amended by a resolution adopted by the governing body of the County on May 3, 2022 (as so amended, the "Bond Resolution"), the undersigned purchaser[, on behalf of itself and each of its managed accounts listed on the signature page hereto] (the "Purchaser"), of the Series 2022B Bonds hereby represents the following:

1. Execution of this letter is a condition to the sale of the Series 2022B Bonds to the Purchaser.

2. The Purchaser is purchasing the Series 2022B Bonds in authorized denominations of $100,000 or increments of $5,000 in excess thereof (an "Authorized Denomination"). The Purchaser will only sell or transfer the Series 2022B Bonds in Authorized Denominations.

3. The Purchaser certifies that it is a "Qualified Institutional Buyer" as such term is defined under Rule 144A of the Securities Act of 1933, as amended (the "Securities Act").

4. As Purchaser of the Series 2022B Bonds, the Purchaser is purchasing such Series 2022B Bonds with its own funds (or with funds from managed accounts over which it has investment authority) and not the funds of any other person (other than for a managed account), or for its own account (or for managed accounts over which it has investment authority) and not as nominee or agent for the account of any other person and not with a view to any distribution thereof, except for a managed account relationship for its accounts for which it reasonably believes are a "Qualified Institutional Buyer" under the Securities Act. The Purchaser acknowledges and agrees that pursuant to the Indenture, the Series 2022B Bonds shall not be transferred by any holder thereof during the six-month period beginning on the Date of Issuance of the Series 2022B Bonds.

6. The Purchaser has such knowledge and experience in business and financial matters and with respect to the purchase and ownership of non-rated conduit revenue bonds, taxable securities and other investment vehicles similar in character to the Series 2022B Bonds so as to enable it to understand and evaluate the risks of such investments and form an investment decision with respect to the Series 2022B Bonds. 8. THE PURCHASER UNDERSTANDS THAT THE SERIES 2022B BONDS AND THE INTEREST THEREON SHALL BE SPECIAL, LIMITED OBLIGATIONS OF THE COUNTY, PAYABLE SOLELY OUT OF REVENUES DERIVED UNDER THE LOAN AGREEMENT, AND SHALL NEVER CONSTITUTE THE DEBT OR INDEBTEDNESS OF THE COUNTY WITHIN THE MEANING OF ANY PROVISION OR LIMITATION OF THE CONSTITUTION OR STATUTES OF THE STATE OF MONTANA OR OF ANY CHARTER OF ANY POLITICAL SUBDIVISION THEREOF, INCLUDING THE COUNTY, AND SHALL NOT CONSTITUTE NOR GIVE RISE TO A PECUNIARY LIABILITY OR MULTIPLE FISCAL YEAR DIRECT OR INDIRECT DEBT OR OTHER FINANCIAL OBLIGATION WHATSOEVER OF THE COUNTY OR A CHARGE AGAINST ITS GENERAL CREDIT OR TAXING POWERS.

EMPLOYMENT AGREEMENT

This EMPLOYMENT AGREEMENT (this "Agreement") dated as of December 6, 2018, by and between ElementCompany Operations, LLC (the "Company"), and Timothy Sheehy ("Employee").

W I T N E S S E T H:

WHEREAS, BTO Grannus Holdings III – NQ L.L.C., Blackstone Tactical Opportunities Fund – FD L.P., and Blackstone Family Tactical Opportunities Investment Partnership III – NQ – ESC L.P. (collectively, the "BTO Investor"), and the Company, ElementCompany, Inc., and ElementCompany, LLC, entered into a Securities Purchase Agreement dated as of December 6, 2018 (the "Securities Purchase Agreement").

WHEREAS, the Company and Employee desire to enter into this Agreement pursuant to which Employee shall provide services to the Company as described herein, effective upon and subject to the Closing (as defined in the Securities Purchase Agreement) (the "Closing").

NOW, THEREFORE, in consideration of the promises and mutual covenants contained herein and for other good and valuable consideration, the receipt and sufficiency of which are hereby acknowledged, the Company and Employee hereby agree as follows:

Section 1. Position, Duties and Responsibilities; Place of Performance.

(a) During the Term of Employment (defined below), Employee shall be employed and serve as the Chief Executive Officer – Bridger Aerospace Group, LLC and shall have such duties and responsibilities that are commensurate with such title and such other duties and responsibilities as may reasonably be assigned in relation to the Company and its affiliates. The Employee shall report to the Board of the Company (which for the avoidance of doubt shall include a representative appointed by the BTO Investor (the "Board")) and shall carry out and perform all orders, directions and policies given to Employee by the Board consistent with his position and title. The Employee's principal place of employment with the Company shall be in Bozeman, Montana, provided that the Employee may be required to travel from time to time for business purposes.

(b) Employee shall devote his best efforts, energy and time to the performance of his duties under this Agreement and shall not engage in any other business or occupation during the Term of Employment that materially interferes with Employee's duties and responsibilities to serve and act in the Company's best interests. Notwithstanding the foregoing, nothing herein shall preclude Employee from (i) serving as a member of the boards of directors or advisory boards (or their equivalents in the case of a non-corporate entity) of non-profit businesses or, with the prior approval of the Company's board, for business that are not engaged in any Competing Business (as defined below) including any business expressly identified in Section 4(q)); (ii) engaging in charitable activities and community affairs; and (iii) managing his personal investments and affairs; *provided*, *however*, that the activities set out in clauses (i), (ii) and (iii) shall be limited by Employee so as not to materially interfere, individually or in the aggregate, with the performance of his duties and responsibilities hereunder.

(c) The Company agrees to employ Employee, and Employee agrees to serve the Company, on the terms and conditions set forth herein. The "Term of Employment" shall mean the period commencing on Closing and, unless terminated sooner as provided in Section 4 hereof, continuing until December 31, 2020; provided, however, that the Term of Employment shall be extended automatically following December 31, 2020 for successive one (1) year terms on the first anniversary of the then current term if neither the Company nor Employee has advised the other in writing in accordance with Section 10 at least sixty (60) days prior to the end of the then current term that such term will not be extended for an additional one (1) year term.

Section 2. Compensation.

(a) Base Salary. During the Term of Employment, Employee shall be paid an annualized base salary (the "Base Salary"), payable in United States dollars in accordance with the regular payroll practices of the Company. Employee's current salary will continue until January 1, 2019. As of January 1, 2019, the Base Salary shall be increased to Four Hundred Fifty Thousand Dollars ($450,000.00), with increases if any, as may be approved in writing by the Board. The Company may withhold applicable taxes and deductions from any amounts payable under this Agreement.

(b) Annual Bonus. During the Company's 2019 fiscal year starting January 1, 2019 and ending December 31, 2019 (and subsequent fiscal years, as applicable), subject to the satisfaction of applicable performance criteria and any other conditions as determined by the Board, the Employee shall be eligible to receive an annual cash bonus award (the "Annual Bonus") as determined by the Board in its sole and absolute discretion.

Section 3. Employee Benefits.

(a) General. During the Term of Employment, Employee shall be entitled to participate in health insurance, retirement plans, directors' and officers' insurance coverage and other benefits provided to other senior executives of the Company, as in effect from time to time.

(b) Vacation and Time Off. During each full calendar year of the Term of Employment, Employee shall be eligible for twenty (20) days paid vacation, as well as sick pay and other paid and unpaid time off in accordance with the policies and practices of the Company, as in effect from time to time. At any time, Employee shall be limited to accruing a maximum amount of unused paid vacation equal to twenty (20) days (the "Maximum Vacation Accrual"). If Employee does not use all of the paid vacation days in a calendar year, the remaining days shall rollover to the following calendar year, subject to the Maximum Vacation Accrual.

Section 4. Termination.

(a) General. The Term of Employment shall terminate earlier than as provided in Section 1 if any of the following occur: (i) Employee's death; (ii) a termination by reason of a Disability; (iii) a termination by the Company with or without Cause; or (iv) a termination or resignation by Employee with or without Good Reason.

(b) Termination Due to Death or Disability. Employee's employment shall terminate automatically upon his death. The Company may terminate Employee's employment immediately upon the occurrence of a Disability. In the event Employee's employment is terminated due to his death or Disability, Employee or his estate or his beneficiaries, as the case may be, shall be entitled to:

(i) Any accrued Base Salary though the date of employment termination, payout of all accrued, but unused vacation days (subject to the Maximum Vacation Accrual), and reimbursement for any unreimbursed business expenses incurred through the date of employment termination (collectively, the "Accrued Obligations"), which amount shall be paid within thirty (30) days from the date of such termination; and

(ii) Any unpaid Annual Bonus in respect of any completed fiscal year that has ended prior to the date of such termination with such amount determined based on actual performance during such fiscal year as determined by the Board, which amount shall be paid on the sixtieth (60^{th}) day following the date of such termination, subject to Section 4(i) of this Agreement; and

(iii) Any Annual Bonus that would have been payable based on actual performance with respect to the year of termination in the absence of the Employee's death or Disability, pro-rated for the period the Employee worked prior to his death or Disability, and payable at the same time as the bonus would have been paid in the absence of the Employee's death or Disability.

Following such termination of Employee's employment by reason of death or Disability, except as set forth in this Section 4, Employee shall have no further rights to any compensation or any other benefits under this Agreement or otherwise.

(c) Termination by the Company for Cause.

(i) The Company may terminate Employee's employment at any time for Cause; *provided*, *however*, that with respect to any Cause of termination relying on clause (i) or (ii) of the definition of Cause set forth in Section 4(j) hereof, to the extent such act or acts are curable, Employee shall be given not less than fifteen (15) days' written notice by the Board's intention to terminate Employee's employment for Cause, such notice to state in detail the particular act or acts or failure or failures to act that constitute the grounds on which the proposed termination for Cause is based, and such termination shall be effective at the expiration of such fifteen (15) day notice period, unless Employee has cured, to the Company's satisfaction, such act or acts or failure or failures to act that give rise to Cause during such period.

(ii) In the event the Company terminates Employee's employment for Cause, Employee shall be entitled only to the Accrued Obligations, which amount shall be paid within thirty (30) days from the date of such termination. Following such termination of Employee's employment for Cause, except as set forth in this Section 4(c)(ii), Employee shall have no further rights to any compensation or any other benefits under this Agreement or otherwise (including, but not limited to, any payment of any bonus that has not been paid as of the date of Employee's termination of employment).

(d) Termination by the Company Without Cause. The Company may terminate Employee's employment at any time without Cause. In the event Employee's employment is terminated by the Company without Cause (other than due to death or Disability), Employee shall be entitled to:

(i) The Accrued Obligations; and

(ii) Any unpaid Annual Bonus in respect of any completed fiscal year that has ended prior to the date of such termination with such amount determined based on actual performance during such fiscal year as determined by the Board; and

(iii) A lump-sum cash payment equal to (i) twenty-four (24) months of the Employee's Base Salary in effect at the time of termination plus (ii) an amount equal to the total value of the Annual Bonus amounts paid during the fiscal year immediately preceding the year of such termination pursuant to Section 2; and

(iv) A lump sum cash payment equal to eighteen (18) times the "applicable percentage" of the monthly COBRA premium cost applicable to Employee if Employee (or his dependents) were to elect COBRA coverage, or similar coverage as provided by similar state law, in connection with such termination, (for purposes hereof, the "applicable percentage" shall be the percentage of Employee's health care premium costs covered by the Company as of the date of termination).

Any amounts payable to Employee under clause (i), (ii), (iii) or (iv) of this Section 4(d) shall be paid in lump sum on the sixtieth (60^{th}) day following the date of Employee's termination of employment (the "Severance Benefits"), subject to Section 4(i) of this Agreement. Following such termination of Employee's employment by the Company without Cause, except as set forth in this Section 4(d), Employee shall have no further rights to any compensation or any other benefits under this Agreement or otherwise.

(e) Termination by Employee with Good Reason. Employee may terminate Employee's employment with Good Reason by providing the Company thirty (30) days' written notice setting forth in reasonable specificity the event that constitutes Good Reason (which notice must be given no later than ninety (90) days after the initial occurrence of such event). During such thirty (30) day notice period, the Company shall have a cure right, and if not cured within such period, Employee's termination will be effective upon the expiration of such cure period, and Employee shall be entitled to the same payments and benefits as provided in Section 4(d) above for a termination by the Company without Cause, subject to the same conditions on payment and benefits as described in Section 4(d) above. Following such termination of Employee's employment by Employee with Good Reason, except as set forth in this Section 4(e), Employee shall have no further rights to any compensation or any other benefits under this Agreement or otherwise.

(f) Termination by Employee Without Good Reason. Employee may terminate Employee's employment without Good Reason by providing the Company sixty (60) days' written notice of such termination. In the event of a termination of employment by Employee under this Section 4(f), Employee shall be entitled only to the Accrued Obligations. In the event of termination of Employee's employment under this Section 4(f), the Company may, in its sole and absolute discretion, by written notice accelerate such date of termination without changing the characterization of such termination as a termination by Employee without Good Reason. If the Company chooses to accelerate the termination date, it shall pay Employee for the remainder of the notice period, subject Employee's execution and non-revocation of a release as provided in Section 4(i). Following such termination of Employee's employment by Employee without Good Reason, except as set forth in this Section 4(f), Employee shall have no further rights to any compensation or any other benefits under this Agreement or otherwise.

(g) Non-Extension of the Term of Employment. Employee's employment hereunder shall terminate upon the close of business of the last day of the then current term if either the Company or Employee gives timely notice of its or his intention not to extend the then current term of employment, as provided in Section 1. If the Company's decision not to extend is without Cause, or if Employee's decision not to extend is with Good Reason, then Employee shall be entitled to only the payments and benefits as provided in Sections 4(d) (i), (ii), and (iv) above, subject to the same conditions on payment and benefits as described therein. Otherwise, upon the termination of the Term of Employment by reason of the parties' non-extension for any other reason, Employee shall be entitled to only the Accrued Obligations, which amount shall be paid within thirty (30) days of such date of termination. Following such termination of Employee's employment, except as set forth in this Section 4(g), Employee shall have no further rights to any compensation or any other benefits under this Agreement or otherwise.

(h) Termination Following Change of Control. If, following a Change of Control of the Company, Employee becomes eligible for any Severance Benefits pursuant to the terms of this Agreement, and such Severance Benefits implicate Section 280G of the Internal Revenue Code (the "I.R.C."), then Employee and Company shall work collaboratively to modify such payments in order to limit the application of I.R.C. Section 280G to the Company and I.R.C. Section 4999 to Employee.

(i) Release. Notwithstanding any provision herein to the contrary, and as a condition precedent to payment of any amount or provision of any benefit pursuant to subsections 4(b), (d), (e), (f), (g) and (h) (other than payment of any Accrued Obligations), Employee or Employee's estate, as applicable, shall execute and shall not rescind, a release in favor of the Company in a form satisfactory to the Company, and any revocation period applicable to such release must have expired as of the forty-fifth (45th) day following Employee's termination of employment. If Employee fails to execute the release in such a timely manner so as to permit any revocation period to expire prior to the end of such forty-five (45) day period, or timely revokes his acceptance of such release following its execution, Employee shall not be entitled to any of the Severance Benefits. Further, to the extent that (i) such termination of employment occurs within sixty (60) days of the end of any calendar year, and (ii) any of the Severance Benefits constitutes "nonqualified deferred compensation" for purposes of Section 409A, any payment of any amount or provision of any benefit otherwise scheduled to occur prior to the sixtieth (60^{th}) day following the date of Employee's termination of employment hereunder, but for the condition on executing the release as set forth herein, shall not be made prior to the first day of the second calendar year, after which any remaining Severance Benefits shall thereafter be provided to Employee according to the applicable schedule set forth herein.

(j) For purposes of this Agreement, "Cause" shall be defined as (i) a material breach of this Agreement or any other Agreement between the Employee and the Company or its affiliates, or a material violation of any code of conduct, code of ethics, compliance manual or other written policy applicable to Employee; (ii) Employee's act(s) of willful misconduct or gross negligence in the course of Employee's employment hereunder, (iii) willful failure or refusal by Employee to perform in any material respect Employee's duties, responsibilities or lawful directives of the Board; (iv) the Employee's performance of any act of theft, embezzlement fraud, dishonesty or misappropriation of the Company's or its affiliate's property; (v) Employee's indictment for, conviction of or pleading *nolo contendre* to a felony under state or federal law for any crime involving intentional dishonesty or moral turpitude; or (vi) the Employee's breach of any fiduciary duty owed to the Company or its affiliates (including, without limitation, the duty of care and the duty of loyalty).

(k) For purposes of this Agreement, "Good Reason" shall mean, without Employee's consent, a material breach of this Agreement due to (i) a diminution in Employee's title or Base Salary, or (ii) the failure of the Company to pay any compensation hereunder when due.

(l) For purposes of this Agreement, "Change of Control" shall mean the first to occur of any of the following: (i) "change of control event" with respect to the Company, within the meaning of Treas. Reg. 1.409A-3(i)(5); or (ii) during any period of two years, individuals who at the beginning of such period constitute the Board (and any new Director whose election by the Company's shareholders was approved by a vote of at least a majority of the Directors then still in office who either were Directors at the beginning of the period or whose election or nomination for election was so approved) cease for any reason to constitute a majority thereof; or (iii) a merger, consolidation or non-bankruptcy reorganization of the Company with or involving any other entity, other than a merger, consolidation or non-bankruptcy reorganization that would result in the voting securities of the Company outstanding immediately prior thereto continuing to represent (either by remaining outstanding or by being converted into voting securities of the surviving entity) at least 50% of the combined voting power of the securities of the Company (or such surviving entity) outstanding immediately after such merger, consolidation or non-bankruptcy reorganization.

(m) For purposes of this Agreement, "Disability" shall mean any physical or mental disability or infirmity of the Employee that has prevented the performance of Employee's duties for a period of (i) ninety (90) consecutive days or (ii) one hundred twenty (120) non-consecutive days during any six (6) month period. Any question as to the existence, extent or potentiality of Employee's Disability upon which Employee and the Company cannot agree shall be determined by a qualified, independent physician reasonably selected by the Company. The determination of any such physician shall be final and conclusive for all purposes of this Agreement.

(n) Both during the Term of Employment and at all times thereafter, regardless of the reason for termination, the Employee agrees not to make negative comments or otherwise disparage the Company or its affiliates or any of their respective officers, directors, employees, shareholders, members, agents or products other than in the good faith performance of the Employee's duties to the Company while the Employee is employed by the Company.

The foregoing shall not be violated by truthful statements in response to legal process, required governmental testimony or filings, or administrative or arbitral proceedings (including, without limitation, depositions in connection with such proceedings).

(o) Employee covenants, warrants and agrees until the later of (i) the five (5)-year anniversary of the Closing and (ii) during the Term of Employment and until the twenty-four (24)-month anniversary of the date of termination of Employee's employment for any reason ("Termination Date"), which later period shall be the "Restricted Period", Employee shall not, either directly or indirectly, actually or attempt to, hire, solicit, recruit, attempt to employ or engage, induce or divert, any employee, officer, director, agent, consultant or independent contractor of the Company or its affiliates to leave such employment or retention or to accept employment with or render services to or with any other person, firm, corporation or other entity. Employee acknowledges and agrees that Employee's failure to honor this non-solicitation provision shall result in the Company suffering irreparable harm. This Section 4(o) shall survive the termination of this Agreement.

(p) Employee further covenants, warrants and agrees that during the Restricted Period, Employee shall not, either directly or indirectly, actually or attempt to call upon, solicit, divert, take-away, deliver to, sell, service or otherwise deal in any manner whatsoever with the Company's customers or clients upon whom Employee called, or with whom Employee has a business relationship, past or present, or with who Employee or Company or its affiliates had any contact or influence at any time during the course of Employee's employment with the Company for purposes of causing such persons to terminate any business relationship with the Company or its affiliates or causing such persons to purchase goods or services then sold by the Company or any of its affiliates from another person, firm, corporation or other entity; and Employee shall not assist any other person, firm, corporation or business, in any capacity, to do so; provided, however, nothing in this Section 4(p) shall be deemed to prohibit or otherwise restrict any form of contact between Employee and any other person, which contact is made for non-competitive purposes (e.g. social gatherings, conventions, trade shows, etc.). Employee acknowledges and agrees that Employee's failure to honor this non-solicitation provision shall result in the Company suffering irreparable harm. This Section 4(p) shall survive the termination of this Agreement.

(q) Employee hereby covenants, represents and warrants to the Company that during the Restricted Period, Employee shall not, in North America or any other areas in which the Company operated or had plans or strategies to operate during the Term of Employment, (i) advise or participate in the management of any Competing Business (as defined below); (ii) act as a partner, member, or employee of any Competing Business; (iii) act as a manager, advisor, contractor or consultant to any Competing Business; (iv) engage in, establish, or organize any Competing Business; or (v) be associated in any way with any Competing Business. As used herein, "Competing Business" means (A) any business that engages in aviation, fire suppression and/or intelligence reconnaissance or surveillance, including in support of any government contract at any international, national, state or local level or (B) any other business which directly competes with the business of the Company at the time of the Termination Date, *provided that* for the avoidance of doubt, Employee's work during or after the Term of Employment for Ascent Vision Technologies, LLC ("AVT") shall not be deemed work for a Competing Business; provided that it does not materially interfere with Employee's responsibilities under this Agreement; and provided further that the scope of AVT's business in the future which could fall under prong (A) of the definition of Competing Business does not increase beyond the scope of AVT's business as of the date of this Agreement.

(r) Employee acknowledges that (i) Employee will continue to perform services of a unique nature for the Company that are irreplaceable, and that the Employee's performance of such services to a competing business will result in irreparable harm to the Company and its affiliates, (ii) Employee has had and will have access to Confidential Information (as defined below) which, if disclosed, would unfairly and inappropriately assist in competition against the Company or any of its affiliates, (iii) Employee has generated and will generate goodwill for the Company and its affiliates in the course of the Employee's employment, (iv) Employee is an indirect seller under the Securities Purchase Agreement, (v) the Purchaser (as defined in the Securities Purchase Agreement) is purchasing, among other things, client relationships and substantial goodwill, (vi) the Employee's obligations to execute this Agreement and the restrictive covenants contained herein serve to prevent improper appropriation of the business, client relationship and goodwill purchased by the Purchaser, (vii) Employee's obligations under this Agreement are a material inducement for the Purchaser to enter into the Securities Purchase Agreement, and (viii) it would not be reasonable for the Purchaser to enter into the Securities Purchase Agreement without such protections.

(s) (i) Except as authorized or directed by the Company in connection with the proper performance of Employee's duties and obligations, or as provided below, Employee shall not, at any time during Employee's employment with the Company or after Employee's employment ends (regardless of the reason for such termination), directly or indirectly, use, disclose, exploit, remove, copy, or make available to any other person or entity any Confidential Information (as defined below), including for Employee's own personal use or advantage or the use or advantage of any person or entity other than the Company Entities (as defined below). As used herein, "Confidential Information" means any and all nonpublic information, confidential information, proprietary information, trade secrets, or other sensitive information (whether in oral, written, electronic, or any other form) concerning any of the Protected Parties (as defined below), including any and all information relating to the business, assets, operations, strategies, policies, procedures, organization, processes, personal information (including personal information about any current or former employees, members, partners, principals, owners, officers, agents, business associates, or representatives of any of the Protected Parties, or the family members of any of the foregoing), business developments, investment or business arrangements, negotiations, prospective or existing commercial agreements, costs, revenues, research, profiles, valuations, valuation models or analyses, profits, tax or financial structure, financial or trading positions or products, financial models, financial results or analyses, other financial affairs, actual or proposed opportunities, transactions or investments, assets, current or prospective clients, investors, marketers, advertisers, vendors, current or prospective client or investor lists (including the identity of current or prospective clients or investors, addresses, contact persons, and/or the clients' or investors' business or investment status, preferences, strategies, or needs), internal controls, diligence or vetting process, security procedures, contingencies, marketing plans, databases, pricing, philosophies, techniques, risk management, credit files, Work Product (as defined below), methods of operation, market consultants, computer programs, passwords, algorithms, patent applications, information technology infrastructure, products, services, systems, designs, inventions, or any other information,

documents, or materials that may be identified as confidential or proprietary, or which would otherwise appear to a reasonable person to be confidential or proprietary, or which is under a third party confidentiality obligation. Confidential Information shall not include any information that is generally known to the public or is publicly available other than as a result of Employee's breach of this covenant.

(ii) In accordance with the Defend Trade Secrets Act, 18 U.S.C. § 1833(b), and other applicable law, nothing in this Agreement or any other agreement or policy shall prevent Employee from, or expose Employee to criminal or civil liability under federal or state trade secret law for, (A) directly or indirectly sharing any Company Entity trade secrets or other Confidential Information (except information protected by any of the Company Entities' attorney-client or work product privilege) with an attorney or with any federal, state, or local government agencies, regulators, or officials, for the purpose of investigating or reporting a suspected violation of law, whether in response to a subpoena or otherwise, without notice to the Company Entities, or (B) disclosing trade secrets in a complaint or other document filed in connection with a legal claim, provided that the filing is made under seal. Further, nothing herein shall prevent Employee from discussing or disclosing information related to Employee's general job duties or responsibilities and/or to employee compensation. Employee also may disclose Confidential Information as required in response to a subpoena or other legal process.

(iii) For purposes of this Agreement, (A) "Company Entities" means, collectively, the Company and each and all of its respective affiliates, each and all of the companies, funds, entities, partnerships, or businesses controlled by, controlling, or under common control with each of the foregoing and any successor or any permitted transferee thereof; (B) "Company Parties" means, collectively, each and all of the Company Entities and each and all of their respective shareholders, interest holders, unit holders, portfolio companies, investment vehicles, funds, accounts, advisors, managers, officers, directors, partners, principals, members, employees, consultants, contractors, investors, fiduciaries, representatives, and agents; and (C) "Protected Parties" means, collectively, each and all of the Company Entities and the Company Parties.

(t) Except as provided in Section 4(s), above, Employee agrees that in the event he is served with a subpoena, document request, interrogatory, or any other legal process that will or may require Employee to disclose any Confidential Information, whether during his employment or thereafter (regardless of whether Employee resigns or his employment is terminated or the reason for such resignation or termination), Employee will immediately notify an officer of the Company of such fact, in writing, and provide a copy of such subpoena, document request, interrogatory, or other legal process, unless such subpoena, document request, interrogatory or other legal process (i) is from a court or governmental agency, and (ii) explicitly prohibits Employee from doing so.

(u) Employee agrees that during his employment with the Company and thereafter (regardless of whether he resigns or his employment is terminated by the Company or the reason for such resignation or termination), Employee shall provide reasonable and timely cooperation in connection with (i) any actual or threatened litigation, inquiry, review, investigation, process, or other matter, action or proceeding (whether conducted by or before any court, regulatory, or governmental entity, or by or on behalf of any Protected Party, or

otherwise), that relates to events occurring during Employee's employment by the Company or about which the Company otherwise believes Employee may have relevant information; (i) the transitioning of Employee's role and responsibilities to other personnel; and (iii) the provision of information in response to the Company's requests and inquiries in connection with Employee's separation. Employee's cooperation shall include being available to (A) meet with and provide information to the Protected Parties and their counsel or other agents in connection with fact-finding, investigatory, discovery, and/or pre-litigation or other proceeding issues, and (B) provide truthful testimony (including via affidavit, deposition, at trial, or otherwise) in connection with any such matter, all without the requirement of being subpoenaed. Employee understands that if Employee's cooperation is requested in accordance with this provision after the Termination Date, Employee will be reimbursed solely for reasonable travel expenses approved by the Company in advance of being incurred, upon Employee's submission of receipts, and shall receive no other payments, *provided that* in the event the Company requires cooperation after the Termination Date in excess of fifty (50) hours, Employee shall be compensated at an hourly rate equal to Employee's annual Base Salary at the Termination Date divided by 2,000, less applicable deductions and withholdings.

(v) Employee acknowledges and agrees that all property, proprietary materials, Confidential Information, documents, records, files, memorandum, email, computer media, software, equipment (including laptops, smartphones, and other devices), system and software login information, passwords, access codes, authorization codes (to the extent such codes relate in whole or in part to the Protected Parties' respective businesses, data rooms, systems, sites, or information), telephone numbers, email addresses, messaging contact information, identification cards, keys, and any other materials in any form (whether paper, electronic or otherwise and all copies thereof) relating or belonging to any of the Protected Parties or any of their respective clients, counterparties, investments or investors (or potential clients, counterparties, investments or investors) (collectively "Protected Property"), created by Employee or coming into Employee's possession, custody, or control during the course of Employee's employment with the Company or affiliation with any of the Company Parties (including as an employee, officer, director, manager, adviser, consultant, contractor, representative, agent or otherwise), are the sole property of the Protected Parties. Upon the termination of Employee's employment with the Company for any reason, or upon the request of the Company at any time, Employee agrees to promptly deliver all Protected Property to the Company. At no time will Employee remove or copy or cause to be removed from the premises of the Company any original or copy of any Protected Property except in furtherance of Employee's proper duties to the Company and in accordance with the terms of this Agreement and all applicable policies and procedures.

(w) Employee agrees that any and all improvements, inventions, discoveries, developments, creations, formulae, algorithms, processes, systems, interfaces, protocols, concepts, programs, products, investment strategies, valuation models, risk management tools, methods, designs, and works of authorship, and any and all documents, information (including Confidential Information), or things relating thereto, whether patentable or not, within the scope of or pertinent to any field of business or research or investment in which the Company or any other the Company Entity is engaged or (if such is known to or ascertainable by Employee) considering engaging, which Employee may conceive, make, author, create, invent, develop, or reduce to practice, or which Employee previously has conceived, made, authored, created,

invented, developed, or reduced to practice, in whole or in part, during Employee's employment with the Company or affiliation with any of the Company Parties (including as an employee, officer, director, manager, adviser, consultant, contractor, representative, agent or otherwise), whether alone or working with others, whether during or outside of normal working hours, whether inside or outside of the Company's offices, and whether with or without the use of the Company's computers, systems, materials, equipment, or other property, shall be and remain the sole and exclusive property of the Company (the foregoing, individually and collectively, "Work Product"). To the maximum extent allowable by law, any Work Product subject to copyright protection shall be considered "works made for hire" for the Company under U.S. copyright law. To the extent that any Work Product that is subject to copyright protection is not considered a work made for hire, or to the extent that Employee otherwise has or retains any ownership or other rights in any Work Product (or any intellectual property rights therein) anywhere in the world, Employee hereby assign and transfer to the Company all such rights, including the intellectual property rights therein, effective automatically as and when such Work Product is conceived, made, authored, created, invented, developed, or reduced to practice. The Company shall have the full worldwide right to use, assign, license and/or transfer all rights in, with, to, or relating to Work Product (and all intellectual property rights therein). Employee shall, whenever requested to do so by the Company (whether during Employee's employment or thereafter), execute any and all applications, assignments and/or other instruments, and do all other things (including cooperating in any matter or giving testimony in any legal proceeding) which the Company may deem necessary or appropriate in order to (i) apply for, obtain, maintain, enforce or defend patent, trademark, copyright, or similar registrations of the United States or any other country for any Work Product; (ii) assign, transfer, convey or otherwise make available to the Company any right, title, or interest which Employee might otherwise have in any Work Product; and/or (iii) confirm the Company's right, title, and interest in any Work Product. Employee shall promptly communicate and disclose all Work Product to the Company and, upon request, report upon and deliver all such Work Product to the Company. Employee shall not use or permit any Work Product to be used for any purpose other than on behalf of the Company Entities, whether during Employee's employment or thereafter.

(x) The Company acknowledges that Employee has provided services to AVT and may continue to provide such services in accordance with the terms of this Agreement. Employee represents and warrants that Employee has not given AVT or any of its respective affiliates any rights relating to intellectual property, service commitment levels, or restrictive covenants that would directly interfere with the rights that Employee is providing to the Company under this terms of this Agreement or that would interfere with Employee's performance of Employee's obligations under this Agreement. Without limiting the foregoing, Employee represents and warrants that Employee's performance of Employee's obligations under this Agreement, do not conflict with or violate the terms of (i) any agreement by which Employee is bound, including any post-employment covenants or obligations to any other employer, entity or person; or (ii) any order, rule, law, regulation, or other legal requirement or obligation applicable to Employee. Employee has provided BTO Investor with a copy of any agreement by which Employee is bound that restricts in any way Employee's ability to perform services for the Company Entities. Should Employee become aware of any reason that Employee cannot join or remain employed by a Company Entity or fully execute Employee's responsibilities for the Company Entities, or should another employer or any other person or entity allege that Employee is in violation of any obligation to such person or entity, or if

Employee believes any violation of law exists relating to any Company Entity, Employee will immediately so notify the Board in writing. Employee also represents and warrants that Employee will abide by all contractual obligations that Employee may have to all prior employers or other persons or entities, and that Employee will not retain, review, or utilize any other person's or entity's confidential or proprietary information or trade secrets in connection with Employee's work for the Company Entities or share or disclose any such information with or to any other Company Entity. Employee will immediately notify the Board in writing if any representation in this Paragraph is or becomes untrue or inaccurate at any time.

Section 5. Reimbursement of Business Expenses. Employee is authorized to incur reasonable business expenses in carrying out his duties and responsibilities under this Agreement, and the Company shall promptly reimburse Employee for all such reasonable business expenses, subject to documentation in accordance with written Company policy, as in effect from time to time.

Section 6. Key-Man Insurance. At any time during the Term of Employment, the Company shall have the right to insure the life of Employee for the sole benefit of the Company, in such amounts, and with such terms, as it may determine. All premiums payable thereon shall be the obligation of the Company. Employee shall have no interest in any such policy, but agrees to cooperate with the Company in procuring such insurance by submitting to physical examinations, supplying all information required by the insurance company, and executing all necessary documents, provided that no financial obligation is imposed on Employee by any such documents. Upon the termination of his employment for any reason, Company will allow Employee to convert the insurance policy to a permanent personal life insurance policy at Employee's sole cost.

Section 7. Waiver and Amendments. Any waiver, alteration, amendment or modification of any of the terms of this Agreement shall be valid only if made in writing and signed by each of the parties hereto. No waiver by either of the parties hereto of their rights hereunder shall be deemed to constitute a waiver with respect to any subsequent occurrences or transactions hereunder unless such waiver specifically states that it is to be construed as a continuing waiver.

Section 8. Severability/Modification. If any covenants or such other provisions of this Agreement are found to be invalid or unenforceable by an arbitrator or reviewing court of appropriate jurisdiction, (a) the remaining terms and provisions hereof shall be unimpaired, and (b) the invalid or unenforceable term or provision hereof shall be replaced by a term or provision that is valid and enforceable and that comes closest to expressing the intention of the invalid or unenforceable term or provision hereof.

Section 9. Binding Arbitration. Law.

(a) Employee agrees that Employee's breach or threatened breach of any of the restrictions set forth in this Agreement will result in irreparable and continuing damage to the Protected Parties for which there is no adequate remedy at law. Thus, in addition to the Company's right to arbitrate disputes hereunder, the Protected Parties shall be entitled to obtain emergency equitable relief, including a temporary restraining order and/or preliminary

injunction, in aid of arbitration, from any state or federal court of competent jurisdiction, without first posting a bond, to restrain any such breach or threatened breach. Such relief shall be in addition to any and all other remedies, including the recovery of monetary damages, attorneys' fees and costs, available to the Protected Parties against Employee for such breaches or threatened breaches. Upon the issuance (or denial) of an injunction, the underlying merits of any dispute will be resolved in accordance with the arbitration provisions of Section 9(b) of this Agreement.

(b) Any disagreement between the parties must be resolved by binding arbitration, by an arbitrator selected by the parties. If the parties are unable to agree on an arbitrator after making a reasonable attempt to do so, then an arbitration shall be selected in accordance with the Employment Rules of the American Arbitration Association (the "AAA"). Except as modified by this Section, the arbitration proceeding will be conducted in accordance with the Employment Rules of the AAA and the Expedited Procedures thereunder then in force. Any arbitration proceedings must be conducted in Denver, Colorado. Consistent with the expedited nature of arbitration, each party will, upon the written request of the other party, promptly provide the other with copies of documents on which the producing party may rely in support of or in opposition to any claim or defense. Any dispute regarding discovery, or the relevance or scope thereof, will be resolved by the arbitrator, whose determination is conclusive. All discovery must be completed within thirty (30) days following the appointment of the arbitrator. At the request of a party, but only on the showing of good cause and necessity, the arbitrator may order examination by deposition of up to two witnesses per party. The arbitration shall be conducted on a strictly confidential basis, and Employee shall not disclose the existence or nature of any claim, defense, or argument; any documents, correspondence, pleadings, briefing, exhibits, arguments, testimony, evidence, or information exchanged or presented in connection with any claim, defense, or argument; or any rulings, decisions, or results of any claim, defense, or argument (collectively, "Arbitration Materials") to any third party, with the sole exception of Employee's legal counsel, who Employee shall ensure complies with these confidentiality terms. The arbitrator may not award punitive or any other damages prohibited by this Agreement. The prevailing party will receive its costs and fees, which includes all reasonable pre-award expenses of arbitration, including the arbitrator fees, administrative fees, out-of-pocket expenses such as copying and telephone, and attorney's fees. In the event of any dispute under this Agreement, or relating or arising under the employment relationship, this Agreement shall be governed by the laws of the State of Delaware. In agreeing to arbitrate Employee's claims hereunder, Employee hereby recognize and agree that he is waiving his right to a trial in court and/or by a jury.

(c) Except as set forth in Section 9(a) of this Agreement, the arbitrator, and not any federal, state, or local court or adjudicatory authority, shall have exclusive authority to resolve any dispute relating to the interpretation, applicability, enforceability, and/or formation of this Agreement, including but not limited to any dispute as to whether (i) a particular claim is subject to arbitration hereunder and/or (ii) any part of this Section 9 is void or voidable. To the extent a question arises as to the arbitrability of a dispute under any applicable statute, ordinance, or regulation, Employee and the Company agree that at either party's election, such party may file for an expedited arbitral hearing under the AAA "Optional Rules for Emergency Measures of Protection" in connection with employment disputes (AAA Rule O-1 et seq.), as modified herein (the "Optional Rules"). The arbitrator for any such emergency proceeding shall selected in

accordance with the Optional Rules. Employee will comply with all of the terms and conditions of this Agreement in connection with such a proceeding, (though, for the avoidance of doubt, nothing herein shall limit Employee's right to present evidence, documents, arguments, or testimony to the arbitrator). The Company will pay all of the arbitrator's fees and costs, and the
AAA forum costs, in connection with an application for emergency relief under this Section 9(c). If the emergency arbitrator finds the relevant dispute to be subject to arbitration, the parties shall proceed to arbitration in accordance with Section 9(b) hereof (rather than proceeding in accordance with Optional Rule 5 or in any court), with an arbitrator appointed in accordance with Section 9(b).

(d) In the event of any court proceeding to challenge or enforce an arbitrator's award, the parties hereby consent to the exclusive jurisdiction of the state and federal courts sitting in Denver, Colorado; agree to exclusive venue in that jurisdiction; and waive any claim that such jurisdiction is an inconvenient or inappropriate forum. There shall be no interlocutory appeals to any court of any order issued in accordance with Section 9(b) or 9(c), or any motions in any court to vacate any arbitral order except (i) a final award on the merits issued in accordance with AAA Rule 39, or (ii) a final Interim Award issued in accordance with Optional Rule 4 which (a) concludes that the AAA lacks jurisdiction over the dispute and (b) dismisses the matter in its entirety. Employee agrees to take all steps necessary to protect the confidentiality of the Arbitration Materials in connection with any court proceeding, agree to use his best efforts to file any court proceeding permitted herein and all Confidential Information (and all documents containing Confidential Information) under seal, and agree to the entry of an appropriate protective order encompassing the confidentiality terms of this Agreement.

Section 10. Notices.

(a) Every notice or other communication relating to this Agreement shall be in writing, and shall be mailed to or delivered to the party for whom or which it is intended at such address as may from time to time be designated by it in a notice mailed or delivered to the other party as herein provided; *provided*, that unless and until some other address be so designated, all notices and communications by Employee to the Company shall be mailed or delivered to the Company at its principal executive office at 90 Madison Street, Suite 500, Denver, Colorado 80206, and all notices and communications by the Company to Employee may be given to Employee personally or may be mailed to Employee at Employee's last known address, as reflected in the Company's records.

(b) Any notice so addressed shall be deemed to be given (i) if delivered by hand, on the date of such delivery, (ii) if mailed by courier or by overnight mail, on the first business day following the date of such mailing, and (iii) if mailed by registered or certified mail, on the third business day after the date of such mailing.

Section 11. Section Headings; Mutual Drafting.

(a) The headings of the sections and subsections of this Agreement are inserted for convenience only and shall not be deemed to constitute a part thereof or affect the meaning or interpretation of this Agreement or of any term or provision hereof.

(b) The parties are sophisticated and have been represented (or have had the opportunity to be represented) by their separate attorneys throughout the transactions contemplated by this Agreement in connection with the negotiation and drafting of this Agreement and any agreements and instruments executed in connection herewith. As a consequence, the parties do not intend that the presumptions of laws or rules relating to the interpretation of contracts against the drafter of any particular clause should be applied to this Agreement or any document or instrument executed in connection herewith, and therefore waive their effects.

Section 12. Entire Agreement. This Agreement, together with any exhibits attached hereto, constitutes the entire understanding and agreement of the parties hereto regarding the employment of Employee during the Term of Employment. This Agreement supersedes all prior negotiations, discussions, correspondence, communications, understandings and agreements between the parties relating to the employment of Employee.

Section 13. Dodd-Frank Act and Other Applicable Law Requirements. Employee agrees (i) to abide by any compensation recovery, recoupment, anti-hedging or other policy applicable to executives of the Company and its Affiliates, as may be in effect from time to time, as approved by the Board or a duly authorized committee thereof or as required by the Dodd-Frank Wall Street Reform and Consumer Protection Act of 2010 ("Dodd-Frank Act") or other applicable law, and (ii) that the terms and conditions of this Agreement shall be deemed automatically amended as may be necessary from time to time to ensure compliance by Employee and this Agreement with such policies, the Dodd-Frank Act, or other applicable law.

Section 14. Survival of Operative Sections. Upon any termination of Employee's employment, the provisions of this Agreement (together with any related definitions set forth in herein) shall survive to the extent necessary to give effect to the provisions thereof.

Section 15. Counterparts. This Agreement may be executed in two or more counterparts, each of which shall be deemed to be an original, but all of which together shall constitute one and the same instrument. The execution of this Agreement may be by actual or facsimile signature. Electronic copies of this Agreement shall have the same force and effect as the original.

Section 16. Headings. The headings in this Agreement are included for convenience of reference only and shall not affect the interpretation of this Agreement.

Section 17. Governing Law. This Agreement shall be governed by and construed in accordance with the laws of the State of Delaware without regard to any principles of conflicts of law.

Section 18. Miscellaneous. This Agreement shall be interpreted strictly in accordance with its terms, to the maximum extent permissible under governing law, and shall not be construed against or in favor of any party, regardless of which party drafted this Agreement or any provision hereof. For purposes of this Agreement, the connectives "and," "or," and "and/or" shall be construed either disjunctively or conjunctively as necessary to bring within the scope of a sentence or clause all subject matter that might otherwise be construed to be outside of its scope and "including" shall be construed as "including without limitation." The definitions for all defined terms in this Agreement shall apply equally to both the singular and plural forms of such terms.

Section 19. Third Party Beneficiaries. Each and all of the Protected Parties are intended to be, and are, third party beneficiaries of this Agreement and shall be entitled to enforce this Agreement in accordance with its terms.

Section 20. Assignment. This Agreement may be assigned by the Company. Upon such assignment, the rights and obligations of the Company hereunder shall become the rights and obligations of such assigned party. Employee may not assign Employee's rights and obligations under this Agreement.

Section 21. Board Approval. Where the approval of the Board is contemplated or required under this Agreement, such approval shall require the specific written approval of a Board representative appointed by BTO Investor.

Section 22. Section 409(a) Compliance.

(a) It is the intent of the parties that any payment to which Employee is entitled under this Agreement be exempt from I.R.C. Section 409A, to the maximum extent permitted under I.R.C. Section 409A. However, if any such amounts are considered to be "nonqualified deferred compensation" subject to I.R.C. Section 409A, such amounts shall be paid and provided in a manner, and at such time and form, as complies with the applicable requirements of I.R.C. Section 409A to avoid the unfavorable tax consequences provided therein for non-compliance. Neither Employee nor the Company shall intentionally take any action to accelerate or delay the payment of any amounts in any manner which would not be in compliance with I.R.C. Section 409A without the consent of the other party. For purposes of this Agreement, all rights to payments in installments shall be treated as rights to receive a series of separate payments to the fullest extent allowed by I.R.C. Section 409A. To the extent that some portion of the payments under this Agreement may be bifurcated and treated as exempt from I.R.C. Section 409A under the "short-term deferral" or "separation pay" exemptions, then such amounts may be so treated as exempt from I.R.C. Section 409A. None of the Company Parties shall be directly or indirectly liable for any failure of such payments to comply with, or be exempt from, I.R.C. Section 409A. Employee is hereby advised to consult Employee's personal tax advisors with respect to amounts payable hereunder.

(b) Notwithstanding any other provision hereof, if Employee is a "specified employee," within the meaning of I.R.C. Section 409A, at the date of his termination of employment, then such portion of the payments that would result in a tax under I.R.C. Section 409A if paid during the first six months after termination of employment shall be withheld and paid to Employee during the seventh month following the date of his termination of employment.

(c) All references to termination of employment or similar terms in this Agreement shall mean a "separation from service" as defined in Treas. Reg. § 1.409A-1(h).

EMPLOYMENT AGREEMENT

This AMENDED EMPLOYMENT AGREEMENT (this "Agreement") dated as of December 6, 2018, by and between ElementCompany Operations, LLC (the "Company"), and James Muchmore ("Employee").

W I T N E S S E T H :

WHEREAS, BTO Grannus Holdings III – NQ L.L.C., Blackstone Tactical Opportunities Fund – FD L.P., and Blackstone Family Tactical Opportunities Investment Partnership III – NQ – ESC L.P. (collectively, the "BTO Investor"), and the Company, ElementCompany, Inc., and ElementCompany, LLC, entered into a Securities Purchase Agreement dated as of December 6, 2018 (the "Securities Purchase Agreement").

WHEREAS, the Company and Employee desire to enter into this Agreement pursuant to which Employee shall provide services to the Company as described herein, effective upon and subject to the Closing (as defined in the Securities Purchase Agreement) (the "Closing").

WHEREAS, this Agreement and amends, restates, and supersedes Employee's prior Employment Agreement with ElementCompany, Inc. dated as of August 1, 2018 (the "Prior Employment Agreement") in its entirety.

NOW, THEREFORE, in consideration of the promises and mutual covenants contained herein and for other good and valuable consideration, the receipt and sufficiency of which are hereby acknowledged, the Company and Employee hereby agree as follows:

Section 1. Position, Duties and Responsibilities; Place of Performance.

(a) During the Term of Employment (defined below), Employee shall be employed and serve as the Executive Vice President, Chief Legal Officer and shall have such duties and responsibilities that are commensurate with such title and such other duties and responsibilities as may reasonably be assigned in relation to the Company and its affiliates. The Employee shall report to the Board of the Company (which for the avoidance of doubt shall include a representative appointed by the BTO Investor (the "Board")) and shall carry out and perform all orders, directions and policies given to Employee by the Board consistent with his position and title. The Employee's principal place of employment with the Company shall be in Denver, Colorado, provided that the Employee may be required to travel from time to time for business purposes.

(b) Employee shall devote his best efforts, energy and time to the performance of his duties under this Agreement and shall not engage in any other business or occupation during the Term of Employment that materially interferes with Employee's duties and responsibilities to serve and act in the Company's best interests. Notwithstanding the foregoing, nothing herein shall preclude Employee from (i) serving as a member of the boards of directors or advisory boards (or their equivalents in the case of a non-corporate entity) of non-profit businesses or, with the prior approval of the Company's board, for business that are not engaged in any Competing Business (as defined below) including any business expressly identified in Section 4(q)); (ii) engaging in charitable activities and community affairs; and (iii) managing his personal investments and affairs; *provided*, *however*, that the activities set out in clauses (i), (ii) and (iii) shall be limited by Employee so as not to materially interfere, individually or in the aggregate, with the performance of his duties and responsibilities hereunder.

(c) The Company agrees to employ Employee, and Employee agrees to serve the Company, on the terms and conditions set forth herein. The "Term of Employment" shall mean the period commencing on Closing and, unless terminated sooner as provided in Section 4 hereof, continuing until December 31, 2020; provided, however, that the Term of Employment shall be extended automatically following December 31, 2020 for successive one (1) year terms on the first anniversary of the then current term if neither the Company nor Employee has advised the other in writing in accordance with Section 10 at least sixty (60) days prior to the end of the then current term that such term will not be extended for an additional one (1) year term.

Section 2. Compensation.

(a) Base Salary. During the Term of Employment, Employee shall be paid an annualized base salary (the "Base Salary"), payable in United States dollars in accordance with the regular payroll practices of the Company. Employee's current salary will continue until January 1, 2019. As of January 1, 2019, the Base Salary shall be increased to Three Hundred Fifty Thousand Dollars ($350,000.00), with increases if any, as may be approved in writing by the Board. The Company may withhold applicable taxes and deductions from any amounts payable under this Agreement.

(b) Annual Bonus. During the Company's 2019 fiscal year starting January 1, 2019 and ending December 31, 2019 (and subsequent fiscal years, as applicable), subject to the satisfaction of applicable performance criteria and any other conditions as determined by the Board, the Employee shall be eligible to receive an annual cash bonus award (the "Annual Bonus") as determined by the Board in its sole and absolute discretion.

Section 3. Employee Benefits.

(a) General. During the Term of Employment, Employee shall be entitled to participate in health insurance, retirement plans, directors' and officers' insurance coverage and other benefits provided to other senior executives of the Company, as in effect from time to time.

(b) Vacation and Time Off. During each full calendar year of the Term of Employment, Employee shall be eligible for twenty (20) days paid vacation, as well as sick pay and other paid and unpaid time off in accordance with the policies and practices of the Company, as in effect from time to time. At any time, Employee shall be limited to accruing a maximum amount of unused paid vacation equal to twenty (20) days (the "Maximum Vacation Accrual"). If Employee does not use all of the paid vacation days in a calendar year, the remaining days shall rollover to the following calendar year, subject to the Maximum Vacation Accrual.

Section 4. Termination.

(a) General. The Term of Employment shall terminate earlier than as provided in Section 1 if any of the following occur: (i) Employee's death; (ii) a termination by reason of a Disability; (iii) a termination by the Company with or without Cause; or (iv) a termination or resignation by Employee with or without Good Reason.

(b) Termination Due to Death or Disability. Employee's employment shall terminate automatically upon his death. The Company may terminate Employee's employment immediately upon the occurrence of a Disability. In the event Employee's employment is terminated due to his death or Disability, Employee or his estate or his beneficiaries, as the case may be, shall be entitled to:

(i) Any accrued Base Salary though the date of employment termination, payout of all accrued, but unused vacation days (subject to the Maximum Vacation Accrual), and reimbursement for any unreimbursed business expenses incurred through the date of employment termination (collectively, the "Accrued Obligations"), which amount shall be paid within thirty (30) days from the date of such termination; and

(ii) Any unpaid Annual Bonus in respect of any completed fiscal year that has ended prior to the date of such termination with such amount determined based on actual performance during such fiscal year as determined by the Board, which amount shall be paid on the sixtieth (60^{th}) day following the date of such termination, subject to Section 4(i) of this Agreement; and

(iii) Any Annual Bonus that would have been payable based on actual performance with respect to the year of termination in the absence of the Employee's death or Disability, pro-rated for the period the Employee worked prior to his death or Disability, and payable at the same time as the bonus would have been paid in the absence of the Employee's death or Disability.

Following such termination of Employee's employment by reason of death or Disability, except as set forth in this Section 4, Employee shall have no further rights to any compensation or any other benefits under this Agreement or otherwise.

(c) Termination by the Company for Cause.

(i) The Company may terminate Employee's employment at any time for Cause; *provided*, *however*, that with respect to any Cause of termination relying on clause (i) or (ii) of the definition of Cause set forth in Section 4(j) hereof, to the extent such act or acts are curable, Employee shall be given not less than fifteen (15) days' written notice by the Board's intention to terminate Employee's employment for Cause, such notice to state in detail the particular act or acts or failure or failures to act that constitute the grounds on which the proposed termination for Cause is based, and such termination shall be effective at the expiration of such fifteen (15) day notice period, unless Employee has cured, to the Company's satisfaction, such act or acts or failure or failures to act that give rise to Cause during such period.

(ii) In the event the Company terminates Employee's employment for Cause, Employee shall be entitled only to the Accrued Obligations, which amount shall be paid within thirty (30) days from the date of such termination. Following such termination of Employee's employment for Cause, except as set forth in this Section 4(c)(ii), Employee shall have no further rights to any compensation or any other benefits under this Agreement or otherwise (including, but not limited to, any payment of any bonus that has not been paid as of the date of Employee's termination of employment).

(d) Termination by the Company Without Cause. The Company may terminate Employee's employment at any time without Cause. In the event Employee's employment is terminated by the Company without Cause (other than due to death or Disability), Employee shall be entitled to:

(i) The Accrued Obligations; and

(ii) Any unpaid Annual Bonus in respect of any completed fiscal year that has ended prior to the date of such termination with such amount determined based on actual performance during such fiscal year as determined by the Board; and

(iii) A lump-sum cash payment equal to (i) twenty-four (24) months of the Employee's Base Salary in effect at the time of termination plus (ii) an amount equal to the total value of the Annual Bonus amounts paid during the fiscal year immediately preceding the year of such termination pursuant to Section 2; and

(iv) A lump sum cash payment equal to eighteen (18) times the "applicable percentage" of the monthly COBRA premium cost applicable to Employee if Employee (or his dependents) were to elect COBRA coverage, or similar coverage as provided by similar state law, in connection with such termination, (for purposes hereof, the "applicable percentage" shall be the percentage of Employee's health care premium costs covered by the Company as of the date of termination).

Any amounts payable to Employee under clause (i), (ii), (iii) or (iv) of this Section 4(d) shall be paid in lump sum on the sixtieth (60^{th}) day following the date of Employee's termination of employment (the "Severance Benefits"), subject to Section 4(i) of this Agreement. Following such termination of Employee's employment by the Company without Cause, except as set forth in this Section 4(d), Employee shall have no further rights to any compensation or any other benefits under this Agreement or otherwise.

(e) Termination by Employee with Good Reason. Employee may terminate Employee's employment with Good Reason by providing the Company thirty (30) days' written notice setting forth in reasonable specificity the event that constitutes Good Reason (which notice must be given no later than ninety (90) days after the initial occurrence of such event). During such thirty (30) day notice period, the Company shall have a cure right, and if not cured within such period, Employee's termination will be effective upon the expiration of such cure period, and Employee shall be entitled to the same payments and benefits as provided in Section 4(d) above for a termination by the Company without Cause, subject to the same conditions on payment and benefits as described in Section 4(d) above. Following such termination of Employee's employment by Employee with Good Reason, except as set forth in this Section 4(e), Employee shall have no further rights to any compensation or any other benefits under this Agreement or otherwise.

(f) Termination by Employee Without Good Reason. Employee may terminate Employee's employment without Good Reason by providing the Company sixty (60) days' written notice of such termination. In the event of a termination of employment by Employee under this Section 4(f), Employee shall be entitled only to the Accrued Obligations. In the event of termination of Employee's employment under this Section 4(f), the Company may, in its sole and absolute discretion, by written notice accelerate such date of termination without changing the characterization of such termination as a termination by Employee without Good Reason. If the Company chooses to accelerate the termination date, it shall pay Employee for the remainder of the notice period, subject Employee's execution and non-revocation of a release as provided in Section 4(i). Following such termination of Employee's employment by Employee without Good Reason, except as set forth in this Section 4(f), Employee shall have no further rights to any compensation or any other benefits under this Agreement or otherwise.

(g) Non-Extension of the Term of Employment. Employee's employment hereunder shall terminate upon the close of business of the last day of the then current term if either the Company or Employee gives timely notice of its or his intention not to extend the then current term of employment, as provided in Section 1. If the Company's decision not to extend is without Cause, or if Employee's decision not to extend is with Good Reason, then Employee shall be entitled to only the payments and benefits as provided in Sections 4(d) (i), (ii), and (iv) above, subject to the same conditions on payment and benefits as described therein. Otherwise, upon the termination of the Term of Employment by reason of the parties' non-extension for any other reason, Employee shall be entitled to only the Accrued Obligations, which amount shall be paid within thirty (30) days of such date of termination. Following such termination of Employee's employment, except as set forth in this Section 4(g), Employee shall have no further rights to any compensation or any other benefits under this Agreement or otherwise.

(h) Termination Following Change of Control. If, following a Change of Control of the Company, Employee becomes eligible for any Severance Benefits pursuant to the terms of this Agreement, and such Severance Benefits implicate Section 280G of the Internal Revenue Code (the "I.R.C."), then Employee and Company shall work collaboratively to modify such payments in order to limit the application of I.R.C. Section 280G to the Company and I.R.C. Section 4999 to Employee.

(i) Release. Notwithstanding any provision herein to the contrary, and as a condition precedent to payment of any amount or provision of any benefit pursuant to subsections 4(b), (d), (e), (f), (g) and (h) (other than payment of any Accrued Obligations), Employee or Employee's estate, as applicable, shall execute and shall not rescind, a release in favor of the Company in a form satisfactory to the Company, and any revocation period applicable to such release must have expired as of the forty-fifth (45th) day following Employee's termination of employment. If Employee fails to execute the release in such a timely manner so as to permit any revocation period to expire prior to the end of such forty-five (45) day period, or timely revokes his acceptance of such release following its execution, Employee shall not be entitled to any of the Severance Benefits. Further, to the extent that (i) such termination of employment occurs within sixty (60) days of the end of any calendar year, and (ii) any of the Severance Benefits constitutes "nonqualified deferred compensation" for purposes of Section 409A, any payment of any amount or provision of any benefit otherwise scheduled to occur prior to the sixtieth (60^{th}) day following the date of Employee's termination of employment hereunder, but for the condition on executing the release as set forth herein, shall not be made prior to the first day of the second calendar year, after which any remaining Severance Benefits shall thereafter be provided to Employee according to the applicable schedule set forth herein.

(j) For purposes of this Agreement, "Cause" shall be defined as (i) a material breach of this Agreement or any other Agreement between the Employee and the Company or its affiliates, or a material violation of any code of conduct, code of ethics, compliance manual or other written policy applicable to Employee; (ii) Employee's act(s) of willful misconduct or gross negligence in the course of Employee's employment hereunder, (iii) willful failure or refusal by Employee to perform in any material respect Employee's duties, responsibilities or lawful directives of the Board; (iv) the Employee's performance of any act of theft, embezzlement fraud, dishonesty or misappropriation of the Company's or its affiliate's property; (v) Employee's indictment for, conviction of or pleading *nolo contendre* to a felony under state or federal law for any crime involving intentional dishonesty or moral turpitude; or (vi) the Employee's breach of any fiduciary duty owed to the Company or its affiliates (including, without limitation, the duty of care and the duty of loyalty).

(k) For purposes of this Agreement, "Good Reason" shall mean, without Employee's consent, a material breach of this Agreement due to (i) a diminution in Employee's title or Base Salary, or (ii) the failure of the Company to pay any compensation hereunder when due.

(l) For purposes of this Agreement, "Change of Control" shall mean the first to occur of any of the following: (i) "change of control event" with respect to the Company, within the meaning of Treas. Reg. 1.409A-3(i)(5); or (ii) during any period of two years, individuals who at the beginning of such period constitute the Board (and any new Director whose election by the Company's shareholders was approved by a vote of at least a majority of the Directors then still in office who either were Directors at the beginning of the period or whose election or nomination for election was so approved) cease for any reason to constitute a majority thereof; or (iii) a merger, consolidation or non-bankruptcy reorganization of the Company with or involving any other entity, other than a merger, consolidation or non-bankruptcy reorganization that would result in the voting securities of the Company outstanding immediately prior thereto continuing to represent (either by remaining outstanding or by being converted into voting securities of the surviving entity) at least 50% of the combined voting power of the securities of the Company (or such surviving entity) outstanding immediately after such merger, consolidation or non-bankruptcy reorganization.

(m) For purposes of this Agreement, "Disability" shall mean any physical or mental disability or infirmity of the Employee that has prevented the performance of Employee's duties for a period of (i) ninety (90) consecutive days or (ii) one hundred twenty (120) non-consecutive days during any six (6) month period. Any question as to the existence, extent or potentiality of Employee's Disability upon which Employee and the Company cannot agree shall be determined by a qualified, independent physician reasonably selected by the Company. The determination of any such physician shall be final and conclusive for all purposes of this Agreement.

(n) Both during the Term of Employment and at all times thereafter, regardless of the reason for termination, the Employee agrees not to make negative comments or otherwise disparage the Company or its affiliates or any of their respective officers, directors, employees, shareholders, members, agents or products other than in the good faith performance of the Employee's duties to the Company while the Employee is employed by the Company. The foregoing shall not be violated by truthful statements in response to legal process, required governmental testimony or filings, or administrative or arbitral proceedings (including, without limitation, depositions in connection with such proceedings).

(o) Employee covenants, warrants and agrees until the later of (i) the five (5)-year anniversary of the Closing and (ii) during the Term of Employment and until the twenty-four (24)-month anniversary of the date of termination of Employee's employment for any reason ("Termination Date"), which later period shall be the "Restricted Period", Employee shall not, either directly or indirectly, actually or attempt to, hire, solicit, recruit, attempt to employ or engage, induce or divert, any employee, officer, director, agent, consultant or independent contractor of the Company or its affiliates to leave such employment or retention or to accept employment with or render services to or with any other person, firm, corporation or other entity. Employee acknowledges and agrees that Employee's failure to honor this non-solicitation provision shall result in the Company suffering irreparable harm. This Section 4(o) shall survive the termination of this Agreement.

(p) Employee further covenants, warrants and agrees that during the Restricted Period, Employee shall not, either directly or indirectly, actually or attempt to call upon, solicit, divert, take-away, deliver to, sell, service or otherwise deal in any manner whatsoever with the Company's customers or clients upon whom Employee called, or with whom Employee has a business relationship, past or present, or with who Employee or Company or its affiliates had any contact or influence at any time during the course of Employee's employment with the Company for purposes of causing such persons to terminate any business relationship with the Company or its affiliates or causing such persons to purchase goods or services then sold by the Company or any of its affiliates from another person, firm, corporation or other entity; and Employee shall not assist any other person, firm, corporation or business, in any capacity, to do so; provided, however, nothing in this Section 4(p) shall be deemed to prohibit or otherwise restrict any form of contact between Employee and any other person, which contact is made for non-competitive purposes (e.g. social gatherings, conventions, trade shows, etc.). Employee acknowledges and agrees that Employee's failure to honor this non-solicitation provision shall result in the Company suffering irreparable harm. This Section 4(p) shall survive the termination of this Agreement.

(q) Employee hereby covenants, represents and warrants to the Company that during the Restricted Period, Employee shall not, in North America or any other areas in which the Company operated or had plans or strategies to operate during the Term of Employment, (i) advise or participate in the management of any Competing Business (as defined below); (ii) act as a partner, member, or employee of any Competing Business; (iii) act as a manager, advisor, contractor or consultant to any Competing Business; (iv) engage in, establish, or organize any Competing Business; or (v) be associated in any way with any Competing Business. As used herein, "Competing Business" means (A) any business that engages in aviation, fire suppression and/or intelligence reconnaissance or surveillance, including in support of any government

contract at any international, national, state or local level or (B) any other business which directly competes with the business of the Company at the time of the Termination Date, *provided that* for the avoidance of doubt, Employee's work during or after the Term of Employment for National Hospitality Group, LLC ("NHG") shall not be deemed work for a Competing Business; provided that it does not materially interfere with Employee's responsibilities under this Agreement; and provided further that the scope of NHG's business in the future which could fall under prong (A) of the definition of Competing Business does not increase beyond the scope of NHG's business as of the date of this Agreement.

(r) Employee acknowledges that (i) Employee will continue to perform services of a unique nature for the Company that are irreplaceable, and that the Employee's performance of such services to a competing business will result in irreparable harm to the Company and its affiliates, (ii) Employee has had and will have access to Confidential Information (as defined below) which, if disclosed, would unfairly and inappropriately assist in competition against the Company or any of its affiliates, (iii) Employee has generated and will generate goodwill for the Company and its affiliates in the course of the Employee's employment, (iv) Employee is an indirect seller under the Securities Purchase Agreement, (v) the Purchaser (as defined in the Securities Purchase Agreement) is purchasing, among other things, client relationships and substantial goodwill, (vi) the Employee's obligations to execute this Agreement and the restrictive covenants contained herein serve to prevent improper appropriation of the business, client relationship and goodwill purchased by the Purchaser, (vii) Employee's obligations under this Agreement are a material inducement for the Purchaser to enter into the Securities Purchase Agreement, and (viii) it would not be reasonable for the Purchaser to enter into the Securities Purchase Agreement without such protections.

(s) (i) Except as authorized or directed by the Company in connection with the proper performance of Employee's duties and obligations, or as provided below, Employee shall not, at any time during Employee's employment with the Company or after Employee's employment ends (regardless of the reason for such termination), directly or indirectly, use, disclose, exploit, remove, copy, or make available to any other person or entity any Confidential Information (as defined below), including for Employee's own personal use or advantage or the use or advantage of any person or entity other than the Company Entities (as defined below). As used herein, "Confidential Information" means any and all nonpublic information, confidential information, proprietary information, trade secrets, or other sensitive information (whether in oral, written, electronic, or any other form) concerning any of the Protected Parties (as defined below), including any and all information relating to the business, assets, operations, strategies, policies, procedures, organization, processes, personal information (including personal information about any current or former employees, members, partners, principals, owners, officers, agents, business associates, or representatives of any of the Protected Parties, or the family members of any of the foregoing), business developments, investment or business arrangements, negotiations, prospective or existing commercial agreements, costs, revenues, research, profiles, valuations, valuation models or analyses, profits, tax or financial structure, financial or trading positions or products, financial models, financial results or analyses, other financial affairs, actual or proposed opportunities, transactions or investments, assets, current or prospective clients, investors, marketers, advertisers, vendors, current or prospective client or investor lists (including the identity of current or prospective clients or investors, addresses, contact persons, and/or the clients' or investors' business or investment status, preferences,

strategies, or needs), internal controls, diligence or vetting process, security procedures, contingencies, marketing plans, databases, pricing, philosophies, techniques, risk management, credit files, Work Product (as defined below), methods of operation, market consultants, computer programs, passwords, algorithms, patent applications, information technology infrastructure, products, services, systems, designs, inventions, or any other information, documents, or materials that may be identified as confidential or proprietary, or which would otherwise appear to a reasonable person to be confidential or proprietary, or which is under a third party confidentiality obligation. Confidential Information shall not include any information that is generally known to the public or is publicly available other than as a result of Employee's breach of this covenant.

(ii) In accordance with the Defend Trade Secrets Act, 18 U.S.C. § 1833(b), and other applicable law, nothing in this Agreement or any other agreement or policy shall prevent Employee from, or expose Employee to criminal or civil liability under federal or state trade secret law for, (A) directly or indirectly sharing any Company Entity trade secrets or other Confidential Information (except information protected by any of the Company Entities' attorney-client or work product privilege) with an attorney or with any federal, state, or local government agencies, regulators, or officials, for the purpose of investigating or reporting a suspected violation of law, whether in response to a subpoena or otherwise, without notice to the Company Entities, or (B) disclosing trade secrets in a complaint or other document filed in connection with a legal claim, provided that the filing is made under seal. Further, nothing herein shall prevent Employee from discussing or disclosing information related to Employee's general job duties or responsibilities and/or to employee compensation. Employee also may disclose Confidential Information as required in response to a subpoena or other legal process.

(iii) For purposes of this Agreement, (A) "Company Entities" means, collectively, the Company and each and all of its respective affiliates, each and all of the companies, funds, entities, partnerships, or businesses controlled by, controlling, or under common control with each of the foregoing and any successor or any permitted transferee thereof; (B) "Company Parties" means, collectively, each and all of the Company Entities and each and all of their respective shareholders, interest holders, unit holders, portfolio companies, investment vehicles, funds, accounts, advisors, managers, officers, directors, partners, principals, members, employees, consultants, contractors, investors, fiduciaries, representatives, and agents; and (C) "Protected Parties" means, collectively, each and all of the Company Entities and the Company Parties.

(t) Except as provided in Section 4(s), above, Employee agrees that in the event he is served with a subpoena, document request, interrogatory, or any other legal process that will or may require Employee to disclose any Confidential Information, whether during his employment or thereafter (regardless of whether Employee resigns or his employment is terminated or the reason for such resignation or termination), Employee will immediately notify an officer of the Company of such fact, in writing, and provide a copy of such subpoena, document request, interrogatory, or other legal process, unless such subpoena, document request, interrogatory or other legal process (i) is from a court or governmental agency, and (ii) explicitly prohibits Employee from doing so.

(u) Employee agrees that during his employment with the Company and thereafter (regardless of whether he resigns or his employment is terminated by the Company or the reason for such resignation or termination), Employee shall provide reasonable and timely cooperation in connection with (i) any actual or threatened litigation, inquiry, review, investigation, process, or other matter, action or proceeding (whether conducted by or before any court, regulatory, or governmental entity, or by or on behalf of any Protected Party, or otherwise), that relates to events occurring during Employee's employment by the Company or about which the Company otherwise believes Employee may have relevant information; (i) the transitioning of Employee's role and responsibilities to other personnel; and (iii) the provision of information in response to the Company's requests and inquiries in connection with Employee's separation. Employee's cooperation shall include being available to (A) meet with and provide information to the Protected Parties and their counsel or other agents in connection with fact-finding, investigatory, discovery, and/or pre-litigation or other proceeding issues, and (B) provide truthful testimony (including via affidavit, deposition, at trial, or otherwise) in connection with any such matter, all without the requirement of being subpoenaed. Employee understands that if Employee's cooperation is requested in accordance with this provision after the Termination Date, Employee will be reimbursed solely for reasonable travel expenses approved by the Company in advance of being incurred, upon Employee's submission of receipts, and shall receive no other payments, *provided that* in the event the Company requires cooperation after the Termination Date in excess of fifty (50) hours, Employee shall be compensated at an hourly rate equal to Employee's annual Base Salary at the Termination Date divided by 2,000, less applicable deductions and withholdings.

(v) Employee acknowledges and agrees that all property, proprietary materials, Confidential Information, documents, records, files, memorandum, email, computer media, software, equipment (including laptops, smartphones, and other devices), system and software login information, passwords, access codes, authorization codes (to the extent such codes relate in whole or in part to the Protected Parties' respective businesses, data rooms, systems, sites, or information), telephone numbers, email addresses, messaging contact information, identification cards, keys, and any other materials in any form (whether paper, electronic or otherwise and all copies thereof) relating or belonging to any of the Protected Parties or any of their respective clients, counterparties, investments or investors (or potential clients, counterparties, investments or investors) (collectively "Protected Property"), created by Employee or coming into Employee's possession, custody, or control during the course of Employee's employment with the Company or affiliation with any of the Company Parties (including as an employee, officer, director, manager, adviser, consultant, contractor, representative, agent or otherwise), are the sole property of the Protected Parties. Upon the termination of Employee's employment with the Company for any reason, or upon the request of the Company at any time, Employee agrees to promptly deliver all Protected Property to the Company. At no time will Employee remove or copy or cause to be removed from the premises of the Company any original or copy of any Protected Property except in furtherance of Employee's proper duties to the Company and in accordance with the terms of this Agreement and all applicable policies and procedures.

(w) Employee agrees that any and all improvements, inventions, discoveries, developments, creations, formulae, algorithms, processes, systems, interfaces, protocols, concepts, programs, products, investment strategies, valuation models, risk management tools, methods, designs, and works of authorship, and any and all documents, information (including Confidential Information), or things relating thereto, whether patentable or not, within the scope of or pertinent to any field of business or research or investment in which the Company or any other the Company Entity is engaged or (if such is known to or ascertainable by Employee) considering engaging, which Employee may conceive, make, author, create, invent, develop, or reduce to practice, or which Employee previously has conceived, made, authored, created, invented, developed, or reduced to practice, in whole or in part, during Employee's employment with the Company or affiliation with any of the Company Parties (including as an employee, officer, director, manager, adviser, consultant, contractor, representative, agent or otherwise), whether alone or working with others, whether during or outside of normal working hours, whether inside or outside of the Company's offices, and whether with or without the use of the Company's computers, systems, materials, equipment, or other property, shall be and remain the sole and exclusive property of the Company (the foregoing, individually and collectively, "Work Product"). To the maximum extent allowable by law, any Work Product subject to copyright protection shall be considered "works made for hire" for the Company under U.S. copyright law. To the extent that any Work Product that is subject to copyright protection is not considered a work made for hire, or to the extent that Employee otherwise has or retains any ownership or other rights in any Work Product (or any intellectual property rights therein) anywhere in the world, Employee hereby assign and transfer to the Company all such rights, including the intellectual property rights therein, effective automatically as and when such Work Product is conceived, made, authored, created, invented, developed, or reduced to practice. The Company shall have the full worldwide right to use, assign, license and/or transfer all rights in, with, to, or relating to Work Product (and all intellectual property rights therein). Employee shall, whenever requested to do so by the Company (whether during Employee's employment or thereafter), execute any and all applications, assignments and/or other instruments, and do all other things (including cooperating in any matter or giving testimony in any legal proceeding) which the Company may deem necessary or appropriate in order to (i) apply for, obtain, maintain, enforce or defend patent, trademark, copyright, or similar registrations of the United States or any other country for any Work Product; (ii) assign, transfer, convey or otherwise make available to the Company any right, title, or interest which Employee might otherwise have in any Work Product; and/or (iii) confirm the Company's right, title, and interest in any Work Product. Employee shall promptly communicate and disclose all Work Product to the Company and, upon request, report upon and deliver all such Work Product to the Company. Employee shall not use or permit any Work Product to be used for any purpose other than on behalf of the Company Entities, whether during Employee's employment or thereafter.

(x) The Company acknowledges that Employee has provided services to NHG and may continue to provide such services in accordance with the terms of this Agreement. Employee represents and warrants that Employee has not given NHG or any of its respective affiliates any rights relating to intellectual property, service commitment levels, or restrictive covenants that would directly interfere with the rights that Employee is providing to the Company under this terms of this Agreement or that would interfere with Employee's performance of Employee's obligations under this Agreement. Without limiting the foregoing, Employee represents and warrants that Employee's performance of Employee's obligations under this Agreement, do not conflict with or violate the terms of (i) any agreement by which Employee is bound, including any post-employment covenants or obligations to any other employer, entity or person; or (ii) any order, rule, law, regulation, or other legal requirement or

obligation applicable to Employee. Employee has provided BTO Investor with a copy of any agreement by which Employee is bound that restricts in any way Employee's ability to perform services for the Company Entities. Should Employee become aware of any reason that Employee cannot join or remain employed by a Company Entity or fully execute Employee's responsibilities for the Company Entities, or should another employer or any other person or entity allege that Employee is in violation of any obligation to such person or entity, or if Employee believes any violation of law exists relating to any Company Entity, Employee will immediately so notify the Board in writing. Employee also represents and warrants that Employee will abide by all contractual obligations that Employee may have to all prior employers or other persons or entities, and that Employee will not retain, review, or utilize any other person's or entity's confidential or proprietary information or trade secrets in connection with Employee's work for the Company Entities or share or disclose any such information with or to any other Company Entity. Employee will immediately notify the Board in writing if any representation in this Paragraph is or becomes untrue or inaccurate at any time.

Section 5. Reimbursement of Business Expenses. Employee is authorized to incur reasonable business expenses in carrying out his duties and responsibilities under this Agreement, and the Company shall promptly reimburse Employee for all such reasonable business expenses, subject to documentation in accordance with written Company policy, as in effect from time to time.

Section 6. Key-Man Insurance. At any time during the Term of Employment, the Company shall have the right to insure the life of Employee for the sole benefit of the Company, in such amounts, and with such terms, as it may determine. All premiums payable thereon shall be the obligation of the Company. Employee shall have no interest in any such policy, but agrees to cooperate with the Company in procuring such insurance by submitting to physical examinations, supplying all information required by the insurance company, and executing all necessary documents, provided that no financial obligation is imposed on Employee by any such documents. Upon the termination of his employment for any reason, Company will allow Employee to convert the insurance policy to a permanent personal life insurance policy at Employee's sole cost.

Section 7. Waiver and Amendments. Any waiver, alteration, amendment or modification of any of the terms of this Agreement shall be valid only if made in writing and signed by each of the parties hereto. No waiver by either of the parties hereto of their rights hereunder shall be deemed to constitute a waiver with respect to any subsequent occurrences or transactions hereunder unless such waiver specifically states that it is to be construed as a continuing waiver.

Section 8. Severability/Modification. If any covenants or such other provisions of this Agreement are found to be invalid or unenforceable by an arbitrator or reviewing court of appropriate jurisdiction, (a) the remaining terms and provisions hereof shall be unimpaired, and (b) the invalid or unenforceable term or provision hereof shall be replaced by a term or provision that is valid and enforceable and that comes closest to expressing the intention of the invalid or unenforceable term or provision hereof.

Section 9. Binding Arbitration. Law.

(a) Employee agrees that Employee's breach or threatened breach of any of the restrictions set forth in this Agreement will result in irreparable and continuing damage to the Protected Parties for which there is no adequate remedy at law. Thus, in addition to the Company's right to arbitrate disputes hereunder, the Protected Parties shall be entitled to obtain emergency equitable relief, including a temporary restraining order and/or preliminary injunction, in aid of arbitration, from any state or federal court of competent jurisdiction, without first posting a bond, to restrain any such breach or threatened breach. Such relief shall be in addition to any and all other remedies, including the recovery of monetary damages, attorneys' fees and costs, available to the Protected Parties against Employee for such breaches or threatened breaches. Upon the issuance (or denial) of an injunction, the underlying merits of any dispute will be resolved in accordance with the arbitration provisions of Section 9(b) of this Agreement.

(b) Any disagreement between the parties must be resolved by binding arbitration, by an arbitrator selected by the parties. If the parties are unable to agree on an arbitrator after making a reasonable attempt to do so, then an arbitration shall be selected in accordance with the Employment Rules of the American Arbitration Association (the "AAA"). Except as modified by this Section, the arbitration proceeding will be conducted in accordance with the Employment Rules of the AAA and the Expedited Procedures thereunder then in force. Any arbitration proceedings must be conducted in Denver, Colorado. Consistent with the expedited nature of arbitration, each party will, upon the written request of the other party, promptly provide the other with copies of documents on which the producing party may rely in support of or in opposition to any claim or defense. Any dispute regarding discovery, or the relevance or scope thereof, will be resolved by the arbitrator, whose determination is conclusive. All discovery must be completed within thirty (30) days following the appointment of the arbitrator. At the request of a party, but only on the showing of good cause and necessity, the arbitrator may order examination by deposition of up to two witnesses per party. The arbitration shall be conducted on a strictly confidential basis, and Employee shall not disclose the existence or nature of any claim, defense, or argument; any documents, correspondence, pleadings, briefing, exhibits, arguments, testimony, evidence, or information exchanged or presented in connection with any claim, defense, or argument; or any rulings, decisions, or results of any claim, defense, or argument (collectively, "Arbitration Materials") to any third party, with the sole exception of Employee's legal counsel, who Employee shall ensure complies with these confidentiality terms. The arbitrator may not award punitive or any other damages prohibited by this Agreement. The prevailing party will receive its costs and fees, which includes all reasonable pre-award expenses of arbitration, including the arbitrator fees, administrative fees, out-of-pocket expenses such as copying and telephone, and attorney's fees. In the event of any dispute under this Agreement, or relating or arising under the employment relationship, this Agreement shall be governed by the laws of the State of Delaware. In agreeing to arbitrate Employee's claims hereunder, Employee hereby recognize and agree that he is waiving his right to a trial in court and/or by a jury.

(c) Except as set forth in Section 9(a) of this Agreement, the arbitrator, and not any federal, state, or local court or adjudicatory authority, shall have exclusive authority to resolve any dispute relating to the interpretation, applicability, enforceability, and/or formation of this Agreement, including but not limited to any dispute as to whether (i) a particular claim is subject to arbitration hereunder and/or (ii) any part of this Section 9 is void or voidable. To the

extent a question arises as to the arbitrability of a dispute under any applicable statute, ordinance, or regulation, Employee and the Company agree that at either party's election, such party may file for an expedited arbitral hearing under the AAA "Optional Rules for Emergency Measures of Protection" in connection with employment disputes (AAA Rule O-1 et seq.), as modified herein (the "Optional Rules"). The arbitrator for any such emergency proceeding shall selected in accordance with the Optional Rules. Employee will comply with all of the terms and conditions of this Agreement in connection with such a proceeding, (though, for the avoidance of doubt, nothing herein shall limit Employee's right to present evidence, documents, arguments, or testimony to the arbitrator). The Company will pay all of the arbitrator's fees and costs, and the AAA forum costs, in connection with an application for emergency relief under this Section 9(c). If the emergency arbitrator finds the relevant dispute to be subject to arbitration, the parties shall proceed to arbitration in accordance with Section 9(b) hereof (rather than proceeding in accordance with Optional Rule 5 or in any court), with an arbitrator appointed in accordance with Section 9(b).

(d) In the event of any court proceeding to challenge or enforce an arbitrator's award, the parties hereby consent to the exclusive jurisdiction of the state and federal courts sitting in Denver, Colorado; agree to exclusive venue in that jurisdiction; and waive any claim that such jurisdiction is an inconvenient or inappropriate forum. There shall be no interlocutory appeals to any court of any order issued in accordance with Section 9(b) or 9(c), or any motions in any court to vacate any arbitral order except (i) a final award on the merits issued in accordance with AAA Rule 39, or (ii) a final Interim Award issued in accordance with Optional Rule 4 which (a) concludes that the AAA lacks jurisdiction over the dispute and (b) dismisses the matter in its entirety. Employee agrees to take all steps necessary to protect the confidentiality of the Arbitration Materials in connection with any court proceeding, agree to use his best efforts to file any court proceeding permitted herein and all Confidential Information (and all documents containing Confidential Information) under seal, and agree to the entry of an appropriate protective order encompassing the confidentiality terms of this Agreement.

Section 10. Notices.

(a) Every notice or other communication relating to this Agreement shall be in writing, and shall be mailed to or delivered to the party for whom or which it is intended at such address as may from time to time be designated by it in a notice mailed or delivered to the other party as herein provided; *provided*, that unless and until some other address be so designated, all notices and communications by Employee to the Company shall be mailed or delivered to the Company at its principal executive office at 90 Madison Street, Suite 500, Denver, Colorado 80206, and all notices and communications by the Company to Employee may be given to Employee personally or may be mailed to Employee at Employee's last known address, as reflected in the Company's records.

(b) Any notice so addressed shall be deemed to be given (i) if delivered by hand, on the date of such delivery, (ii) if mailed by courier or by overnight mail, on the first business day following the date of such mailing, and (iii) if mailed by registered or certified mail, on the third business day after the date of such mailing.

Section 11. Section Headings; Mutual Drafting.

(a) The headings of the sections and subsections of this Agreement are inserted for convenience only and shall not be deemed to constitute a part thereof or affect the meaning or interpretation of this Agreement or of any term or provision hereof.

(b) The parties are sophisticated and have been represented (or have had the opportunity to be represented) by their separate attorneys throughout the transactions contemplated by this Agreement in connection with the negotiation and drafting of this Agreement and any agreements and instruments executed in connection herewith. As a consequence, the parties do not intend that the presumptions of laws or rules relating to the interpretation of contracts against the drafter of any particular clause should be applied to this Agreement or any document or instrument executed in connection herewith, and therefore waive their effects.

Section 12. Entire Agreement. This Agreement, together with any exhibits attached hereto, constitutes the entire understanding and agreement of the parties hereto regarding the employment of Employee during the Term of Employment. This Agreement supersedes the Prior Employment Agreement and all prior negotiations, discussions, correspondence, communications, understandings and agreements between the parties relating to the employment of Employee.

Section 13. Dodd-Frank Act and Other Applicable Law Requirements. Employee agrees (i) to abide by any compensation recovery, recoupment, anti-hedging or other policy applicable to executives of the Company and its Affiliates, as may be in effect from time to time, as approved by the Board or a duly authorized committee thereof or as required by the Dodd-Frank Wall Street Reform and Consumer Protection Act of 2010 ("Dodd-Frank Act") or other applicable law, and (ii) that the terms and conditions of this Agreement shall be deemed automatically amended as may be necessary from time to time to ensure compliance by Employee and this Agreement with such policies, the Dodd-Frank Act, or other applicable law.

Section 14. Survival of Operative Sections. Upon any termination of Employee's employment, the provisions of this Agreement (together with any related definitions set forth in herein) shall survive to the extent necessary to give effect to the provisions thereof.

Section 15. Counterparts. This Agreement may be executed in two or more counterparts, each of which shall be deemed to be an original, but all of which together shall constitute one and the same instrument. The execution of this Agreement may be by actual or facsimile signature. Electronic copies of this Agreement shall have the same force and effect as the original.

Section 16. Headings. The headings in this Agreement are included for convenience of reference only and shall not affect the interpretation of this Agreement.

Section 17. Governing Law. This Agreement shall be governed by and construed in accordance with the laws of the State of Delaware without regard to any principles of conflicts of law.

Section 18. Miscellaneous. This Agreement shall be interpreted strictly in accordance with its terms, to the maximum extent permissible under governing law, and shall not be construed against or in favor of any party, regardless of which party drafted this Agreement or any provision hereof. For purposes of this Agreement, the connectives "and," "or," and "and/or" shall be construed either disjunctively or conjunctively as necessary to bring within the scope of a sentence or clause all subject matter that might otherwise be construed to be outside of its scope and "including" shall be construed as "including without limitation." The definitions for all defined terms in this Agreement shall apply equally to both the singular and plural forms of such terms.

Section 19. Third Party Beneficiaries. Each and all of the Protected Parties are intended to be, and are, third party beneficiaries of this Agreement and shall be entitled to enforce this Agreement in accordance with its terms.

Section 20. Assignment. This Agreement may be assigned by the Company. Upon such assignment, the rights and obligations of the Company hereunder shall become the rights and obligations of such assigned party. Employee may not assign Employee's rights and obligations under this Agreement.

Section 21. Board Approval. Where the approval of the Board is contemplated or required under this Agreement, such approval shall require the specific written approval of a Board representative appointed by BTO Investor.

Section 22. Section 409(a) Compliance.

(a) It is the intent of the parties that any payment to which Employee is entitled under this Agreement be exempt from I.R.C. Section 409A, to the maximum extent permitted under I.R.C. Section 409A. However, if any such amounts are considered to be "nonqualified deferred compensation" subject to I.R.C. Section 409A, such amounts shall be paid and provided in a manner, and at such time and form, as complies with the applicable requirements of I.R.C. Section 409A to avoid the unfavorable tax consequences provided therein for non-compliance. Neither Employee nor the Company shall intentionally take any action to accelerate or delay the payment of any amounts in any manner which would not be in compliance with I.R.C. Section 409A without the consent of the other party. For purposes of this Agreement, all rights to payments in installments shall be treated as rights to receive a series of separate payments to the fullest extent allowed by I.R.C. Section 409A. To the extent that some portion of the payments under this Agreement may be bifurcated and treated as exempt from I.R.C. Section 409A under the "short-term deferral" or "separation pay" exemptions, then such amounts may be so treated as exempt from I.R.C. Section 409A. None of the Company Parties shall be directly or indirectly liable for any failure of such payments to comply with, or be exempt from, I.R.C. Section 409A. Employee is hereby advised to consult Employee's personal tax advisors with respect to amounts payable hereunder.

(b) Notwithstanding any other provision hereof, if Employee is a "specified employee," within the meaning of I.R.C. Section 409A, at the date of his termination of employment, then such portion of the payments that would result in a tax under I.R.C. Section 409A if paid during the first six months after termination of employment shall be withheld and paid to Employee during the seventh month following the date of his termination of employment.

(c) All references to termination of employment or similar terms in this Agreement shall mean a "separation from service" as defined in Treas. Reg. § 1.409A-1(h).

EMPLOYMENT AGREEMENT

This AMENDED EMPLOYMENT AGREEMENT (this "Agreement") dated as of December 6, 2018, by and between ElementCompany Operations, LLC (the "Company"), and McAndrew Rudisill ("Employee").

W I T N E S S E T H:

WHEREAS, BTO Grannus Holdings III – NQ L.L.C., Blackstone Tactical Opportunities Fund – FD L.P., and Blackstone Family Tactical Opportunities Investment Partnership III – NQ – ESC L.P. (collectively, the "BTO Investor"), and the Company, ElementCompany, Inc., and ElementCompany, LLC, entered into a Securities Purchase Agreement dated as of December 6, 2018 (the "Securities Purchase Agreement").

WHEREAS, the Company and Employee desire to enter into this Agreement pursuant to which Employee shall provide services to the Company as described herein, effective upon and subject to the Closing (as defined in the Securities Purchase Agreement) (the "Closing").

WHEREAS, this Agreement and amends, restates, and supersedes Employee's prior Employment Agreement with ElementCompany, Inc. dated as of August 1, 2018 (the "Prior Employment Agreement") in its entirety.

NOW, THEREFORE, in consideration of the promises and mutual covenants contained herein and for other good and valuable consideration, the receipt and sufficiency of which are hereby acknowledged, the Company and Employee hereby agree as follows:

Section 1. Position, Duties and Responsibilities; Place of Performance.

(a) During the Term of Employment (defined below), Employee shall be employed and serve as the Chief Investment Officer and shall have such duties and responsibilities that are commensurate with such title and such other duties and responsibilities as may reasonably be assigned in relation to the Company and its affiliates. The Employee shall report to the Board of the Company (which for the avoidance of doubt shall include a representative appointed by the BTO Investor (the "Board")) and shall carry out and perform all orders, directions and policies given to Employee by the Board consistent with his position and title. The Employee's principal place of employment with the Company shall be in Denver, Colorado, provided that the Employee may be required to travel from time to time for business purposes.

(b) Employee shall devote his best efforts, energy and time to the performance of his duties under this Agreement and shall not engage in any other business or occupation during the Term of Employment that materially interferes with Employee's duties and responsibilities to serve and act in the Company's best interests. Notwithstanding the foregoing, nothing herein shall preclude Employee from (i) serving as a member of the boards of directors or advisory boards (or their equivalents in the case of a non-corporate entity) of non-profit businesses or, with the prior approval of the Company's board, for business that are not engaged in any Competing Business (as defined below) including any business expressly identified in Section 4(q)); (ii) engaging in charitable activities and community affairs; and (iii) managing his personal investments and affairs; *provided*, *however*, that the activities set out in clauses (i), (ii) and (iii) shall be limited by Employee so as not to materially interfere, individually or in the aggregate, with the performance of his duties and responsibilities hereunder.

(c) The Company agrees to employ Employee, and Employee agrees to serve the Company, on the terms and conditions set forth herein. The "Term of Employment" shall mean the period commencing on Closing and, unless terminated sooner as provided in Section 4 hereof, continuing until December 31, 2020; provided, however, that the Term of Employment shall be extended automatically following December 31, 2020 for successive one (1) year terms on the first anniversary of the then current term if neither the Company nor Employee has advised the other in writing in accordance with Section 10 at least sixty (60) days prior to the end of the then current term that such term will not be extended for an additional one (1) year term.

Section 2. Compensation.

(a) Base Salary. During the Term of Employment, Employee shall be paid an annualized base salary (the "Base Salary"), payable in United States dollars in accordance with the regular payroll practices of the Company. Employee's current salary will continue until January 1, 2019. As of January 1, 2019, the Base Salary shall be increased to Three Hundred Twenty-Five Thousand Dollars ($325,000.00), with increases if any, as may be approved in writing by the Board. The Company may withhold applicable taxes and deductions from any amounts payable under this Agreement.

(b) Annual Bonus. During the Company's 2019 fiscal year starting January 1, 2019 and ending December 31, 2019 (and subsequent fiscal years, as applicable), subject to the satisfaction of applicable performance criteria and any other conditions as determined by the Board, the Employee shall be eligible to receive an annual cash bonus award (the "Annual Bonus") as determined by the Board in its sole and absolute discretion.

Section 3. Employee Benefits.

(a) General. During the Term of Employment, Employee shall be entitled to participate in health insurance, retirement plans, directors' and officers' insurance coverage and other benefits provided to other senior executives of the Company, as in effect from time to time.

(b) Vacation and Time Off. During each full calendar year of the Term of Employment, Employee shall be eligible for twenty (20) days paid vacation, as well as sick pay and other paid and unpaid time off in accordance with the policies and practices of the Company, as in effect from time to time. At any time, Employee shall be limited to accruing a maximum amount of unused paid vacation equal to twenty (20) days (the "Maximum Vacation Accrual"). If Employee does not use all of the paid vacation days in a calendar year, the remaining days shall rollover to the following calendar year, subject to the Maximum Vacation Accrual.

Section 4. Termination.

(a) General. The Term of Employment shall terminate earlier than as provided in Section 1 if any of the following occur: (i) Employee's death; (ii) a termination by reason of a Disability; (iii) a termination by the Company with or without Cause; or (iv) a termination or resignation by Employee with or without Good Reason.

(b) Termination Due to Death or Disability. Employee's employment shall terminate automatically upon his death. The Company may terminate Employee's employment immediately upon the occurrence of a Disability. In the event Employee's employment is terminated due to his death or Disability, Employee or his estate or his beneficiaries, as the case may be, shall be entitled to:

(i) Any accrued Base Salary though the date of employment termination, payout of all accrued, but unused vacation days (subject to the Maximum Vacation Accrual), and reimbursement for any unreimbursed business expenses incurred through the date of employment termination (collectively, the "Accrued Obligations"), which amount shall be paid within thirty (30) days from the date of such termination; and

(ii) Any unpaid Annual Bonus in respect of any completed fiscal year that has ended prior to the date of such termination with such amount determined based on actual performance during such fiscal year as determined by the Board, which amount shall be paid on the sixtieth (60^{th}) day following the date of such termination, subject to Section 4(i) of this Agreement; and

(iii) Any Annual Bonus that would have been payable based on actual performance with respect to the year of termination in the absence of the Employee's death or Disability, pro-rated for the period the Employee worked prior to his death or Disability, and payable at the same time as the bonus would have been paid in the absence of the Employee's death or Disability.

Following such termination of Employee's employment by reason of death or Disability, except as set forth in this Section 4, Employee shall have no further rights to any compensation or any other benefits under this Agreement or otherwise.

(c) Termination by the Company for Cause.

(i) The Company may terminate Employee's employment at any time for Cause; *provided*, *however*, that with respect to any Cause of termination relying on clause (i) or (ii) of the definition of Cause set forth in Section 4(j) hereof, to the extent such act or acts are curable, Employee shall be given not less than fifteen (15) days' written notice by the Board's intention to terminate Employee's employment for Cause, such notice to state in detail the particular act or acts or failure or failures to act that constitute the grounds on which the proposed termination for Cause is based, and such termination shall be effective at the expiration of such fifteen (15) day notice period, unless Employee has cured, to the Company's satisfaction, such act or acts or failure or failures to act that give rise to Cause during such period.

(ii) In the event the Company terminates Employee's employment for Cause, Employee shall be entitled only to the Accrued Obligations, which amount shall be paid within thirty (30) days from the date of such termination. Following such termination of Employee's employment for Cause, except as set forth in this Section 4(c)(ii), Employee shall have no further rights to any compensation or any other benefits under this Agreement or otherwise (including, but not limited to, any payment of any bonus that has not been paid as of the date of Employee's termination of employment).

(d) Termination by the Company Without Cause. The Company may terminate Employee's employment at any time without Cause. In the event Employee's employment is terminated by the Company without Cause (other than due to death or Disability), Employee shall be entitled to:

(i) The Accrued Obligations; and

(ii) Any unpaid Annual Bonus in respect of any completed fiscal year that has ended prior to the date of such termination with such amount determined based on actual performance during such fiscal year as determined by the Board; and

(iii) A lump-sum cash payment equal to (i) twenty-four (24) months of the Employee's Base Salary in effect at the time of termination plus (ii) an amount equal to the total value of the Annual Bonus amounts paid during the fiscal year immediately preceding the year of such termination pursuant to Section 2; and

(iv) A lump sum cash payment equal to eighteen (18) times the "applicable percentage" of the monthly COBRA premium cost applicable to Employee if Employee (or his dependents) were to elect COBRA coverage, or similar coverage as provided by similar state law, in connection with such termination, (for purposes hereof, the "applicable percentage" shall be the percentage of Employee's health care premium costs covered by the Company as of the date of termination).

Any amounts payable to Employee under clause (i), (ii), (iii) or (iv) of this Section 4(d) shall be paid in lump sum on the sixtieth (60^{th}) day following the date of Employee's termination of employment (the "Severance Benefits"), subject to Section 4(i) of this Agreement. Following such termination of Employee's employment by the Company without Cause, except as set forth in this Section 4(d), Employee shall have no further rights to any compensation or any other benefits under this Agreement or otherwise.

(e) Termination by Employee with Good Reason. Employee may terminate Employee's employment with Good Reason by providing the Company thirty (30) days' written notice setting forth in reasonable specificity the event that constitutes Good Reason (which notice must be given no later than ninety (90) days after the initial occurrence of such event). During such thirty (30) day notice period, the Company shall have a cure right, and if not cured within such period, Employee's termination will be effective upon the expiration of such cure period, and Employee shall be entitled to the same payments and benefits as provided in Section 4(d) above for a termination by the Company without Cause, subject to the same conditions on payment and benefits as described in Section 4(d) above. Following such termination of Employee's employment by Employee with Good Reason, except as set forth in this Section 4(e), Employee shall have no further rights to any compensation or any other benefits under this Agreement or otherwise.

(f) Termination by Employee Without Good Reason. Employee may terminate Employee's employment without Good Reason by providing the Company sixty (60) days' written notice of such termination. In the event of a termination of employment by Employee under this Section 4(f), Employee shall be entitled only to the Accrued Obligations. In the event of termination of Employee's employment under this Section 4(f), the Company may, in its sole and absolute discretion, by written notice accelerate such date of termination without changing the characterization of such termination as a termination by Employee without Good Reason. If the Company chooses to accelerate the termination date, it shall pay Employee for the remainder of the notice period, subject Employee's execution and non-revocation of a release as provided in Section 4(i). Following such termination of Employee's employment by Employee without Good Reason, except as set forth in this Section 4(f), Employee shall have no further rights to any compensation or any other benefits under this Agreement or otherwise.

(g) Non-Extension of the Term of Employment. Employee's employment hereunder shall terminate upon the close of business of the last day of the then current term if either the Company or Employee gives timely notice of its or his intention not to extend the then current term of employment, as provided in Section 1. If the Company's decision not to extend is without Cause, or if Employee's decision not to extend is with Good Reason, then Employee shall be entitled to only the payments and benefits as provided in Sections 4(d) (i), (ii), and (iv) above, subject to the same conditions on payment and benefits as described therein. Otherwise, upon the termination of the Term of Employment by reason of the parties' non-extension for any other reason, Employee shall be entitled to only the Accrued Obligations, which amount shall be paid within thirty (30) days of such date of termination. Following such termination of Employee's employment, except as set forth in this Section 4(g), Employee shall have no further rights to any compensation or any other benefits under this Agreement or otherwise.

(h) Termination Following Change of Control. If, following a Change of Control of the Company, Employee becomes eligible for any Severance Benefits pursuant to the terms of this Agreement, and such Severance Benefits implicate Section 280G of the Internal Revenue Code (the "I.R.C."), then Employee and Company shall work collaboratively to modify such payments in order to limit the application of I.R.C. Section 280G to the Company and I.R.C. Section 4999 to Employee.

(i) Release. Notwithstanding any provision herein to the contrary, and as a condition precedent to payment of any amount or provision of any benefit pursuant to subsections 4(b), (d), (e), (f), (g) and (h) (other than payment of any Accrued Obligations), Employee or Employee's estate, as applicable, shall execute and shall not rescind, a release in favor of the Company in a form satisfactory to the Company, and any revocation period applicable to such release must have expired as of the forty-fifth (45th) day following Employee's termination of employment. If Employee fails to execute the release in such a timely manner so as to permit any revocation period to expire prior to the end of such forty-five (45) day period, or timely revokes his acceptance of such release following its execution, Employee shall not be entitled to any of the Severance Benefits. Further, to the extent that (i) such termination of employment occurs within sixty (60) days of the end of any calendar year, and (ii) any of the Severance Benefits constitutes "nonqualified deferred compensation" for purposes of Section 409A, any payment of any amount or provision of any benefit otherwise scheduled to occur prior to the sixtieth (60^{th}) day following the date of Employee's termination of employment hereunder, but for the condition on executing the release as set forth herein, shall not be made prior to the first day of the second calendar year, after which any remaining Severance Benefits shall thereafter be provided to Employee according to the applicable schedule set forth herein.

(j) For purposes of this Agreement, "Cause" shall be defined as (i) a material breach of this Agreement or any other Agreement between the Employee and the Company or its affiliates, or a material violation of any code of conduct, code of ethics, compliance manual or other written policy applicable to Employee; (ii) Employee's act(s) of willful misconduct or gross negligence in the course of Employee's employment hereunder, (iii) willful failure or refusal by Employee to perform in any material respect Employee's duties, responsibilities or lawful directives of the Board; (iv) the Employee's performance of any act of theft, embezzlement fraud, dishonesty or misappropriation of the Company's or its affiliate's property; (v) Employee's indictment for, conviction of or pleading *nolo contendre* to a felony under state or federal law for any crime involving intentional dishonesty or moral turpitude; or (vi) the Employee's breach of any fiduciary duty owed to the Company or its affiliates (including, without limitation, the duty of care and the duty of loyalty).

(k) For purposes of this Agreement, "Good Reason" shall mean, without Employee's consent, a material breach of this Agreement due to (i) a diminution in Employee's title or Base Salary, or (ii) the failure of the Company to pay any compensation hereunder when due.

(l) For purposes of this Agreement, "Change of Control" shall mean the first to occur of any of the following: (i) "change of control event" with respect to the Company, within the meaning of Treas. Reg. 1.409A-3(i)(5); or (ii) during any period of two years, individuals who at the beginning of such period constitute the Board (and any new Director whose election by the Company's shareholders was approved by a vote of at least a majority of the Directors then still in office who either were Directors at the beginning of the period or whose election or nomination for election was so approved) cease for any reason to constitute a majority thereof; or (iii) a merger, consolidation or non-bankruptcy reorganization of the Company with or involving any other entity, other than a merger, consolidation or non-bankruptcy reorganization that would result in the voting securities of the Company outstanding immediately prior thereto continuing to represent (either by remaining outstanding or by being converted into voting securities of the surviving entity) at least 50% of the combined voting power of the securities of the Company (or such surviving entity) outstanding immediately after such merger, consolidation or non-bankruptcy reorganization.

(m) For purposes of this Agreement, "Disability" shall mean any physical or mental disability or infirmity of the Employee that has prevented the performance of Employee's duties for a period of (i) ninety (90) consecutive days or (ii) one hundred twenty (120) non-consecutive days during any six (6) month period. Any question as to the existence, extent or potentiality of Employee's Disability upon which Employee and the Company cannot agree shall be determined by a qualified, independent physician reasonably selected by the Company. The determination of any such physician shall be final and conclusive for all purposes of this Agreement.

(n) Both during the Term of Employment and at all times thereafter, regardless of the reason for termination, the Employee agrees not to make negative comments or otherwise disparage the Company or its affiliates or any of their respective officers, directors, employees, shareholders, members, agents or products other than in the good faith performance of the Employee's duties to the Company while the Employee is employed by the Company. The foregoing shall not be violated by truthful statements in response to legal process, required governmental testimony or filings, or administrative or arbitral proceedings (including, without limitation, depositions in connection with such proceedings).

(o) Employee covenants, warrants and agrees until the later of (i) the five (5)-year anniversary of the Closing and (ii) during the Term of Employment and until the twenty-four (24)-month anniversary of the date of termination of Employee's employment for any reason ("Termination Date"), which later period shall be the "Restricted Period", Employee shall not, either directly or indirectly, actually or attempt to, hire, solicit, recruit, attempt to employ or engage, induce or divert, any employee, officer, director, agent, consultant or independent contractor of the Company or its affiliates to leave such employment or retention or to accept employment with or render services to or with any other person, firm, corporation or other entity. Employee acknowledges and agrees that Employee's failure to honor this non-solicitation provision shall result in the Company suffering irreparable harm. This Section 4(o) shall survive the termination of this Agreement.

(p) Employee further covenants, warrants and agrees that during the Restricted Period, Employee shall not, either directly or indirectly, actually or attempt to call upon, solicit, divert, take-away, deliver to, sell, service or otherwise deal in any manner whatsoever with the Company's customers or clients upon whom Employee called, or with whom Employee has a business relationship, past or present, or with who Employee or Company or its affiliates had any contact or influence at any time during the course of Employee's employment with the Company for purposes of causing such persons to terminate any business relationship with the Company or its affiliates or causing such persons to purchase goods or services then sold by the Company or any of its affiliates from another person, firm, corporation or other entity; and Employee shall not assist any other person, firm, corporation or business, in any capacity, to do so; provided, however, nothing in this Section 4(p) shall be deemed to prohibit or otherwise restrict any form of contact between Employee and any other person, which contact is made for non-competitive purposes (e.g. social gatherings, conventions, trade shows, etc.). Employee acknowledges and agrees that Employee's failure to honor this non-solicitation provision shall result in the Company suffering irreparable harm. This Section 4(p) shall survive the termination of this Agreement.

(q) Employee hereby covenants, represents and warrants to the Company that during the Restricted Period, Employee shall not, in North America or any other areas in which the Company operated or had plans or strategies to operate during the Term of Employment, (i) advise or participate in the management of any Competing Business (as defined below); (ii) act as a partner, member, or employee of any Competing Business; (iii) act as a manager, advisor, contractor or consultant to any Competing Business; (iv) engage in, establish, or organize any Competing Business; or (v) be associated in any way with any Competing Business. As used herein, "Competing Business" means (A) any business that engages in aviation, fire suppression and/or intelligence reconnaissance or surveillance, including in support of any government

contract at any international, national, state or local level or (B) any other business which directly competes with the business of the Company at the time of the Termination Date, *provided that* for the avoidance of doubt, Employee's work during or after the Term of Employment for National Hospitality Group, LLC ("NHG") shall not be deemed work for a Competing Business; provided that it does not materially interfere with Employee's responsibilities under this Agreement; and provided further that the scope of NHG's business in the future which could fall under prong (A) of the definition of Competing Business does not increase beyond the scope of NHG's business as of the date of this Agreement.

(r) Employee acknowledges that (i) Employee will continue to perform services of a unique nature for the Company that are irreplaceable, and that the Employee's performance of such services to a competing business will result in irreparable harm to the Company and its affiliates, (ii) Employee has had and will have access to Confidential Information (as defined below) which, if disclosed, would unfairly and inappropriately assist in competition against the Company or any of its affiliates, (iii) Employee has generated and will generate goodwill for the Company and its affiliates in the course of the Employee's employment, (iv) Employee is an indirect seller under the Securities Purchase Agreement, (v) the Purchaser (as defined in the Securities Purchase Agreement) is purchasing, among other things, client relationships and substantial goodwill, (vi) the Employee's obligations to execute this Agreement and the restrictive covenants contained herein serve to prevent improper appropriation of the business, client relationship and goodwill purchased by the Purchaser, (vii) Employee's obligations under this Agreement are a material inducement for the Purchaser to enter into the Securities Purchase Agreement, and (viii) it would not be reasonable for the Purchaser to enter into the Securities Purchase Agreement without such protections.

(s) (i) Except as authorized or directed by the Company in connection with the proper performance of Employee's duties and obligations, or as provided below, Employee shall not, at any time during Employee's employment with the Company or after Employee's employment ends (regardless of the reason for such termination), directly or indirectly, use, disclose, exploit, remove, copy, or make available to any other person or entity any Confidential Information (as defined below), including for Employee's own personal use or advantage or the use or advantage of any person or entity other than the Company Entities (as defined below). As used herein, "Confidential Information" means any and all nonpublic information, confidential information, proprietary information, trade secrets, or other sensitive information (whether in oral, written, electronic, or any other form) concerning any of the Protected Parties (as defined below), including any and all information relating to the business, assets, operations, strategies, policies, procedures, organization, processes, personal information (including personal information about any current or former employees, members, partners, principals, owners, officers, agents, business associates, or representatives of any of the Protected Parties, or the family members of any of the foregoing), business developments, investment or business arrangements, negotiations, prospective or existing commercial agreements, costs, revenues, research, profiles, valuations, valuation models or analyses, profits, tax or financial structure, financial or trading positions or products, financial models, financial results or analyses, other financial affairs, actual or proposed opportunities, transactions or investments, assets, current or prospective clients, investors, marketers, advertisers, vendors, current or prospective client or investor lists (including the identity of current or prospective clients or investors, addresses, contact persons, and/or the clients' or investors' business or investment status, preferences,

strategies, or needs), internal controls, diligence or vetting process, security procedures, contingencies, marketing plans, databases, pricing, philosophies, techniques, risk management, credit files, Work Product (as defined below), methods of operation, market consultants, computer programs, passwords, algorithms, patent applications, information technology infrastructure, products, services, systems, designs, inventions, or any other information, documents, or materials that may be identified as confidential or proprietary, or which would otherwise appear to a reasonable person to be confidential or proprietary, or which is under a third party confidentiality obligation. Confidential Information shall not include any information that is generally known to the public or is publicly available other than as a result of Employee's breach of this covenant.

(ii) In accordance with the Defend Trade Secrets Act, 18 U.S.C. § 1833(b), and other applicable law, nothing in this Agreement or any other agreement or policy shall prevent Employee from, or expose Employee to criminal or civil liability under federal or state trade secret law for, (A) directly or indirectly sharing any Company Entity trade secrets or other Confidential Information (except information protected by any of the Company Entities' attorney-client or work product privilege) with an attorney or with any federal, state, or local government agencies, regulators, or officials, for the purpose of investigating or reporting a suspected violation of law, whether in response to a subpoena or otherwise, without notice to the Company Entities, or (B) disclosing trade secrets in a complaint or other document filed in connection with a legal claim, provided that the filing is made under seal. Further, nothing herein shall prevent Employee from discussing or disclosing information related to Employee's general job duties or responsibilities and/or to employee compensation. Employee also may disclose Confidential Information as required in response to a subpoena or other legal process.

(iii) For purposes of this Agreement, (A) "Company Entities" means, collectively, the Company and each and all of its respective affiliates, each and all of the companies, funds, entities, partnerships, or businesses controlled by, controlling, or under common control with each of the foregoing and any successor or any permitted transferee thereof; (B) "Company Parties" means, collectively, each and all of the Company Entities and each and all of their respective shareholders, interest holders, unit holders, portfolio companies, investment vehicles, funds, accounts, advisors, managers, officers, directors, partners, principals, members, employees, consultants, contractors, investors, fiduciaries, representatives, and agents; and (C) "Protected Parties" means, collectively, each and all of the Company Entities and the Company Parties.

(t) Except as provided in Section 4(s), above, Employee agrees that in the event he is served with a subpoena, document request, interrogatory, or any other legal process that will or may require Employee to disclose any Confidential Information, whether during his employment or thereafter (regardless of whether Employee resigns or his employment is terminated or the reason for such resignation or termination), Employee will immediately notify an officer of the Company of such fact, in writing, and provide a copy of such subpoena, document request, interrogatory, or other legal process, unless such subpoena, document request, interrogatory or other legal process (i) is from a court or governmental agency, and (ii) explicitly prohibits Employee from doing so.

(u) Employee agrees that during his employment with the Company and thereafter (regardless of whether he resigns or his employment is terminated by the Company or the reason for such resignation or termination), Employee shall provide reasonable and timely cooperation in connection with (i) any actual or threatened litigation, inquiry, review, investigation, process, or other matter, action or proceeding (whether conducted by or before any court, regulatory, or governmental entity, or by or on behalf of any Protected Party, or otherwise), that relates to events occurring during Employee's employment by the Company or about which the Company otherwise believes Employee may have relevant information; (i) the transitioning of Employee's role and responsibilities to other personnel; and (iii) the provision of information in response to the Company's requests and inquiries in connection with Employee's separation. Employee's cooperation shall include being available to (A) meet with and provide information to the Protected Parties and their counsel or other agents in connection with fact-finding, investigatory, discovery, and/or pre-litigation or other proceeding issues, and (B) provide truthful testimony (including via affidavit, deposition, at trial, or otherwise) in connection with any such matter, all without the requirement of being subpoenaed. Employee understands that if Employee's cooperation is requested in accordance with this provision after the Termination Date, Employee will be reimbursed solely for reasonable travel expenses approved by the Company in advance of being incurred, upon Employee's submission of receipts, and shall receive no other payments, *provided that* in the event the Company requires cooperation after the Termination Date in excess of fifty (50) hours, Employee shall be compensated at an hourly rate equal to Employee's annual Base Salary at the Termination Date divided by 2,000, less applicable deductions and withholdings.

(v) Employee acknowledges and agrees that all property, proprietary materials, Confidential Information, documents, records, files, memorandum, email, computer media, software, equipment (including laptops, smartphones, and other devices), system and software login information, passwords, access codes, authorization codes (to the extent such codes relate in whole or in part to the Protected Parties' respective businesses, data rooms, systems, sites, or information), telephone numbers, email addresses, messaging contact information, identification cards, keys, and any other materials in any form (whether paper, electronic or otherwise and all copies thereof) relating or belonging to any of the Protected Parties or any of their respective clients, counterparties, investments or investors (or potential clients, counterparties, investments or investors) (collectively "Protected Property"), created by Employee or coming into Employee's possession, custody, or control during the course of Employee's employment with the Company or affiliation with any of the Company Parties (including as an employee, officer, director, manager, adviser, consultant, contractor, representative, agent or otherwise), are the sole property of the Protected Parties. Upon the termination of Employee's employment with the Company for any reason, or upon the request of the Company at any time, Employee agrees to promptly deliver all Protected Property to the Company. At no time will Employee remove or copy or cause to be removed from the premises of the Company any original or copy of any Protected Property except in furtherance of Employee's proper duties to the Company and in accordance with the terms of this Agreement and all applicable policies and procedures.

(w) Employee agrees that any and all improvements, inventions, discoveries, developments, creations, formulae, algorithms, processes, systems, interfaces, protocols, concepts, programs, products, investment strategies, valuation models, risk management tools, methods, designs, and works of authorship, and any and all documents, information (including Confidential Information), or things relating thereto, whether patentable or not, within the scope of or pertinent to any field of business or research or investment in which the Company or any other the Company Entity is engaged or (if such is known to or ascertainable by Employee) considering engaging, which Employee may conceive, make, author, create, invent, develop, or reduce to practice, or which Employee previously has conceived, made, authored, created, invented, developed, or reduced to practice, in whole or in part, during Employee's employment with the Company or affiliation with any of the Company Parties (including as an employee, officer, director, manager, adviser, consultant, contractor, representative, agent or otherwise), whether alone or working with others, whether during or outside of normal working hours, whether inside or outside of the Company's offices, and whether with or without the use of the Company's computers, systems, materials, equipment, or other property, shall be and remain the sole and exclusive property of the Company (the foregoing, individually and collectively, "Work Product"). To the maximum extent allowable by law, any Work Product subject to copyright protection shall be considered "works made for hire" for the Company under U.S. copyright law. To the extent that any Work Product that is subject to copyright protection is not considered a work made for hire, or to the extent that Employee otherwise has or retains any ownership or other rights in any Work Product (or any intellectual property rights therein) anywhere in the world, Employee hereby assign and transfer to the Company all such rights, including the intellectual property rights therein, effective automatically as and when such Work Product is conceived, made, authored, created, invented, developed, or reduced to practice. The Company shall have the full worldwide right to use, assign, license and/or transfer all rights in, with, to, or relating to Work Product (and all intellectual property rights therein). Employee shall, whenever requested to do so by the Company (whether during Employee's employment or thereafter), execute any and all applications, assignments and/or other instruments, and do all other things (including cooperating in any matter or giving testimony in any legal proceeding) which the Company may deem necessary or appropriate in order to (i) apply for, obtain, maintain, enforce or defend patent, trademark, copyright, or similar registrations of the United States or any other country for any Work Product; (ii) assign, transfer, convey or otherwise make available to the Company any right, title, or interest which Employee might otherwise have in any Work Product; and/or (iii) confirm the Company's right, title, and interest in any Work Product. Employee shall promptly communicate and disclose all Work Product to the Company and, upon request, report upon and deliver all such Work Product to the Company. Employee shall not use or permit any Work Product to be used for any purpose other than on behalf of the Company Entities, whether during Employee's employment or thereafter.

(x) The Company acknowledges that Employee has provided services to NHG and may continue to provide such services in accordance with the terms of this Agreement. Employee represents and warrants that Employee has not given NHG or any of its respective affiliates any rights relating to intellectual property, service commitment levels, or restrictive covenants that would directly interfere with the rights that Employee is providing to the Company under this terms of this Agreement or that would interfere with Employee's performance of Employee's obligations under this Agreement. Without limiting the foregoing, Employee represents and warrants that Employee's performance of Employee's obligations under this Agreement, do not conflict with or violate the terms of (i) any agreement by which Employee is bound, including any post-employment covenants or obligations to any other employer, entity or person; or (ii) any order, rule, law, regulation, or other legal requirement or

obligation applicable to Employee. Employee has provided BTO Investor with a copy of any agreement by which Employee is bound that restricts in any way Employee's ability to perform services for the Company Entities. Should Employee become aware of any reason that Employee cannot join or remain employed by a Company Entity or fully execute Employee's responsibilities for the Company Entities, or should another employer or any other person or entity allege that Employee is in violation of any obligation to such person or entity, or if Employee believes any violation of law exists relating to any Company Entity, Employee will immediately so notify the Board in writing. Employee also represents and warrants that Employee will abide by all contractual obligations that Employee may have to all prior employers or other persons or entities, and that Employee will not retain, review, or utilize any other person's or entity's confidential or proprietary information or trade secrets in connection with Employee's work for the Company Entities or share or disclose any such information with or to any other Company Entity. Employee will immediately notify the Board in writing if any representation in this Paragraph is or becomes untrue or inaccurate at any time.

(y) If applicable, Employer agrees that within sixty (60) days of Employee's termination (regardless of whether he resigns or his employment is terminated by the Employer or the reason for such resignation or termination), the Employer guarantees to pay the full outstanding balance on all company-related credit cards guaranteed by Employee, provided that all credit expenses have been properly incurred in accordance with Company policy, and to ensure the credit cards are cancelled or transferred to another employee or account.

Section 5. Reimbursement of Business Expenses. Employee is authorized to incur reasonable business expenses in carrying out his duties and responsibilities under this Agreement, and the Company shall promptly reimburse Employee for all such reasonable business expenses, subject to documentation in accordance with written Company policy, as in effect from time to time.

Section 6. Key-Man Insurance. At any time during the Term of Employment, the Company shall have the right to insure the life of Employee for the sole benefit of the Company, in such amounts, and with such terms, as it may determine. All premiums payable thereon shall be the obligation of the Company. Employee shall have no interest in any such policy, but agrees to cooperate with the Company in procuring such insurance by submitting to physical examinations, supplying all information required by the insurance company, and executing all necessary documents, provided that no financial obligation is imposed on Employee by any such documents. Upon the termination of his employment for any reason, Company will allow Employee to convert the insurance policy to a permanent personal life insurance policy at Employee's sole cost.

Section 7. Waiver and Amendments. Any waiver, alteration, amendment or modification of any of the terms of this Agreement shall be valid only if made in writing and signed by each of the parties hereto. No waiver by either of the parties hereto of their rights hereunder shall be deemed to constitute a waiver with respect to any subsequent occurrences or transactions hereunder unless such waiver specifically states that it is to be construed as a continuing waiver.

Section 8. Severability/Modification. If any covenants or such other provisions of this Agreement are found to be invalid or unenforceable by an arbitrator or reviewing court of appropriate jurisdiction, (a) the remaining terms and provisions hereof shall be unimpaired, and (b) the invalid or unenforceable term or provision hereof shall be replaced by a term or provision that is valid and enforceable and that comes closest to expressing the intention of the invalid or unenforceable term or provision hereof.

Section 9. Binding Arbitration. Law.

(a) Employee agrees that Employee's breach or threatened breach of any of the restrictions set forth in this Agreement will result in irreparable and continuing damage to the Protected Parties for which there is no adequate remedy at law. Thus, in addition to the Company's right to arbitrate disputes hereunder, the Protected Parties shall be entitled to obtain emergency equitable relief, including a temporary restraining order and/or preliminary injunction, in aid of arbitration, from any state or federal court of competent jurisdiction, without first posting a bond, to restrain any such breach or threatened breach. Such relief shall be in addition to any and all other remedies, including the recovery of monetary damages, attorneys' fees and costs, available to the Protected Parties against Employee for such breaches or threatened breaches. Upon the issuance (or denial) of an injunction, the underlying merits of any dispute will be resolved in accordance with the arbitration provisions of Section 9(b) of this Agreement.

(b) Any disagreement between the parties must be resolved by binding arbitration, by an arbitrator selected by the parties. If the parties are unable to agree on an arbitrator after making a reasonable attempt to do so, then an arbitration shall be selected in accordance with the Employment Rules of the American Arbitration Association (the "AAA"). Except as modified by this Section, the arbitration proceeding will be conducted in accordance with the Employment Rules of the AAA and the Expedited Procedures thereunder then in force. Any arbitration proceedings must be conducted in Denver, Colorado. Consistent with the expedited nature of arbitration, each party will, upon the written request of the other party, promptly provide the other with copies of documents on which the producing party may rely in support of or in opposition to any claim or defense. Any dispute regarding discovery, or the relevance or scope thereof, will be resolved by the arbitrator, whose determination is conclusive. All discovery must be completed within thirty (30) days following the appointment of the arbitrator. At the request of a party, but only on the showing of good cause and necessity, the arbitrator may order examination by deposition of up to two witnesses per party. The arbitration shall be conducted on a strictly confidential basis, and Employee shall not disclose the existence or nature of any claim, defense, or argument; any documents, correspondence, pleadings, briefing, exhibits, arguments, testimony, evidence, or information exchanged or presented in connection with any claim, defense, or argument; or any rulings, decisions, or results of any claim, defense, or argument (collectively, "Arbitration Materials") to any third party, with the sole exception of Employee's legal counsel, who Employee shall ensure complies with these confidentiality terms. The arbitrator may not award punitive or any other damages prohibited by this Agreement. The prevailing party will receive its costs and fees, which includes all reasonable pre-award expenses of arbitration, including the arbitrator fees, administrative fees, out-of-pocket expenses such as copying and telephone, and attorney's fees. In the event of any dispute under this Agreement, or relating or arising under the employment relationship, this Agreement shall be governed by the laws of the State of Delaware. In agreeing to arbitrate Employee's claims hereunder, Employee hereby recognize and agree that he is waiving his right to a trial in court and/or by a jury.

(c) Except as set forth in Section 9(a) of this Agreement, the arbitrator, and not any federal, state, or local court or adjudicatory authority, shall have exclusive authority to resolve any dispute relating to the interpretation, applicability, enforceability, and/or formation of this Agreement, including but not limited to any dispute as to whether (i) a particular claim is subject to arbitration hereunder and/or (ii) any part of this Section 9 is void or voidable. To the extent a question arises as to the arbitrability of a dispute under any applicable statute, ordinance, or regulation, Employee and the Company agree that at either party's election, such party may file for an expedited arbitral hearing under the AAA "Optional Rules for Emergency Measures of Protection" in connection with employment disputes (AAA Rule O-1 et seq.), as modified herein (the "Optional Rules"). The arbitrator for any such emergency proceeding shall selected in accordance with the Optional Rules. Employee will comply with all of the terms and conditions of this Agreement in connection with such a proceeding, (though, for the avoidance of doubt, nothing herein shall limit Employee's right to present evidence, documents, arguments, or testimony to the arbitrator). The Company will pay all of the arbitrator's fees and costs, and the AAA forum costs, in connection with an application for emergency relief under this Section 9(c). If the emergency arbitrator finds the relevant dispute to be subject to arbitration, the parties shall proceed to arbitration in accordance with Section 9(b) hereof (rather than proceeding in accordance with Optional Rule 5 or in any court), with an arbitrator appointed in accordance with Section 9(b).

(d) In the event of any court proceeding to challenge or enforce an arbitrator's award, the parties hereby consent to the exclusive jurisdiction of the state and federal courts sitting in Denver, Colorado; agree to exclusive venue in that jurisdiction; and waive any claim that such jurisdiction is an inconvenient or inappropriate forum. There shall be no interlocutory appeals to any court of any order issued in accordance with Section 9(b) or 9(c), or any motions in any court to vacate any arbitral order except (i) a final award on the merits issued in accordance with AAA Rule 39, or (ii) a final Interim Award issued in accordance with Optional Rule 4 which (a) concludes that the AAA lacks jurisdiction over the dispute and (b) dismisses the matter in its entirety. Employee agrees to take all steps necessary to protect the confidentiality of the Arbitration Materials in connection with any court proceeding, agree to use his best efforts to file any court proceeding permitted herein and all Confidential Information (and all documents containing Confidential Information) under seal, and agree to the entry of an appropriate protective order encompassing the confidentiality terms of this Agreement.

Section 10. Notices.

(a) Every notice or other communication relating to this Agreement shall be in writing, and shall be mailed to or delivered to the party for whom or which it is intended at such address as may from time to time be designated by it in a notice mailed or delivered to the other party as herein provided; *provided*, that unless and until some other address be so designated, all notices and communications by Employee to the Company shall be mailed or delivered to the Company at its principal executive office at 90 Madison Street, Suite 500, Denver, Colorado 80206, and all notices and communications by the Company to Employee may be given to Employee personally or may be mailed to Employee at Employee's last known address, as reflected in the Company's records.

(b) Any notice so addressed shall be deemed to be given (i) if delivered by hand, on the date of such delivery, (ii) if mailed by courier or by overnight mail, on the first business day following the date of such mailing, and (iii) if mailed by registered or certified mail, on the third business day after the date of such mailing.

Section 11. Section Headings; Mutual Drafting.

(a) The headings of the sections and subsections of this Agreement are inserted for convenience only and shall not be deemed to constitute a part thereof or affect the meaning or interpretation of this Agreement or of any term or provision hereof.

(b) The parties are sophisticated and have been represented (or have had the opportunity to be represented) by their separate attorneys throughout the transactions contemplated by this Agreement in connection with the negotiation and drafting of this Agreement and any agreements and instruments executed in connection herewith. As a consequence, the parties do not intend that the presumptions of laws or rules relating to the interpretation of contracts against the drafter of any particular clause should be applied to this Agreement or any document or instrument executed in connection herewith, and therefore waive their effects.

Section 12. Entire Agreement. This Agreement, together with any exhibits attached hereto, constitutes the entire understanding and agreement of the parties hereto regarding the employment of Employee during the Term of Employment. This Agreement supersedes the Prior Employment Agreement and all prior negotiations, discussions, correspondence, communications, understandings and agreements between the parties relating to the employment of Employee.

Section 13. Dodd-Frank Act and Other Applicable Law Requirements. Employee agrees (i) to abide by any compensation recovery, recoupment, anti-hedging or other policy applicable to executives of the Company and its Affiliates, as may be in effect from time to time, as approved by the Board or a duly authorized committee thereof or as required by the Dodd-Frank Wall Street Reform and Consumer Protection Act of 2010 ("Dodd-Frank Act") or other applicable law, and (ii) that the terms and conditions of this Agreement shall be deemed automatically amended as may be necessary from time to time to ensure compliance by Employee and this Agreement with such policies, the Dodd-Frank Act, or other applicable law.

Section 14. Survival of Operative Sections. Upon any termination of Employee's employment, the provisions of this Agreement (together with any related definitions set forth in herein) shall survive to the extent necessary to give effect to the provisions thereof.

Section 15. Counterparts. This Agreement may be executed in two or more counterparts, each of which shall be deemed to be an original, but all of which together shall constitute one and the same instrument. The execution of this Agreement may be by actual or facsimile signature. Electronic copies of this Agreement shall have the same force and effect as the original.

Section 16. Headings. The headings in this Agreement are included for convenience of reference only and shall not affect the interpretation of this Agreement.

Section 17. Governing Law. This Agreement shall be governed by and construed in accordance with the laws of the State of Delaware without regard to any principles of conflicts of law.

Section 18. Miscellaneous. This Agreement shall be interpreted strictly in accordance with its terms, to the maximum extent permissible under governing law, and shall not be construed against or in favor of any party, regardless of which party drafted this Agreement or any provision hereof. For purposes of this Agreement, the connectives "and," "or," and "and/or" shall be construed either disjunctively or conjunctively as necessary to bring within the scope of a sentence or clause all subject matter that might otherwise be construed to be outside of its scope and "including" shall be construed as "including without limitation." The definitions for all defined terms in this Agreement shall apply equally to both the singular and plural forms of such terms.

Section 19. Third Party Beneficiaries. Each and all of the Protected Parties are intended to be, and are, third party beneficiaries of this Agreement and shall be entitled to enforce this Agreement in accordance with its terms.

Section 20. Assignment. This Agreement may be assigned by the Company. Upon such assignment, the rights and obligations of the Company hereunder shall become the rights and obligations of such assigned party. Employee may not assign Employee's rights and obligations under this Agreement.

Section 21. Board Approval. Where the approval of the Board is contemplated or required under this Agreement, such approval shall require the specific written approval of a Board representative appointed by BTO Investor.

Section 22. Section 409(a) Compliance.

(a) It is the intent of the parties that any payment to which Employee is entitled under this Agreement be exempt from I.R.C. Section 409A, to the maximum extent permitted under I.R.C. Section 409A. However, if any such amounts are considered to be "nonqualified deferred compensation" subject to I.R.C. Section 409A, such amounts shall be paid and provided in a manner, and at such time and form, as complies with the applicable requirements of I.R.C. Section 409A to avoid the unfavorable tax consequences provided therein for non-compliance. Neither Employee nor the Company shall intentionally take any action to accelerate or delay the payment of any amounts in any manner which would not be in compliance with I.R.C. Section 409A without the consent of the other party. For purposes of this Agreement, all rights to payments in installments shall be treated as rights to receive a series of separate payments to the fullest extent allowed by I.R.C. Section 409A. To the extent that some portion of the payments under this Agreement may be bifurcated and treated as exempt from I.R.C. Section 409A under the "short-term deferral" or "separation pay" exemptions, then such amounts may be so treated as exempt from I.R.C. Section 409A. None of the Company Parties shall be directly or indirectly liable for any failure of such payments to comply with, or be exempt from, I.R.C. Section 409A. Employee is hereby advised to consult Employee's personal tax advisors with respect to amounts payable hereunder.

(b) Notwithstanding any other provision hereof, if Employee is a "specified employee," within the meaning of I.R.C. Section 409A, at the date of his termination of employment, then such portion of the payments that would result in a tax under I.R.C. Section 409A if paid during the first six months after termination of employment shall be withheld and paid to Employee during the seventh month following the date of his termination of employment.

(c) All references to termination of employment or similar terms in this Agreement shall mean a "separation from service" as defined in Treas. Reg. § 1.409A-1(h).

SECTION C
DESCRIPTION/SPECIFICATIONS/EXHIBITS

(e) The Aviation Safety Communique (SAFECOM) database fulfills the Aviation Mishap Information System (AMIS) requirements for aviation mishap reporting for the US Forest Service and the Department of Interior agencies. Categories of reports include incidents, hazards, maintenance, and airspace. The system uses the SAFECOM form to report any condition, observation, act, maintenance problem, or circumstance with personnel or the aircraft that has the potential to cause an aviation-related mishap. Contractors are to use this system to report while on contract to the USFS.

(f) The SAFECOM system is not intended for initiating punitive or disciplinary actions and is not to be used for claims or contract evaluation /determination purposes. The goal of the SAFECOM system is to create a reporting culture that encourages open and honest reporting that improves the safety of aviation operations. SAFECOMs should be utilized in tailgate safety sessions, after action reviews, and briefings only after they have been properly managed through the system.

Submitting a SAFECOM is not a substitute for “on-the-spot” correction(s) to a safety concern. It is imperative that safety issues be addressed at the local level as well as being documented in a SAFECOM. SAFECOM managers at all levels may have additional corrective actions and input.

(g) SAFECOM managers at all levels are responsible for protecting personal data and sanitizing SAFECOMs prior to any distribution and/or posting to the public. The SAFECOM system contains Personal Identifiable Information (PII) which is subject to the Privacy Act of 1974, 5 U.S.C. § 552a that must be protected and safeguarded. In the event of an accident, NTSB law 49 CFR 831.11 and 831.13 which respectively, specify certain criteria for participation in NTSB investigations and limitations on the dissemination of investigation information applies.

(h) In order for SAFECOM’s to be effective as an accident prevention tool, they must be reported as soon as possible to the agency with operational control of the aircraft at the time of the event. SAFECOMs can be submitted online at www.safecom.gov or via phone at 888-464-7427. Hard copies of the OAS-34/FS-5700-14 form can be faxed to OAS at 208-433-5007; USFS at 208-387-5735 or submitted through the Unit/Forest Aviation Officer.

(i) Contractors Stand-Down or Deactivation

(1) The Contractor shall immediately notify the Contracting Officer by telephone, followed up with a written notification (email or letter) to the Contracting Officer, when the Contractor implements a stand-down or when the Contractor de-activates any or all of the aircraft/fleet that is operating in compliance with this contract. The Contractor’s verbal and written notifications shall include all of the tail number(s) for all the effected aircraft, the rationale for the stand-down/deactivation, and the estimated duration of the stand-down or the deactivation.

(2) The Contractor shall also notify the Contracting Officer by telephone, followed up with a written notification (email or letter) to the Contracting Officer of the planned reactivation date for each of the effected aircraft. The Contractor’s verbal and written notifications shall include the tail number(s) of all of the reactivated aircraft, the rationale/corrective action plan (if applicable), and the date(s) of the reactivation(s).

Note: Once a Contracting Officer has been officially notified of a Contractor implemented stand-down and/or deactivation, the Contracting Officer shall notify the appropriate Government officials accordingly.

SECTION C
DESCRIPTION/SPECIFICATIONS/EXHIBITS

(c) Pre/Post MAP. When a break in service occurs, outside of the MAP or extended use, the aircraft may be hired under the optional use period clause. (Payment will be in accordance with C-32, Payment for Service in the Optional Use Period.) Availability begins when the aircraft departs from point of hire.

C-26 DAILY AVAILABILITY REQUIREMENTS

(a) Equipment. The aircraft and related equipment will be available 14 hours per day and will not be removed from the host base or assigned work location without the approval of the Contracting Officer.

(1) Aircraft on an FAA Approved Aircraft Maintenance Programs (for example, 100 hour Inspections, phase or progressive type inspection), and after having flown 100 or more hours following the start of the Mandatory Availability Period, the Contractor may perform scheduled inspection or maintenance without loss of availability per the requirements in (i) thru (iii) below. From that time, after every subsequent 100 hours of flight (±10%), scheduled inspections or maintenance may be performed without loss of availability per the requirements in (i) thru (iii) below.

(2) When the inspection is due and the aircraft and flight crew have been released for the day, the contractor will be allowed to perform this scheduled inspection and/or maintenance, up to the end of the following calendar day, without assessment of unavailability.

(3) When the aircraft is available for service, it is the Contractor's responsibility to ensure that the flight crew is also available. If the flight crew is not available when the aircraft is returned to service, unavailability will be assessed from that time until such time that they do become available. If the entire calendar day is not used to perform maintenance, no credit of that unused time shall be granted.

(4) During the MAP, the contractor may, with the approval of the CO, elect to use two (2) additional non-paid calendar days for the accomplishment of scheduled maintenance.

(5) These two (2) days need not be consecutive; however they will each be full calendar days. Contractor shall request approval from the CO at least 48 hours prior to the initiation of the additional scheduled maintenance days. Contractor will not be assessed unavailability for performance purposes and will not be paid availability.

(6) Inclement weather conditions: The Pilot in Command (PIC) is the final authority for the safety and security of the aircraft. When inclement weather may be a concern, both Pilot and ATGS/COR must develop a contingency plan to identify potential relocation destination (s) that will afford the best protection for the aircraft Once agreed upon by both manager and pilot, the request to re-position or release the aircraft must be approved by aviation management staff (example: ATGS, FAO, AOBD, UAO, UAM).

SECTION C
DESCRIPTION/SPECIFICATIONS/EXHIBITS

(b) Personnel. Personnel will be in one of the following categories of availability

(1) Standby: Personnel will be on standby status each day. The beginning of the Standby period will be set by the CO and may be adjusted from day-to-day. Once Standby begins, the standby period will continue for nine (9) consecutive hours regardless of the payment status of the aircraft. During the Standby period, with the exception of the first 30 minute period to accommodate preflight, the personnel/aircraft shall be able to respond to a dispatch within 15 minutes unless an alternate response time is established by the CO.

(2) Extended Standby (that period over nine (9) hours per day per authorized crew member) is not intended to compensate the contractor on a one-to one basis for all hours necessary to service and maintain the aircraft, nor is it paid while crew is traveling to and from place of lodging. Extended standby must be specifically ORDERED and documented on the Flight Use Invoice by the Government and only in unusual circumstances will the Government compensate the Contractor for extended standby when the aircraft is not also available for immediate dispatch. Extended Standby is not applicable to double-flight crews. Extended Standby applies only to the awarded number of compensable personnel provided with each aircraft.

(3) Authorized Break. During the standby period, requirements may be modified by the CO to allow Contractor's personnel time off away from the assigned work location or to conduct routine maintenance. No deduction of availability will be made for such authorized breaks except when Contractor personnel fail to return to Standby upon request. The Contractor will provide the CO with information on how to contact Contractor personnel. Personnel will be allowed one (1) hour to return to standby status after the contact attempt is made. Failure to return to work within one (1) hour will result in loss of availability.

(4) Release-from-Duty. The Contractor's personnel may be released and be considered off duty prior to completion of their individual crew duty limitation period. Once released, the Contractor personnel are not required to return to Standby status the same day. Service shall be recorded as fully available provided the CO has approved release of the Contractor's personnel in advance.

(5) Additional maintenance days for scheduled maintenance. During the MAP, contractor may, with the approval of the CO, elect to use two (2) additional non-paid calendar days for the accomplishment of scheduled maintenance. These two (2) days need not be consecutive; however they will each be full calendar days. Contractor shall request approval from the CO at least 48 hours prior to the initiation of the additional scheduled maintenance days. Contractor will not be assessed unavailability for performance purposes paragraph C-27 (a).

C-27 UNAVAILABILITY

(a) The Contractor will be considered to be "Unavailable" whenever equipment or personnel are unable to perform or fail to perform the requirements of this Contract. Also the aircraft will be considered unavailable when the pilot, mechanic, or fuel servicing vehicle driver cannot perform because of duty limitations unless a relief crew is provided. Unavailability however, will not be assessed when pilot(s) has reached flight and/or duty limitations while performing under this Contract when the conditions in C-16 Flight and Duty Limitations occur.

(b) The Government may exercise its right to terminate for cause if there is unavailability in excess of three (3) full, consecutive calendar days (not to include the two (2) approved scheduled maintenance days) or occurrence of unavailability during ten (10) percent of the total days in the Availability Period.

(c) Unavailability status will continue until the deficiency is corrected. It is the Contractor's responsibility to inform the CO whenever the equipment or personnel become available. Inspection by the Government after a performance failure has occurred will be made as promptly as possible after the Contractor has given notice that the deficiency has been corrected. When Inspection reveals that the failure has been corrected, the Contractor will be considered in "Available" status from the time the Contractor gives notice to the Government that the deficiency has been corrected. The CO retains the right to require aircraft and personnel review and/or check flights at Contractor's expense.

(d) Periods of Unavailability will be accumulated for the day and posted on the Flight Use Invoice as actual clock unavailability.

C-28 PAYMENT PROCEDURES

(a) All flight time, daily availability and other authorized charges or deductions shall be recorded on a flight use invoice in Aviation Business System (ABS). At the end of each day data shall be entered and reviewed by the Government and the Contractor's Representative.

(b) Approved invoices will be packaged electronically for payment on a semi-monthly basis for submission through the ABS process and electronically forwarded to the contractor for review and approval. Corrections shall be returned electronically to the designated representative for resolution. Upon approval, the package will be electronically forwarded to the Albuquerque Service Center (ASC) for payment. Invoices accumulated during the first half of the month will be processed for payment about the 15th and those accumulated during the last half of the month will be processed about the 1st of the following month.

Go to http://www.fs.fed.us/business/abs "Getting Started" for instructions and more information

(c) Upon completion of the Availability Period or any extension thereof, final payment will not be made until all Government-furnished property has been returned and a Contract Release form (as applicable) has been completed. The final Flight Use Invoice payment will be accompanied by the completed Contract Release and Transfer of Property.

C-29 PAYMENT FOR FLIGHT

Flight Time Measurement

(a) Payment for flight time will be made only when flight is properly ordered by designated personnel. Payment will be made based upon the applicable rate specified in the Schedule of Items.

(b) Flight time will be measured in hours and tenths and will be made by a flight hour meter (Hobbs) that runs only when aircraft is in flight. In the event that the flight hour meter malfunctions during flight, the elapsed time method using clock time will be used.

(c) Flight (ferry) time of aircraft to an alternate location will be paid at the flight rate specified in the Schedule of Items.

RATING	DEFINITION	NOTE
Exceptional	Performance meets contractual requirements and exceeds many to the Government's benefit. The contractual performance of the element being assessed was accomplished with few minor problems for which corrective actions taken by the Contractor was highly effective.	To justify an Exceptional rating, identify multiple significant events and state how they were of benefit to the Government. A singular benefit, however, could be of such magnitude that it alone constitutes an Exceptional rating. Also there should have been NO significant weaknesses identified.
Very Good	Performance meets contractual requirements and exceeds some to the Government's benefit. The contractual performance of the element being assessed was accomplished with some minor problems for which corrective actions taken by the Contractor was effective.	To justify a Very Good rating, identify a significant event and state how it was a benefit to the Government. There should have been no significant weaknesses identified.
Satisfactory	Performance meets contractual requirements. The contractual performance of the element being assessed contains some minor problems for which corrective actions taken by the Contractor appear or were satisfactory.	To justify a Satisfactory rating, there should have been only minor problems, or major problems the contractor recovered from without impact to the contract. There should have been NO significant weaknesses identified.
Marginal	Performance does not meet some contractual requirements. The contractual performance of the element being assessed reflects a serious problem for which the Contractor has not yet identified corrective actions. The Contractor's proposed actions appear only marginally effective or were not fully implemented.	To justify Marginal performance, identify a significant event in each category that the Contractor has trouble overcoming and state how it impacted the Government. A Marginal rating should be supported by referencing the management tool that notified the Contractor of the contractual deficiency. (e.g. quality, schedule, business relations, management of key personnel, safety report or letter)
Unsatisfactory	Performance does not meet most contractual requirements and recovery is not likely in a timely manner. The contractual performance of the element contains a serious problem(s) for which the contractor's corrective actions appear or were ineffective.	To justify an Unsatisfactory rating, identify multiple significant events in each category that the Contractor had trouble overcoming and state how it impacted the Government. A singular problem, however, could be of such serious magnitude that it alone constitutes an unsatisfactory rating. An Unsatisfactory rating should be supported by referencing the management tools used to notify the contractor of the contractual deficiencies (e.g. management, quality, safety, etc.)

D-5 AVAILABILITY OF FUNDS (FAR 52.232-18) (APR 1984)

Funds are not presently available for this contract. The Government's obligation under this contract is contingent upon the availability of appropriated funds from which payment for contract purposes can be made. No legal liability on the part of the Government for any payment may arise until funds are made available to the Contracting Officer for this contract and until the Contractor receives notice of such availability, to be confirmed in writing by the Contracting Officer.

D-6 PROPERTY AND PERSONAL DAMAGE

(a) The Contractor shall use every precaution necessary to prevent damage to public and private property.

(b) The Contractor shall be responsible for all damage to property and to persons, including third parties that occur as a result of his or his agents or employee's fault or negligence. The term "third parties" is construed to include employees of the Government.

(c) The Contractor shall procure and maintain during the term of this contract, and any extension thereof, aircraft and General Public Liability Insurance in accordance with 14 CFR 205. The parties named insured under the policy or policies shall be the **CONTRACTOR** *and* **THE UNITED STATES OF AMERICA**.

(e) Policies containing exclusions for chemical damage or damage incidental to the use of equipment and supplies furnished under this contract, or growing out of direct performance of the contract, will not be acceptable. The chemical damage coverage may be limited to chemicals dispensed while performing firefighting activities.

(f) Prior to the commencement of work, the Contractor shall provide the CO with one copy of the insurance policy, or confirmation from the insurance company, certifying that the coverage described in this clause has been obtained.

CONTRACT CLAUSES

D-7 NOTICE OF CONTRACTOR PERFORMANCE ASSESSMENT REPORTING SYSTEM (JULY 2010)

(a) The US Forest Service has implemented the Contractor Performance Assessment Reporting System (CPARS) for reporting all past performance information. One or more past performance evaluations will be conducted in order to record your contract performance as required by FAR 42.15.

(b) The past performance evaluation process is a totally paperless process using CPARS. CPARS is a web-based system that allows for electronic processing of the performance evaluation report. Once the report is processed, it is available in the Past Performance Information Retrieval System (PPIRS) for Government use in evaluating past performance as part of a source selection action.

(c) We request that you furnish the Contracting Officer with the name, position title, phone number, and email address for each person designated to have access to your firm's past performance evaluation(s) for the contract no later than 60 days after award. Each person granted access will have the ability to provide comments in the Contractor portion of the report and state whether or not the Contractor agrees with the evaluation, before returning the report to the Assessing Official. The report information must be protected as source selection sensitive information not releasable to the public.

(d) When your Contractor Representative(s) (Past Performance Points of Contact) are registered in CPARS, they will receive an automatically-generated email with detailed login instructions. Further details, systems requirements, and training information for CPARS are available at http://www.cpars.csd.disa.mil/. The CPARS User Manual, registration for On Line Training for Contractor Representatives, and a practice application may be found at this site.

(e) Within 60 days after the end of a performance period, the Contracting Officer will complete an interim or final past performance evaluation and the report will be accessible at http://www.cpars.csd.disa.mil/. Contractor Representatives may then provide comments in response to the evaluation, or return the evaluation without comment.

Comments are limited to the space provided in Block 22. Your comments should focus on objective facts in the Assessing Official's narrative and should provide your views on the causes and ramifications of the assessed performance. In addition to the ratings and supporting narratives, blocks 1 – 17 should be reviewed for accuracy, as these include key fields that will be used by the Government to identify your firm in future source selection actions.

If you elect not to provide comments, please acknowledge receipt of the evaluation by indicating "No comment" in Block 22, and then signing and dating Block 23 of the form. Without a statement in Block 22, you will be unable to sign and submit the evaluation back to the Government. If you do not sign and submit the CPAR within 60 days, it will automatically be returned to the Government and will be annotated: "The report was delivered/received by the contractor on (date). The contractor neither signed nor offered comment in response to this assessment." Your response is due within 60 calendar days after receipt of the CPAR.

SECTION D
CONTRACT CLAUSES

(f) The following guidelines apply concerning your use of the past performance evaluation:

(1) Protect the evaluation as "source selection information." After review, transmit the evaluation by completing and submitting the form through CPARS. If for some reason you are unable to view and/or submit the form through CPARS, contact the Contracting Officer for instructions.

(2) Strictly control access to the evaluation within your organization. Ensure the evaluation is never released to persons or entities outside of your control.

(3) Prohibit the use of or reference to evaluation data for advertising, promotional material, pre-award surveys, responsibility determinations, production readiness reviews, or other similar purposes.

(g) If you wish to discuss a past performance evaluation, you should request a meeting in writing to the Contracting Officer no later than seven days following your receipt of the evaluation. The meeting will be held in person or via telephone or other means during your 60-day review period.

(h) A copy of the completed past performance evaluation will be available in CPARS for your viewing and for Government use supporting source selection actions after it has been finalized.

The Government may require continued performance of any services within the limits and at the rates specified in the contract. These rates may be adjusted only as a result of revisions to prevailing labor rates provided by the Secretary of Labor. The Contracting Officer may exercise the option by written notice to the Contractor within 20 Days.

SECTION D
CONTRACT CLAUSES

D-13 OPTION TO EXTEND THE TERM OF THE CONTRACT (FAR 52.217-9) (MAR 2000)

(a) The Government may extend the term of this contract by written notice to the Contractor within 30 days; provided that the Government gives the Contractor a preliminary written notice of its intent to extend at least 60 days before the contract expires. The preliminary notice does not commit the Government to an extension.

(b) If the Government exercises this option, the extended contract shall be considered to include this option clause.

(c) The total duration of this contract, including the exercise of any options under this clause, shall not exceed six (6) months.

D-14 ASSURANCE REGARDING FELONY CONVICTION OR TAX DELINQUENT STATUS FOR CORPORATE APPLICANTS (AGAR 452.209-71) (ALTERNATE 1) (FEB 2012)

(a) This award is subject to the provisions contained in the Consolidated Appropriations Act, 2012 (P.L. No. 112-74), Division E, Sections 433 and 434 regarding corporate felony convictions and corporate federal tax delinquencies. Accordingly, by accepting this award the contractor acknowledges that it –

(1) does not have a tax delinquency, meaning that it is not subject to any unpaid Federal tax liability that has been assessed, for which all judicial and administrative remedies have been exhausted or have lapsed, and that is not being paid in a timely manner pursuant to an agreement with the authority responsible for collecting the tax liability, and

(2) has not been convicted (or had an officer or agent acting on its behalf convicted) of a felony criminal violation under any Federal law within 24 months preceding the award, unless a suspending and debarring official of the United States Department of Agriculture has considered suspension or debarment of the awardee, or such officer or agent, based on these convictions and/or tax delinquencies and determined that suspension or debarment is not necessary to protect the interests of the Government.

(b) If the awardee fails to comply with these provisions, the Forest Service may terminate this contract for default and may recover any funds the awardee has received in violation of sections 433 or 434.

D-15 ECONOMIC PRICE ADJUSTMENT SPECIFIED FLIGHT RATE

(a) Entitlement to an Adjustment. During the contract period, including any renewal, the hourly flight rate may be adjusted as set forth herein to reflect increases and/or decreases in the cost of aviation fuel. The hourly flight rate will be adjusted upward whenever the Contractor notifies the CO in writing that the reference price is more than ten percent (10%) higher than the base price. The hourly flight rate will be adjusted downward whenever the CO notifies the Contractor in writing that the reference price is more than ten percent (10%) lower than the base price. The adjusted price shall apply to flight time occurring after receipt of said notice.

SECTION D

The reference price will be determined by the price of fuel supplied from the below airport. The reference price shall become the base price for any subsequent adjustment. Fuel price changes will be subject to review by the Government. Acceptance by the Government of a proposed price adjustment is subject to review and acceptance of the data submitted.

SCHEDULE A
SUPPLIES OR SERVICES AND PRICE

A.1 SCHEDULE OF ITEMS

This is a Basic Ordering Agreement (BOA) for fully operated and maintained light fixed wing aircraft services, on a Call-When-Needed (CWN) basis, for the air tactical group supervision mission in behalf of the Northern Rockies Region 1. Aircraft shall meet the requirements of this schedule and the specifications included herein. Offerors shall list each aircraft to be considered for award. Awards will not be made for aircraft not considered suitable for the Government's need, or at prices determined to be unreasonable.

It is the intent of this solicitation to award multiple Basic Ordering Agreements (BOA's). These

BOA's will be for a term of 48 months. **The Government will be re-soliciting every 24 months to allow for additional contractors the opportunity to be awarded an agreement. As a part of this process, we will request prices for the next 25 month interval for aircraft already on existing agreements.** Award of BOA's will be made to offerors proposing reasonable prices and submitting technically acceptable proposals. The Government will determine price reasonableness based on historical pricing.

Light Fixed Wing Inspections (carding) — Inspections may take place at the vendor's facility or host base or at a location agreed to with the Agency Maintenance Inspectors.

A.2 PROPOSED ADDITIONAL AIRCRAFT

Offeror(s) have the option to propose additional aircraft which may be added to this agreement at a later date. These aircraft need not be available or mission ready at the time of award. The following minimum information is needed:

(1) The make/model/year/tail number of the aircraft.

(2) The proposed flight rate(s) of the aircraft.

(3) The proposed daily availability rate(s) of the aircraft.

(4) Estimated date when resource will be mission ready.

These additional aircraft may be added at the discretion of the Regional Aviation Officer (RAO) and the Contracting Officer (CO) and only by modification of the original agreement. When proposing additional aircraft place an ***AA** after "item" on the aircraft proposal sheet.

Note: If continuance of this BOA is considered to be in the Government's best interest, the Government will notify Contractors 30 days prior to the annual renewal that they may revise pricing.

A.3 PROPOSED DAILY AVAILABILITY / AVAILABILITY REDUCTION

Offeror(s) shall propose a daily availability (AV) rate for each proposed aircraft using the table below.

While operating under this Agreement, the Contractor must immediately, and by the most expeditious means available, notify the appropriate agency Regional Aviation Safety Manager (RASM) when an "Aircraft Accident", NTSB reportable "Incident" or an "Incident with Potential" occurs.

(b) Forms Submission: Following an "Aircraft Accident" or when requested by the NTSB following the notification of a reportable "incident," the Contractor shall provide the USDA-FS with the information necessary to complete an NTSB Form 6120.1/2.

(1) The NTSB Form 6120.1/2 does not replace the Contractor's responsibility, within five (5) days of an event, to submit to the USDA-FS a "SAFECOM" to report any condition, observance, act, maintenance problem, or circumstance that has potential to cause an aviation-related mishap.

(2) Blank SAFECOMS and assistance in submitting SAFECOMS can be obtained from the USDA-FS. SAFECOMS may be submitted electronically at www.safecom.gov.

(c) Wreckage Preservation: The Contractor shall not permit removal or alteration of the aircraft, aircraft equipment, or records following an "Aircraft Accident", "Incident", or "Incident with Potential" which results in any damage to the aircraft or injury to personnel until authorized to do so by the CO. Exceptions are when threat-to-life or property exists; the aircraft is blocking an airport runway, etc. The CO shall be immediately notified when such actions take place.

Note: The NTSB's release of the wreckage does not constitute a release by the CO, who shall maintain control of the wreckage and related equipment until all investigations are complete.

SCHEDULE B
DESCRIPTIONS/SPECIFICATIONS

(d) Investigation: The Contractor shall maintain an accurate record of all aircraft accidents, incidents, aviation hazards and injuries to Contractor or Government personnel arising in the course of performance under this Agreement. Further, the Contractor fully agrees to cooperate with the USDA-FS during an investigation and make available personnel, personnel records, aircraft records, and any equipment, damaged or undamaged, deemed necessary by the USDA-FS. Following a mishap, the Contractor shall ensure that personnel (Pilot, mechanics, etc.) associated with the aircraft shall be readily available to the mishap investigation team.

When the Government places an order for services, if the Contractor elects to accept the order, either through written acknowledgement or commencement of performance, an agreement will thereby be established. This agreement will include all of the terms and conditions called out under this BOA.

B.26 POINT OF HIRE

Point of Hire shall be the Contractor’s Home Base as specified in Section A.6 or the location of aircraft at the time of hire.

B.27 ASSIGNED WORK LOCATION(S)

Itemized receipts must support claims for reimbursement and must be kept on file by the contractor and made available to the CO or COR upon request.

(d) When Contractor's aircraft is dispatched away from the home base, the Government will authorize payment for additional necessary and reasonable costs involved in transporting authorized relief crewmembers to and from work bases when approved in advance by the Contracting Officer. These costs are limited to the actual transportation of the individual; i.e., airplane tickets, car rentals, etc. Salary costs for the Contractor's employee(s) while in travel status is not a cost for which the Government will reimburse the Contractor.

B.31 DAILY AVAILABILITY REQUIREMENTS

(a) Equipment. The aircraft and related equipment is required to be available for a period of 14 hours each day beginning at the start of morning civil twilight unless otherwise specified by the government representative.

(b) Personnel. Personnel will be in one of the following categories of availability:

SCHEDULE B
DESCRIPTIONS/SPECIFICATIONS

(1) Standby (Duty Day). The beginning of the Standby (Duty Day) period will be set by the government representative and may be adjusted from day-to-day. Once Standby begins, the standby (Duty Day) period will continue for nine (9) consecutive hours regardless of the payment status of the aircraft. During the Standby (Duty Day) period, the personnel/aircraft shall be able to respond to a dispatch within 15 minutes unless an alternate response time is established by the government representative. Delays caused by local air traffic and other causes beyond the pilots control will not be considered part of the 15 minutes. This requirement does not apply when the aircraft is being relocated/ferried to a different working airbase.

(2) Extended Standby. (That period over nine (9) hours per day per authorized pilot) is not intended to compensate the Contractor on a one-to-one basis for all hours necessary to service and maintain the aircraft, nor is it paid while crew is traveling to and from place of lodging. Extended standby must be specifically ORDERED and documented on the Flight Use Report by the Government and only in unusual circumstances will the Government compensate the Contractor for extended standby when aircraft is not also available for immediate dispatch. Extended Standby is not applicable to double-flight crews.

(3) Authorized Break. During the standby period, requirements may be modified by the CO to allow Contractor's personnel time off away from the assigned work location or to conduct routine maintenance. No deduction of availability will be made for such authorized breaks except when Contractor personnel fail to return to Standby upon request. The Contractor will provide the CO with information on how to contact Contractor personnel. Personnel will be allowed one (1) hour to return to standby status after the contact attempt is made. Failure to return to work within one (1) hour will result in loss of availability.

(4) Release-from-Duty. The Contractor's personnel may be released and be considered off duty prior to completion of their individual crew duty limitation period. Once released, the Contractor personnel are not required to return to Standby status the same day. Service shall be recorded as fully available provided the CO has.

B.32 UNAVAILABILITY

(a) The Contractor will be considered "Unavailable" whenever equipment or personnel are unable to perform or fail to perform the requirements of this Contract. Unavailability however, will not be assessed when the pilot(s) has/have reached flight and/or duty limitations while performing under this Contract when the conditions in B.15 Flight and Duty Limitations occur.

(b) Unavailability status will continue until the deficiency is corrected. It is the Contractor's responsibility to inform the CO whenever the equipment or personnel become available. Inspection by the Government after a performance failure has occurred will be made as promptly as possible after the Contractor has given notice that the deficiency has been corrected. When Inspection reveals that the failure has been corrected, the Contractor will be considered in "Available" status from the time the Contractor gives notice to the Government that the deficiency has been corrected.

(c) Periods of Unavailability will be accumulated for the day and posted on the Flight Use Invoice as actual clock unavailability.

SCHEDULE B
DESCRIPTIONS/SPECIFICATIONS

B.33 PAYMENT PROCEDURES

(a) All Flight Use Reports will be electronically packaged and submitted through the Aviation Business System (ABS) for payment processing. Payments will still be made semi-monthly for services approved. The Flight Use Reports will be "packaged/bundled" every two (2) weeks and sent to the vendor electronically for approval for submission through the ABS system and electronically forwarded to the Albuquerque Service Center (ASC) for payment. The Flight Use Reports processed during the first half of the month will be processed for payment about the 15th and those accumulated during the last half of the month will be processed about the 1st of the following month.

(b) Submission of receipts will not be required for reimbursement purposes, however the contractor will provide verification if requested by the CO.

B.34 PAYMENT FOR AVAILABILITY

(a) Availability will be paid at the applicable rate specified in the Schedule of Items only when Contractor's equipment and personnel meet the Daily Availability Requirements and are recorded in ABS.

(b) Availability for aircraft will be ordered, measured, and recorded each day.

(c) Payment for availability will not commence until the aircraft and flight crew arrive at the Assigned Work Location and are available for standby. On the first day, if an aircraft arrives at the Assigned Work Location at or before 1200 hours (noon local time) a full day of availability will be paid. Aircraft arriving after 1200 hours (noon local time), will be paid for a half-day of Availability. For purposes of this clause, on the first and last day, duty time will be computed based on time zone at point of departure.

(d) On the last day at the Assigned Work Location, aircraft released from the Assigned Work Location at or before 1200 hours (noon local time) will be paid one half-day of Availability. Aircraft released after 1200 hours (noon local time) will be paid for a full day of Availability.

(e) No more than one day of Availability may be earned in a calendar day (0001 to 2400).

(f) The awarded daily availability rate shall include all fixed and variable costs (depreciation, salaries, travel costs to and from lodging, overhead, permanent shop facilities, etc.) incurred in providing continuous service exclusive of those costs directly attributed to actual flight.

B.35 PAYMENT FOR FLIGHT—FLIGHT TIME MEASUREMENT

(a) Payment for flight time will be made only when flight is properly ordered by designated personnel. Payment will be made proportionately based upon the applicable unit price per hour as stated in the Schedule of Items. Unless otherwise agreed upon, ordered flights will originate and/or terminate at the Home Base specified in the Schedule of Items.

(b) No flight time shall be paid for loading, unloading, refueling, or warm-up operations. A flight hour meter as specified in B.4 STANDARD EQUIPMENT will be used to measure flight time in hours and tenths. Each flight leg total will be entered on the payment invoice and multiplied by the offered price per hour as stated in the Schedule of Items. In the event that the flight hour meter malfunctions during flight, clock time may also be used. Clock time will begin at the start of the takeoff roll and end when the aircraft comes to rest at the parking or unloading area. Flight time will be entered in ABS (Flight Use Report).

RATING	DEFINITION	NOTE
Exceptional	Performance meets contractual requirements and exceeds many to the Government's benefit. The contractual performance of the element being assessed was accomplished with few minor problems for which corrective actions taken by the Contractor was highly effective.	To justify an Exceptional rating, identify multiple significant events and state how they were of benefit to the Government. A singular benefit, however, could be of such magnitude that it alone constitutes an Exceptional rating. Also there should have been NO significant weaknesses identified.
Very Good	Performance meets contractual requirements and exceeds some to the Government's benefit. The contractual performance of the element being assessed was accomplished with some minor problems for which corrective actions taken by the Contractor was effective.	To justify a Very Good rating, identify a significant event and state how it was a benefit to the Government. There should have been no significant weaknesses identified.
Satisfactory	Performance meets contractual requirements. The contractual performance of the element being assessed contains some minor problems for which corrective actions taken by the Contractor appear or were satisfactory.	To justify a Satisfactory rating, there should have been only minor problems, or major problems the contractor recovered from without impact to the contract. There should have been NO significant weaknesses identified.
Marginal	Performance does not meet some contractual requirements. The contractual performance of the element being assessed reflects a serious problem for which the Contractor has not yet identified corrective actions. The Contractor's proposed actions appear only marginally effective or were not fully implemented.	To justify Marginal performance, identify a significant event in each category that the Contractor has trouble overcoming and state how it impacted the Government. A Marginal rating should be supported by referencing the management tool that notified the Contractor of the contractual deficiency. (e.g. quality, schedule, business relations, management of key personnel, safety report or letter)
Unsatisfactory	Performance does not meet most contractual requirements and recovery is not likely in a timely manner. The contractual performance of the element contains a serious problem(s) for which the contractor's corrective actions appear or were ineffective.	To justify an Unsatisfactory rating, identify multiple significant events in each category that the Contractor had trouble overcoming and state how it impacted the Government. A singular problem, however, could be of such serious magnitude that it alone constitutes an unsatisfactory rating. An Unsatisfactory rating should be supported by referencing the management tools used to notify the contractor of the contractual deficiencies (e.g. management, quality, safety, etc.)

Attachment 10 – INFECTIOUS DISEASE MITIGATION PROCEDURES

1. Infectious Disease Actions and Mitigations

a) Each contractor and their personnel shall adhere to applicable portions of CDC, FAA, aircraft manufacturer recommendations in addressing actions and mitigations related to infectious diseases. The Forest Service requires that companies review and update their personal protection policies and communicate and train employees on all aspects of the plan. This includes the following measures to protect themselves and others:

i) Practice routine hand washing. Wash hands often with soap and water for at least 20 seconds, particularly after assisting anyone sick or touching potentially contaminated body fluids or surfaces; after coughing, sneezing, or blowing your nose; after using the restroom.

ii) Use alcohol-based hand sanitizer (containing at least 60% alcohol) if soap and water are not available. Contractors should consider providing alcohol-based hand sanitizer to crews for their personal use.

iii) If an employee becomes sick or has had a high-risk exposure to infectious diseases (COVID-19, Flu, H1N1, SARS, MERS, Etc.) immediately report those situations to the Contracting Officer Representative (COR) and Contracting Officer assigned to your USDA Forest Service contract.

b) To reduce the risk of transfer of virus from an infected person to others via surfaces or inanimate objects on the aircraft, aircraft operators and ground handling personnel shall develop and implement a plan to disinfect aircraft prior to inspection, and during use. This plan should also include disinfecting after carrying an infected person. The plan needs to take into account the unusual features of the aircraft and cabin area. Considering that it may be difficult to identify an aircraft carrying an infected person, the focus should be on the assumption that all aircraft are periodically occupied by infected persons and therefore require routine and frequent disinfection in accordance with the contractor’s plan. Submit your plan to the CO within 10 days of implementation of this modification.

Information Retrieval System (PPIRS) for Government use in evaluating past performance as part of a source selection action.

(c) We request that you furnish the Contracting Officer with the name, position title, phone number, and email address for each person designated to have access to your firm's past performance evaluation(s) for the contract no later than 60 days after award. Each person granted access will have the ability to provide comments in the Contractor portion of the report and state whether or not the Contractor agrees with the evaluation, before returning the report to the Assessing Official. The report information must be protected as source selection sensitive information not releasable to the public.

(d) When your Contractor Representative(s) (Past Performance Points of Contact) are registered in CPARS, they will receive an automatically-generated email with detailed login instructions. Further details, systems requirements, and training information for CPARS are available at http://www.cpars.csd.disa.mil/. The CPARS User Manual, registration for On Line Training for Contractor Representatives, and a practice application may be found at this site.

(e) Within 60 days after the end of a performance period, the Contracting Officer will complete an interim or final past performance evaluation and the report will be accessible at http://www.cpars.csd.disa.mil/. Contractor Representatives may then provide comments in response to the evaluation, or return the evaluation without comment.

Comments are limited to the space provided in Block 22. Your comments should focus on objective facts in the Assessing Official's narrative and should provide your views on the causes and ramifications of the assessed performance. In addition to the ratings and supporting narratives, blocks 1 – 17 should be reviewed for accuracy, as these include key fields that will be used by the Government to identify your firm in future source selection actions.

If you elect not to provide comments, please acknowledge receipt of the evaluation by indicating "No comment" in Block 22, and then signing and dating Block 23 of the form. Without a statement in Block 22, you will be unable to sign and submit the evaluation back to the Government. If you do not sign and submit the CPAR within 60 days, it will automatically be returned to the Government and will be annotated: "The report was delivered/received by the contractor on (date). The contractor neither signed nor offered comment in response to this assessment." Your response is due within 60 calendar days after receipt of the CPAR.

(f) The following guidelines apply concerning your use of the past performance evaluation:

(1) Protect the evaluation as "source selection information." After review, transmit the evaluation by completing and submitting the form through CPARS. If for some reason you are unable to view and/or submit the form through CPARS, contact the Contracting Officer for instructions.

(2) Strictly control access to the evaluation within your organization. Ensure the evaluation is never released to persons or entities outside of your control.

(3) Prohibit the use of or reference to evaluation data for advertising, promotional material, pre-award surveys, responsibility determinations, production readiness reviews, or other similar purposes.

SECTION D
CONTRACT CLAUSES

(o) Any Lien or other defect in the title to the Borrower's ownership of the Aircraft shall be created, arise or otherwise come into existence at any time during which the Loan is outstanding, except as permitted hereby or by any other Loan Document and Borrower fails to have such lien or other default in title removed within thirty (30) days of notice thereof.

7.02 Remedies. If any Event of Default shall occur, Lender may, at its option and without notice to Borrower, withhold further extensions of credit to Borrower. Upon the occurrence of any one or more of the Events of Default, at the Lender's option, all obligations on the Lender's part to make the Loan, or to make any further disbursements hereunder shall cease and terminate, and the Loan and all sums then or thereafter due under any and all of the Loan Documents shall thereupon become immediately due and payable. Without limitation of the foregoing, upon the occurrence of an Event of Default described in subsections (e) or (f) of Section 7.01, the Lender's obligation to make advances under the Loan shall automatically terminate and the Loan and all other Obligations of the Borrower hereunder and under the other Loan Documents shall immediately and automatically become due and payable, without presentment, demand, protest, notice of protest, declaration or notice of acceleration or intention to accelerate, and the Borrower hereby expressly waives any such notice or demand, anything contained herein or in any other Loan Document to the contrary notwithstanding. Upon the occurrence of an Event of Default, Lender may (a) set off the amounts due Lender under the Loan Documents against any and all accounts, credits, money, securities or other property of Borrower now or hereafter on deposit with, held by or in the possession of Lender to the credit or for the account of Borrower, without notice to or the consent of Borrower and (b) bring suit against Borrower or Guarantor to collect the Obligations and enforce any or all of its rights hereunder or under any other Loan Documents, or at law or in equity.

7.03 Performance and Protective Advances by Lender. During the continuation of an Event of Default, the Lender, at its sole option and in its sole discretion, may perform or cause to be performed the same and in so doing may expend such sums as the Lender may deem necessary or advisable in the performance thereof, including, without limitation, the payment of any insurance premiums, the payment of any taxes, a payment to obtain a release of a Lien or to prevent the imposition of a Lien, expenditures made in defending against any adverse claim and all other expenditures which the Lender may make for the protection of the security under the Loan Documents or the value of any Collateral, or which it may be compelled to make by operation of law, whether or not Lender has exercised any of its remedies under the Loan Documents. All such sums and amounts so expended shall be considered an advance and shall be repayable by the Borrower upon demand, shall constitute additional Obligations hereunder and under the other Loan Documents and shall be secured by the Collateral. The Lender shall promptly notify the Borrower of any amounts so expended. No such performance of any covenant or agreement by the Lender on behalf of the Borrower, and no such advance or expenditure therefor, shall relieve the Borrower of any default under the terms of this Agreement or any other Loan Document. The Lender may make any payment hereby authorized in accordance with any bill, statement or estimate procured from the appropriate public office or holder of the claim to be discharged without inquiry into the accuracy of such bill, statement or estimate or into the validity of any tax assessment, sale, forfeiture, tax lien, title or claim except to the extent the Borrower has provided written notice to the Lender that such payment is being contested in good faith by the Borrower in accordance with the terms of this Agreement.

8.03 Preservation of Rights. No delay or failure on the part of the Lender or any holder of the Note in the exercise of any right, power or privilege granted under this Agreement, under any other Loan Document, or available at law or in equity, shall impair any such right, power or privilege or be construed as a waiver of any Event of Default or any acquiescence therein. No single or partial exercise of any such right, power or privilege shall preclude the further exercise of such right, power or privilege. No waiver shall be valid against the Lender unless made in writing and signed by the Lender, and then only to the extent expressly specified therein.

8.04 Survival of Representations and Warranties. All representations and warranties contained herein or made by or furnished on behalf of the Borrower in connection herewith shall survive the execution and delivery of this Agreement and all other Loan Documents.

8.05 Descriptive Headings. The descriptive headings of the several sections of this Agreement are inserted for convenience only and do not constitute a part of this Agreement.

8.06 Severability. If any part of any provision contained in this Agreement or in any other Loan Document shall be invalid or unenforceable under applicable law, said part shall be ineffective only to the extent and for the duration of such invalidity, without in any way affecting the remaining parts of said provision or the remaining provisions.

8.07 Counterparts. Delivery of an executed counterpart of a signature page to this Agreement by facsimile transmission or electronically in ".pdf." format shall be effective as delivery of a manually executed counterpart. Any party so executing this Agreement by facsimile transmission or electronically in ".pdf" format shall promptly deliver a manually executed counterpart, provided that any failure to do so shall not affect the validity of the counterpart executed by facsimile transmission.

8.08 Successors and Assigns. This Agreement shall bind and inure to the benefit of the Borrower and the Lender, and their respective successors and assigns; provided, however, that the Borrower shall not have the right to assign its rights or obligations hereunder to any Person without the prior written consent of Lender, to be given or withheld in its sole and absolute discretion. Notwithstanding anything in this Agreement to the contrary, the Lender shall have the right, but shall not be obligated, (i) to assign and/or sell any or all interests under this Agreement and the Obligations to any other Person, including without limitation Lender's Affiliates, and (ii) to sell any or all participations in this Agreement and all or any part of the Obligations to Lender's Affiliates, other banks, financial institutions, or investors. Borrower consents to Lender disclosing any and all information about the Obligations and the Borrower to any proposed purchaser, assignee or participant in connection with the provisions of this Section.

8.09 Cumulative Remedies. The rights, powers, and remedies of the Lender provided herein or in any other Loan Document are cumulative and not exclusive of any right, power, or remedy provided by law or equity.

8.10 Indemnity. Borrower shall indemnify, defend and hold Lender, and its respective officers, directors, employees, and agents (each an "Indemnified Party"), harmless from and against all claims, injury, damage, expenses, loss, costs (including attorneys' fees and costs) and liability of any and every kind (a "Loss") resulting from, arising out of or in any way relating to
(i) the ownership, operation or maintenance of the Aircraft; (ii) any removal or any other action in compliance with Environmental Laws; (iii) any action or inaction by, or matter which is the responsibility of, Borrower or any Guarantor; and (iv) the breach of any representation or warranty or failure to fulfill Borrower's or any Guarantor's obligations under this Agreement or any of the other Loan Documents. Notwithstanding the foregoing, such indemnity shall not apply to any Loss to the extent arising from the gross negligence, fraud or willful misconduct of an Indemnified Party as finally determined by a court of competent jurisdiction. The foregoing indemnification shall survive the payment in full of the Obligations and termination of all of the Loan Documents.

8.11 Amendments; Consents. No amendment, modification, supplement, termination, or waiver of any provision of this Agreement or any other Loan Document, and no consent to any departure by the Borrower therefrom, may in any event be effective unless in writing signed by the Lender and the other parties thereto, and then only in the specific instance and for the specific purpose given.

8.12 Set-Off. Upon the occurrence and during the continuation of an Event of Default, the Borrower authorizes the Lender, without notice or demand, to apply any Indebtedness due or to become due to the Borrower from the Lender in satisfaction of any of the Obligations, including, without limitation, the right to set off against any deposits or other funds constituting Collateral and held by the Lender or Lender's Affiliates.

8.13 Expenses. Borrower agrees to pay or cause to be paid and to save the Lender harmless against liability and reimburse the Lender for the payment of all costs and expenses (including reasonable attorneys' fees) whatsoever paid or incurred by the Lender in connection with or arising from the Loan and the transactions contemplated by this Agreement and the other Loan Documents at any time, all of which the Lender is authorized to advance from the Loan or deduct from the proceeds of any disbursement of all or any portion of the Loan.

8.14 Right of Setoff. In addition to any rights now or hereafter granted under applicable law and not by way of limitation of any such rights, the Lender shall have the right, at any time or from time to time upon the occurrence and during the continuance of an Event of Default, without prior notice to the Borrower, any such notice being expressly waived by the Borrower to the extent permitted by applicable law, to set off and apply against all deposits (general or special, time or demand, provisional or final) of the Borrower at any time held or other obligations at any time owing by the Lender to or for the credit or the account of the Borrower against any and all Obligations held by the Lender, irrespective of whether the Lender shall have made demand hereunder and although such Obligations may be unmatured. The Lender agrees promptly to notify the Borrower after any such set-off and any application made by the Lender; provided, that the failure to give such notice shall not affect the validity of such set-off and application.

8.15 Limitation of Liability. To the fullest extent permitted by law, no claim may be made by Borrower, any Guarantor or any other Person against the Lender or any Affiliate, director, officer, employee, attorney or agent of the Lender for any special, incidental, consequential or punitive damages in respect of any claim arising from or relating to this Agreement or any other Loan Document or any other agreement or instrument contemplated hereby or thereby or the transactions contemplated hereby, the Loan, or the use of the proceeds thereof.

8.16 Usury. It is the intent of the parties hereto not to violate any applicable federal, state or other law, rule or regulation pertaining either to usury or to the contracting for or charging or collecting of interest. The Borrower and the Lender agree that, should any provision of this Agreement or of the Note, or any act performed hereunder or thereunder, violate any such law, rule or regulation, then the excess of interest contracted for or charged or collected over the maximum lawful rate of interest shall be applied to repay the Obligations as determined by Lender.

8.17 Jurisdiction and Venue. The Borrower agrees, without power of revocation, that any civil suit or action brought against it as a result of any of its obligations under this Agreement or under any other Loan Document may be brought against it either in the Superior Courts of New Hanover County, North Carolina, or in any of the United States District Courts within the State of North Carolina, and the Borrower hereby irrevocably submits to the jurisdiction of such courts and irrevocably waives, to the fullest extent permitted by law, any objections that it may now or hereafter have to the laying of the venue of such civil suit or action and any claim that such civil suit or action has been brought in an inconvenient forum, and the Borrower agrees that final judgment in any such civil suit or action shall be conclusive and binding upon it and shall be enforceable against it by suit upon such judgment in any court of competent jurisdiction.

8.18 Construction. Should any provision of this Agreement require judicial interpretation, the parties hereto agree that the court interpreting or construing the same shall not apply a presumption that the terms hereof shall be more strictly construed against one party by reason of the rule of construction that a document is to be more strictly construed against the party that itself or through its agents prepared the same, it being agreed that the Borrower and the Lender and their respective agents have participated in the preparation hereof.

8.19 Entire Agreement. This Agreement and the other Loan Documents, together with any exhibits and schedules attached hereto and thereto, constitute the entire understanding of the parties with respect to the subject matter hereof, and any other prior or contemporaneous agreements, whether written or oral, with respect thereto are expressly superseded hereby. The execution of this Agreement and the other Loan Documents by the Project Parties was not based upon any facts or materials provided by the Lender, nor was the Borrower or any Guarantor induced to execute this Agreement or any other Loan Document by any representation, statement or analysis made by the Lender.

3.2 Borrower has the power and authority as a limited liability company and is duly authorized to execute and deliver this Agreement to Lender and is and will continue to have the power and authority and be duly authorized to borrow and repay monies hereunder and to execute and deliver to Lender the Note, the other Loan Documents and the other Transaction Documents and to perform its respective obligations thereunder.

3.3 The execution and delivery to Lender of this Agreement, the other Loan Documents, and the other Transaction Documents and the performance by Borrower of its obligations hereunder and thereunder, are within its power as a limited liability company, have been duly authorized by proper organizational action on the part of Borrower, are not in violation of and will not create a conflict or breach of any existing law, rule or regulation of any governmental agency or authority, any order or decision of any court, the organizational documents of Borrower, or the terms of any agreement, restriction or undertaking to which Borrower is a party or by which it is bound, and other than the registration of the Aircraft Mortgages, do not require the approval or consent of any governmental body, agency or authority or any other person or entity. The Transaction Documents to which it is a party, when executed and delivered by the Borrower, will constitute the legal, valid and binding obligations of Borrower enforceable in accordance with their terms, except as limited by bankruptcy, insolvency or similar laws of general application affecting the enforcement of creditor's rights.

3.4 There is no legal or regulatory proceeding or investigation pending or, to the knowledge of Borrower, threatened (or any basis therefor) against Borrower or any of the Aircraft, which, when and however decided, could reasonably be expected to have a Material Adverse Effect. Except with respect to any matters that, individually or in the aggregate, would not reasonably be expected to result in a Material Adverse Effect, the Borrower is currently in compliance with all applicable statutes, regulations and orders of, and all applicable restrictions imposed by, all governmental authorities, including the FAA, in respect of the conduct of its business and ownership of its property.

3.5 Borrower is not a party to or bound by any agreement, instrument or undertaking, or subject to any other restriction (a) which materially and adversely affects the property (including each Aircraft), financial condition or business operations of Borrower, or (b) under or pursuant to which Borrower is or will be required to place (or under which any other person may place) a lien upon any of its properties securing indebtedness either upon demand or upon the happening of a condition, with or without such demand.

3.6 On and after the Closing Date, the Borrower is and will continue to be the owner of each of the Aircraft, and said ownership is not and will not be subject to any mortgage, charge, encumbrance, lien or claim for lien of any kind or nature whatsoever except for the Aircraft Mortgage to Lender and Permitted Liens (as defined in the respective Aircraft Mortgage). The Borrower and the Guarantors have good title to each of the properties and assets reflected on the financial statements delivered under this Agreement from time to time, including, without limitation, the Collateral. The obligations of the Borrower hereunder are secured by valid, perfected, first-priority Liens (subject to Permitted Liens) in favor of the Lender, covering and encumbering all "Collateral" granted or purported to be granted by each of the Collateral Documents, in each case, to the extent perfection has occurred by the recording of the applicable Aircraft Mortgages with the FAA, the filing of a UCC financing statement or by continued possession or control.

3.7 The Borrower possesses all necessary certificates, franchises, licenses, permits, rights, designations, authorizations, exemptions, concessions, frequencies and consents which are necessary for the operation of the Aircraft owned by it and the conduct of its business and operations. The Borrower and the Guarantors have complied with all applicable statutes, rules, regulations, orders and restrictions of any domestic or foreign government or any instrumentality or agency thereof having jurisdiction over the conduct of their respective businesses or the ownership of their respective property, except where the failure to comply could not reasonably be expected to have a Material Adverse Effect.

3.8 The Borrower maintains with financially sound and reputable insurance companies insurance on all of its property in such amounts, subject to such deductibles and covering such properties and risks as is required under the Aircraft Mortgages with respect to the Aircraft and other Collateral thereunder.

3.9 The audited and unaudited financial statements furnished to Lender in accordance with Sections 6.4, 6.5 and 6.6, (a) have been prepared in accordance with GAAP on a consistent basis (except for the absence of footnotes and subject to year-end audit adjustments as to the interim statements) and (b) fairly present in all material respects the financial condition of the Borrower and the Guarantors as at such dates and the results of its operations and changes in financial position for the respective periods then ended.

3.10 [Reserved].

3.11 Neither the Borrower nor any Guarantor is, or after the making of the Loan will be, registered or required to be registered as an "investment company" or a company "controlled" by an "investment company" under the Investment Company Act of 1940, as amended. Neither the making of any Loan, nor the application of the proceeds or payment of the obligations in respect thereof by the Borrower, nor the consummation of the other transactions contemplated by the Loan Documents, will violate any provision of such Act or any rule, regulation or order of the Securities & Exchange Commission thereunder.

3.12 Each of the Borrower and the Guarantor, has filed all United States federal income tax returns and all other material tax returns that are required to be filed and has paid all taxes due pursuant to said returns or pursuant to any assessment received by the Borrower or any Guarantor, except such taxes, if any, as are being contested in good faith, as to which adequate reserves have been provided in accordance with GAAP and as to which no Lien exists. No tax Liens have been filed and no material claims are being asserted with respect to any such taxes. The charges, accruals and reserves on the books of the Borrower and the Guarantors in respect of any taxes or other governmental charges are adequate in accordance with GAAP. Neither the Borrower nor any Guarantor has participated in any transaction that relates to a year of the taxpayer (which is still open under the applicable statute of limitations) that is a "reportable transaction" within the meaning of Treasury Regulation § 1.6011-4(b)(2) (irrespective of the date when the transaction was entered into).

3.13 The Borrower has no subsidiaries.

3.14 (a) No information, exhibit or report furnished by the Borrower or any Guarantor to Lender in connection with the negotiation of, or compliance with, the Transaction Documents, including without limitation the financial statements delivered pursuant to Sections 6.4, 6.5 or 6.6, contained any material misstatement of fact or omitted to state a material fact or any fact necessary to make the statements therein not misleading in light of the circumstances when made. Each Aircraft Purchase Agreement delivered pursuant to Section 5 embodies, in all material respects, the entire agreement and understanding between the parties thereto with respect to the matters therein and (b) as of the Closing Date, the information included in any Beneficial Ownership Certification is true and correct in all respects.

3.15 No Event of Default exists or would result from the incurrence by the Borrower of any indebtedness hereunder or under any other Loan Document.

3.16 The Borrower and each Guarantor are in compliance, in all material respects, with the U.S.A. Patriot Act. No part of the proceeds of the advances of the Loan will be used by Borrower for any purpose other than related to the reimbursement of a portion of the purchase price paid by the Borrower to consummate the acquisition of each of the Aircraft.

3.17 Neither the Borrower nor any Guarantor (a) is a person whose property or interest in property is blocked or subject to blocking pursuant to Section 1 of Executive Order 13224 of September 23, 2001 Blocking Property and Prohibiting Transactions With Persons Who Commit, Threaten to Commit, or Support Terrorism (66 Fed. Reg. 49079 (2001)), (b) to the knowledge of any officer engages in any dealings or transactions prohibited by Section 2 of such executive order, or is otherwise, to the knowledge of any officer, associated with any such person in any manner violating Section 2, or (c) is a person on the list of "Specially Designated Nationals and Blocked Persons" or subject to the limitations or prohibitions under any other U.S. Department of Treasury's Office of Foreign Assets Control regulation or executive order.

3.18 The Borrower, each Guarantor and their respective officers and employees and to the knowledge of the Borrower, its directors and agents, are in compliance with Anti-Corruption Laws and applicable Sanctions in all material respects. Neither the Borrower nor any Guarantor nor any director, officer, employee, agent, or affiliate is an individual or entity that is, or is 50% or more owned (individually or in the aggregate, directly or indirectly) or controlled by individuals or entities (including any agency, political subdivision or instrumentality of any government) that are (a) the target of any Sanctions or (b) located, organized or resident in a country or territory that is, or whose government is, the subject of Sanctions (currently Crimea, Cuba, Iran, North Korea and Syria) (each, a "**Sanctioned Person**").

Borrower shall provide Lender with Borrower's own proposed calculation of Net Operating Income, certified by the manager of the Borrower, together with all relevant supporting detail required to determine the same. Lender may then perform Lender's own independent calculation of Net Operating Income.

6.14 Borrower shall provide notice to Lender, promptly and in any event within five (5) days after an officer of the Borrower obtains knowledge thereof, of: (a) any Default or Event of Default, (b) the commencement of any action or proceeding by or before any arbitrator or governmental authority affecting the Borrower or any Guarantor or affiliate thereof that seeks to prevent, enjoin, or delay the making of the Loan or is otherwise material, and (c) any other development, financial or otherwise, that would reasonably be expected to have a Material Adverse Effect. Each notice delivered under this Section 6.14 must be accompanied by a statement of an officer of the Borrower setting forth the details of the event or development requiring such notice and any action taken or proposed to be taken with respect thereto.

6.15 Borrower will not create, incur or suffer to exist any indebtedness, except: (a) indebtedness in favor of the Lender with respect to the obligations under this Agreement and the other Loan Documents, (b) intercompany indebtedness of the Borrower owed to Guarantor, so long as such indebtedness is subordinated to the obligations of the Borrower under this Agreement and the other Loan Documents, and (c) other indebtedness in an aggregate principal amount not to exceed the amount that would, at the time such indebtedness is incurred, cause the Borrower to be in violation of Sections 6.7, 6.8, 6.9 or 6.13, in each case, as determined on a *pro forma* basis after giving effect to the incurrence of such indebtedness.

6.16 Borrower will not lease, sell, transfer, or otherwise dispose of any portion of the Collateral to any other person, except for (a) sales of used, worn-out or surplus equipment, all in the ordinary course of business, (b) the sale of equipment (i) in exchange for credit against the purchase price of similar replacement equipment, or (ii) the proceeds of which are applied with reasonable promptness to the purchase price of similar replacement equipment, (c) and any disposition of property the fair market value of which, together with the fair market value of all other property disposed of pursuant to this Section 6.16 during the 12-month period ending with the month in which such disposition occurs, does not exceed an amount that would, at the time such property is sold, transferred or disposed of, cause the Borrower to be in violation of Sections 6.7, 6.8, 6.9 or 6.13, in each case, as determined on a *pro forma* basis after giving effect to the incurrence of such indebtedness.

6.17 Borrower will not make or suffer to exist any investments, or commitments therefor, or create or invest in any subsidiary or become or remain a partner in any partnership or joint venture, except for (a) investments in cash and cash equivalents, and (b) other investments (other than the creation of a subsidiary) in an aggregate amount not to exceed the amount that would, at the time any such investment is made, cause the Borrower to be in violation of Sections 6.7, 6.8, 6.9 or 6.13, in each case, as determined on a *pro forma* basis after giving effect to the making of such investment. Borrower agrees that it will not acquire or create any subsidiary without the prior written consent of the Lender and subject to delivery of such guaranties, security agreements and other applicable joinders and closing documents as shall be reasonably required by the Lender.

6.18 Borrower will not make any dividend, distribution, return on equity or prepayment on indebtedness during the continuation of any Event of Default, and otherwise only in an amount not to exceed the maximum amount that the Borrower could pay such that the Borrower is able demonstrate compliance with each of the covenants set forth in Sections 6.7, 6.8, 6.9 and 6.13, in each case as determined on a *pro forma* basis after giving effect to the making of such dividend, distribution or other payment.

6.19 Borrower will not enter into any transaction with, or make any payment or transfer to, any affiliate except in the ordinary course of business upon fair and reasonable terms no less favorable to the Borrower than the Borrower would obtain in a comparable arms-length transaction.

6.20 Borrower will not, and no Guarantor will be permitted, merge or consolidate with or into any other person, divide, or liquidate or dissolve; *provided* that notwithstanding anything in this Agreement or in any other Loan Document to the contrary, at any time that ElementCompany, Inc., a Delaware corporation ("**INC**") dissolves or otherwise ceases to exist, INC shall be released from all obligations under its Guaranty, and any requirement for INC to be a guarantor of Borrower's obligations under the Loan shall thereafter be deemed waived.

7.2 Acceleration; Remedies. If any Event of Default described in Section 7.1.6 or 7.1.7 occurs, the indebtedness and other obligations under this Agreement, the Note and the other Loan Documents shall immediately become due and payable without any action by Lender. If any other Event of Default occurs, the Lender may declare all indebtedness and all other obligations under this Agreement, the Note and the other Loan Documents to be due and payable, or both, whereupon such indebtedness and other obligations shall become immediately due and payable, without presentment, demand, protest or notice of any kind, all of which the Borrower hereby waives. Upon the occurrence and during the continuation of any Event of Default, Lender may exercise all rights and remedies under the Loan Documents and enforce all other rights and remedies under applicable law. The Lender may apply any amounts it receives on account of the Borrower's obligations under this Agreement and the other Loan Documents **in its sole discretion**.

7.3 Insurance Losses. If an Event of Default has occurred and is continuing, Lender may, at Lender's election, receive and retain the proceeds of any insurance and apply the proceeds to the reduction of the indebtedness and other obligation under this Agreement and the other Loan Documents, payment of any lien affecting the Collateral, or the restoration and repair of such Collateral. If Lender elects to apply the proceeds to restoration and repair, Borrower shall repair or replace the damaged or destroyed Collateral substantially to their condition immediately prior to such loss or damage, to the extent reasonably practicable. Lender shall, upon satisfactory proof of such expenditure, pay or reimburse Borrower from the proceeds for the reasonable cost of repair or restoration so long as no Event of Default is continuing. Any proceeds which have not been requested by the Borrower within 360 days after their receipt and which Lender has not committed to the repair or restoration of the Collateral shall be used first to pay any amount owing to Lender under this Agreement, the Note and the other Loan Documents, then to pay accrued and unpaid interest thereon, and the remainder, if any, shall be applied to the principal balance of all such obligations. If Lender holds any proceeds after payment in full of the obligations under this Agreement, the Note and the other Loan Documents, such proceeds shall be paid to the Borrower as Borrower's interests may appear.

7.4 Preservation of Rights. No delay or omission of Lender to exercise any right under the Loan Documents will impair such right or be construed to be a waiver of any Event of Default or an acquiescence therein, and any extension of credit notwithstanding an Event of Default or the inability of the Borrower to satisfy the conditions precedent to such extension of credit shall not constitute a waiver or acquiescence. Any single or partial exercise of any such right shall not preclude other or further exercise thereof or the exercise of any other right. All remedies in the Loan Documents or under applicable law afforded are cumulative and available to Lender until (a) all indebtedness and other obligations under this Agreement, the Note and the other Loan Documents have been irrevocably paid and performed in full.

8. Miscellaneous.

8.1 No more than one (1) total disbursements of the Loan shall be made and Lender shall not be required to fund any amounts after the Closing Date. Lender shall be entitled to inspect the Aircraft and related title and ownership records prior to any disbursement of the Loan and shall not be required to make a disbursement if such inspection or investigation discloses conditions which, in Lender's sole judgment, impairs Lender's collateral, until such conditions are corrected to the satisfaction of Lender.

8.2 The relationship of the parties under the Loan Documents is that of lender and borrower and no joint venture, partnership or relationship of any other kind is intended, or is to be construed, to have been created.

8.3 Borrower agrees that Lender may, at its option, sell to another financial institution or institutions interests in the Loan (including this Agreement, the Note, the Aircraft Mortgages and the other Loan Documents) and, in connection with each such sale and thereafter, disclose to a prospective purchaser of each such interest financial and other information concerning Borrower. Borrower further agrees that the Loan Documents are binding upon and inure to the benefit of the Borrower and the Lender and their respective successors and assigns, except that the Borrower may not assign its rights or obligations under the Loan Documents without the prior written consent of the Lender. This Agreement confers no right or benefit upon any person other than the parties to this Agreement and their permitted successors and assigns.

8.4 This Agreement shall be governed by and construed under the internal laws of the State of Montana.

8.5 The Loan Documents shall be interpreted and construed in accordance with and governed by the laws of the State of Montana, without regard to its law governing choice of law or conflict of law, except as otherwise provided. BORROWER AND LENDER EACH HEREBY CONSENT TO THE PERSONAL JURISDICTION OF THE STATE AND FEDERAL COURTS LOCATED IN THE STATE OF MONTANA IN CONNECTION WITH ANY CONTROVERSY INVOLVING OR RELATED TO ANY OF THE LOAN DOCUMENTS, WAIVE ANY ARGUMENT THAT VENUE IN SUCH FORUMS IS NOT CONVENIENT, AND AGREE THAT ANY LITIGATION INITIATED BY IT OR ON ITS BEHALF AGAINST THE LENDER IN CONNECTION WITH ANY OF THE LOAN DOCUMENTS SHALL BE VENUED IN EITHER OF THE DISTRICT COURT OF GALLATIN COUNTY, OR IN THE UNITED STATES DISTRICT COURT FOR THE DISTRICT OF MONTANA. In the event of a dispute regarding this Agreement, the Loan Documents or any Guaranty or the enforcement thereof, the prevailing party may be awarded reasonable fees and court costs by any court of competent jurisdiction, to be paid by the non-prevailing party.

8.6 BORROWER ACKNOWLEDGES THAT THE RIGHT TO TRIAL BY JURY IS A CONSTITUTIONAL ONE, BUT THAT IT MAY BE WAIVED AND THAT THE TIME AND EXPENSE REQUIRED FOR TRIAL BY A JURY MAY EXCEED THE TIME AND EXPENSE REQUIRED FOR TRIAL WITHOUT A JURY. BORROWER, AFTER CONSULTING (OR AFTER HAVING HAD THE OPPORTUNITY TO CONSULT) WITH COUNSEL OF BORROWER'S CHOICE, KNOWINGLY AND VOLUNTARILY, AND FOR THE MUTUAL BENEFIT OF LENDER AND BORROWER, WAIVES ANY RIGHT TO TRIAL BY JURY IN THE EVENT OF LITIGATION REGARDING THE PERFORMANCE OR ENFORCEMENT OF, OR IN ANY WAY RELATED TO THIS AGREEMENT OR ANY RELATED AGREEMENTS OR OBLIGATIONS HEREUNDER. BORROWER HAS READ ALL OF THIS AGREEMENT AND UNDERSTANDS ALL OF THE PROVISIONS OF THIS AGREEMENT. BORROWER ALSO AGREES THAT COMPLIANCE BY LENDER WITH THE EXPRESS PROVISIONS OF THIS AGREEMENT SHALL CONSTITUTE GOOD FAITH AND SHALL BE CONSIDERED REASONABLE FOR ALL PURPOSES.

8.7 Borrower agrees to defend, indemnify and hold harmless Lender, its directors, officers, employees and agents from and against any and all loss, cost, expense or liability (including reasonable attorneys' fees) incurred in connection with any and all claims or proceedings (whether brought by a private party or governmental agency) as a result of, or arising out of or relating to:

8.7.1 bodily injury, property damage, abatement or remediation, environmental damage or impairment or any other injury or damage resulting from or relating to any hazardous or toxic substance or contaminated material located on or migrating into, from or through property previously, now or hereafter owned or occupied by Borrower, which Lender may incur due to the making of the Loan, the exercise of any of its rights under this Agreement and the other Loan Documents, or otherwise;

8.7.2 any transaction financed or to be financed, in whole or in part, directly or indirectly, with the proceeds of any loan made by Lender to Borrower; or

8.7.3 the entering into and performance of this Agreement or any other document or instrument relating hereto by Lender.

This indemnity will survive foreclosure of any security interest or mortgage or conveyance in lieu of foreclosure and the repayment of the Note and the discharge and release of any Loan Documents.

8.8 Except in the case of notices and other communications expressly permitted to be given by telephone, all notices and other communications provided for herein must be in writing and must be delivered by hand or overnight courier service, or mailed by certified or registered mail as follows: (a) if to the Borrower, at Bridger Aviation Services, LLC – 250 Fillmore Street; Suite 150, Denver, Colorado 80206, Attention: James Muchmore, email: james@bridgeraerospace.com; and (b) if to the Lender, at Rocky Mountain Bank – 2901 West Main Street, Bozeman, Montana 59715, Attention: Bob Gieseke, email: Bgieseke@rmbank.com. Notices sent by hand or overnight courier service, or mailed by certified or registered mail, shall be deemed to have been given when received, except that notices to the Lender under Section 2 shall not be effective until actually received. Notwithstanding the foregoing, the Lender or any Loan Party may, in its discretion, agree to accept electronic

communications pursuant to procedures approved by it or as it otherwise determines. Email communications are deemed received upon the sender's receipt of an acknowledgement from the intended recipient (such as by the "return receipt requested" function, as available, return email or other written acknowledgement), or if not sent during the normal business hours of the recipient, at the opening of business on the next business day for the recipient. Any party hereto may change its address or email address above by notice to the other party hereto as provided in this Section 8.8.

8.9 Notwithstanding any provision to the contrary herein, no amendment, modification, or waiver of any provision of any Loan Document or consent to any departure therefrom is effective unless in writing and signed by the Lender, and then such amendment, modification, waiver, or consent is effective only in the specific instance and for the purpose for which given.

8.10 Borrower hereby grants Lender a security interest in all deposits, credits and deposit accounts (including all account balances, whether provisional or final and whether or not collected or available) of the Borrower with Lender or any affiliate of Lender to secure the Borrower's obligations hereunder and under the other Loan Documents. In addition to, and without limitation of, any rights of Lender under applicable law, if any Event of Default occurs, the Borrower authorizes Lender to offset and apply all such deposits and other amounts toward the payment of all such obligations, whether or not the obligations, or any part thereof, are then due and regardless of the existence or adequacy of any collateral, guaranty or any other security, right or remedy available to Lender.

8.11 If any payment by or on behalf of Borrower or any Guarantor paid to Lender, or Lender's exercise of its right of setoff, is subsequently invalidated, declared to be fraudulent or preferential, set aside or required (including pursuant to any settlement entered into by the Lender in its discretion) to be repaid to a trustee, receiver or any other party, the obligation originally intended to be satisfied shall be revived and continued in full force and effect as if such payment had not been made or such setoff had not occurred.

8.12 All covenants, agreements, representations and warranties made by the Borrower or any Guarantor in any Loan Document or pursuant thereto shall be considered to have been relied upon by Lender and shall survive the execution and delivery thereof and the funding of the Loan, regardless of any investigation made by or on behalf of Lender and notwithstanding that Lender may have had notice of any default at the time of the making of the Loan, and shall continue in full force and effect as long as any obligation of the Borrower or the Guarantors to Lender under the Loan Documents remains outstanding. Sections 6.12 and 8.7 shall survive and remain in full force and effect regardless of the making of the Loan, the payment of such obligations, or the termination of any Loan Document.

8.13 The Loan Documents embody the entire agreement and understanding between the Borrower and Lender and supersede all prior agreements and understandings between the Borrower and Lender relating to the subject matter thereof.

8.14 Any provision in any Loan Document that is held to be inoperative, unenforceable, or invalid in any jurisdiction shall, as to that jurisdiction, be inoperative, unenforceable, or invalid without affecting the remaining provisions in that jurisdiction or the operation, enforceability, or validity of that provision in any other jurisdiction, and to this end the provisions of all Loan Documents are severable. This Agreement may be executed in counterparts (and by different parties in different counterparts), each of which is an original, but all of which when taken together are a single contract. Delivery of an executed counterpart of a signature page of any Loan Document by electronic format (e.g., "pdf") is effective as delivery of a manually executed counterpart. The words "execution," "signed," "signature," and words of like import shall be deemed to include electronic signatures or the keeping of records in electronic form, each of which shall be of the same legal effect, validity or enforceability as a manually executed signature or the use of a paper-based recordkeeping system, as the case may be, to the extent and as provided for in any applicable law, including the Federal Electronic Signatures in Global and National Commerce Act, or any applicable state laws based on the Uniform Electronic Transactions Act ("**UETA**"). Lender may, on behalf of the Borrower, create a microfilm or optical disk or other electronic image of this Agreement and any or all of the Loan Documents. Lender may store each such electronic image in its electronic form and then destroy the paper original as part of Lender's normal business practices, with the electronic image deemed to be an original and of the same legal effect, validity, and enforceability as the paper original. The Lender is authorized, when appropriate, to convert any instrument into a "transferable record" under UETA, with the image of such instrument in the Lender's possession constituting an "authoritative copy" under UETA.

SECTION 3. COVENANTS OF THE GRANTOR

Section 3.1 Liens. The Grantor will not directly or indirectly create, incur, assume or suffer to exist any Lien on or with respect to the Collateral, title thereto or any interest therein except:

(a) the Lien of this Aircraft Mortgage and any other rights existing pursuant to the Operative Agreements;

(c) mechanics', material suppliers', workers', repairers', employees', air traffic control's, airport authority's or other like Liens arising by operation of law in the ordinary course of the Grantor's business for amounts that are not overdue for more than sixty (60) days or are being contested in good faith by appropriate proceedings, so long as such proceedings do not involve, any material risk of the sale, forfeiture or loss of any Airframe, Engine or Propeller, or any interest therein;

(d) Liens arising out of any judgment or award against the Grantor with respect to which an appeal or proceeding for review is being prosecuted in good faith, unless the judgment secured shall not, within sixty (60) days after the entry thereof, have been discharged, vacated, reversed or execution thereof stayed pending appeal or shall not have been discharged, vacated or reversed within sixty (60) days after the expiration of such stay;

(e) salvage or similar rights of insurers under policies required to be maintained by the Grantor under Section 3.5 hereof;

Section 3.2 Possession. The Grantor will not, without the prior written consent of the Secured Party, which consent will not be unreasonably withheld or delayed, lease or otherwise in any manner deliver, transfer or relinquish possession of any Airframe, any Engine or any Propeller or install any Engine, or any Propeller or permit any Engine or any Propeller to be installed on any airframe other than the Airframe; provided that so long as no Event of Default shall have occurred and be continuing, the Grantor may, without the prior written consent of the Secured Party:

(a) deliver possession of any Airframe, any Engine or any Propeller to the manufacturer thereof (or for delivery thereto) or to any Person (or for delivery thereto), for testing, service, repair, maintenance or overhaul work on the Airframe(s), Engine(s), or Propeller(s) or, to the extent required or permitted by the terms hereof, for alterations or modifications in or additions to the Airframe(s), Engine(s) or Propeller(s);

(b) install an Engine or Propeller on an airframe owned by the Grantor, leased to the Grantor, or owned or purchased by the Grantor subject to a conditional sale or other security agreement, provided that (a) such airframe is free and clear of all Liens, except (i) in the case of airframes leased to the Grantor or owned or purchased by the Grantor subject to a conditional sale or other security agreement, the rights of the parties to the lease or conditional sale agreement or other security agreement covering such airframe, or their respective assignees, and (ii) Permitted Liens, and (b) any such lease, conditional sale or other security agreement provides that such Engine or Propeller shall not become subject to the lien of such lease, conditional sale or other security agreement, notwithstanding the installation thereof on such airframe, and the inclusion in such agreement of a provision similar to the last paragraph of this Section 3.2 shall satisfy such requirement;

(c) subject any Airframe ,any Engine or any Propeller to the Civil Reserve Air Fleet Program and transfer possession of the Airframe, any Engine or any Propeller to the United States of America or any instrumentality or agency thereof pursuant to the Civil Reserve Air Fleet Program, so long as the Grantor shall (i) promptly notify the Secured Party upon subjecting the Airframe, any Engine or any Propeller to the Civil Reserve Air Fleet Program in any contract year and provide the Secured Party with the name and address of the Contracting Office Representative for the Air Mobility Command of the United States Air Force to whom notices must be given, and (ii) promptly notify the Secured Party upon transferring possession of any Airframe, any Engine or Propeller to the United States of America or any agency or instrumentality thereof pursuant to such program;

(d) transfer possession of any Airframe, any Engine or any Propeller to the United States of America or any instrumentality or agency thereof pursuant to a contract, a copy of which shall be provided to the Secured Party; or

(e) fly to or otherwise transport or transfer any Airframe, any Engine or any Propeller to any country or state government that is not a party to or otherwise bound by the terms of the Cape Town Convention.

Section 3.3 Registration and Maintenance; Re-registration; Operation; Replacement of Parts; Pooling of Parts; Alterations, Modifications and Additions.

(a) Registration. The Grantor shall cause (i) each Airframe to remain duly registered in the civil aircraft register of the FAA, (ii) this Aircraft Mortgage to be duly recorded and, at all times thereafter, to be maintained of record with the FAA (or such other register) as a first priority and perfected mortgage on each Airframe and each of the Engines and Propeller, and (iii) the International Interest in each Airframe and each Engine constituted by this Aircraft Mortgage to be duly registered on the International Registry as a first priority International Interest. Notwithstanding anything in this Section 3.3(a) to the contrary, the Grantor shall not be required to register any Airframe, or to record this Aircraft Mortgage or register the International Interest constituted hereby with respect to any Airframe, Engine or Propeller, that is, or shall hereafter become, Non-operational Equipment; provided, that not less than 30 days prior to initiating a request for cancellation of the registration of any such Airframe, Engine or Propeller the Grantor shall furnish to the Secured Party a certificate signed by a duly authorized officer of the Grantor (i) identifying such Airframe, Engine or Propeller and (ii) certifying that such Airframe, Engine or Propeller has been permanently removed from service. The Grantor shall give the Secured Party

notice within 90 days following the date any Airframe, Engine or becomes Non-operational Equipment. The Grantor covenants and agrees that it will not execute or deliver an FAA Irrevocable De-Registration and Export Request Authorization in favour of any Person other than the Secured Party and that upon a request from the Secured Party shall provide the same to Secured Party in its name (or the name of any designee) as authorized party with respect to each Aircraft.

(b) Maintenance. The Grantor, at its own cost and expense, shall maintain, service, repair, and overhaul (or cause to be maintained, serviced, repaired, and overhauled) each Airframe, Engine and Propeller so as to keep such Airframe, Engine and Propellerin as good an operating condition as when initially subjected to the Lien hereof and, in the case of an Airframe, in such condition as may be necessary to enable the airworthiness certification for the Airframe to be maintained in good standing at all times (other than temporary periods of storage in accordance with its approved maintenance and storage program or during maintenance, repair, overhaul or modification permitted hereunder). The Grantor shall maintain or cause to be maintained in the English language all records, logs and other materials required to be maintained in respect of each Airframe, Engine and Propeller by the FAA or the applicable regulatory agency or body of any other jurisdiction in which the Airframe may then be registered. The provisions of this Section 3.3(b) shall not apply to any Airframe, Engine or Propeller that is, or shall hereafter become, Non-operational Equipment.

(c) Operation. The Grantor will not cause or permit any Airframe, Engine or Propeller to be maintained, used, serviced, repaired, overhauled or operated in violation of any law, rule, regulation, treaty, or order of any government or governmental authority (domestic or foreign) having jurisdiction, or in violation of any airworthiness certificate, license or registration relating to the Airframe, such Engine or such Propeller issued by any such authority, except to the extent that the Grantor is contesting in good faith the validity or application of any such law, rule, regulation or order in any reasonable manner that does not adversely affect the first priority Lien of this Aircraft Mortgage and does not involve any material risk of sale, forfeiture or loss of any Airframe, Engine or Propeller. The Grantor will not cause or permit any Airframe, Engine or Propeller to be operated, located or flown in or to any war zone or any area of threatened or recognized hostility unless covered by war risk insurance in accordance with Section 3.5 or in any area excluded from coverage by any insurance required to be maintained by the terms of Section 3.5 (or any indemnity issued in lieu thereof); provided, however, that the failure of the Grantor to comply with the provisions of this sentence shall not give rise to an Event of Default where such failure is an extraordinary occurrence attributable to a hijacking, medical emergency, equipment malfunction, weather condition, navigational error or other similar event beyond the reasonable control of the Grantor.

(d) Replacement of Parts. The Grantor will promptly replace or cause to be replaced all Parts which may from time to time become worn out, lost, stolen, destroyed, seized, confiscated, damaged beyond repair or permanently rendered unfit for use for any reason whatsoever, except if the Airframe, an Engine or a Propeller to which a Part relates has suffered an Event of Loss. In addition, the Grantor may, at its own cost and expense, remove in the ordinary course of maintenance, service, repair, overhaul or testing, any Parts, whether or not worn out, lost, stolen, destroyed, seized, confiscated, damaged beyond repair or permanently rendered unfit for use, provided that the Grantor will, at its own cost and expense, replace such Parts as promptly as practicable. Except as otherwise provided in Section 3.3(e), all Parts at any time removed from any Airframe, Engine or Propeller shall remain the property of the Grantor subject to the Lien of

this Aircraft Mortgage, no matter where located, until such time as such Parts shall be replaced by parts which meet the requirements for replacement parts specified above. Upon any replacement part becoming incorporated or installed in or attached to an Airframe, Engine or Propeller, without further act (i) such replacement part shall become subject to the Lien of this Aircraft Mortgage and be deemed a Part for all purposes hereof to the same extent as the Parts originally incorporated or installed in or attached to such Airframe, such Engine or such Propeller and (ii) the replaced Part shall be free and clear of all rights of the Secured Party, and shall no longer be subject to the Lien of this Aircraft Mortgage or deemed a Part hereunder. Notwithstanding anything in this Section 3.3(d) to the contrary, the Grantor shall not be required to replace any Parts of an Airframe, Engine or Propeller that is, or shall hereafter become, Non-operational Equipment.

(e) Alterations, Modifications and Additions. The Grantor will make (or cause to be made) such alterations, modifications and additions to the Airframes, Engines and Propeller as may be required to meet applicable FAA standards. In addition, the Grantor may from time to time make such alterations and modifications in and additions to any Airframe, Engine or Propeller as the Grantor may deem desirable in the proper conduct of its business, including removal of Parts which the Grantor deems to be obsolete or no longer suitable or appropriate for use on an Airframe, Engine or Propeller; provided that no such alteration, modification, removal or addition impairs the condition or airworthiness of such Airframe, Engine or Propeller, or diminishes the value, utility and remaining useful life of such Airframe, Engine or Propeller below the value, utility or remaining useful life thereof immediately prior to such alteration, modification, removal or addition, assuming that such Airframe, Engine or Propeller is in the condition required hereunder. All parts incorporated or installed in or attached or added to an Airframe, Engine or Propeller as the result of such alteration, modification or addition (except those parts which the Grantor has leased from others and Parts which may be removed by the Grantor pursuant to the next sentence) (the "Additional Part" or "Additional Parts") shall, without further act, become subject to the Lien of this Aircraft Mortgage. Notwithstanding the foregoing, the Grantor may remove any Additional Part, provided that such Additional Part (i) is in addition to, and not in replacement of or substitution for, any Part incorporated or installed in or attached to any Airframe, Engine or Propeller at the time it was initially subjected to the Lien hereof or any Part in replacement of or substitution for any such Part, (ii) is not required to be incorporated or installed in or attached or added to any Airframe, any Engine or any Propeller pursuant to the terms of Section 3.3(b) hereof or the first sentence of this Section 3.3(e), and (iii) can be removed from such Airframe, Engine or Propeller without impairing the airworthiness of such Airframe, Engine or Propeller or diminishing the value, utility and remaining useful life of such Airframe, Engine or Propeller which such Airframe, Engine or Propeller would have had at such time had such alteration, modification or addition not occurred. Upon the removal thereof as provided above, such Additional Parts shall be deemed free of the Lien of this Aircraft Mortgage. Notwithstanding anything in this Section 3.3(e) to the contrary, the Grantor may remove and shall not be required to replace any Parts of an Airframe, Engine or Propeller that is, or shall hereafter become, Non-operational Equipment.

Section 3.4 Event of Loss With Respect to an Airframe Engine and/or Propeller; Replacement Airframes, Engines and Propellers.

(a) Event of Loss with Respect to an Airframe, Engine and/or Propeller. Upon the occurrence of an Event of Loss with respect to an Airframe, or an Airframe and the Engines/Propellers and/or engines/propellers then installed thereon, the Grantor shall forthwith upon having knowledge of the same after such occurrence give the Secured Party written notice

of such Event of Loss but in any event within 5 Business Days of the definitive determination of such occurrence and, so long as no Event of Default shall have occurred and be continuing, the Grantor may within sixty (60) days after the Grantor has knowledge of such occurrence, notify the Secured Party that it will replace such Airframe or Airframe, Engines and Propellers; provided, that if the Grantor does not provide such notice, then (i) if required by the Operative Agreements, the Grantor shall, on the Business Day next following the earlier of (x) the 90th day following the occurrence of such Event of Loss and (y) the third Business Day following the receipt of the insurance proceeds in respect of such Event of Loss, pay or cause to be paid to the Secured Party such insurance proceeds for application in accordance with the provisions of the Loan Agreement, or (ii) if no such application is so required, such insurance proceeds shall be retained by the Grantor. If an Event of Default has occurred and is continuing, the terms of Section 7.3 of the Loan Agreement shall control.

(b) Replacement Airframes, Engines and Propellers. Subject to the terms of Section 7.3 of the Loan Agreement, if the Grantor elects to replace an Airframe, Engine and/or Propeller subject to an Event of Loss, it will, within one hundred eighty (180) days following the occurrence of such Event of Loss, convey or cause to be conveyed to the Grantor, as replacement for the Airframe, Engine and/or Propeller with respect to which such Event of Loss occurred, title to another airframe, engine or propeller of the same or an improved model and (in the case of an engine) suitable for installation and use on an Airframe) or a replacement model reasonably satisfactory to the Secured Party free and clear of all Liens (other than Permitted Liens) being in as good an operating condition as (subject to maintenance permitted or required by this Aircraft Mortgage), the Airframe, Engine(s) and/or Propeller(s) subject to such Event of Loss, assuming such Airframe, Engine and/or Propeller was maintained in accordance with the provisions of this Aircraft Mortgage. Prior to or at the time of any such conveyance, the Grantor will (A) furnish or cause to be furnished to the Secured Party a bill of sale (with full warranty of title), in form and substance reasonably satisfactory to the Secured Party, with respect to such Replacement Airframe or Replacement Engine/Propeller, (B) cause a supplement to this Aircraft Mortgage ("Aircraft Mortgage Supplement") with respect to such Replacement Airframe or Replacement Engine/Propeller to be duly executed and, to the extent necessary or advisable, filed for recording pursuant to applicable law of the jurisdiction in which the Airframe (or, in the case of a Replacement Engine/Propeller, the Engine/Propeller which such Replacement Engine/Propeller replaces is registered) and, if different, in the jurisdiction of incorporation of the Grantor, (C) furnish a certificate signed by a duly authorized officer of the Grantor stating with respect to any Replacement Airframe or Replacement Engine/Propeller that on the date of the Aircraft Mortgage Supplement relating to the Replacement Airframe or Replacement Engine/Propeller the Grantor will be the owner of such Replacement Airframe or Replacement Engine/Propeller free and clear of all Liens except Permitted Liens, and (D) furnish the Secured Party with such evidence of compliance with the insurance provisions of Section 3.5 hereof with respect to such Replacement Airframe or Replacement Engine/Propeller as the Secured Party may reasonably request. Upon compliance by the Grantor with all of the terms of this Section 3.4(b) such Airframe, Engine or Propeller shall thereupon cease to be an Airframe, Engine or Propeller secured hereunder. For all purposes hereof, each such Replacement Airframe or Replacement Engine/Propeller shall, after such conveyance, be deemed an "Airframe" or an "Engine"/"Propeller") hereunder, as applicable.

Section 3.5 Insurance.

(a) Liability Insurance. The Grantor shall at all times carry and maintain or cause to be carried and maintained, with insurers of recognized responsibility, comprehensive airline liability insurance, including third party and passenger legal liability, bodily injury liability, war risk and allied perils liability, property damage liability, and contractual liability (exclusive of manufacturer's product liability insurance) with respect to the Airframes, Engines and Propellers (A) in an amount per occurrence not less than the amount carried by the Grantor as of the date hereof, and (B) of the type and of a scope maintained by the Grantor as of the date hereof.

(b) Insurance Against Loss or Damage. The Grantor shall at all times carry and maintain or cause to be carried and maintained, with insurers of recognized responsibility, (x) "all risk" aircraft hull insurance covering the Airframes and installed Engines/Propellers (or engines/propellers), (y) fire, transit and extended coverage of the Engines/Propellers and Parts while removed from an Airframe, Engine or Propeller, and (z) war risk and allied perils insurance, including governmental confiscation and expropriation and hijacking insurance, to the fullest extent available. In the case of a loss with respect to an engine/propeller (other than an Engine/Propeller) installed on an Airframe, the Secured Party shall hold any payment received by it of any hull insurance proceeds in respect of such loss for account of the Grantor or any other third party to the extent the Grantor or such third party is entitled to receive such proceeds.

Except during a period when an Event of Default has occurred and is continuing (in which case all losses will be adjusted by the loss payee), all losses will be adjusted with the insurers by the Grantor (giving due regard to the interest of the Secured Party). It is agreed that all insurance payments received under insurance policies required to be maintained by the Grantor pursuant to this Section 3.5(b) as the result of the occurrence of an Event of Loss will be applied as follows:

(A) if such payments are received with respect to an Airframe, Engine or Propeller under the circumstances contemplated by Section 3.4(b) hereof, such payments shall be paid over to, or retained by, the Grantor, provided that the Grantor shall have fully performed or, concurrently therewith, will fully perform the terms of Section 3.4(b) with respect to the Event of Loss for which such payments are made; and

(B) in all other cases, such payments shall be applied to the Secured Obligations, if required in accordance with the provisions of the Operative Agreements or, if no such application is so required, retained by the Grantor.

(c) Application of Payments During Existence of Event of Default. Any amount referred to in this Section 3.5 which is payable to or retainable by or to be held for the benefit of the Grantor shall not be paid to or retained by or held for the benefit of the Grantor if at the time of such payment or retention any Event of Default shall have occurred and be continuing, but shall be held by or paid over to the Secured Party as security for the obligations of the Grantor under this Aircraft Mortgage and, if the Secured Party shall have declared this Aircraft Mortgage to be in default, applied against the Grantor's obligations hereunder as and when due. At such time as there shall not be continuing any such Event of Default, such amount shall be paid to the Grantor to the extent not previously applied in accordance with the preceding sentence.

(d) Terms of Insurance Policies. Any policies carried in accordance with Section 3.5(a) or Section 3.5(b), and any policies taken out in substitution or replacement for any such policies, as applicable, (1) shall name the Additional Insureds as additional insureds, as their interests may appear, (2) shall name the Secured Party as loss payee to the extent provided in clause (11) below, (3) shall provide that if the insurers cancel such insurance for any reason whatsoever, or if any material change is made in the insurance which adversely affects the interest of any Additional Insured, such cancellation or change shall not be effective as to the Additional Insureds for 30 days after receipt by (but, in the case of war risk Insurance, 7 days (or such other period as shall be available) after sending to) the Additional Insureds of written notice by such insurers of such cancellation or change, (4) shall provide that in respect of the Additional Insureds' respective interests in such policies the insurance shall not be invalidated by any action or inaction of the Grantor and shall insure the respective interests of the Additional Insureds regardless of any breach or violation of any warranty, declaration or condition contained in such policies by the Grantor, (5) shall be primary without any right of contribution from any other insurance which is carried by any Additional Insured, (6) shall expressly provide that all of the provisions thereof, except the limits of liability, shall operate in the same manner as if a separate policy covered each insured, (7) shall waive any right of subrogation of the insurers or any right of the insurers to set-off or counterclaim or any other deduction, whether by attachment or otherwise, in respect of any liability of any Additional Insured but only to the extent of the indemnities provided hereunder, (8) shall provide that losses shall be adjusted with the Grantor (or, if any Event of Default shall have occurred which is continuing, with the Secured Party), (9) shall provide that the Additional Insureds are not liable for any insurance premiums, (10) shall provide that the insurers agree to waive any right of set-off, counterclaim or other deduction against any Additional Insured (except in respect of outstanding premium in respect of the relevant Airframe, Engine or Propeller), (11) shall provide that if an Event of Default shall have occurred and be continuing and the insurers have been notified thereof by the Secured Party, all payments of loss shall be paid to the Secured Party, and (12) shall contain a 50/50 clause as per AVS 103.

(e) With respect to any Airframe, Engine or Propeller that is on the ground and not in operation, including any Airframe engine/propeller that is, or shall hereafter become, Non-operational Equipment, the Grantor may carry or cause to be carried, in lieu of the insurance required by Section 3.5(a) and Section 3.5(b), insurance of the type and of a scope consistent with industry practice for similarly situated carriers.

SECTION 4. REMEDIES UPON AN EVENT OF DEFAULT

Section 4.1 Remedies with Respect to Collateral.

(a) Remedies Available. Upon the occurrence of an Event of Default and at any time thereafter so long as the same shall be continuing, the Secured Party may do one or more of the following to the extent permitted by, and subject to compliance with the mandatory requirements of, applicable law then in effect:

(A) demand the Grantor, upon the written demand of the Secured Party, at the Grantor's expense, to deliver promptly, and the Grantor shall deliver promptly, all or such part of the Airframes, Engines or Propellers and related Aircraft Documents as the Secured Party may so demand to the Secured Party or its designee or, the Secured Party, at its option, may enter upon the premises where all or any part of any Airframe, Engine or Propeller and related Aircraft Documents is located and take immediate possession of and remove the same by summary proceedings or otherwise; and/or

(B) sell all or any part of the Airframes, Engines or Propellers at public or private sale, whether or not the Secured Party shall at the time have possession thereof, as the Secured Party may determine, or otherwise dispose of, hold, use, operate, lease to others or keep idle all or any part of the Airframes, Engines or Propellers as the Secured Party may determine, all free and clear of any rights or claims of the Grantor, and the proceeds of such sale or disposition shall be applied in the order of priorities set forth in the Loan Agreement; and/or

(C) exercise any other remedy of a secured party under the UCC of the State of New York (whether or not in effect in the jurisdiction in which enforcement is sought), under the law of the jurisdiction where an Airframe, Engine or Propeller is registered or located or under the Cape Town Convention, or pursue any other remedy available at law.

Upon every taking of possession of Collateral under this Section 4.1, the Secured Party may from time to time, at the expense of the Collateral, make all such expenditures for maintenance, insurance, repairs, replacements, alterations, additions and improvements to and of the Collateral, as it may reasonably deem proper. In each such case, the Secured Party shall have the right to maintain, use, operate, store, lease, control or manage the Collateral and to exercise all rights and powers of the Grantor relating to the Collateral in connection therewith, as the Secured Party shall deem best, including the right to enter into any and all such agreements with respect to the maintenance, insurance, use, operation, storage, leasing, control, management or disposition of the Collateral or any part thereof as the Secured Party may reasonably determine; and the Secured Party shall be entitled to collect and receive directly all tolls, rents, revenues, issues, income, products and profits of the Collateral and every part thereof. Such tolls, rents, revenues, issues, income, products and profits shall be applied to pay the expenses of use, operation, storage, leasing, control, management or disposition of the Collateral, and of all maintenance, repairs, replacements, alterations, additions and improvements, and to make all payments which the Secured Party may be required or may elect to make, if any, for Taxes (as defined in the Loan Agreement), insurance or other proper charges assessed against or otherwise imposed upon the Collateral or any part thereof, and all other payments which the Secured Party may be required or expressly authorized to make under any provision of this Aircraft Mortgage, and shall otherwise be applied in accordance with the Loan Agreement.

If an Event of Default shall have occurred and be continuing and the Secured Party shall be entitled to exercise remedies hereunder, at the written request of the Secured Party the Grantor shall promptly execute and deliver to the Secured Party such instruments of title and other documents as the Secured Party may deem necessary or advisable to enable the Secured Party or an agent or representative designated by the Secured Party, at such time or times and place or places as the Secured Party may specify, to obtain possession of all or any part of the Collateral to which the Secured Party shall at the time be entitled hereunder. In addition, following the occurrence and during the continuance of an Event of Default, the Grantor agrees, upon demand by the Secured Party, immediately to provide its consent to the International Registry for the discharge of any registration of an International Interest with respect to any Airframe, Engine or Propeller made with the International Registry. If the Grantor shall for any reason fail to execute and deliver such instruments and documents after such written request by the Secured Party, the Secured Party may obtain a judgment conferring on the Secured Party the right to immediate possession and requiring the Grantor to execute and deliver such instruments and documents to the Secured Party, to the entry of which judgment the Grantor hereby specifically consents to the fullest extent it may lawfully do so.

(b) Notice of Sale. The Secured Party shall give the Grantor at least ten (10) Business Days' prior notice of any public sale or of the date on or after which any private sale will be held, which notice the Grantor hereby agrees to the extent permitted by applicable law is reasonable notice.

Section 4.2 Remedies Cumulative. To the extent permitted by applicable law, each and every right, power and remedy herein specifically given to the Secured Party or otherwise in this Aircraft Mortgage shall be cumulative and shall be in addition to every other right, power and remedy herein specifically given or now or hereafter existing at law, in equity, by statute or by the Operative Agreements, and each and every right, power and remedy whether specifically herein given or otherwise existing may be exercised from time to time and as often and in such order as may be deemed expedient by the Secured Party, and the exercise or the beginning of the exercise of any power or remedy shall not be construed to be a waiver of the right to exercise at the same time or thereafter any other right, power or remedy. No delay or omission by the Secured Party in the exercise of any right, remedy or power or in the pursuit of any remedy shall, to the extent permitted by applicable law, impair any such right, power or remedy or be construed to be a waiver of any default on the part of the Grantor or to be an acquiescence therein.

Section 4.3 Discontinuance of Proceedings. In case the Secured Party shall have instituted any proceeding to enforce any right, power or remedy under this Aircraft Mortgage by foreclosure, entry or otherwise, and such proceedings shall have been discontinued or abandoned for any reason or shall have been determined adversely to the Secured Party, then and in every such case the Grantor and the Secured Party shall, subject to any determination in such proceedings, be restored to their former positions and rights hereunder with respect to the Collateral, and all rights, remedies and powers of the Secured Party shall continue, as if no such proceedings had been undertaken (but otherwise without prejudice).

Section 4.4 Sale by Secured Party is Binding. Any sale or other conveyance of an Airframe, Engine or Propeller or any interest therein by the Secured Party made pursuant to the terms of this Aircraft Mortgage shall bind the Grantor, and shall be effective to transfer or convey all right, title and interest of the Secured Party and the Grantor in and to such Airframe, Engine or Propeller or such interest therein. No purchaser or other grantee shall be required to inquire as to the authorization, necessity, expediency or regularity of such sale or conveyance or as to the application of any sale or other proceeds with respect thereto by the Secured Party.

SECTION 5. MISCELLANEOUS

Upon such termination, the Secured Party shall, upon the written request of the Grantor, execute and deliver to, or as directed in writing by, and at the expense of, the Grantor an appropriate instrument or instruments (in due form for recording) releasing, without

recourse, representation or warranty, the Airframes, Engines and Propellers and the balance of the Collateral from the Lien of this Aircraft Mortgage and discharging from the International Registry the registration of the International Interest created by this Aircraft Mortgage (and any other registered interests in the Airframes, Engines and Propellers in favour of Secured Party).

Section 5.2 Indemnity. The Grantor shall indemnify and hold the Secured Party harmless from and against any and all claims, losses and liabilities (including reasonable attorneys' fees) arising or resulting from this Agreement and the Lien hereby created (including enforcement of this Agreement) or the Secured Party's actions pursuant hereto, except claims, losses or liabilities resulting from the Secured Party's gross negligence or wilful misconduct as determined by a final judgment of a court of competent jurisdiction. Any liability of the Grantor to indemnify and hold the Secured Party harmless pursuant to the preceding sentence shall be part of the Obligations. The Grantor's obligations under this Section shall survive any termination of this Agreement.

Should any one or more provisions of this Aircraft Mortgage be determined to be illegal or unenforceable by a court of any jurisdiction, such provision shall be ineffective to the extent of such illegality or unenforceability without invalidating the remaining provisions hereof or affecting the validity or enforceability of such provision in any other jurisdiction, to the extent permitted by applicable law.

So long as an Event of Default exists or an Event of Default would occur as a result thereof, the Borrower will not declare, make, pay or agree, become or remain liable to make or pay, any dividends or make any distribution (whether in cash, property, securities or otherwise) on account of or in respect of any Equity Interests of the Borrower or on account of the purchase, redemption, retirement or acquisition of any Equity Interests (or warrants, options or rights for any such Equity Interests) of the Borrower.

6.04 Loans, Advances and Investments. The Borrower will not purchase or hold beneficially any Equity Interests, other securities or evidences of indebtedness of, or make or have outstanding any loans or advances to, or otherwise extend credit to, or make any investment or acquire any interest (including without limitation by guarantee or becoming contingently liable for the obligations of another Person or owning, purchasing or making a commitment to purchase Equity Interests or indebtedness of another Person or make a capital contribution to another Person) (each an "Investment") whatsoever in, any other Person, other than Investments (i) that are Treasury obligations guaranteed by the United States and (ii) issued by a financial institution insured by the FDIC or having capital in excess of $25,000,000.

6.05 Nature of Business; Change of Control; Employees. The Borrower shall not engage in any business or activity other than (a) the ownership of the Aircraft, (b) maintaining its corporate existence, (c) leasing (or entering into other contracts with respect to) the Aircraft pursuant to the terms of the Aircraft Contracts, (d) the execution and delivery of the Loan Documents to which it is a party and the performance of its obligations thereunder, and (e) activities incidental to the businesses or activities described in clauses (a) through (d) of this Section. The Borrower shall not permit any Change of Control to occur. The Borrower will not have any employees.

6.06 Mergers and Acquisitions; Disposition of Assets. The Borrower shall not (a) change its capital structure (other than to the extent not resulting in a Change of Control), (b) dissolve, divide or liquidate or merge or consolidate with any Person, (c) except for the Aircraft Contracts, sell, lease, transfer or otherwise dispose of, or grant any person an option to acquire, or sell and leaseback, all or any portion of its assets, whether now owned or hereafter acquired, except for bona fide sales of inventory in the ordinary course of business and dispositions of property which is obsolete and not used or useful in its business, (d) acquire by purchase, lease or otherwise, all or any substantial portion of the assets (including Equity Interests) of any Person, or (e) sell or dispose of any Equity Interests in any subsidiary.

6.07 Transactions with Affiliates. Neither the Borrower nor any Guarantor will enter into any transaction of any kind with any Affiliate of the Borrower or Guarantor, whether or not in the ordinary course of business, other than on fair and reasonable terms substantially as favorable to the Borrower or Guarantor as would be obtainable by the Borrower or Guarantor at the time in a comparable arm's length transaction with a Person other than an Affiliate and following written notice to Lender of the material terms of such transaction.

6.08 Restrictive Agreements. Neither the Borrower nor the Guarantor will enter into or permit to exist any material agreement (other than this Agreement or any other Loan Document) that (a) limits the ability of the Borrower to create, incur, assume or suffer to exist Liens on its property; or (b) requires the grant of a Lien on the Collateral to secure an obligation of the Borrower or Guarantor if a Lien is granted to secure another obligation of the Borrower or Guarantor.

6.09 Accounting Changes; Fiscal Year. The Borrower will not make any change in (a) its accounting policies or reporting practices, except as required by GAAP, or (b) its fiscal year.

6.10 Modification of Organizational Documents. The Borrower shall not amend, modify, supplement or terminate any of its organizational documents in any manner that is materially adverse to the Lender or results in a Change in Control.

6.11 Operation of the Aircraft. The Borrower shall not operate the Aircraft (a) in or over any jurisdiction (i) where the Aircraft or the Borrower is not covered under the insurance policies required to be maintained under the Security Documents, (ii) unless the Convention on the International Recognition of Rights in Aircraft made at Geneva, Switzerland on June 19, 1948, effective September 17, 1953, together with its enacting rules and regulations, shall have been adopted and in full force and effect in such jurisdiction, (iii) unless any and all financing statements, notices and/or other instruments or documents have been filed in such jurisdiction as required by the Lender and (iv) which exposes the Lender to any penalty, fine, sanction, or any civil or criminal or other liability under any applicable law, rule, treat or convention or (b) in any manner which is or may be declared illegal and which thereby renders the Aircraft liable to confiscation, seizure, detention or destruction.

6.12 Filings on the FAA and International Registry. No Aircraft Contract or management agreement may be filed or recorded at the FAA or registered at the International Registry or notice filed in any UCC filing office without the express prior written consent of Lender. Any such filing, recording or registration effected without the express prior written consent of Lender shall be void.

ARTICLE VII
DEFAULTS AND REMEDIES

7.01 Events of Default. The occurrence of one or more of the following events shall constitute an Event of Default hereunder:

(a) The Borrower fails to pay when due (i) any payment of principal or interest due on any Loan or (ii) any other amount of the Obligations owed pursuant to this Agreement, the Note, any of the other Loan Documents or any other document now or in the future evidencing or securing any of the Obligations and with respect to this clause (ii) such nonpayment continues five (5) Business Days beyond the date on which such payment was due; or

(b) Any representation or warranty made by the Borrower or any Guarantor under this Agreement, the Note, any Security Document or any of the other Loan Documents or any material statement made by the Borrower or any Guarantor in any financial statement, certificate, report, exhibit or document furnished by such Person to the Lender pursuant to this Agreement or the other Loan Documents shall prove to have been false or misleading in any material respect as of the time made; or

(c) Any Security Document shall for any reason (other than pursuant to the terms thereof) cease to constitute a valid and perfected Lien on the Collateral purported to be covered thereby; or

(d) (i) The Borrower or any Guarantor fails to perform or observe any term, covenant or agreement contained in any of Section 5.01(a), (b) or (c), 5.05, 5.10, 5.15 or Article VI or (ii) the Borrower or any Guarantor shall default in the performance or observance of any covenant, agreement or duty under this Agreement, the Note or any other Loan Document (not constituting an Event of Default under any other provision of this Section 7.01) and such default under this clause (ii) continues for 30 days after the earlier to occur of Borrower's or Guarantor's knowledge or written notice from Lender, or if such failure cannot reasonably be cured within such thirty (30) day period, Borrower fails to commence to cure such default within such 30 day period and thereafter diligently pursues such cure to completion; or

(e) A proceeding shall be instituted in respect of any of the Borrower or the Guarantor:

(ii) seeking appointment of a receiver, trustee, custodian, liquidator, assignee, sequestrator or other similar official for such Person or for all or any substantial part of its/his/her property which shall not have been dismissed or stayed within forty-five (45) days after such proceedings were instituted; or

(f) Any of the Borrower or the Guarantor shall become insolvent, shall admit in writing its inability or become generally unable to pay its/his/her debts as they become due, shall voluntarily suspend transaction of its business, shall make a general assignment for the benefit of creditors, shall institute a proceeding described in Section 7.01(e)(i) or shall consent to any order for relief, declaration, finding or relief described in Section 7.01(e)(i), shall institute a proceeding described in Section 7.01(e)(ii) or shall consent to the appointment or to the taking of possession by any such official of all or any substantial part of its/his/her property whether or not any proceeding is instituted, dissolve, wind-up or liquidate itself or any substantial part of its/his/her property, or shall take any action in furtherance of any of the foregoing.

(g) Any provision of any Loan Document, at any time after its execution and delivery and for any reason other than as expressly permitted hereunder or thereunder or satisfaction in full of all the Obligations, ceases to be in full force and effect; or the Borrower or any Guarantor or any other Person contests in any manner the validity or enforceability of any provision of any Loan Document; or the Borrower or any Guarantor denies that it has any or further liability or obligation under any provision of any Loan Document, or purports to revoke, terminate or rescind any provision of any Loan Document; or

(h) Any of the Borrower or the Guarantor shall (i) default (as principal or guarantor or other surety) in any payment of principal of or interest on any obligation (or set of related obligations) for borrowed money (other than indebtedness under the Loan Documents) in excess of $100,000, individually or in the aggregate, beyond any period of grace with respect to the payment or, if any such obligation (or set of related obligations) is or are payable or repayable on demand, fail to pay or repay such obligation or obligations when demanded, or (ii) default in the observance of any other covenant, term or condition contained in any agreement or instrument by which any such obligation (or set of related obligations) is or are created, secured or evidenced, if the effect of such default is to cause, or permit the holder or holders of such obligation or obligations (or a trustee or agent on behalf of such holder or holders) to cause, all or part of such obligation or obligations to become due before its or their otherwise stated maturity (including without limitation any required mandatory prepayment or “put” of such obligation to Borrower or Guarantor); or

(i) One or more judgments for the payment of money shall have been entered against any of the Borrower or the Guarantor or any of its properties and shall have remained undischarged or unstayed for a period of thirty (30) days; or

(j) A writ or warrant of attachment, garnishment, execution, distraint, levy or other seizure or similar process shall have been issued against any of the Borrower or the Guarantor or any of its properties and shall have remained undischarged or unstayed for a period of thirty (30) days; or

(k) The indictment of any of the Borrower or the Guarantor under any criminal statute, or commencement or threatened commencement of criminal or civil proceedings against any of the Borrower or the Guarantor pursuant to which statute or proceedings the penalties or remedies sought include forfeiture of any of the property of any of the Borrower or the Guarantor; or

(l) A loss, theft, damage or destruction of any material portion of the Collateral for which there is either no insurance coverage or for which in the Lender's reasonable opinion the insurance coverage is insufficient; or

(m) Any Aircraft Contract (or a substantially similar alternative agreement including with respect to rental rates or lease payments thereunder, if applicable, that are not less than that provided under such Aircraft Contract) shall fail to be in full force and effect; or

(n) The liquidation, termination, dissolution, merger, consolidation or failure to maintain existence in the state of formation of the Borrower; or

(o) Any Lien or other defect in the title to the Borrower's ownership of the Aircraft shall be created, arise or otherwise come into existence at any time during which the Loan is outstanding, except as permitted hereby or by any other Loan Document and Borrower fails to have such lien or other default in title removed within thirty (30) days of notice thereof.

7.02 Remedies. If any Event of Default shall occur, Lender may, at its option and without notice to Borrower, withhold further extensions of credit to Borrower. Upon the occurrence of any one or more of the Events of Default, at the Lender's option, all obligations on the Lender's part to make the Loan, or to make any further disbursements hereunder shall cease and terminate, and the Loan and all sums then or thereafter due under any and all of the Loan Documents shall thereupon become immediately due and payable. Without limitation of the foregoing, upon the occurrence of an Event of Default described in subsections (e) or (f) of Section 7.01, the Lender's obligation to make advances under the Loan shall automatically terminate and the Loan and all other Obligations of the Borrower hereunder and under the other Loan Documents shall immediately and automatically become due and payable, without presentment, demand, protest, notice of protest, declaration or notice of acceleration or intention to accelerate, and the Borrower hereby expressly waives any such notice or demand, anything contained herein or in any other Loan Document to the contrary notwithstanding. Upon the occurrence of an Event of Default, Lender may (a) set off the amounts due Lender under the Loan Documents against any and all accounts, credits, money, securities or other property of Borrower now or hereafter on deposit with, held by or in the possession of Lender to the credit or for the account of Borrower, without notice to or the consent of Borrower and (b) bring suit against Borrower or Guarantor to collect the Obligations and enforce any or all of its rights hereunder or under any other Loan Documents, or at law or in equity.

7.03 Performance and Protective Advances by Lender. During the continuation of an Event of Default, the Lender, at its sole option and in its sole discretion, may perform or cause to be performed the same and in so doing may expend such sums as the Lender may deem necessary or advisable in the performance thereof, including, without limitation, the payment of any insurance premiums, the payment of any taxes, a payment to obtain a release of a Lien or to prevent the imposition of a Lien, expenditures made in defending against any adverse claim and all other expenditures which the Lender may make for the protection of the security under the Loan Documents or the value of any Collateral, or which it may be compelled to make by operation of law, whether or not Lender has exercised any of its remedies under the Loan

Documents. All such sums and amounts so expended shall be considered an advance and shall be repayable by the Borrower upon demand, shall constitute additional Obligations hereunder and under the other Loan Documents and shall be secured by the Collateral. The Lender shall promptly notify the Borrower of any amounts so expended. No such performance of any covenant or agreement by the Lender on behalf of the Borrower, and no such advance or expenditure therefor, shall relieve the Borrower of any default under the terms of this Agreement or any other Loan Document. The Lender may make any payment hereby authorized in accordance with any bill, statement or estimate procured from the appropriate public office or holder of the claim to be discharged without inquiry into the accuracy of such bill, statement or estimate or into the validity of any tax assessment, sale, forfeiture, tax lien, title or claim except to the extent the Borrower has provided written notice to the Lender that such payment is being contested in good faith by the Borrower in accordance with the terms of this Agreement.

8.02 Governing Law. This Agreement and all other Loan Documents shall be governed by and interpreted in accordance with the laws of the State of North Carolina.

8.03 Preservation of Rights. No delay or failure on the part of the Lender or any holder of the Note in the exercise of any right, power or privilege granted under this Agreement, under any other Loan Document, or available at law or in equity, shall impair any such right, power or privilege or be construed as a waiver of any Event of Default or any acquiescence therein. No single or partial exercise of any such right, power or privilege shall preclude the further exercise of such right, power or privilege. No waiver shall be valid against the Lender unless made in writing and signed by the Lender, and then only to the extent expressly specified therein.

8.04 Survival of Representations and Warranties. All representations and warranties contained herein or made by or furnished on behalf of the Borrower in connection herewith shall survive the execution and delivery of this Agreement and all other Loan Documents.

8.05 Descriptive Headings. The descriptive headings of the several sections of this

Agreement are inserted for convenience only and do not constitute a part of this Agreement.

8.06 Severability. If any part of any provision contained in this Agreement or in any other Loan Document shall be invalid or unenforceable under applicable law, said part shall be ineffective only to the extent and for the duration of such invalidity, without in any way affecting the remaining parts of said provision or the remaining provisions.

8.07 Counterparts. This Agreement may be executed in any number of counterparts, each of which shall be deemed to be an original and all of which, taken together, shall constitute one and the same instrument. Delivery of an executed counterpart of a signature page to this Agreement by facsimile transmission or electronically in ".pdf." format shall be effective as delivery of a manually executed counterpart. Any party so executing this Agreement by facsimile transmission or electronically in ".pdf" format shall promptly deliver a manually executed counterpart, provided that any failure to do so shall not affect the validity of the counterpart executed by facsimile transmission.

8.08 Successors and Assigns. This Agreement shall bind and inure to the benefit of the Borrower and the Lender, and their respective successors and assigns; provided, however, that the Borrower shall not have the right to assign its rights or obligations hereunder to any Person without the prior written consent of Lender, to be given or withheld in its sole and absolute discretion. Notwithstanding anything in this Agreement to the contrary, the Lender shall have the right, but shall not be obligated, (i) to assign and/or sell any or all interests under this

Agreement and the Obligations to any other Person, including without limitation Lender's Affiliates, and (ii) to sell any or all participations in this Agreement and all or any part of the Obligations to Lender's Affiliates, other banks, financial institutions, or investors. Borrower consents to Lender disclosing any and all information about the Obligations and the Borrower to any proposed purchaser, assignee or participant in connection with the provisions of this Section.

8.09 Cumulative Remedies. The rights, powers, and remedies of the Lender provided herein or in any other Loan Document are cumulative and not exclusive of any right, power, or remedy provided by law or equity.

8.10 Indemnity. Borrower shall indemnify, defend and hold Lender, and its respective officers, directors, employees, and agents (each an "Indemnified Party"), harmless from and against all claims, injury, damage, expenses, loss, costs (including attorneys' fees and costs) and liability of any and every kind (a "Loss") resulting from, arising out of or in any way relating to (i) the ownership, operation or maintenance of the Aircraft; (ii) any removal or any other action in compliance with Environmental Laws; (iii) any action or inaction by, or matter which is the responsibility of, Borrower or any Guarantor; and (iv) the breach of any representation or warranty or failure to fulfill Borrower's or any Guarantor's obligations under this Agreement or any of the other Loan Documents. Notwithstanding the foregoing, such indemnity shall not apply to any Loss to the extent arising from the gross negligence, fraud or willful misconduct of an Indemnified Party as finally determined by a court of competent jurisdiction. The foregoing indemnification shall survive the payment in full of the Obligations and termination of all of the Loan Documents.

8.11 Amendments; Consents. No amendment, modification, supplement, termination, or waiver of any provision of this Agreement or any other Loan Document, and no consent to any departure by the Borrower therefrom, may in any event be effective unless in writing signed by the Lender and the other parties thereto, and then only in the specific instance and for the specific purpose given.

8.12 Set-Off. Upon the occurrence and during the continuation of an Event of Default, the Borrower authorizes the Lender, without notice or demand, to apply any Indebtedness due or to become due to the Borrower from the Lender in satisfaction of any of the Obligations, including, without limitation, the right to set off against any deposits or other funds constituting Collateral and held by the Lender or Lender's Affiliates.

8.13 Expenses. Borrower agrees to pay or cause to be paid and to save the Lender harmless against liability and reimburse the Lender for the payment of all costs and expenses (including reasonable attorneys' fees) whatsoever paid or incurred by the Lender in connection with or arising from the Loan and the transactions contemplated by this Agreement and the other Loan Documents at any time, all of which the Lender is authorized to advance from the Loan or deduct from the proceeds of any disbursement of all or any portion of the Loan.

8.14 Right of Setoff. In addition to any rights now or hereafter granted under applicable law and not by way of limitation of any such rights, the Lender shall have the right, at any time or from time to time upon the occurrence and during the continuance of an Event of

Default, without prior notice to the Borrower, any such notice being expressly waived by the Borrower to the extent permitted by applicable law, to set off and apply against all deposits (general or special, time or demand, provisional or final) of the Borrower at any time held or other obligations at any time owing by the Lender to or for the credit or the account of the Borrower against any and all Obligations held by the Lender, irrespective of whether the Lender shall have made demand hereunder and although such Obligations may be unmatured. The Lender agrees promptly to notify the Borrower after any such set-off and any application made by the Lender; provided, that the failure to give such notice shall not affect the validity of such set-off and application.

8.15 Limitation of Liability. To the fullest extent permitted by law, no claim may be made by Borrower, any Guarantor or any other Person against the Lender or any Affiliate, director, officer, employee, attorney or agent of the Lender for any special, incidental, consequential or punitive damages in respect of any claim arising from or relating to this Agreement or any other Loan Document or any other agreement or instrument contemplated hereby or thereby or the transactions contemplated hereby, the Loan, or the use of the proceeds thereof.

8.16 Usury. It is the intent of the parties hereto not to violate any applicable federal, state or other law, rule or regulation pertaining either to usury or to the contracting for or charging or collecting of interest. The Borrower and the Lender agree that, should any provision of this Agreement or of the Note, or any act performed hereunder or thereunder, violate any such law, rule or regulation, then the excess of interest contracted for or charged or collected over the maximum lawful rate of interest shall be applied to repay the Obligations as determined by Lender.

8.17 Jurisdiction and Venue. The Borrower agrees, without power of revocation, that any civil suit or action brought against it as a result of any of its obligations under this Agreement or under any other Loan Document may be brought against it either in the Superior Courts of New Hanover County, North Carolina, or in any of the United States District Courts within the State of North Carolina, and the Borrower hereby irrevocably submits to the jurisdiction of such courts and irrevocably waives, to the fullest extent permitted by law, any objections that it may now or hereafter have to the laying of the venue of such civil suit or action and any claim that such civil suit or action has been brought in an inconvenient forum, and the Borrower agrees that final judgment in any such civil suit or action shall be conclusive and binding upon it and shall be enforceable against it by suit upon such judgment in any court of competent jurisdiction.

8.18 Construction. Should any provision of this Agreement require judicial interpretation, the parties hereto agree that the court interpreting or construing the same shall not apply a presumption that the terms hereof shall be more strictly construed against one party by reason of the rule of construction that a document is to be more strictly construed against the party that itself or through its agents prepared the same, it being agreed that the Borrower and the Lender and their respective agents have participated in the preparation hereof.

8.19 Entire Agreement. This Agreement and the other Loan Documents, together with any exhibits and schedules attached hereto and thereto, constitute the entire understanding of the parties with respect to the subject matter hereof, and any other prior or contemporaneous agreements, whether written or oral, with respect thereto are expressly superseded hereby. The execution of this Agreement and the other Loan Documents by the Project Parties was not based upon any facts or materials provided by the Lender, nor was the Borrower or any Guarantor induced to execute this Agreement or any other Loan Document by any representation, statement or analysis made by the Lender.
